**Who Must File**

Refer to the table to see if you are required to file a return for 2001.

Filing status	Age as of December 31, 2001	You must file if your gross income* (or total gross income of husband and wife) during 2001 was:
Single	Any age . . . . .	\$9,000 or more
Married-filing joint return	Any age . . . . .	\$18,000 or more
Married-filing separate return	Any age . . . . .	\$9,000 or more (applies to each spouse individually)
Head of household	Under 65 . . . . .	\$10,320 or more
	65 or older . . . . .	\$10,570 or more

\* Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It does not include items that are exempt from Wisconsin tax. For example, it does not include the portion of your social security benefits that is not taxable on your Wisconsin return.

**Other Filing Requirements**

You may have to file a return even if your income is less than the amounts shown on the table. You must file a return for 2001 if:

- You could be claimed as a dependent on someone else's return and either of the following applies:
  - (1) Your gross income was more than \$750 and it included at least \$251 of unearned income, or
  - (2) Your gross income (total unearned income and earned income) was more than –
    - \$7,440 if single,
    - \$9,620 if head of household,
    - \$13,410 if married filing jointly, or
    - \$6,370 if married filing separately.

Unearned income includes taxable interest, dividends, capital gain distributions, and taxable scholarship and fellowship grants that were not reported to you on a W-2. Earned income includes wages, tips, and scholarship and fellowship grants that were reported to you on a W-2.
- You owe a penalty on an IRA, retirement plan, or medical savings account.

- You were a nonresident or part-year resident of Wisconsin for 2001 and your gross income was \$2,000 or more. If you were married, you must file a return if the combined gross income of you and your spouse was \$2,000 or more. (You must file Form 1NPR.)

### Who Should File

Even if you do not have to file, you should file to get a refund if:

- You had Wisconsin income tax withheld from your wages.
- You paid estimated taxes for 2001.
- You can take the earned income credit.

### Electronic Filing

Electronic filing is one of the fastest ways to get your federal and state income tax refunds. If you choose to have your refund deposited directly in a financial institution account, it may be issued in as few as five working days. Checks may be issued in as few as seven working days.

To file your Wisconsin income tax return electronically, you can . . .

- *Use a tax professional.* Check your local telephone directory for the names of tax professionals who offer electronic filing.
- *Use your personal computer.* You may purchase off-the-shelf tax preparation software to install on your computer, or you may connect to one of the web sites that offer electronic filing. For more information, visit our web site at [www.dor.state.wi.us](http://www.dor.state.wi.us).

You must file both your federal and Wisconsin returns at the same time.

Most Wisconsin returns can be filed electronically. However, there are some that may not. If your return includes any of the following, it may not be filed electronically:

1. Credit for tax paid to another state
2. Wisconsin Schedule DC, HR, or T

### When to File/Extension of Time to File

Your return is due April 15, 2002.

If you cannot file on time, you can get an extension. You may use any federal extension provision for Wisconsin, even if you are filing your federal return by April 15.

*How to get an extension* You do *not* need to submit a request for an extension to the department prior to the time you file your Wisconsin return. When you file your Form 1, attach either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 4-month extension provision).

**Note** You will owe interest on any tax that you have not paid by April 15, 2002. This applies even though you may have an extension of time to file. If you do not file your return by April 15, 2002, or during an extension period, you are subject to additional interest and penalties. If you expect to owe tax with your

## Eight Steps To Filing Your Return

- ➊ **Get all of your records together** Make sure that you have all of your income and expense records so you can fill in your return correctly. This includes wage statements and interest and dividend statements.
- ➋ **Fill in your federal return** Before completing Wisconsin Form 1, first fill in your federal return and its supporting schedules. If you are not required to file a federal return, list the sources and amounts of your income and your deductions on a separate attachment.
- ➌ **Fill in your Wisconsin return** Follow the line instructions as you fill in your return.
- ➍ **Sign your Wisconsin return** A joint return must be signed by both spouses.
- ➎ **Check over your Wisconsin return** Check the following items on your return carefully. Your Form 1 will be returned to you or its processing delayed for:
  - missing wage statements,
  - missing signature,
  - missing copy of your federal return (a copy of your federal return must be attached to your Wisconsin return),
  - incomplete renter's or homeowner's information (if school property tax credit claimed),
  - incomplete schedules for the itemized deduction and married couple credits (if credit claimed), or
  - missing list of sources and amounts of income if not required to file a federal return.
- ➏ **Assemble your return** See page 27 for information on how to assemble your return.
- ➐ **Mail your return** If your Form 1 booklet has a mailing label with your name on the front cover, peel off the label. Place it in the name and address area of Form 1. Check to see if the information on the label is correct. If it isn't, cross out any wrong information and print the correct information clearly on the label. Mail your return and all required attachments to the appropriate address listed on page 27 under "Where to File."
- ➑ **Keep a copy of your return**

return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 15, 2002. Submit the payment with a 2001 Wisconsin Form 1-ES. You can get this form at any Department of Revenue office. **(Exception** You will not be charged interest during an extension period if (1) you served in support of Operation Enduring Freedom in the United States, or (2) you qualify for a federal extension because of service in a combat zone due to your participation in Operation Enduring Freedom. Write "Operation Enduring Freedom" on the top of the first page of your Form 1.)

If you were a farmer or fisher and you did not make estimated tax payments, you must file your return and pay any tax due by March 1, 2002, to avoid paying interest for underpayment of estimated tax. Farmers and fishers are individuals who earn at least two-thirds of their gross income from farming or fishing.

Before completing Form 1, first fill in your federal return and its supporting attachments. If you are not required to file a federal return, list the sources and amounts of your income and deductions on a separate attachment and include it with your Form 1.

Follow these line instructions to complete your Form 1. Prepare one copy for your records and another copy to be filed with the Department of Revenue.

Note

Use black ink to complete the copy of Form 1 that you submit to the department. Do not use pencil or red ink.

■ **Name and Address** If your booklet has a mailing label with your name on the front cover, peel off the label. Place it in the name and address area of the tax return that you file. If your name or address is wrong, cross out any wrong information and print the correct information clearly on the label. If you are married filing a joint return, check that your spouse's name is also on the label and that it is correct. Do not use the label if your name is not on it.

If you do not have a label, print or type your name and address. If you are married filing a joint return, fill in your spouse's name (even if your spouse did not have any income).

■ **Social Security Number** Fill in your social security number. You must also fill in your spouse's social security number if you are married filing a joint return.

**Note** You must fill in your social security number even if you use the mailing label from the cover of your tax booklet.

■ **Filing Status** Check one of the boxes to indicate your filing status. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

**Note** If you became divorced during 2001 or are married and will file a separate return (including a married person filing as head of household), you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2001*. This publication has information on what income you must report. See page 5 for information on how to get this publication.

**Single** You may check the "single" box if **any** of the following was true on December 31, 2001:

- You were never married.
- You were legally separated under a **final** decree of divorce or separate maintenance.
- You were widowed before January 1, 2001, and did not remarry in 2001.

**Married filing joint return** Most married couples will pay less tax if they file a joint return. You may check the "married filing joint return" box if **any** of the following is true:

- You were married as of December 31, 2001.
- Your spouse died in 2001 and you did not remarry in 2001.
- Your spouse died in 2002 before filing a 2001 return.

A husband and wife may file a joint return even if only one had income or if they did not live together all year. However, both spouses must sign the return. If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separately.

If you file a joint return, both you and your spouse are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

A joint return cannot be filed if you and your spouse have different tax years.

**Married filing separate return** If you file separate returns, you will usually pay more state tax than if you file a joint return. Your tax may be higher on separate returns because:

- You cannot take the married couple credit.
- If you lived with your spouse at any time in 2001:
  - a. A greater amount of any unemployment compensation that you received may be taxable.
  - b. A greater amount of any social security benefits that you received may be taxable.
- You will not qualify for the disability income exclusion.
- You will not qualify for the earned income credit.

**Head of household** If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child or parent) can use this filing status. Certain married people who lived apart from their spouse for the last 6 months of 2001 may also be able to use this status.

If you do not have to file a federal return, contact any Department of Revenue office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

■ **State Election Campaign Fund** You may designate \$1 to this fund by checking the box. If you are married, your spouse may also designate \$1 to this fund. Checking the box will neither change your tax nor reduce your refund.

■ **Tax District** Check the proper box and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2001. Also fill in the name of the county in which you lived.

■ **School District Number** See the list of school district numbers on page 38. Fill in the number of the school district in which you lived on December 31, 2001.

**Rounding Off to Whole Dollars** You may find it easier to do your return if you round off cents to the nearest dollar. To do so, drop amounts under 50¢ and increase amounts from 50¢ to 99¢ to the next whole dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237.

If you do round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total.

*Line 1 instructions – continued*

## ■ Line 1 Federal Adjusted Gross Income

Fill in your federal adjusted gross income from:

- line 33 of your federal Form 1040,
- line 19 of federal Form 1040A,
- line 4 of federal Form 1040EZ, or
- line I of your federal TeleFile Tax Record.

**Note** If your federal adjusted gross income from line 33 of your federal Form 1040 is a loss, place a negative sign (–) in the box **immediately to the left** of the loss amount. Do not use brackets or parentheses.

**Example** → 

		–	1	,	0	2	5	.	6	7
--	--	---	---	---	---	---	---	---	---	---

**Exception** The federal adjusted gross income that you must fill in on line 1 of Form 1 may not always be the same as the amount reported as adjusted gross income on your federal Form 1040. Differences may occur because Wisconsin generally uses the provisions of federal law as amended to December 31, 1999.

New federal laws enacted after December 31, 1999, may not be used for Wisconsin.

Following is a partial listing of provisions of federal law enacted during 2000 and 2001 that may not be used for Wisconsin for 2001. See the instructions for Wisconsin Schedule I for a comprehensive listing of federal law changes that may not be used for Wisconsin.

1. The exclusion for educational assistance benefits for courses beginning after December 31, 2001.
2. Changes to the deduction for student loan interest. (**Note** This change only affects returns filed on a fiscal-year basis.)
3. The expensing of environmental remediation costs.
4. The treatment of extraterritorial income.

Wisconsin law also provides that the following provision of federal law does not apply for Wisconsin (even though this provision was enacted into federal law prior to December 31, 1999):

- The exclusion for 50% of the gain from the sale or exchange of qualified small business stock issued after August 10, 1993, and held for more than five years.

If any provision of federal law which does not apply for Wisconsin purposes affects your federal adjusted gross income, you must complete Wisconsin Schedule I and attach it to your Form 1. The amount you fill in on line 1 of Form 1 (and amounts filled in on Schedule 1 on page 4 of Form 1) should be the revised amount determined on Schedule I. See page 5 for information on how to get Schedule I.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2001 (for example, ACRS depreciation was not allowed to be claimed on residential real property or certain farm property placed in service during 1986), you must also make adjustments on Schedule I for 2001.

You may also be required to complete Schedule I if you sold assets during 2001, and the gain or loss from the sale is different for Wisconsin and federal purposes due to Schedule I adjustments made in a prior year. This would occur, for example, if different rates of depreciation were allowed for Wisconsin and federal purposes. See the instructions for Schedule I for more information.

## ■ Line 2 State and Municipal Interest

Fill in the amount of interest you received from state and municipal bonds. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the amount to be filled in by such expenses.)

**Exception** If you received interest income which is exempt for state and federal tax purposes, do not include this interest income on line 2. Interest income which is exempt for federal and Wisconsin tax purposes includes interest from:

- (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin,
- (2) Wisconsin Housing Finance Authority bonds,
- (3) Wisconsin municipal redevelopment authority bonds,
- (4) Wisconsin higher education bonds,
- (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds, and CHAP housing revenue bonds,
- (6) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the Internal Revenue Code,
- (7) local exposition district bonds,
- (8) Wisconsin professional baseball park district bonds,
- (9) bonds issued by the Government of Puerto Rico, Guam, or the Virgin Islands,
- (10) local cultural arts district bonds, and
- (11) Wisconsin professional football stadium bonds.

Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

Line 4 instructions – continued

**Line 3 Capital Gain / Loss Addition**

If your federal adjusted gross income includes capital gains and/or losses (see line 13, Form 1040), you must complete Schedule WD.

Schedule WD (Part IV) determines whether any capital gain/loss addition must be reported on line 3. For example, after completing Schedule WD, you may be required to include an amount as an addition to income on line 3 because Wisconsin law limits the deduction for a net capital loss to \$500.

**Note** If your only capital gain or loss is a capital gain distribution from a mutual fund or real estate investment trust, do not complete line 3. See the Exception in the instructions for line 10.

**Line 4 Other Additions**

Fill in on line 4 any of the additions described below that apply to you. Describe each addition. If more space is needed, attach a note to your Form 1.

**Note** See Additions To or Subtractions From Income on page 16 for information on other items which may have to be included on line 4.

**(a) Farm Losses** An addition may be required if farm losses were deducted on your federal tax return and you were *not* actively engaged in the farming operations that produced those losses.

To be “actively engaged in farming” with respect to a farming operation, you must make a significant contribution of:

- Capital, equipment, or land, or a combination of capital, equipment, or land; and
- Active personal labor or active personal management, or a combination of both.

Factors you must take into consideration in determining if you contribute a significant amount of active personal labor or active personal management include:

- The type of crops and livestock produced;

- The normal and customary farming practices of the area; and
- The total amount of labor and management which is necessary for such a farming operation in the area.

In order to be considered to be actively engaged in a farming operation, you must have (1) a share of the profits or losses from the farming operation which is commensurate with your contributions to the operation, and (2) contributions to the farming operation which are at risk.

Your combined net losses from farming operations in which you are not actively engaged in farming are limited if your nonfarm Wisconsin adjusted gross income is more than \$55,000 (\$27,500 if married filing separately).

To figure your combined net losses from farming operations, add together any losses you have from farming operations in which you were not actively engaged (for example, these could be losses from a farm partnership or tax-option (S) corporation). Do not reduce these losses by any net farm gains. If the total of these losses is more than the maximum allowable loss shown in the tables below, include the excess on line 4.

**Example** For 2001, a single taxpayer reports a loss of \$25,000 on Schedule E from a farm partnership (the taxpayer is not actively engaged in this farming operation), and a profit of \$5,000 from the rental of farmland. The taxpayer’s nonfarm Wisconsin adjusted gross income is \$60,000. Therefore, only \$20,000 of the \$25,000 farm loss may be deducted for 2001. The taxpayer must fill in \$5,000 on line 4.

**(b) Federal Net Operating Loss Carryover** Fill in any amount deducted as a federal net operating loss carryover. (See the instructions for line 11, part (h), for information about the Wisconsin net operating loss carryforward.)

**(c) Income (Lump-Sum Distributions) Reported on Federal Form 4972** Income from a lump-sum distribution is taxable to Wisconsin. If you reported a lump-sum distribution on federal Form 4972, you must also include the distribution in Wisconsin income. Fill in on line 4 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

**CAUTION** If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10 less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

**Note** No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

**(d) Farmland Preservation Credit and Farmland Tax Relief Credit** The total amount of farmland preservation credit and farmland tax relief credit you received during 2001 must be reported as income. Fill in on line 4 any portion of your farmland preservation credit and farmland tax relief credit which was not included as income on your federal tax return.

**(e) Development Zones Credit** Fill in the amount of your development zones credit from line 2a of Wisconsin Schedule DC. The amount of your credit is income and must be reported on your Wisconsin Form 1, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Development zones credit that you receive from a partnership or tax-option (S) corporation will be accounted for when you make the adjustment described in paragraph (a)(1) or (b) on page 16.) See page 29 for information on where to claim the development zones credit.

**(f) Excess Distribution From a Passive Foreign Investment Company** Fill in the amount of excess distribution from a passive foreign investment company which has not been included in federal adjusted gross income (see federal Form 8621).

**(g) Manufacturer’s Sales Tax Credit** Fill in the amount of manufacturer’s sales tax credit that you computed for 2001. This is the amount from line 10 (line 11 for beneficiaries of an estate or trust) of Schedule MS. The amount of your credit is income and must be reported on your Wisconsin Form 1, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Manufacturer’s sales tax credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the adjustment described in paragraph (a)(1) or (b) on page 16.)

**Line 6 State Income Tax Refund**

Refunds of state and local income taxes are not taxable for Wisconsin purposes. Fill in on line 6 the amount from federal Form 1040, line 10.

**Line 7 United States Government Interest**

Fill in the amount of interest on United States bonds and interest and dividends of certain United States government corporations that is included on line 1 of Form 1. This income is not taxable for Wisconsin purposes.

A mutual fund may invest in U.S. government securities. If it does, a portion or all of its ordinary dividend may not be taxable by Wisconsin. If you have information from a mutual fund advising you that all or a portion of its ordinary dividend is from investments in U.S. government securities, you may include that portion on line 7.

Line 7 instructions – continued

**CAUTION** Do not fill in on line 7, interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are “guaranteed” by the United States government. You must include interest from these securities in your Wisconsin taxable income.

**Line 8 Unemployment Compensation**

You may have a different amount of unemployment compensation taxable for Wisconsin and federal purposes. Complete the worksheet below to see if you can subtract any portion of the unemployment compensation which you included as income on your federal tax return.

**Line 9 Social Security Adjustment**

If you had social security benefits that were taxable on your federal return, refer to your federal Social Security Benefits Worksheet. This worksheet is in the Form 1040 or Form 1040A instructions. Is line 7 of your worksheet more than \$34,000 (\$44,000 if you are married filing a joint return or \$0 if married filing a separate return and you lived with your spouse at any time during 2001)? If yes, you should fill in the worksheet on page 10. You can use this worksheet to figure the difference between the amount of social security benefits that are taxable on your federal and Wisconsin returns.

Line 9 instructions – continued

**Note** The Wisconsin Social Security Benefits Worksheet refers to lines on the federal Social Security Benefits Worksheet that is in the federal Forms 1040 and 1040A instructions. You may have used one of the other federal worksheets (for example, the worksheet for social security recipients who contribute to an IRA). If so, use the equivalent lines on that worksheet. If you got a lump-sum payment of benefits for prior years, you may have figured the federal taxable social security separately for each year. In this case, contact any department office for information on how to figure the amount that is not taxable for Wisconsin.

**Line 10 Capital Gain / Loss Subtraction**

If your federal adjusted gross income includes capital gains and/or losses (see line 13, Form 1040 or line 10, Form 1040A), you must complete Schedule WD.

Schedule WD (Part IV) determines whether any capital gain/loss subtraction must be reported on line 10. For example, after completing Schedule WD, you may be able to include an amount as a subtraction from income on line 10 because you qualify for the Wisconsin 60% capital gain exclusion.

**EXCEPTION** If you reported a capital gain distribution from a mutual fund or real estate investment trust on line 13 of your federal Form 1040 or line 10 of Form 1040A and have no additional capital gains or losses reportable to Wisconsin, you may claim a capital gain exclusion on line 10. Fill in 60% of the amount of the capital gain distribution on line 10. Do not complete Wisconsin Schedule WD.

**Line 11 Other Subtractions**

Fill in on line 11 any of the subtractions described below that apply to you. Describe each subtraction. If more space is needed, attach a note to your Form 1.

**Note** See Additions To or Subtractions From Income on page 16 for information on other items which may have to be included on line 11.

Line 11 instructions – continued

**(a) Medical Care Insurance** If you paid medical care insurance costs during 2001 while you were self-employed or an employee whose employer did not contribute toward the cost of your medical care insurance, you may be able to subtract a portion of the cost of your medical care insurance.

“Medical care insurance” means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage. It does not include premiums for:

- Long-term care insurance,
- Life insurance policies,
- Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury, or
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car.

If you participate in your employer’s fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. In this situation, your employer is considered to have paid for your medical care insurance. Such programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc.

If you are self-employed, complete Worksheet 1. If you are an employee whose employer did not contribute toward the cost of your medical care insurance, complete Worksheet 2.

<b>Worksheet 1 – Self-Employed Persons</b>	
1. Amount you paid for medical care insurance in 2001 while you were self-employed . . . . .	1. _____
2. Self-employed health insurance deduction from line 28 of federal Form 1040* . . . . .	2. _____
3. Amount of medical care insurance deducted on federal Schedule C or F for your employee spouse . . . .	3. _____
4. Add lines 2 and 3 . . . . .	4. _____
5. Subtract line 4 from line 1 . . . . .	5. _____
6. Net earnings from a trade or business** . . . .	6. _____
7. Fill in the smaller of line 5 or 6 here and on line 11 of Form 1. This is your subtraction for medical care insurance . . . .	7. _____
* Do not include any amounts deducted for long-term care insurance.	
** Net earnings from a trade or business means income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. The total earnings from a trade or business of both spouses are included. Do not include losses from a trade or business.

- b. *You were self-employed for only part of the taxable year*, your total subtraction (line 7 of Worksheet 1 plus line 4 of Worksheet 2) cannot be more than the total amount paid for medical care insurance during the period in which you were self-employed and in which you were an employee whose employer did not contribute towards the cost of the insurance, less the amount on line 4 of Worksheet 1.

**Worksheet – Long-Term Care Insurance**

1. Amount paid for long-term care insurance in 2001 . . . . . 1. \_\_\_\_\_
2. Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 28 of federal Form 1040 . . . . . 2. \_\_\_\_\_

7. Fill in the smaller of line 5 or 6. This is your subtraction for long-term care insurance . . . . . 7. \_\_\_\_\_

\* Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

**(b) Long-Term Care Insurance** If you paid long-term care insurance costs during 2001, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

“Long-term care insurance policy” means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

“Long-term care insurance policy” does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. “Continuing care contract” means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person’s life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person’s estate (if the amount is expressed as a percentage of the person’s estate) to the service provider upon the person’s death.

If you paid long-term care insurance costs during 2001 for a policy which covers you or your spouse, complete the following worksheet to determine the amount of your subtraction.

**(c) Tuition Expenses** You may be able to claim a subtraction for up to \$3,000 (per student) of the amount you paid during 2001 for tuition for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition must have been paid during 2001 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A “university, college, or technical college” is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota–Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition paid to pre-schools or elementary or secondary schools (for example, grade schools and high schools).

Tuition paid to a school which fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Line 11 instructions – continued

Tuition paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

**CAUTION** The subtraction only applies to tuition. Amounts paid as separate charges for other items such as books, supplies, room and board, or other costs may not be subtracted.

You cannot claim a subtraction for tuition paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from the Wisconsin EdVest college savings program or college tuition and expenses program. This limitation applies only if you previously claimed a subtraction for contributions to the EdVest program.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount on line 1 of Form 1.

Determine your tuition subtraction as follows:

**Single or Head of Household**

- If line 1 of Form 1 is \$50,000 or less, you may subtract the amount paid for tuition during 2001, but not more than \$3,000 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$50,000 but less than \$60,000, use the worksheet on this page to figure the amount of your subtraction.
- If line 1 of Form 1 is \$60,000 or more, you may not subtract any amount for tuition expenses.

**Married Filing Joint Return**

- If line 1 of Form 1 is \$80,000 or less, you may subtract the amount paid for tuition during 2001, but not more than \$3,000 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$80,000 but less than \$100,000, use the worksheet on this page to figure the amount of your subtraction.

Line 11 instructions – continued

- If line 1 of Form 1 is \$100,000 or more, you may not subtract any amount for tuition expenses.

**Married Filing Separate Return**

- If line 1 of Form 1 is \$40,000 or less, you may subtract the amount paid for tuition during 2001, but not more than \$3,000 per student.\* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$40,000 but less than \$50,000, use the worksheet below to figure the amount of your subtraction.
- If line 1 of Form 1 is \$50,000 or more, you may not subtract any amount for tuition expenses.

**Tuition Expense Worksheet**

**CAUTION** Only certain taxpayers are required to complete this worksheet. See the instructions for your filing status.

1. Amount paid for tuition in 2001. Do not fill in more than \$3,000 per student . . . . . 1. \_\_\_\_\_
2. Fill in the amount from line 1 of Form 1 . . . . . 2. \_\_\_\_\_
3. Fill in \$50,000 (\$80,000 if married filing joint return or \$40,000 if married filing separate return) . . . . . 3. \_\_\_\_\_
4. Subtract line 3 from line 2 . . . . . 4. \_\_\_\_\_
5. Divide the amount on line 4 by 10,000 (20,000 if married filing joint return). Fill in decimal amount . . . . . 5. \_\_\_\_\_
6. Multiply line 1 by the decimal amount on line 5 . . . . . 6. \_\_\_\_\_
7. Subtract line 6 from line 1. This is your subtraction for tuition expense\* . . . . . 7. \_\_\_\_\_

\* Your subtraction also cannot be more than your total taxable wages, salary, tips, unearned income, (e.g., interest, dividends, capital gains, pensions) and net earnings from a trade or business taxable by Wisconsin.

**(d) Retirement Benefits** You may subtract any payments received from the retirement systems listed on page 13 provided:

- (1) You were retired from the system before January 1, 1964, or
- (2) You were a member of the system as of December 31, 1963, retiring at a later date and payments you receive are from an account established before 1964, or
- (3) You are receiving payments from the system as the beneficiary of an individual who met either condition 1 or 2.

Your subtraction cannot be more than the amount of such payments that you included in your federal income.

Line 11 instructions – continued

The specific retirement systems are:

**Local and state retirement systems** – Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.

**Federal retirement systems** – United States government civilian employee and military personnel retirement systems. Examples of such retirement systems include the Civil Service Retirement System, Federal Employees’ Retirement System, and Retired Serviceman’s Family Protection Plan.

**Note** Do not subtract any of the following:

- Payments received as a result of voluntary tax-sheltered annuity deposits in any of the retirement systems listed above.
- Payments received from one of the retirement systems listed above if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- Payments from the federal Thrift Savings Plan.

**CAUTION** Your retirement benefits may be subtracted only if they are based on qualified membership in one of the retirement systems listed above. Qualified membership is membership that began before January 1964 as explained above. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable and may not be subtracted.

**Example 1** You were a member of the Wisconsin State Teachers Retirement System as of December 31, 1963. You left teaching after 1963 and withdrew the allowable amount from your retirement account. This closed the account. You later returned to teaching. A new retirement account was then established for you. Retirement benefits from this new account (established after 1963) do not qualify for the exemption.

**Example 2** You were employed as a teacher from 1960-65. During that time you were a member of the Wisconsin State Teachers Retirement System. From 1966 until retirement, you were employed by a state agency (not as a teacher). You were then a member of the Wisconsin Retirement System. You receive an annuity from the Department of Employee Trust Funds. The annuity is based on employment in both retirement systems. Only the portion of the annuity that is due to the Wisconsin State Teachers Retirement System may be subtracted. You may use the following formula to figure the exempt amount that may be subtracted:

Line 11 instructions – continued

$$\frac{\text{Years of creditable service in an exempt plan}}{\text{Total years of creditable service}} \times \text{Annuity included in federal income} = \text{Portion of annuity which may be subtracted}$$

**Note** You may have received separate Forms 1099-R for the taxable and exempt portions of your annuity. In this case, you may use the Form 1099-R information instead of the above formula.

**(e) Railroad Retirement Benefits, Railroad Unemployment Insurance, and Sickness Benefits** Wisconsin does not tax amounts received from the U.S. Railroad Retirement Board. You may subtract such amounts if they were included in your federal adjusted gross income.

However, if you included tier 1 railroad retirement benefits (RRB) as part of your taxable social security (SS), use the following formula to figure your subtraction for your tier 1 RRB.

$$\frac{\text{Tier 1 RRB}}{\text{Total tier 1 RRB and SS received}} \times \text{Taxable SS*} = \text{Subtraction for RRB}$$

\* From line 20b of federal Form 1040 or line 14b of Form 1040A. However, if you computed a subtraction for social security on the Social Security Benefits Worksheet for line 9 on page 10, use the amount from line 5 of that worksheet.

**(f) Adoption Expenses** If you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2001, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 1999, 2000, and 2001. Don’t count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

**(g) Recoveries of Federal Itemized Deductions** Fill in any amount included as income on your federal tax return that is a recovery of a federal itemized deduction from a prior year for which you did not receive a Wisconsin tax benefit.

**Example** You claimed an itemized deduction on your 2000 federal tax return for a casualty loss of \$2,000. You could not claim the casualty loss for the itemized deduction credit on your 2000 Wisconsin income tax return. During 2001 you received a reimbursement of \$1,000 from your insurance company for part of the casualty loss. The \$1,000 reimbursement is included on your 2001 federal tax return as a recovery of an amount previously claimed as an itemized deduction. Because you did not claim the casualty loss for the itemized deduction credit for Wisconsin for 2000, the \$1,000 is not taxable to Wisconsin for 2001. Fill in the \$1,000 recovery on line 11.

Line 11 instructions – continued

**(h) Wisconsin Net Operating Loss Carryforward** If you had a net operating loss (NOL) in an earlier year to carry forward to 2001, include the allowable amount on line 11. Attach a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 5 for information on how to get this publication.

**(i) Amounts Not Taxable by Wisconsin** You may subtract any amounts not taxable by Wisconsin (less related expenses except those expenses which are used to calculate the Wisconsin itemized deduction credit) which have been included as income on your federal tax return or excluded from federal deductions.

**Example** Relocation assistance received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes may be subtracted. Fill in such amounts on line 11.

**(j) Farm Loss Carryover** If you were subject to farm loss limitations (see instructions for line 4, part (a) for a description) on your 1986 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction in 1986 or thereafter may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits and net gains from the sale or exchange of capital or business assets in the current year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

**Example** You have a farm loss carryover from 2000 of \$30,000. For 2001 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover on line 11.

**(k) Contributions to EdVest College Savings Program** You may be able to subtract the amount you contributed to a Wisconsin EdVest college savings account. The subtraction is available for contributions made during 2001 to both the original EdVest program (purchase of tuition units) and to the new EdVest savings program (which offers market-based investments).

The beneficiary of the account must be either you, your spouse (if married filing joint return), or your child. The child must be claimed as a dependent on your federal income tax return. The subtraction is equal to the amount you contributed to the account during 2001, but not more than \$3,000.

Line 11 instructions – continued

For example, you have two children whom you claim as dependents on your federal return. You established EdVest accounts for each child. In 2001, you contributed \$3,000 to the account of each child. You may claim a subtraction of \$6,000.

**Limitation** Your subtraction may not be more than the total of your wages, salaries, tips, unearned income, and net earnings from a trade or business. If you are married and filing a joint return, the limitation is based on the total of both spouses' income from these sources.

**(l) Distributions from EdVest College Savings Program** You may subtract any amount that is included in your federal adjusted gross income due to an increase in value of a tuition unit or account in the Wisconsin EdVest college savings program. However, the subtraction does not apply in the case of a nonqualified withdrawal.

**(m) Disability Income Exclusion** If you are retired on permanent and total disability and have included your disability income on line 1 of Form 1, you may be able to subtract up to \$5,200 of your disability income. You must meet ALL these tests:

- You did not reach mandatory retirement age before January 1, 2001.
- You were under age 65 on December 31, 2001.
- You were permanently and totally disabled –
  - a. when you retired, or
  - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- If you were married at the end of 2001, you must file a joint return.
- You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.

Compute your exclusion on Wisconsin Schedule 2440W (Disability Income Exclusion). Attach Schedule 2440W to your Form 1. See page 5 for information on how to get this form.

**(n) Sale of Business Assets or Assets Used in Farming to a Related Person** You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:

- The related person is your child, grandchild, great grandchild, parent, brother or sister, nephew or niece, grandparent, great grandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
- The asset was held by you for more than 12 months.
- The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Line 11 instructions – continued

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

**Farming** “Farming” means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

**Business Assets** “Business assets” are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

“Business assets” include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

“Business assets” do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note** Rental property which is a farm or farm equipment may qualify as an asset “used in farming.”)

**Computing the subtraction** You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 40% of the long-term gain on the sale of the asset to the related person.
- If the amount on line 15 or 16 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale

Line 11 instructions – continued

of the asset to the related person and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD.

- If the amount on line 16 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD less the amount on line 7 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, complete the worksheet below to compute your subtraction.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, complete the worksheet below to compute your subtraction.

<b>Worksheet for Gain on Sale of Assets to Related Person</b>	
1. Amount from line 19 of Schedule WD . . . . .	1. _____
2. Net short-term gain, if any, from line 7 of Schedule WD . . . . .	2. _____
3. Subtract line 2 from line 1 . . . . .	3. _____
4. Long-term gain on the sale of asset to related person . . . . .	4. _____
5. Total long-term capital gain from line 14, column (g) of Schedule WD . . . . .	5. _____
6. Divide line 4 by line 5. Fill in decimal amount . . . . .	6. _____
7. Multiply line 3 by line 6. This is your subtraction for gain on the sale of assets to a related person . . . . .	7. _____

**(o) Settlements Due to Persecution** To the extent included in your federal adjusted gross income, you may subtract any settlement received or gain on assets recovered due to persecution by Nazi Germany or any Axis regime during 1933 to 1945.

**(p) Repayment of Income Previously Taxed** If you had to repay during 2001, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 26 or 27 of your federal Schedule A.

Line 11 instructions – continued

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and attach it to your Form 1.

**CAUTION** Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may either subtract the repayment as described above *or* take a tax credit. See Credit for Repayment of Income Previously Taxed in the line 43 instructions.

- (q) 1998 Roth IRA Conversion** If you were *not* a full-year resident of Wisconsin for 1998 and during the period in which you were not a Wisconsin resident you converted an IRA to a Roth IRA, the conversion amount that is being reported over a 4-year period is not taxable to Wisconsin. You may subtract the 1998 Roth IRA conversion amount that is included in your federal adjusted gross income. This subtraction does not apply if you were a Wisconsin resident at the time of the conversion.

### Additions To or Subtractions From Income

The following items may be either an addition to or a subtraction from federal adjusted gross income, depending on your situation. Fill in any additions that apply to you on line 4. Fill in any subtractions that apply to you on line 11.

- (a) Tax-Option (S) Corporation Adjustments** Fill in any of the following adjustments that apply to you:
- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin tax purposes.
  - (2) If you are a shareholder of a federal S corporation that elects not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits. (**CAUTION** Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)

Line 11 instructions – continued

- (3) Instead of using tax-option (S) corporation items deductible on federal Schedule A to compute the Wisconsin itemized deduction credit, you may elect to treat these items as subtraction modifications. Your subtraction is limited to the amount actually deductible for federal purposes.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 5 for information on how to get this publication.

- (b) Your Share of Partnership, Trust, or Estate Adjustments** If you were a member of a partnership or you received income from an estate or trust, you will receive a statement from the partnership, trust, or estate notifying you of any additions or subtractions which you should make on your return. Fill in the amount of any such additions on line 4 and any subtractions on line 11.
- (c) Differences in Federal and Wisconsin Basis of Assets** Additions or subtractions may be necessary if there is a difference between the federal basis and the Wisconsin basis of your property. Additions or subtractions are necessary if:
- (1) You acquired property after December 31, 1964, which may be depreciated or amortized (such as buildings and leaseholds), and the federal basis is greater or less than the Wisconsin basis.
  - (2) You sold (or otherwise disposed of) property which may not be depreciated or amortized (such as land, stocks, and bonds) in a taxable transaction, and your basis in the assets was greater or less for federal purposes than for Wisconsin.

**Example** You sold stock which you acquired by inheritance and your federal basis was greater than your Wisconsin basis. You must make an adjustment for the difference in basis.

Compute the amount of any addition or subtraction due to a difference in basis on Wisconsin Schedule T (Transitional Adjustments). Attach a completed Schedule T to your Form 1. See page 5 for information on how to get this form.

- (d) Differences in Federal and Wisconsin Basis of Partnership Interest** An addition or subtraction may be necessary if you sold your interest in a partnership and any increases or decreases were made to the federal basis of your partnership interest in taxable years prior to 1975, which resulted from partnership business or property located outside Wisconsin. (Prior to 1975, Wisconsin did not tax income from business or property located outside Wisconsin.) Compute any addition or subtraction due to a difference in basis on Wisconsin Schedule T.

Line 11 instructions – continued

**(e) Differences in Federal and Wisconsin Reporting of Marital Property (Community) Income** If you are married filing a separate return or married filing as head of household or if you obtained a decree of divorce or separate maintenance during 2001, you may have to report a different amount of income on your Wisconsin Form 1 than on your federal Form 1040. Fill in on line 4 any additional amount which is taxable to you rather than your spouse because of any difference in federal and state reporting of marital property (community) income. Fill in on line 11 any amount which is taxable to your spouse rather than to you because of any difference in federal and state reporting of marital property (community) income. For further information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2001*. See page 5 for information on how to get this publication.

**Line 15 Standard Deduction**

Most people can find their standard deduction by using the Standard Deduction Table on page 30. Use the amount on line 13 to find the standard deduction for your filing status. **But**, do *not* use the table if any one of the following applies:

- You (or your spouse if filing a joint return) can be claimed as a dependent on another person’s (for example, parent’s) income tax return. Use the Standard Deduction Worksheet for Dependents below to figure your standard deduction.
- You are filing a short period income tax return or are filing federal Form 4563 to claim an exclusion of income from sources within U.S. possessions. You are not allowed any amount of standard deduction. Fill in 0 on line 15.

Standard Deduction Worksheet for Dependents	
1. Earned income* included in line 13 of Form 1 . . . . .	1. _____
2. Addition amount . . . . .	2. _____ 250.00
3. Add lines 1 and 2. If total is less than \$750, fill in \$750 . . . . .	3. _____
4. Using the amount on line 13 of Form 1, fill in the <b>standard deduction</b> for your filing status from table, page 30 . . . . .	4. _____
5. Fill in the <b>SMALLER</b> of line 3 or 4 here and on line 15 of Form 1 . . . . .	5. _____
* <b>Earned income</b> includes wages, salaries, tips, professional fees, and any other compensation received for personal services you performed. It does not include scholarship or fellowship income that is not reported on a W-2.	

**Line 17 Deduction for Exemptions**

Use the Deduction for Exemptions Worksheet in the next column to determine your deduction for exemptions.

You may claim a personal exemption of \$700 for *yourself*. You may also claim an exemption of \$700 for your *spouse* if you are filing a joint return. Fill in lines 1 and 3 of the worksheet (see **Exception** below).

Line 17 instructions – continued

In addition, you may claim an exemption of \$700 for each person who qualifies as your dependent for federal income tax purposes (see line 6c of your federal Form 1040A or 1040). Fill in the number of dependents on line 5a of the worksheet and line 17b of Form 1. Do **not** count yourself or your spouse as a dependent. Multiply the number on line 5a by \$700, and fill in the result on line 5b.

If you or your spouse were age 65 or older, be sure to complete line 2 or 4 of the worksheet and line 17c of Form 1.

**EXCEPTION** A personal exemption is not allowed for a person who can be claimed as a dependent on someone else’s return. If you checked the box on line 15, fill in -0- on lines 1 and 2 of the Deduction for Exemptions Worksheet in the next column. If you are married filing a joint return and your spouse can be claimed as a dependent, fill in -0- on lines 3 and 4 of the worksheet.

3. If a joint return, fill in \$700 for your spouse* . . . . .	3. _____
4. Fill in \$250 if married filing a joint return and your spouse was age 65 or older on December 31, 2001* . . . . .	4. _____
5. Fill in the number of dependents (do not count yourself or your spouse) on line 5a and on line 17b of Form 1 . . → 5a. _____ x \$700 = . . . 5b. _____	
6. Add lines 1 through 4 and 5b. Fill in here and on line 17a of Form 1 . . . . .	6. _____
* See Exception above.	

**Line 19 Tax**

Use the amount on line 18 to find your tax in the Tax Table on pages 31-36. Find your income-level bracket and read across to the column showing your filing status to find your tax. Be sure you use the correct column in the Tax Table for your filing status. Fill in your tax on line 19.

**EXCEPTION** If the amount on line 18 is \$100,000 or more, use the Tax Rate Schedules on page 37 to compute your tax.

**Line 20 Itemized Deduction Credit**

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1 to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see exceptions below).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal

Line 20 instructions – continued

Schedule A. Write “Wisconsin” at the top of this Schedule A and attach it to your Form 1.

**EXCEPTIONS** Even though Schedule 1 has entry lines for medical expenses, interest paid, and gifts to charity, not all of the amounts of these items that are deducted on federal Schedule A can be used for the itemized deduction credit. The following describes the portion of these items that may not be used to compute the itemized deduction credit.

- Medical expenses – the amount of medical care insurance and long-term care insurance claimed as a subtraction on line 11.
- Interest – paid on a second home located outside Wisconsin.
  - paid on a residence which is a boat.
  - paid to purchase or hold U.S. government securities.
- Contributions and interest allocated to you by a tax-option (S) corporation, if you treated the amount as a subtraction on line 11.

**Line 21 Armed Forces Member Credit**

The armed forces member credit is available to certain members of the U.S. armed forces. You may claim the credit if you meet all of the following:

- You were on active duty, and
- You received military pay from the federal government in 2001, and
- The military pay was for services performed **while stationed outside the United States.**

The credit is equal to the amount of military pay you received for services performed while stationed outside the United States, but not more than \$200. If you are married filing a joint return and both spouses qualify for the credit, each may claim up to \$200.

**Note** Members of the National Guard ordered to active duty in the U.S. armed forces are eligible for the credit. You must have been stationed outside the United States and received your military pay from the federal government.

**Line 22 Renter’s and Homeowner’s School Property Tax Credit**

You may claim a credit if you paid rent during 2001 for living quarters used as your primary residence OR you paid property taxes during 2001 on your home. You are eligible for a credit whether or not you claim homestead credit on line 44.

**Special Cases**

**If You Paid Both Property Taxes and Rent** You may claim both the renter’s credit and the homeowner’s credit. The total combined credit claimed on lines 22a and 22b may not be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

Line 22 instructions – continued

**Married Persons Filing a Joint Return** Figure your credit by using the rent and property taxes paid by both spouses.

**Married Persons Filing Separate Returns or Married Persons Filing as Head of Household** Each spouse may claim a credit. Each of you may use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

**Persons Who Jointly Own a Home or Share Rented Living Quarters** When two or more persons (other than husband and wife) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 22a and 22b.

**Line 22a How to Figure the Renter’s School Property Tax Credit**

**Step 1 Rent Paid in 2001** Fill in on the appropriate line(s) the total rent that you paid in 2001 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home. Do not include rent that you may claim as a business expense. Do not include rent paid for housing that is exempt from property taxes. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If the rent you paid included food, housekeeping, medical, or other services, reduce the amount filled in for rent paid in 2001 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the rent which you paid in 2001. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2001, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

**Step 2** Refer to the Renter’s School Property Tax Credit Table on page 19 to figure your credit. If heat was included in your rent, use Column 1 of the table. If heat was not included, use Column 2. Fill in your credit on line 22a.

**Exception** If you paid both rent where heat was included and rent where heat was not included, complete the worksheet below.

<b>Renter’s Worksheet</b>	
<i>(Complete only if Exception described above applies)</i>	
1. Credit for rent with heat included (from Column 1 of Table on page 19) . . .	1. _____
2. Credit for rent where heat not included (from Column 2 of Table on page 19) . . .	2. _____
3. Add lines 1 and 2. Fill in on line 22a of Form 1* . . . . .	3. _____
* Do not fill in more than \$300 (\$150 if married filing a separate return or married filing as head of household).

**Line 22b How to Figure the Homeowner’s School Property Tax Credit**

**Step 1 Property Taxes Paid on Home in 2001** Fill in the amount of property taxes that you *paid* in 2001 on your home. Do **not** include:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2001.

Property taxes are further limited as follows:

- If you bought or sold your home during 2001, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the property taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.
- If you owned a mobile home during 2001, property taxes include the parking permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental should be filled in as rent on line 22a.)
- If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes that reflects your percentage of ownership. For example, if you and another person (other than your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you would claim a credit based on \$750 of taxes.

Line 22b instructions – continued

**CAUTION** Property taxes paid during 2001 must be reduced by any amounts received as a refund of such taxes. For example, a taxpayer claimed farmland preservation credit (which is considered a refund of property taxes) on his or her 2000 Wisconsin return. The taxpayer received a farmland preservation credit in 2001 of \$600 that was based on 2000 property taxes accrued of \$6,000. The 2000 property taxes were paid in 2001 and 10% of such taxes were allocable to the personal residence and 90% to the farm property. Thus, for tax purposes, property taxes paid on the entire property during 2001 are \$5,400 (\$6,000 less \$600 farmland preservation credit). Of this amount, \$540 (10% of \$5,400) is used to compute the 2001 school property tax credit.

**Step 2** Use the Homeowner's School Property Tax Credit Table below to figure your credit. Fill in the amount of your credit on line 22b.

**CAUTION** If you are also claiming the renter's credit on line 22a, the total of your renter's and homeowner's credits can't be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

**Line 26 Alternative Minimum Tax**

You may owe Wisconsin alternative minimum tax if you benefit from certain deductions, credits, and the special tax treatment of some kinds of income. This tax is figured on Schedule MT. Use the worksheet below to see if you must complete Schedule MT.

If line 10 of the worksheet is more than the amount on Form 1, line 25, fill in Schedule MT to see if you owe the alternative minimum tax. If line 10 is equal to or less than the amount on Form 1, line 25, do not fill in Schedule MT.

Include the following adjustments and preference items on line 2 of the worksheet below.

**Adjustment and Tax Preference Items**

1. Accelerated depreciation.
2. Amortization of pollution control facilities or depletion.
3. Stock received by exercising an incentive stock option and you did not dispose of the stock in the same year.
4. Intangible drilling, circulation, research, experimental, or mining costs.
5. Income or (loss) from tax shelter farm activities or passive activities.
6. Percentage of completion income from long-term contracts.
7. Interest paid on a home mortgage *not* used to buy, build, or substantially improve your home.
8. Investment interest expense reported on Form 4952.

9. Wisconsin net operating loss deduction.
10. Alternative minimum tax adjustments from an estate, trust, tax-option (S) corporation, partnership, or a cooperative.

See page 5 for information on how to get Schedule MT.

**Line 28 Married Couple Credit**

You can claim the married couple credit if:

- You are married filing a joint return, and
- Both you and your spouse have qualified earned income, and
- You do not file federal Form 2555 or Form 2555EZ to claim an exclusion of foreign earned income or Form 4563 to claim an exclusion of income from sources in U.S. possessions.

To figure the credit, fill in Schedule 2 on page 4 of Form 1. Figure earned income separately for yourself and your spouse on lines 1 through 3 in Columns (A) and (B) of Schedule 2.

“Earned income” includes *taxable* wages, salaries, tips, scholarships or fellowships (only amounts reported on a W-2), other employee compensation, disability income treated as wages, and net earnings from self-employment.

“Earned income” does not include other income such as interest, dividends, IRA distributions, deferred compensation (even though it may be reported on a W-2), unemployment compensation, rental income, social security, pensions, annuities, or nontaxable income. Do not consider marital property law, marital property agreements, or unilateral statements in figuring each spouse’s earned income.

The credit is based on qualified earned income. You must figure qualified earned income separately for yourself and your spouse. Figure it on lines 4 and 5 of Schedule 2 by subtracting the total of certain adjustments from earned income. These adjustments (and the related lines on federal Form 1040) are:

- IRA deduction (line 23),
- Self-employed SEP, SIMPLE, and qualified plans (line 29),
- Repayment of supplemental unemployment benefits (included in the total on line 32),
- Employee expenses of qualified performing artists and of fee-basis state or local government officials, and contributions to secs. 403(b) and 501(c)(18) pension plans (included in the total on line 32), and
- Disability income exclusion (from line 11 of Wisconsin Form 1).

**Line 32 Recycling Surcharge**

The recycling surcharge applies to individuals who:

If you are subject to the recycling surcharge, complete Wisconsin Schedule RS. Fill in the amount from line 2 or 3 of Schedule RS on line 32 of Form 1. Attach a copy of Schedule RS to Form 1.

**Line 33 Packers Football Stadium Donation**

If you wish, you may designate an amount as a Packers football stadium donation. Your donation will be used for maintenance and operating costs of the professional football stadium in Green Bay.

Fill in line 33 with the amount you wish to donate. Your donation will either reduce your refund or be added to tax due.

**Line 34 Sales and Use Tax Due on Out-of-State Purchases**

Did you make any taxable purchases from out-of-state firms in 2001 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 34 if they were stored, used, or consumed in Wisconsin. Taxable purchases include furniture, carpet, clothing, computers, books, CDs, cassettes, video tapes, jewelry, coins purchased for more than face value, etc.

**Example** You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax (\$300 x 5% = \$15) on this purchase.

**Sales and Use Tax Rate Chart**

In all Wisconsin counties except those shown in a through e below, the tax rate was 5.5% for all of 2001.

- a. If storage, use, or consumption in 2001 was in one of the following counties, the tax rate was 5.6%:  

Milwaukee	Ozaukee	Washington
-----------	---------	------------
- b. If storage, use, or consumption in 2001 was in one of the following counties, the tax rate was 5.1%:  

Racine	Waukesha	
--------	----------	--
- c. If storage, use, or consumption in 2001 was in Lafayette County, the tax rate was 5% before April 1, 2001, and 5.5% on April 1, 2001, and after.
- d. If storage, use, or consumption in 2001 was in Marinette County, the tax rate was 5% before October 1, 2001, and 5.5% on October 1, 2001, and after.
- e. If storage, use, or consumption in 2001 was in one of the following counties, the tax rate was 5%:  

Calumet	Grant	Menominee	Winnebago
Clark	Green	Outagamie	Wood
Florence	Kewaunee	Rock	
Fond du Lac	Manitowoc	Sheboygan	

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax.

<b>Worksheet for Computing Wisconsin Sales and Use Tax</b>	
1. Total purchases subject to Wisconsin sales and use tax (i.e., purchases on which no sales and use tax was charged by the seller) . . .	\$ _____
2. Sales and use tax rate (see rate chart on this page) . . . . .	x _____ %
3. Amount of sales and use tax due for 2001 (line 1 multiplied by tax rate on line 2). Fill in this amount on line 34 of Form 1 if \$1 or more. If less than \$1, fill in -0- . . . . .	\$ _____

**Line 35 Endangered Resources Donation**

Your donation supports the preservation and management of more than 200 endangered and threatened Wisconsin plants and animals. It helps ensure a future for trumpeter swans, timber wolves, calypso orchids, and Karner blue butterflies, to name a few. It also helps protect Wisconsin's finest remaining examples of prairies, forests, and wetlands. All gifts (up to a total of \$500,000) will be matched by general purpose revenue, which makes your gift twice as important to endangered resources.

Consider a gift of \$15, \$25, \$50, or \$75, or choose your own amount, and support endangered resources in Wisconsin. Fill in line 35 with the amount you wish to donate. Your gift will either reduce your refund or be added to tax due. Or, send a check directly to: Endangered Resources Fund, Department of Natural Resources, PO Box 7921, Madison WI 53707.

**Line 36 Penalties on IRAs, Other Retirement Plans, MSAs, Etc.**

The Wisconsin penalty on retirement plans and medical savings accounts (MSAs) is equal to 33% of the following federal taxes:

- Tax on qualified retirement plans, including IRAs (line 55 of federal Form 1040).
- Total tax due from lines 4, 8, 17, 25, 33, 41, and 45 of federal Form 5329 (include only if the tax due on this form was paid separately and is not included on line 55 of your federal Form 1040).
- Tax on excess contributions (line 2 of federal Form 5330).
- Tax on distributions from an MSA (included in the total on line 58 of federal Form 1040).
- Tax on prohibited transactions (line 6 of federal Form 5330).
- Section 72(m)(5) excess benefits tax (included in the total on line 58 of federal Form 1040).

If you were subject to any of the above federal taxes for 2001, fill in the total of such taxes in the space provided on line 36. Multiply the amount filled in by .33 (33%) and fill in the result on line 36.

Line 36 instructions – continued

**Note** You are not subject to the penalty on payments from certain retirement plans if the payments are exempt from Wisconsin tax. See the instructions for line 11, part (d), for information on retirement payments which are exempt from Wisconsin tax.

If you were required to file federal Form 5329 or 5330, attach a copy of your Form 5329 and/or 5330 to your Form 1.

**Penalty for selling business assets (or assets used in farming) purchased from a related person within 24 months** Capital gain on the sale or disposition of business assets or on assets used in farming may be excluded from Wisconsin taxation if the assets were held more than one year and the assets are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or otherwise disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies).

If you are subject to this penalty, contact any department office for information on how to compute the penalty. Include the amount of the penalty on line 36 of Form 1. Write “RP” to the right of line 36.

■ **Line 39 Wisconsin Tax Withheld**

Add the **Wisconsin** income tax withheld shown on your withholding statements (Forms W-2, W-2G, 1099-G, 1099-R, and 1099-MISC). Fill in the total on line 39. Attach readable copies of your withholding statements to Form 1. (See Assembling Your Return on page 27 for where to attach.)

**Note** Wisconsin tax withheld is shown in Box 17 of Form W-2 or Box 10 of Form 1099-R, but only if Wisconsin is the state identified in Box 15 of Form W-2 or Box 11 of Form 1099-R.

DO NOT claim credit for tax withheld for other states. DO NOT claim amounts marked social security or Medicare tax withheld. DO NOT claim credit for federal tax withheld. DO NOT include withholding statements from other tax years. DO NOT write on or change or attempt to correct the amounts on your withholding statements.

It is your responsibility to ensure that your employer or other payer has provided withholding statements that:

1. Are clear and easy to read.
2. Show withholding was paid to Wisconsin.

If you do not have a withholding statement or need a corrected withholding statement, contact your employer or other payer.

■ **Line 40 2001 Wisconsin Estimated Tax Payments and Amount Applied From 2000 Return**

Fill in any payments you made on your estimated Wisconsin income tax (Form 1-ES) for 2001. Include any overpayment from your 2000 return that you were allowed as credit to your 2001 Wisconsin estimated tax.

Line 40 instructions – continued

If you are married filing a joint return, fill in the total of:

- any separate estimated tax payments made by each spouse,
- any joint estimated tax payments, and
- any overpayments from your 2000 returns that you and your spouse were allowed as credit to 2001 Wisconsin estimated tax.

If you are filing a separate tax return, you may not claim any part of your spouse’s separate estimated tax payments or credits. However, you and your spouse may split your joint estimated tax payments and credits between you as you choose on your separate returns. If you cannot agree on how joint amounts are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow the above instructions even if your spouse died during 2001.

**Name Change** If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of Form 1. On the statement, explain all the payments you and your spouse made for 2001 and the name(s) and social security number(s) under which you made them.

■ **Line 41 Earned Income Credit**

If you qualify for the federal earned income credit and you have at least one qualifying child, you also qualify for the Wisconsin earned income credit.

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 41.

**Step 1** Fill in the number of children who meet the requirements of a “qualifying child” for purposes of the federal earned income credit (see the instructions for earned income credit in your federal return for definition of a “qualifying child”).

**CAUTION** For federal purposes only your first two qualifying children are counted. For Wisconsin purposes all of your qualifying children are counted.

**Note** If your qualifying child is not claimed as a dependent on your return, write the child’s name(s) to the right of line 41.

**Step 2** Fill in the earned income credit from line 39a of federal Form 1040A or line 61a of Form 1040. (**Exception** If you were required to reduce your federal earned income credit because you owe alternative minimum tax, fill in the amount of your earned income credit before the reduction for alternative minimum tax.)

**Step 3** Fill in the percentage rate which applies to you.

Number of qualifying children (see Step 1 above)	Fill in this percentage rate
1	4%
2	14%
3 or more	43%

Line 41 instructions – continued

**Step 4** Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 41. This is your Wisconsin earned income credit.

**Note** If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 41. Write EIC in the space to the right of line 41. Complete your return through line 45 of Form 1. Attach a copy of your federal return (Form 1040A or Form 1040) to your Form 1.

### ■ Line 42 Farmland Preservation Credit

If you are claiming farmland preservation credit, include a completed Schedule FC with your Form 1. Fill in on line 42 of Form 1 the amount from line 16 of your Schedule FC.

**Note** For a description of the farmland preservation credit program, see Special Instruction G on page 28.

### ■ Line 43 Net Income Tax Paid to Another State

If you were a Wisconsin resident in 2001 and paid income tax to another state or the District of Columbia, you may be able to claim a credit for such tax on your Wisconsin return. To qualify for a credit, the income that was taxed by the other state must also be included in income on Form 1 and be taxed by Wisconsin. You may not claim credit for other taxes paid such as city tax, county tax, severance tax, foreign tax, etc. If you paid “minimum tax” to another state, you may be able to claim a credit for this tax. For more information get Publication 125, *Credit for Tax Paid to Another State*. See page 5 for information on how to get this publication.

If you earned wages in Illinois, Indiana, Kentucky, Michigan, or Minnesota, see Reciprocal States in next column.

#### How to Compute Your Credit for Tax Paid to Other States

Complete an income tax return from the other state to determine the net tax due, and fill in that amount on line 43 of your Wisconsin Form 1. The amount filled in on line 43 cannot be more than the amount shown on line 31. **Do not fill in on line 43 either the amount of tax withheld as shown on the W-2 form (wage statement) or other withholding statement from the other state or the amount of estimated tax you paid to the other state.**

**Example** A Wisconsin resident worked part of 2001 in another state. The amount of tax withheld for the other state (or the estimated tax payments to the other state) was \$140. The net tax liability computed on the other state’s form was \$100. The person will receive a \$40 refund from the other state. Therefore, the credit to fill in on line 43 of Form 1 is \$100.

**Note** If only part of the income taxed by the other state is taxed by Wisconsin (for example, capital gains on assets held more than 1 year are taxed 100% for Illinois but only 40% for Wisconsin), you must limit the credit claimed on line 43. Use the following formula to determine the amount of credit you may claim.

Line 43 instructions – continued

$$\begin{array}{r} \text{Income taxable to} \\ \text{both Wisconsin} \\ \text{and other state} \\ \hline \text{Total income taxable} \\ \text{to other state} \end{array} \times \begin{array}{r} \text{Total net} \\ \text{income tax paid} \\ \text{to other state} \end{array} = \begin{array}{r} \text{Amount of net} \\ \text{income tax} \\ \text{allowable as a} \\ \text{credit against} \\ \text{Wisconsin tax} \end{array}$$

Fill in the amount of your credit on line 43.

**Attachments** You must attach to your Form 1 a copy of your income tax return from the other state and your W-2 form (wage statement) or other withholding statement from the other state. If you are claiming credit for tax paid to other states by a limited liability company (LLC) treated as a partnership of which you are a member or tax-option (S) corporation of which you are a shareholder, attach a copy of the Wisconsin Schedule 3K-1 you received from the LLC or the 5K-1 you received from the tax-option (S) corporation. If the LLC or corporation did not file a Wisconsin return, submit federal Schedule K-1 plus a statement from the LLC or (S) corporation listing the states where tax was paid and the amount of each state’s tax allocable to you. Attach copies of any combined or composite individual income tax returns filed by the LLC or corporation on your behalf to your Wisconsin return.

**Reciprocal States** Credit cannot be claimed for taxes paid to **Illinois, Indiana, Kentucky, Michigan, or Minnesota** on wages earned in those states. Generally, under agreements with those states, they do not tax the wages of Wisconsin residents. If income taxes were withheld from your wages by any of those states, you must file a return with that state to obtain a refund. On that state’s return, be sure to explain that you were a Wisconsin resident when earning the wages in that state.

For more information get Publication 121, *Reciprocity*. See page 5 for information on how to get this publication.

**Credit for Repayment of Income Previously Taxed** If you had to repay during 2001, an amount that you had included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and the amount repaid cannot have been subtracted in computing Wisconsin adjusted gross income.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2001.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 43 of Form 1, and write “Repayment Credit” in the area to the left of line 43. Attach a statement showing how you computed your credit.

Line 45 instructions – continued

**Line 44 Homestead Credit**

If you are claiming homestead credit, attach your completed Schedule H to your Form 1. Fill in on line 44 of Form 1 the amount from line 19 of your Schedule H.

**Note** To see if you qualify for homestead credit, refer to Special Instruction F on page 28.

**Line 45 Farmland Tax Relief Credit**

If you qualify for the farmland tax relief credit, complete line 45 and attach a copy of your 2001 property tax bill(s) to Form 1.

**Qualifications** You may qualify for the farmland tax relief credit if you meet the following conditions:

- You or a member of your household must have been the owner of at least 35 acres of Wisconsin farmland during the 2001 taxable year. Household means an individual, his or her spouse, and all dependents while they are under age 18.
- Your 2000 property taxes for the farmland on which the credit is based must have been paid.
- The farmland must be in agricultural use. The farm of which the farmland is a part must have produced at least \$6,000 of gross farm profits during 2001 or at least a total of \$18,000 of gross farm profits for 1999, 2000, and 2001 combined. However, if at least 35 acres of your farmland was enrolled in the Conservation Reserve Program during all or part of 2001, you do not have to meet this gross farm profits requirement.

Gross farm profits means gross receipts, excluding rent, from the land’s agricultural use, less the cost or other basis of livestock or other items purchased for resale which are sold or otherwise disposed of during the taxable year. Gross farm profits include the fair market value, at the time of disposition, of payments-in-kind received for placing land in federal programs. If you rent out your farmland, the renter’s gross profits are used to satisfy this requirement. Gross farm profits do not include the fair market value of crops grown but not sold during the year, fuel tax credits or refund, or a previous year’s farmland preservation or farmland tax relief credit.

**Who May Claim the Credit** Only one member of a household may claim the credit. If two or more members of a household each qualify (for example, where a husband and wife have entered into a farm partnership agreement), they must determine between themselves who the claimant will be. If they are unable to agree, the matter may be referred to the Secretary of Revenue, whose decision will be final.

A claimant may be (1) an individual, (2) each member of a partnership (except publicly traded partnerships) having a joint or common interest in land, (3) a shareholder in a tax-option (S) corporation, (4) the vendee under a land contract, or (5) a guardian on behalf of a ward. When farmland is subject to a life estate, the person who has an ownership interest and is operating the farm and paying the property taxes is the owner who may claim the credit.

**Property Taxes to Use** Fill in the property taxes on your farmland (exclusive of improvements) in the space provided on line 45, but do not fill in more than \$10,000. The credit is based on property taxes levied on your farmland during the 2001 calendar year. This is your 2001 property tax bill (payable in 2002). You can use up to \$10,000 of property taxes to compute the credit. This includes property taxes on all land which is in agricultural use, less any state aid or credit. Do not include property taxes on any improvements (for example, farm buildings or a residence), special assessments, special charges, or interest.

**Note** Your property tax bill may include property taxes on both the farmland and improvements. Use the following formula to determine the portion of the property taxes attributable only to the land. *If you have more than one property tax bill, apply the formula to each bill separately.*

$$\frac{\text{Assessed value of farmland}}{\text{Total assessed value of land and improvements}} \times \text{2001 property taxes levied in 2001 before lottery and gaming credit} = \text{Portion of property taxes to be used for the credit}$$

If the farmland is co-owned with someone other than a member of your household, you may use only those taxes on the farmland which reflect your ownership percentage.

If you sold the farmland on which this claim is based during the taxable year, fill in only that portion of the property taxes on the farmland which is allocated to you in the closing agreement pertaining to the sale of the property (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, you may not use any of these taxes in your computation. Do not fill in more than \$10,000.

If you purchased the farmland on which this claim is based during the taxable year, fill in the property taxes on the farmland less any amount allocated to the seller in the closing agreement (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, fill in the total taxes on the farmland. Do not fill in more than \$10,000.

When property is transferred during the claim year by a method other than a sale, such as through gift, divorce, death, bankruptcy, foreclosure, or repossession, the owner of the property on the tax levy date is the owner who may claim the credit. The tax levy date is the date the property tax roll is delivered to the local treasurer for collection, usually in early December of each year.

If the farmland is owned by a tax-option (S) corporation or by a partnership, fill in the portion of property taxes on the farmland that reflects the ownership percentage of you and your household. You may have to contact the tax-option (S) corporation or the partnership to get information on the amount of taxes levied on the farmland during 2001.

**Computing the Credit** Fill in the amount of your credit on line 45 of Form 1. The credit is equal to 13% of the property taxes on your farmland up to a maximum credit of \$1,300. **(CAUTION)** If you are claiming farmland preservation credit on line 42, the

*Line 45 instructions – continued*

total of your farmland preservation credit and your farmland tax relief credit cannot exceed 95% of the property taxes on the farm. If your credits exceed this amount, you should reduce your farmland tax relief credit accordingly.)

**Attachments** Attach a copy of your 2001 property tax bill(s) to your Wisconsin Form 1. (**Note** If you are also claiming farmland preservation credit or homestead credit on Form 1 and have attached a copy of your 2001 property tax bill(s) to your Schedule FC or Schedule H, you do not have to attach an additional copy.) If the farmland on which the credit is based was purchased or sold during the year, only the buyer must attach a copy of the 2001 property tax bill(s); however, both the buyer and seller must attach a copy of the closing agreement relating to the sale.

If any of the 2001 property tax bills show unpaid prior year taxes, attach a statement signed by your county treasurer indicating the date the 2000 property taxes were paid in full.

If your name is not on the property tax bill, attach a document that shows your percentage of ownership of the farmland (for example, a copy of your partnership agreement, deed, land contract, divorce decree, etc.).

### ■ Line 47 Amount You Overpaid

If line 46 is larger than line 38, complete line 47 to determine the amount you overpaid.

### ■ Line 48 Refund

Fill in on line 48 the amount from line 47 that you want refunded to you. Amounts less than \$1 cannot be refunded.

**Note** If you are divorced, see item 6 on page 27. You may be required to attach a copy of your judgment of divorce to your return.

### ■ Line 49 Amount Applied to 2002 Estimated Tax

Fill in on line 49 the amount, if any, of the overpayment on line 47 you want applied to your 2002 estimated tax.

If you are married filing a joint return, we will apply the amount on line 49 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 49 to your separate estimated tax.

### ■ Line 50 Amount You Owe

If line 46 is less than line 38, complete line 50 to determine the amount you owe.

**Note** If the amount you owe with your return is \$200 or more, you may also owe what is called “underpayment interest.” This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 51 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 51 in the amount you fill in on line 50.

If you owe less than \$1, send in your return, but do not pay the tax.

*Line 50 instructions – continued*

If you owe \$1 or more with your return, you can pay by check, money order, or credit card. **Do not** include any 2002 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

**To pay by check or money order** Make your check or money order payable to the Wisconsin Department of Revenue. Write your social security number on your check or money order. Paper clip it to the front of your Form 1.

**To pay by credit card** You may use your MasterCard®, American Express® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider listed below and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. **If you paid by credit card**, enter on page 1 of Form 1 in the upper left corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

[www.officialpayments.com](http://www.officialpayments.com)

**What if you cannot pay?** If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. Due to additional fees and interest charges related to installment agreements, it is the department’s policy to not enter into formal payment arrangements until after a bill is issued by the department and the due date on that assessment has passed. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6½ percent of the unpaid amount. For more information concerning payments and to obtain the Installment Agreement Request Form (Form A-771), consult the Department of Revenue web site at [www.dor.state.wi.us](http://www.dor.state.wi.us).

**Note** Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

### ■ Line 51 Underpayment Interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated payments. In general, in each quarter of the year, you should be paying enough tax through withholding payments and quarterly estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see “Estimated Tax Payments Required for Next Year” on page 28.

*Line 51 instructions – continued*

Underpayment interest applies if:

- Line 50 is at least \$200 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The “tax shown on your return” is the amount on line 31 plus the amount on line 32, minus the amounts on lines 41 through 45.

**Exceptions** You will not owe underpayment interest if your 2000 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies.

1. You had no tax liability for 2000 and you were a Wisconsin resident for all of 2000, or
2. The amounts on lines 39 and 40 on your 2001 return are at least as much as the tax shown on your 2000 return. Your estimated tax payments for 2001 must have been made on time and for the required amount.

The tax shown on your 2000 return is the amount on line 31 plus the amount on line 32 of 2000 Form 1 minus the amounts on lines 40 through 44.

If you meet Exception 1 or 2, fill in 0 on line 51, and write “Exception 1” or “Exception 2” in the space to the right of line 51.

### Figuring Underpayment Interest

If the **Exceptions** above do not apply, see **Schedule U** to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 51. Add the amount of the underpayment interest to any tax due and fill in the total on line 50. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 47 and adjust lines 48 and 49 if necessary. Attach Schedule U to your Form 1.

■ **Sign and Date Your Return** Sign and date your return at the bottom of page 3. Form 1 is not considered a valid return unless you sign it. Your spouse must also sign it if it is a joint return. Also fill in your daytime phone number. Keep a copy of your dated return for your records.

■ **Assembling Your Return** Begin by putting the four pages of Form 1 in numerical order. Then, attach the following in the order listed:

1. **Payment** – If you owe \$1 or more with your return, paper clip your payment to the front of Form 1, unless you are paying by credit card.

2. **Wisconsin Schedules** – Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit) or Schedule FC (farmland preservation credit).

3. **W-2s or 1099s** – The appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1099-G, 1099-R, and 1099-MISC).

4. **Federal Return** – A complete copy of your federal return (Form 1040, 1040A, 1040EZ, or your TeleFile Tax Record) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to attach federal Schedule A.

5. **Extension Form or Statement** – A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

6. **Divorce Decree** –

- *Persons divorced after June 20, 1996, who compute a refund*  
If your divorce decree apportions any tax liability owed to the department to your former spouse, attach a copy of the decree to your Form 1. Write “Divorce decree” in the space below line 38. This will prevent your refund from being applied against such tax liability.

- *Persons divorced who file a joint return* – If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Attach a copy of the portion of your divorce decree that relates to the tax refund to your Form 1. Write “Divorce decree-apportion refund” in the space below line 38.

7. **Injured Spouse** – If you are filing federal Form 8379, Injured Spouse Claim and Allocation, attach a copy to your Form 1 and write “Form 8379” in the space below line 38.

**CAUTION** Be sure to include all four pages of Form 1 when you file your return.

■ **Where to File** Mail your return to the Wisconsin Department of Revenue at:

<i>(if tax is due)</i>	<i>(if refund or no tax due)</i>	<i>(if homestead credit claimed)</i>
PO Box 268 Madison WI 53790-0001	PO Box 59 Madison WI 53785-0001	PO Box 34 Madison WI 53786-0001

Envelopes without enough postage will be returned to you by the post office. Your envelope may need additional postage if it contains more than five pages or is oversized (for example, it is over 1/4” thick). Also, include your complete return address.

### A. Penalties for Not Filing Returns or Filing Incorrect Returns

If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

### B. Internal Revenue Service Adjustments

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended return (Form 1X) that reflects the federal adjustments, or
- (2) Mailing the copy to: Wisconsin Department of Revenue  
Audit Bureau  
PO Box 8906  
Madison WI 53708-8906

### C. Amended Returns

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. You need to file an amended Wisconsin return if the changes affect your Wisconsin income, any credit, or tax payable. Use Form 1X to file an amended Wisconsin return.

### D. Estimated Tax Payments Required for Next Year?

If your 2002 Wisconsin income tax return will show a tax balance due to the department of \$200 or more, you must either:

- Make estimated tax payments for 2002 in installments beginning April 15, 2002, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2002 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you do not make required installment payments, you may be charged interest.

For more information, contact the department's Customer Service and Education Bureau at (608) 266-2772 or any Department of Revenue office.

If you must file Form 1-ES for 2002 and do not receive the form in the mail, contact any Department of Revenue office.

### E. Armed Forces Personnel

If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take action to change your legal residency.

For more information, get Publication 104, *Wisconsin Taxation of Military Personnel*. See page 5 for information on how to get this publication.

*To claim development zones credit:* Add the amount of your development zones credit from Schedule DC to the amount of your married couple credit which would otherwise be reported on line 28 of Form 1. Fill in the total on line 28 of Form 1. In the space to the left of line 28, write "DC."

**Note** If you are required to recapture development zones investment credit (see Schedule DC), add the increase in tax due to the recapture of the investment credit to the amount which would otherwise be reported on line 36 of Form 1. Write the amount of the recapture and "DC" next to line 36.

## I. Historic Rehabilitation Credits

Any individual who has received certification or approval of a project from the State Historical Society of Wisconsin may be eligible for the credits. Credits attributable to a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credits may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim either of the historic rehabilitation credits, complete Wisconsin Schedule HR. Add the total amount of your historic rehabilitation credits from Schedule HR to the amount which would otherwise be reported on line 24 of Form 1. In the space above line 24, write "HR." Attach Schedule HR and the required certification to Form 1.

**Exception** If you are only claiming historic rehabilitation credits which are passed through from an estate or trust, partnership, or tax-option (S) corporation, you do not have to complete Schedule HR. Add the total historic rehabilitation credits from your Schedule 2K-1, 3K-1, or 5K-1 to the amount which would otherwise be reported on line 24 of Form 1. In the space above line 24, write "HR/K-1." Attach a copy of Schedule K-1 to Form 1.

**Note** If you are required to repay all or a portion of a historic rehabilitation credit claimed in a previous year, add the amount you must repay to the amount which would otherwise be reported on line 36 of Form 1. Write the amount of the repayment and the words "Repayment – HRC" next to line 36.

## J. Death of a Taxpayer

A return for a taxpayer who died in 2001 should be filed on the same form which would have been used if he or she had lived. Include only the income received by the taxpayer up to the date of his or her death.

If there is no estate to probate, a surviving heir may file Form 1 for the person who died. If there is an estate, the personal representative for the estate must file the return. The person filing the Form 1 should sign it and indicate his or her relationship to the person who died (for example, "surviving heir" or "personal representative").

If you are a surviving heir and are filing a return claiming a refund on behalf of a person who died, complete Form I-804, Claim for Decedent's Wisconsin income Tax Refund. Attach it to the front of the return. This applies only if the refund is more than \$100. If the refund is \$100 or less, attach a note to the front of the return. List your name, address, social security number, and your relationship to the person who died, and sign the note. See page 5 for information on how to get Form I-804.

The person who files the return should write "deceased" after the deceased's name in the name and address area at the top of the return.

If the taxpayer did not have to file a return but paid estimated tax or had tax withheld, a return must be filed to get a refund.

If your spouse died during 2001 and you did not remarry in 2001, you can file a joint return. You can also file a joint return if your spouse died in 2002 before filing a 2001 return. A joint return should show your spouse's 2001 income before death and your income for all of 2001. Write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

If you are claiming a refund as a surviving spouse filing a joint return with the deceased and you follow the above instructions, you do not have to file the Form I-804.

For more information about the final income tax return to be filed for a deceased person or about estate tax returns which may also be required, contact any department office or call (608) 266-2772.

## K. Requesting Copies of Your Returns

The Department of Revenue will provide copies of your returns for prior years. The cost is \$5.00 per return. You must make your request in person or in writing. Call (608) 267-1266 for more information. You can also get a copy of Form P-521, *Request for Copy of Tax Return(s)*, from our Internet web site.

## 2001 STANDARD DEDUCTION TABLE

Most people can find their standard deduction by using this table. **But**, do *not* use this table if any one of the following applies:

- You (or your spouse if filing a joint return) can be claimed as a dependent on another person's (for example, parent's) income tax return. Use the Standard Deduction Worksheet for Dependents on page 17 to figure your standard deduction, or
- You are filing a short period income tax return or are filing federal Form 4563 to claim an exclusion of income from sources within U.S. possessions. You are not allowed any amount of standard deduction. Fill in 0 on line 15.

# 2001 TAX TABLE FOR FORM 1 FILERS

Use this Tax Table if your taxable income is less than \$100,000. If \$100,000 or more, use the Tax Rate Schedules on page 37.

**Example** Mr. and Mrs. Smith are filing a joint return. Their taxable income on line 18 of Form 1 is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,620. This is the tax amount they must write on line 19 of their return.

## WISCONSIN SCHOOL DISTRICT NUMBER

Appearing below is an alphabetical listing of Wisconsin school districts. Refer to this listing and find the number of the district in which you lived on December 31, 2001. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or the

name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

1. If you lived in the city of Milwaukee, you will fill in the number 3619 on the school district line.
2. If you lived in the city of Hartford, you would refer to Section II and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to be considered in determining your school district number:

1. If you lived in one school district but worked in another, fill in the district number where you lived.
2. If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

**Note** If you can't identify your school district, contact your municipal clerk or local school for help.
