Each of the items listed in the chart is defined in the Library of Definitions in the Streamlined Sales and Use Tax Agreement (SSUTA) as amended through May 12, 2009. Refer to Appendix C of the SSUTA for each definition.

Place an "X" in the appropriate column under the heading "Treatment of definition" to indicate the treatment of each definition in your state. If a product definition was not adopted by your state, enter "NA" in the column under the heading "Reference" and indicate in the "Treatment of definition" columns the treatment of the product in your state. In accordance with the SSUTA, your state must adopt the definitions in the Library of Definitions that apply to your state without qualifications except for those allowed by the SSUTA. For this reason, do not enter any comments or qualifications in the two columns under the heading "Treatment of definition". If your state has adopted a definition in the Library of Definitions with a qualification not specified in the SSUTA, do not place an "X" in either column under the heading "Treatment of definition" but include a comment in the "Reference" column explaining the qualification. Enter the applicable statute/rule cite in the "Reference" column.

Sellers and certified service providers are relieved from tax liability to the member state and its local jurisdictions for having charged and collected the incorrect amount of sales and use tax resulting from the seller or certified service provider relying on erroneous data provided by the member state relative to treatment of the terms defined in the Library of Definitions.

Digital products(excludes telecommunications services, ancillary services and computer software)	Yes	No	Statute/Rule Cite/Comment
A state imposing tax on products “transferred electronically” is not required to adopt definitions for specified digital products. Does your state impose tax on products transferred electronically other than digital audio visual works, digital audio works, or digital books?	X		Additional digital goods (77.51(1a) and 77.52(1)(d)) and cable TV services (77.52(2)(a)12.) are taxable in Wisconsin.

Does your state treat subscriptions to products “transferred electronically” differently than a non-subscription purchase of such product?			Subscriptions are treated the same as the tangible form of the underlying property is treated. 77.54(50) Example: s. 77.54(15), Wis. Stats. exempts certain sales of periodicals sold by subscription. Those same products sold by subscription and transferred electronically

			to the customer would also be exempt since the sale of the periodicals by subscription in a tangible form are exempt.
Section 332H provides that states may have product based exemptions for specific items within specified digital products.
