## General Instructions

### Am I a resident, a nonresident, or a part-year resident?

The following will help you decide.

**Full-year resident** You are a full-year resident if you are domiciled in Wisconsin for all of 2003.

**Nonresident** You are a nonresident if you aren't domiciled in Wisconsin for any part of 2003.

**Part-year resident** You are a part-year resident if you are domiciled in Wisconsin for part of 2003.

### What is domicile?

Your domicile is your true, fixed, and permanent home where you intend to remain permanently and indefinitely and to which, whenever absent, you intend to return. It is often referred to as "legal residence." You can be physically present or residing in one locality but maintain a domicile in another. You can have only one domicile at any time.

Your domicile, once established, is never lost unless all three of the following occur or exist:

- You specifically intend to abandon your old domicile and take actions consistent with such intent, and
- You intend to acquire a new domicile and take actions consistent with such intent, such as those listed in question 7 of the questionnaire on page 4 of Form 1NPR, and
- You are physically present in the new domicile.

Your domicile does not change if:

- You leave your home state for a brief rest or vacation, or
- You leave your state of domicile to complete a particular transaction, perform a particular contract, or fulfill a particular engagement, but you intend to return to your state of domicile whether or not you complete the transaction, contract, or engagement (for example, migrant workers or students).

**Armed forces personnel** If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take positive action to change your domicile to another state as described in the section on page 2 entitled “What is domicile?”. For more information, get Publication 104, *Wisconsin Taxation of Military Personnel*. See page 4 for information on how to get this publication.

**Aliens** If you are considered a nonresident alien for federal tax purposes for the entire taxable year, you are considered a nonresident of Wisconsin. If you are considered a resident alien for federal tax purposes for all or part of the tax year, you may be either a resident or nonresident of Wisconsin as follows:

- If you are a lawful permanent resident of the United States and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident. You are a lawful permanent resident of the United States at any time if you have been given the privilege, according to the immigration laws, of residing permanently in the United States as an immigrant. You generally have this status if the federal government has issued you an alien registration card, also known as a “green card.”
- If you are a nonimmigrant (have not been granted immigrant status by the federal government), you are considered a nonresident of Wisconsin. **Exception** If you are a refugee or have been granted asylum and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident.

**Example** A foreign student in this country with an “F” visa under the Immigration and Nationality Act may be classified for federal tax purposes as a nonresident alien or as a resident alien depending on his or her intended length of stay in this country. Regardless of the student’s alien status, the student maintains his or her domicile in his or her homeland. The student is considered a nonresident of Wisconsin. A student with an “F” visa cannot become domiciled in Wisconsin.

### Must I file a return?

If you are a nonresident or part-year resident of Wisconsin and your gross income (or the combined gross income of you and your spouse) is \$2,000 or more for 2003, you must file a Wisconsin return.

**Gross income** means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It doesn’t include items that are exempt from Wisconsin income tax. For example, it does not include U.S. government interest.

**Other filing requirements** You may have to file a return even if your gross income is less than \$2,000. You must file a Wisconsin income tax return if:

- You can be claimed as a dependent on another person’s income tax return (for example, on your parent’s return) and you have gross income of more than \$750 which included at least \$251 of unearned income. Unearned income includes interest, dividends, and capital gain distributions, etc., that are reportable to Wisconsin.
- You owe a Wisconsin penalty on an IRA, retirement plan, Coverdell education savings account, or medical savings account.

- You are subject to the Wisconsin alternative minimum tax.

**Note** Even if you don’t have to file, if you had Wisconsin income tax withheld from your wages or you paid estimated tax for 2003, you should file a Wisconsin return since this is the only way to get a refund. (Complete lines 1 through 30 of Form 1NPR, fill in a -0- on line 37, and complete lines 60, 61, 67, 68, and 69. If the amount on line 1 differs from your Wisconsin wages on your wage statement (Form W-2), attach an explanation of the difference and indicate where this income was earned.) If you are a resident of Illinois, Indiana, Kentucky, Michigan, or Minnesota, see the exception under line 1 instructions on page 9.

### What income does Wisconsin tax?

**Full-year residents** Wisconsin taxes your income from all sources.

**Nonresidents** Wisconsin taxes only your income from Wisconsin sources.

**Part-year residents** During the time you are a Wisconsin resident, Wisconsin taxes your income from all sources. During the time you aren’t a Wisconsin resident, Wisconsin taxes only your income from Wisconsin sources.

### What is income from Wisconsin sources?

Income from Wisconsin sources includes:

- Wages, salaries, commissions, and other income for personal services performed in Wisconsin (see exception under line 1 instructions on page 9).
- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Gains or losses from sales or other dispositions of tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits or losses from businesses, professions, and farm operations conducted in Wisconsin, including sole proprietorships, partnerships, and tax-option (S) corporations.
- Income from the Wisconsin state lottery, a multijurisdictional lottery if the winning lottery ticket or lottery share was purchased from a Wisconsin retailer, or Wisconsin pari-mutuel wager winnings and purses. This includes all income realized from the sale of or purchase and subsequent sale or redemption of lottery prizes if the winning tickets were originally purchased in Wisconsin.
- Winnings from a casino or bingo hall located in Wisconsin and operated by a Native American tribe or band.

### Which form should I file?

If you are a nonresident or part-year resident of Wisconsin in 2003, you must file Wisconsin Form 1NPR.

If you are a full-year resident of Wisconsin in 2003, you may file Wisconsin Form WI-Z, Form 1A, or Form 1. Read the instructions for those forms to figure out which one is right for you. Those forms aren’t in this booklet. You can get Form WI-Z, Form 1A, and Form 1 from any Department of Revenue office.

**Exception** If you are a full-year Wisconsin resident but your spouse isn't, and you are filing a joint return, you must file Form 1NPR.

### When should I file?

You should file as soon as you can, but not later than **April 15, 2004**. If you file late without an extension, you are subject to interest at 1.5% per month, late filing fees, and penalties.

**Farmers and fishers** (persons who earn at least two-thirds of their gross income from farming or fishing) who don't make payments of estimated income tax (Wisconsin Form 1-ES) must file their 2003 Wisconsin income tax returns and pay any tax due by March 1, 2004, to avoid interest for underpayment of estimated tax.

### Need more time to file?

If you cannot file on time, you can get an extension. You may use any federal extension provision for Wisconsin, even if you are filing your federal return by April 15.

*How to Get an Extension* You do *not* need to submit a request for an extension to the department prior to the time you file your Wisconsin return. When you file your Form 1NPR, attach either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 4-month extension provision).

**Note** You will owe interest on any tax that you have not paid by April 15, 2004. This applies even though you may have an extension of time to file. If you do not file your return by April 15, 2004, or during an extension period, you are subject to additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 15, 2004. Submit the payment with a 2003 Wisconsin Form 1-ES. You can get this form at any Department of Revenue office.

## Line Instructions

Before starting your Wisconsin Form 1NPR, fill in your federal return and its supporting schedules. If you aren't required to file a federal return, list the types and amounts of your income and your deductions on a separate sheet of paper and attach it to your Form 1NPR.

Follow these line instructions to fill in your Form 1NPR. Prepare one copy to file with the department and another copy for your records.

**Name and address** If your booklet has a mailing label with your name on the front cover, peel off the label. Place it in the name and address area of the tax return that you file. If your name or address is wrong, cross out any wrong information and print the correct information clearly on the label. If you are married filing a joint return, check that your spouse's name is also on the label and that it is correct. Don't use the label if it has someone else's name on it instead of yours and your spouse's, if married.

If you do not have a label, print or type your legal name and address. If you are married filing a joint return, fill in your spouse's name (even if your spouse didn't have any income). If you filed a joint return for 2002 and you are filing a joint return for 2003 with the same spouse, be sure to enter your names and social security numbers in the same order as on your 2002 return.

**Social security number** Fill in your social security number. Also fill in your spouse's social security number if you are married filing a joint return.

**Note** You must fill in your social security number even if you use the mailing label from the cover of your tax booklet.

If you are an alien who has been issued an Individual Taxpayer Identification Number (ITIN) by the federal Internal Revenue Service, fill in your ITIN wherever your social security number is requested on your return.

**State election campaign fund** You may designate \$1 to this fund by checking the box. If you are married, your spouse may also designate \$1 to this fund. Checking the box will neither change your tax nor reduce your refund.

**School district number** *Nonresidents* – don't fill in this line. *Part-year and full-year residents* – See the list of school district numbers on page 35. Fill in the number of the school district in which you lived on December 31, 2003, or before leaving Wisconsin.

**Tax district** *Nonresidents* – don't fill in these lines. *Part-year and full-year residents* – check the proper box and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2003, or before leaving Wisconsin. Also fill in the name of the county in which you lived.

**Filing status** Check one of the boxes to indicate your filing status for 2003. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

If you obtained a decree of divorce or separate maintenance during 2003 or are married and will file a separate return (including a married person filing as head of household), you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2003*. This publication has information on what income you must report. See page 4 for information on how to get this publication.

**Single** You may check the "single" box if any of the following was true on December 31, 2003:

- You were never married.
- You were legally separated under a **final** decree of divorce or separate maintenance.
- You were widowed before January 1, 2003, and did not remarry in 2003.

**Nonresident aliens filing federal Form 1040NR** You can't consider yourself single if you were married but lived apart from your spouse. This isn't the same as federal law.

**Married filing joint return** Most married couples will pay less tax if they file a joint return. You may check the "married filing a joint return" box if **any** of the following is true.

- You were married as of December 31, 2003.
- Your spouse died in 2003 and you did not remarry in 2003.
- Your spouse died in 2004 before filing a 2003 return.

A husband and wife may file a joint return even if only one had income or if they did not live together all year. Both spouses must sign the return, and both are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

You can't file a joint return if either you or your spouse were a nonresident alien at any time during 2003. You also can't file a joint return if you and your spouse have different tax years.

**Exception** If at the end of 2003 one spouse was a nonresident alien or a dual-status alien and the other spouse was a U.S. citizen or a resident alien, you may be able to file a joint return. In order to file a joint return, you must elect to treat the nonresident alien spouse as a U.S. resident. If you do file a joint return, you and your spouse must report your combined worldwide income as your federal income. (**Note** Even though electing to be treated as a U.S. resident, the nonresident alien spouse is considered a nonresident of Wisconsin.)

If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separate return.

**Married filing separate return** Even though a joint return usually produces the lowest tax, you and your spouse may be among the few married couples for whom separate returns are better. This will require the filing of two returns, one for you and one for your spouse.

If you file a separate return, print or type your spouse's full name and social security number on the line provided.

If you file a separate return, you and your spouse can amend it to file as married filing a joint return within four years after the unextended due date of the return.

**Head of household** If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child or parent) can use this filing status. Certain married people who lived apart from their spouse for the last 6 months of 2003 may also be able to use this status.

If you do not have to file a federal return, contact any Department of Revenue office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

■ **Resident status** Check one of the boxes to indicate your resident status in 2003. See the definitions on page 2.

If you are married and you and your spouse had different domiciles in 2003, check one of the boxes to indicate your resident status. Also, check one of the boxes to indicate your spouse's resident status in 2003.

For example, if the husband was domiciled in Wisconsin from January 1 through October 15, 2003, but the wife was domiciled in Wisconsin for all of 2003, you would indicate this as follows:

- Full-year resident of Wisconsin - wife
- Nonresident of Wisconsin
- Part-year resident of Wisconsin from 1/1 to 10/15 (month/day) - husband

**Legal residence (domicile) questionnaire** If you changed your domicile from Wisconsin during 2002 or 2003 and you did not previously complete a questionnaire for that change, fill in the questionnaire on page 4 of Form 1NPR.

■ **Line instructions** Form 1NPR has two columns for figures.

**Column A** is labeled "Federal column." In this column, lines 1 through 30, fill in the same amounts you reported on your federal return.

**Note** If you are filing federal Form 1040NR or 1040NR-EZ, fill in the amounts from each line on page 1 of Form 1040NR (lines 3-10 of Form 1040NR-EZ) on the corresponding line on Wisconsin Form 1NPR. If there is no corresponding line on Form 1NPR for an income or adjustment item, include the income item on line 15, Form 1NPR and the adjustment item on line 27. The amount reported on line 22 of Form 1040NR or line 6 of Form 1040NR-EZ (income exempt by a treaty) should not be carried over to Form 1NPR.

### Exceptions

- If you are using a different filing status for Wisconsin and federal purposes, the amounts you enter in column A cannot be taken from the federal return you file with the Internal Revenue Service (IRS). If you file a joint return for Wisconsin (but you're filing separate returns for IRS), report in column A the amounts you would report on a federal return using a married filing joint status. (For example, you reported \$15,000 of wages on your separate federal return and your spouse reported \$20,000 of wages on his/her separate federal return. If you file a joint Wisconsin return, report \$35,000 of wages in column A.) If you file separate returns for Wisconsin (but you're filing a joint return for IRS), report in column A the amounts you would report on a federal return using a married filing separate status. Thus, the figures in column A may not agree with the amounts shown on the federal return you file with the IRS.
- The federal income that you must use to complete column A of Form 1NPR may not always be the same as the amount reported on your federal Form 1040. Differences between federal and Wisconsin law may occur because Wisconsin generally uses the federal law as amended to December 31, 2002.

Federal laws enacted after December 31, 2002, may not be used for Wisconsin.

Following is a listing of provisions of federal law enacted during 2003 that may not be used for Wisconsin for 2003.

1. The additional first-year 50% depreciation allowance.
2. The increase in expensing under sec. 179 (IRC).

**Caution** At the time these instructions were released for printing (November 1, 2003), no additional new federal income tax laws had been enacted during 2003. If any additional federal income tax provisions are enacted later this year, you can find a list of those provisions in the instructions for Wisconsin Schedule I.

Wisconsin law also provides that the following provisions of federal law do not apply for Wisconsin (even though these provisions were enacted into federal law prior to December 31, 2002):

- Deduction for tuition and fees.
- Exclusion for small business stock.
- The treatment of extraterritorial income.
- Expensing of environmental remediation costs.
- Special 30% depreciation.
- Treatment of qualified leasehold improvement property.
- Installment method for accrual basis taxpayers.

If any provision of federal law which does not apply for Wisconsin affects your federal adjusted gross income, complete Wisconsin Schedule I and attach it to your Form 1NPR. The amount you fill in on lines 1 through 30 of Form 1NPR (and amounts filled in on Schedule 1 on page 3 of Form 1NPR) should be the revised amount from Schedule I. See page 4 for information on how to get Schedule I.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2003 (for example, the special 30% depreciation was not allowed to be claimed on property placed in service during 2001 or 2002), you must also make adjustments on Schedule I for 2003.

You may also have to fill in Schedule I if you sold property during 2003, and the gain or loss from the sale is different for federal and Wisconsin purposes due to Schedule I adjustments made in a prior year. This would occur, for example, if you used different rates of depreciation or amortization for federal and Wisconsin purposes. See the instructions for Schedule I for more information.

**Column B** on Form 1NPR is labeled “Wisconsin column.” In this column, fill in the amounts that apply to Wisconsin.

Your federal income may include items which aren’t taxable or deductible for Wisconsin, or it may not include items which are taxable or deductible for Wisconsin. You may have to add or subtract these items from your federal income to arrive at the correct Wisconsin income.

Those differences between federal and Wisconsin income (called “modifications”) that may affect the amounts you report on more than one line of Form 1NPR are explained below. Differences that affect a particular line of Form 1NPR are explained in the instructions for that line.

## Modifications for differences between federal and Wisconsin income

- **Differences in federal and Wisconsin basis of property** Are you depreciating (or amortizing) property, such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T, *Transitional Adjustments*. Attach the completed Schedule T to your Form 1NPR. See page 4 for information on how to get Schedule T.

Did you sell (or otherwise dispose of) property that you are depreciating (or amortizing), such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Attach the completed Schedule T to your Form 1NPR.

Did you sell (or otherwise dispose of) property that can’t be depreciated or amortized, such as land, stocks, bonds, or an interest in a partnership, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Attach the completed Schedule T to Form 1NPR.

**Caution** If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code, use Schedule I to adjust for the difference in basis rather than Schedule T.

- **Differences in federal and Wisconsin reporting of marital property (community) income** Are you married and filing a separate return for Wisconsin purposes or were you divorced during 2003? If so, you may have to report a different amount of income on your Form 1NPR than on your federal return. For more information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2003*. See page 4 for information on how to get this publication.
- **Medical care insurance** Did you pay medical care insurance costs during 2003 while you were self-employed or an employee whose employer did not contribute toward the cost of your medical care insurance? If yes, you may be able to subtract a portion of the cost of your medical care insurance.

“Medical care insurance” means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage. It does not include premiums you pay for:

- Long-term care insurance,
- Life insurance policies,
- Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury, or
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car.

If you participate in your employer’s fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. In

this situation your employer is considered to have paid for your medical care insurance. Such programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc.

Complete Part A and/or Part B, as appropriate, to figure your subtraction:

### Part A – Self-Employed Persons

**Step 1** If you are self-employed, complete Worksheet 1.

#### Worksheet 1 – Self-Employed Persons

1. Amount you paid for medical care insurance in 2003 while you were self-employed . . . . . 1. \_\_\_\_\_
2. Amount of medical care insurance deducted on federal Schedule C or F for your employee spouse . . . . . 2. \_\_\_\_\_
3. Subtract line 2 from line 1 . . . . . 3. \_\_\_\_\_

**Step 2** Use the following formula to prorate line 3.

$$\begin{array}{r} \text{Amount} \\ \text{from} \\ \text{line 3} \\ \text{of} \\ \text{Worksheet 1} \end{array} \times \frac{\begin{array}{r} \text{Net earnings from a} \\ \text{trade or business*} \\ \text{taxable to Wisconsin} \\ \text{Total net earnings from} \\ \text{a trade or business*} \end{array}}{\text{Total net earnings from a trade or business*}} = \text{Tentative deduction}$$

\* For a self-employed person, net earnings from a trade or business means income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. The total earnings from a trade or business of both spouses are included. Do not consider losses from a trade or business.

**Step 3** Your subtraction for medical care insurance is the smaller of the tentative deduction computed in Step 2 or the amount of your net earnings from a trade or business taxable to Wisconsin. Fill in this smaller amount in the Wisconsin column of line 23. (**Exception** If you claimed the federal self-employed health insurance deduction on your federal return and you included long-term care insurance in such deduction, go on to Step 4.)

**Step 4** Add the amount of long-term care insurance which is included on line 29 of your federal Form 1040 to your Wisconsin subtraction for medical care insurance. Fill in the total in the Wisconsin column of line 23.

### Part B – Employees

**Step 1** If you are an employee whose employer did not contribute toward the cost of your medical care insurance, complete Worksheet 2 below.

#### Worksheet 2 – Employees

1. Amount you paid for medical care insurance in 2003 while you were an employee whose employer did not contribute toward the cost of the insurance . . . 1. \_\_\_\_\_
2. Fill in one-half of the amount on line 1 . . . . . 2. \_\_\_\_\_

**Step 2** Use the following formula to prorate the medical care insurance deduction.

$$\begin{array}{r} \text{Amount} \\ \text{from} \\ \text{line 2} \\ \text{of} \\ \text{Worksheet 2} \end{array} \times \frac{\begin{array}{r} \text{Net earnings from a} \\ \text{trade or business*} \\ \text{taxable to Wisconsin} \\ \text{Total net earnings from} \\ \text{a trade or business*} \end{array}}{\text{Total net earnings from a trade or business*}} = \text{Tentative deduction}$$

\* For an employee, net earnings from a trade or business means wages, salaries, tips, and other employee compensation of both spouses.

**Step 3** Your subtraction for medical care insurance is the smaller of the tentative deduction computed in Step 2 above or the amount of net earnings from a trade or business taxable to Wisconsin. See the Modifications in the instructions for line 1 for information on claiming the subtraction.

**CAUTION** If you qualify for the subtraction both as a self-employed person and as an employee, your total subtraction (amounts determined in Step 3 of Parts A and B) cannot be more than the total amount paid for medical care insurance during the period in which you were self-employed and in which you were an employee whose employer did not contribute towards the cost of the insurance, less the amount on line 2 of Worksheet 1.

■ **Rounding off to whole dollars** You will notice that the form has preprinted zeros in the place used to enter cents. This means that all amounts filled in the form should be rounded to the nearest dollar. To do so, drop amounts under 50¢ and increase amounts that are 50¢ or more to the next dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237.

When you round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total.

### ■ Line 1 Wages, salaries, tips, etc.

**Federal column** Fill in the amount from line 7 of federal Form 1040 or 1040A, or line 1 of Form 1040EZ. If you filed your federal return using TeleFile, fill in the total wages, tips, and other compensation from Box 1 of your W-2(s).

**Wisconsin column Nonresidents** – fill in the amount received for working in Wisconsin (see **Exceptions** on page 9). If that amount differs from your Wisconsin wages on your wage statement (Form W-2), attach an explanation of the difference and indicate where this income was earned. If you are retired on disability, do not fill in any disability income. *Part-year and full-year residents* – figure the amount received for working in and outside Wisconsin while a Wisconsin resident. Add to that figure the amount received for working in Wisconsin while a nonresident. If the total differs from your Wisconsin wages on your wage statement (Form W-2), attach an explanation of the difference and indicate where this income was earned. If you are retired on disability, include the amount of disability income received while you were a Wisconsin resident.

Line 1 instructions – continued

### Exceptions

- **Residents of Illinois, Indiana, Kentucky, Michigan, or Minnesota** Don't include on line 1, column B wages earned while a resident of one of these states. Under agreements with these 5 states, Wisconsin doesn't tax the wages of their residents. In the area to the left of line 1, write the name of the state of which you were a resident when you earned the wages.

If your only Wisconsin income is wages earned in Wisconsin while you were a resident of one of the above states, and you are filing to get a refund of Wisconsin tax withheld in error, fill in -0- on lines 1 and 29, column B. Fill in the amount of Wisconsin tax withheld from your wages on lines 60, 67, 68, and 69. Attach your Wisconsin W-2(s) and sign your return (both spouses if filing a joint return). **Minnesota** residents must also submit Form W-222, *Statement of Minnesota Residency*, and a copy of their Minnesota income tax return. See page 4 for information on how to get Form W-222.

- See the instructions for line 10 for information on the taxation of income received while a nonresident of Wisconsin from a nonqualified deferred compensation plan.
- If you filed your federal return on Form 1040NR or Form 1040NR-EZ and have wages that are exempt from federal tax by a treaty, do not include the exempt wages in either column A or column B of line 1 of Form 1NPR.

### Modifications

- **Medical care insurance** If you are an employee whose employer does not contribute toward the cost of your medical care insurance, see page 7. Subtract your allowable medical care insurance deduction from wages otherwise taxable to Wisconsin. Attach an explanation of your deduction.
- **Disability income exclusion for part-year and full-year residents** Are you retired on permanent and total disability? If so, and you have included your disability income on your federal return, you may be able to subtract up to \$5,200 of your disability income.

You must meet all these tests:

1. You didn't reach mandatory retirement age before January 1, 2003.
2. You were under age 65 on December 31, 2003.
3. You were permanently or totally disabled –
  - a. when you retired, or
  - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
4. If you were married at the end of 2003, you must file a joint return with your spouse.
5. You were a Wisconsin resident when you received the disability income.
6. You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.

Line 1 instructions – continued

Figure your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. See page 4 for information on how to get Schedule 2440W. *Full-year residents* – subtract from the disability income included on your federal Form 1040 or 1040A, the exclusion from line 6 of Schedule 2440W. *Part-year residents* – subtract the exclusion from line 8 of Schedule 2440W from the portion of your disability income which is otherwise taxable to Wisconsin. Attach your completed Schedule 2440W to your Form 1NPR.

### Line 2 Taxable interest

**Federal column** Fill in the amount from line 8a of federal Form 1040 or 1040A, line 2 of Form 1040EZ, or line C of your TeleFile Tax Record.

**Wisconsin column Nonresidents** – don't fill in any amount of your interest. (**Exception** Include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – figure the interest received while a Wisconsin resident. For the period of time you were a nonresident, include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1. Use the worksheet on page 10 to figure the interest taxable by Wisconsin. Save this worksheet for your records.

### Modifications

- **State and municipal bond interest** Did you receive any state or municipal bond interest? If so, add to your federal income the amount received from state and municipal bonds while a Wisconsin resident. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the income by such expenses.)

**Exception** Do not include interest income from (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin, (2) Wisconsin Housing Finance Authority bonds, (3) Wisconsin municipal redevelopment authority bonds, (4) Wisconsin higher education bonds, (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds and CHAP housing revenue bonds, (6) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the Internal Revenue Code, (7) local exposition district bonds, (8) Wisconsin professional baseball park district bonds, (9) bonds issued by the Government of Puerto Rico, Guam, or the Virgin Islands, (10) local cultural arts district bonds, and (11) Wisconsin professional football stadium bonds. Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

Line 2 instructions – continued

- **United States government interest and dividends** Did you include U.S. government interest in your federal income? If so, subtract from your federal income the amount of interest on United States bonds and interest and dividends of certain United States government corporations. This income isn't taxable for Wisconsin purposes.

**Caution** Don't subtract interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin income if you received the interest while a Wisconsin resident.

However, you are allowed a 60% exclusion for net long-term capital gain, and your deduction for net capital loss is limited to \$500. If you have any capital gain or loss taxable to Wisconsin, complete Schedule WD to determine your taxable gain or allowable loss. A copy of Schedule WD and instructions is included in this booklet.

If the only amount on line 13a of Form 1040 or line 10a of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust, you do not have to complete Schedule WD. Fill in 40% of the portion of the capital gain distribution received while a Wisconsin resident.

**Capital gain or loss from Wisconsin sources** includes gain or loss from the sale of land, buildings, and machinery located in Wisconsin and your share of capital gain and loss from an estate or trust, partnership, or tax-option (S) corporation which has been reported to you on Wisconsin Schedule 2K-1, 3K-1, or 5K-1. It also includes gain from the sale of stock acquired under an incentive stock option or employee stock purchase plan to the extent attributable to personal services performed in Wisconsin. It doesn't include losses from nonbusiness bad debts and worthless securities, and gains or losses from sales of stocks (except gain on stock acquired under an incentive stock option or employee stock purchase plan as explained above) while a nonresident.

Line 7 instructions – continued

Line 10 instructions – continued

annuity income and report it on line 10. Include on line 10 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

**CAUTION** If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10, less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

The specific retirement systems are:

- A. Local and state retirement systems** – Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.

**Note** You must include the following on line 10, column B:

- Payments received as a result of voluntary tax-sheltered annuity deposits made in any of the retirement systems listed in A or B above.
- Payments received from one of the retirement systems listed in A or B above if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- Payments from the federal Thrift Savings Plan.

Line 10 instructions – continued

**CAUTION** Your retirement benefits are not taxable only if they are based on qualified membership in one of the retirement systems listed in A or B on page 11. Qualified membership is membership that began before January 1964 as explained on page 11. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable.

- **Railroad retirement benefits** Don't include on line 10, column B amounts received from the U.S. Railroad Retirement Board. These benefits aren't taxable by Wisconsin.
- **Disability income exclusion for part-year and full-year residents** Are you retired on permanent and total disability? - Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits and losses from businesses, professions, and farm operations conducted in Wisconsin, including partnerships and tax-option (S) corporations.

#### Modifications

##### • Tax-option (S) corporation modifications

- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin.
- (2) If you were a shareholder of a federal S corporation that elected not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return

Line 11 instructions – continued

and then add your pro rata share of any distributions made by the corporation of earnings and profits which was received while you were a Wisconsin resident. (**Caution** Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)

- (3) Instead of including the tax-option (S) corporation items deductible on federal Schedule A in the Wisconsin itemized deduction credit, you may be able to treat these items as subtraction modifications.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 4 for information on how to get this publication.

- **Partnership, estate, or trust modifications** If you were a member of a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, estate, or trust notifying you of any modifications to federal income. Increase the amount reported in the federal column by amounts shown as add modifications. Decrease the amount reported in the federal column by amounts shown as subtract modifications.

**Line 14 Social security benefits**

**Federal column** Fill in the amount from line 20b of federal Form 1040 or line 14b of Form 1040A.

**Wisconsin column** *Nonresidents* – don’t fill in any amount on line 14. *Part-year and full-year residents* – figure the taxable amount of social security benefits received while a Wisconsin resident.

If line 7 of your federal Social Security Benefits Worksheet in the Form 1040A or 1040 instructions is more than \$34,000 (\$44,000 if married filing jointly or \$0 if your filing status is married filing a separate return and you lived with your spouse at any time during 2003), complete both the worksheet in the next column and the formula to figure the amount taxable by Wisconsin. Otherwise, use only the formula to figure the amount taxable by Wisconsin.

**Note** Lines 1 and 2 of the worksheet below refer to lines on the federal Social Security Benefits Worksheet that is in the federal Form 1040 and Form 1040A instructions. You may have used one of the other federal worksheets (e.g., the worksheet for social security recipients who contribute to an IRA). If so, use the equivalent lines on that worksheet. If you got a lump-sum payment of benefits for prior years, you may have used separate worksheets for each year to figure the amount of social security taxable on your federal return. In this case, contact any Department of Revenue office for information on how to figure the nontaxable amount.

## Line 15 Other income

**Federal column** Fill in the amount from line 21 of federal Form 1040.

**Wisconsin column** *Nonresidents* – fill in any other income you received from Wisconsin sources. *Part-year and full-year residents* – figure the amount of any other income you received while a Wisconsin resident. Add to that figure any other income you received from Wisconsin sources while a nonresident.

### Modifications

The modifications listed below may either increase or decrease the amount you fill in on line 15, column B. Treat any addition as a positive number and any subtraction as a negative number. Attach a description of each addition and subtraction you make on line 15. Combine your modifications with your “other income” reportable in column B and fill in the net result. If the net result is a negative number, put brackets around the number.

- **Farm losses** Did you deduct farm losses from your Wisconsin income? If so, you may have to include part of your losses on line 15 if you were not actively engaged in farming. To be “actively engaged in farming” with respect to a farming operation, you must make a significant contribution of:
  - Capital, equipment, or land, or a combination of capital, equipment, or land; and
  - Active personal labor or active personal management, or a combination of both.

Factors you must take into consideration in determining if you contribute a significant amount of active personal labor or active personal management include:

- The type of crops and livestock produced;
- The normal and customary farming practices of the area; and
- The total amount of labor and management which is necessary for such a farming operation in the area.

In order to be considered to be actively engaged in a farming operation, you must have (1) a share of the profits or losses from the farming operation which is commensurate with your contributions to the operation, and (2) contributions to the farming operation which are at risk.

Your combined net losses from farming operations in which you are *not* actively engaged in farming are limited if your nonfarm Wisconsin adjusted gross income is more than \$55,000 (\$27,500 if married filing separately).

To figure your combined net losses from farming operations, add together any losses you have from farming operations in which you were not actively engaged (for example, these could be losses from a farm partnership or tax-option (S) corporation). Include only losses that you included in the Wisconsin column of Form 1040. Do not reduce these losses by any net farm gains. If the total of these losses is more than the maximum allowable loss shown in the following tables, include the excess on line 15.

Farm Loss Limits – Single persons and married persons filing joint return		
Nonfarm Wisconsin Adjusted Gross Income		
More Than	But Not More Than	Maximum Allowable Loss
\$ 0	..... \$ 55,000	..... Full Amount
55,000	..... 75,000	..... \$20,000

300,000	..... 600,000	..... 5,000
600,000	.....	..... No Loss

Farm Loss Limits – Married persons filing separate returns (including married filing as head of household)		
Nonfarm Wisconsin Adjusted Gross Income		
More Than	But Not More Than	Maximum Allowable Loss
\$ 0	..... \$ 27,500	..... Full Amount
27,500	..... 37,500	..... \$10,000

150,000	..... 300,000	..... 2,500
300,000	.....	..... No Loss

**Example** For 2003, a single person who is a nonresident is not actively engaged in farming. He reports a loss of \$35,000 on Schedule E from a Wisconsin farm partnership, a profit of \$5,000 on Schedule E from the rental of Wisconsin farmland, and a loss of \$30,000 on Schedule E from an S corporation that operates a farm in California. The person’s nonfarm Wisconsin adjusted gross income is \$60,000. His combined net losses from farming are \$35,000 (farm partnership loss). Since he’s a nonresident, the S corporation loss isn’t included in his Wisconsin income. The maximum farm loss he can deduct is \$20,000. He must include \$15,000 (\$35,000 combined net losses – \$20,000 maximum loss) on line 15.

- **Farm loss carryover** If you were subject to farm loss limitations (see modification for farm losses on this page for a description) on your 1988 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits or net gains from the sale or exchange of capital or business assets in the current taxable year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

**Example** You have a farm loss carryover from 2002 of \$30,000. For 2003 you report a net loss of \$2,000 on Schedule F and a net

Line 15 instructions – continued

Line 15 instructions – continued

gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover.

- **Farmland tax relief and farmland preservation credits** Did you receive farmland tax relief or farmland preservation credit in 2003? If so, the total amount is taxable by Wisconsin. Include on line 15 any portion of your farmland tax relief and farmland preservation credits which weren't included as income on your federal return.
- **Federal net operating loss carryover** Don't include on line 15 any amount that you deducted on line 21 of federal Form 1040 as a federal net operating loss carryover.
- **Recoveries of federal itemized deductions** Don't include on line 15 any amount that you included in federal income that is a recovery of a federal itemized deduction from a prior year for which you didn't receive a Wisconsin tax benefit.

**Example** You deducted a casualty loss of \$2,000 as an itemized deduction on your 2002 federal income tax return. You couldn't claim the casualty loss for the itemized deduction credit on your 2002 Wisconsin return. In 2003, you received a \$1,000 reimbursement from your insurance company for part of the casualty loss. You reported the \$1,000 on your 2003 federal income tax return as a recovery of an amount previously claimed. Wisconsin won't tax the \$1,000 because you didn't claim the casualty loss for the itemized deduction credit on your Wisconsin return.

- **Wisconsin net operating loss carryforward** If you had a net operating loss (NOL) in an earlier year to carry forward to 2003, include the allowable amount on line 15. Attach a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 4 for information on how to get this publication.
- **Manufacturer's sales tax credit** Fill in the amount of manufacturer's sales tax credit that you computed for 2003. This is the amount from line 10 (line 11 for beneficiaries of an estate or trust) of Schedule MS. The amount of your credit is income and must be reported on your Wisconsin Form INPR, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Manufacturer's sales tax credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modifications described on page 12 for tax-option (S) corporations and partnerships.)
- **Long-term care insurance** If you paid long-term care insurance costs during 2003, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

If you paid long-term care insurance costs during 2003 for a policy which covers you or your spouse, complete the following three steps to determine the amount of your subtraction.

**Step 1** Complete the following worksheet.

Worksheet – Long-Term Care Insurance	
1. Amount paid for long-term care insurance in 2003 . . . . .	1. _____
2. Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 29 of federal Form 1040 . . . . .	2. _____
3. Portion of long-term care insurance cost deducted on federal Schedule C or F for your employee spouse . . . . .	3. _____
4. Add lines 2 and 3 . . . . .	4. _____
5. Subtract line 4 from line 1 . . . . .	5. _____

**Step 2** Use the following formula to prorate the long-term care insurance.

$$\begin{array}{r} \text{Amount} \\ \text{from} \\ \text{line 5 of} \\ \text{worksheet} \end{array} \times \frac{\begin{array}{l} \text{Wages, unearned income, and} \\ \text{net earnings from a trade or} \\ \text{business* taxable by Wisconsin} \\ \text{Total wages, unearned income,} \\ \text{and net earnings from a trade} \\ \text{or business*} \end{array}}{\begin{array}{l} \text{Tentative} \\ \text{subtraction} \end{array}} =$$

\*Use the total taxable wages, taxable unearned income (for example, interest, dividends, pensions, capital gains, etc.), and net earnings from a trade or business (include both spouses' income if married filing a joint return). Net earnings from a trade or business is income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

**Step 3** Your subtraction for long-term care insurance is the smaller of the tentative deduction computed in Step 2 or the amount of wages, unearned income, and net earnings from a trade or business taxable by Wisconsin.

Line 15 instructions – continued

- **Development zones credit and technology zone credit** Include on line 15 the amount of your development zones credit from Wisconsin Schedule DC and your technology zone credit from Schedule TC. The amount of your development zones credit and technology zone credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward. (**Note** Development zones credit and technology zone credit that you receive from a partnership or tax-option (S) corporation will be accounted for when you make the modifications described on page 12 for tax-option (S) corporations and partnerships.)

- **Amounts not taxable by Wisconsin** Don't include on line 15 amounts not taxable by Wisconsin (less related expenses, except expenses used to figure the Wisconsin itemized deduction credit).

**Example** Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes.

- **Adoption expenses** If you were a full-year resident of Wisconsin for 2003 and you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2003, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2001, 2002, and 2003. Don't count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

- **Tuition expenses** You may be able to claim a subtraction for up to \$3,000 (per student) of the amount you paid during 2003 for tuition for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition must have been paid during 2003 to attend any of the following:

- Classes **in Wisconsin** at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes **in Wisconsin** at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota **under the Minnesota–Wisconsin tuition reciprocity agreement**.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition paid to pre-schools or elementary or secondary schools (for example, grade schools and high schools).

Tuition paid to a school which fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Line 15 instructions – continued

Tuition paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

**Caution** The subtraction only applies to tuition. Amounts paid as separate charges for other items such as books, supplies, room and board, or other costs may not be subtracted.

You cannot claim a subtraction for tuition paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (EdVest or "tomorrow's scholar"). This limitation applies only if you previously claimed a subtraction for contributions to the EdVest or "tomorrow's scholar" program.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount from:

- line 34 of Form 1040
- line 21 of Form 1040A
- line 4 of Form 1040EZ
- line I of your TeleFile Tax Record
- line 33 of Form 1040NR, or
- line 10 of Form 1040NR-EZ.

If your filing status is:

#### Single or Head of Household

- If your federal adjusted gross income is \$50,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$50,000 but less than \$60,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$60,000 or more, you may not subtract any amount for tuition expenses.

#### Married Filing Joint Return

- If your federal adjusted gross income is \$80,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$80,000 but less than \$100,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$100,000 or more, you may not subtract any amount for tuition expenses.

Line 15 instructions – continued

Line 15 instructions – continued

**Married Filing Separate Return**

- If your federal adjusted gross income is \$40,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition expense. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$40,000 but less than \$50,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$50,000 or more, you may not subtract any amount for tuition expenses.

**Step 1** Complete the worksheet below as required for your filing status.

<b>Tuition Expense Worksheet</b>	
<b>Caution</b> Only certain taxpayers are required to complete this worksheet. See the instructions for your filing status.	
1. Amount paid for tuition in 2003. Do not fill in more than \$3,000 per student . . . . .	1. _____
2. Fill in your federal adjusted gross income . . . . .	2. _____
3. Fill in \$50,000 (\$80,000 if married filing joint return or \$40,000 if married filing separate return) . . . . .	3. _____
4. Subtract line 3 from line 2 . . . . .	4. _____
5. Divide the amount on line 4 by 10,000 (20,000 if married filing joint return). Fill in decimal amount . . . . .	5. _____
6. Multiply line 1 by the decimal amount on line 5 . . . . .	6. _____
7. Subtract line 6 from line 1. This is the amount of tuition expense to use in the formula in Step 2 . . . . .	7. _____

**Step 2** Use the following formula to prorate the tuition expense.

$$\text{Tuition expense}^* \times \frac{\text{Wages, salaries, tips, unearned income, and net earnings from a trade or business}^{**} \text{ taxable by Wisconsin}}{\text{Total wages, salaries, tips, unearned income, and net earnings from a trade or business}^{**}} = \text{Tentative subtraction}$$

\* This is the amount from line 7 of the Tuition Expense Worksheet in Step 1. If you were not required to use the worksheet, use the amount paid for tuition in 2003, but not more than \$3,000 per student.

\*\* If you are married filing a joint return, include the wages, salaries, tips, unearned income (for example, interest, dividends, etc.), and net earnings from a trade or business of both spouses. Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

**Step 3** Your subtraction for tuition expense is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, salaries, tips, unearned income, and net earnings from a trade or business taxable by Wisconsin.

- **Contributions to a Wisconsin state-sponsored college savings program** You may be able to subtract the amount you contributed to a Wisconsin state-sponsored college savings account (for example, EdVest or “tomorrow’s scholar”).

The beneficiary of the account must be either you, your spouse (if married filing joint return), your child who is claimed as a dependent on your federal income tax return, or your grandchild. The subtraction is equal to the amount you contributed to the account during 2003, but not more than \$3,000 per beneficiary. In the case of a married couple filing a joint return, the total subtraction per beneficiary by the married couple may not exceed \$3,000 each year. The subtraction must be prorated as follows:

$$\frac{\text{Amount contributed (no more than \$3,000 per beneficiary)}}{\text{Wages, unearned income, and net earnings from a trade or business}^* \text{ taxable to Wisconsin}} \times \text{Total wages, unearned income, and net earnings from a trade or business}^* = \text{Tentative subtraction}$$

\* If you are married filing a joint return, include the wages, salaries, tips, unearned income (for example, interest, dividends, etc.) and net earnings from a trade or business of both spouses. Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

Your subtraction is equal to the lesser of the tentative subtraction computed above or your total wages, salaries, tips, unearned income, and net earnings from a trade or business taxable to Wisconsin. If you are married filing a joint return, use the total of both spouse’s income from these sources.

- **Distributions from Wisconsin state-sponsored college savings and tuition programs** If you included earnings from a qualified college savings or tuition program in your federal adjusted gross income, you may subtract that amount if either of the following applies:

1. The earnings were due to a qualified withdrawal from a Wisconsin state-sponsored college savings account (for example, EdVest or “tomorrow’s scholar” college savings account).
2. The earnings were from a Wisconsin EdVest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased; or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.

- **Passive foreign investment company** Include on line 15 the amount of excess distribution from a passive foreign investment company which is allocable to Wisconsin and which has not been included in federal adjusted gross income (see federal Form 8621).

Line 15 instructions – continued

**• Sale of business assets or assets used in farming to a related person** You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:

- The related person is your child, grandchild, great grandchild, parent, brother or sister, nephew or niece, grandparent, great grandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
- The asset was held by you for more than 12 months.
- The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

*Farming* “Farming” means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

*Business Assets* “Business assets” are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

“Business assets” include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

“Business assets” do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note** Rental property which is a farm or farm equipment may qualify as an asset “used in farming.”)

**Computing the subtraction** You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 40% of the gain on the sale of the asset to the related person.

Line 15 instructions – continued

- If the amount on line 15 or 16 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD less the amount on line 7 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.

<b>Worksheet for Gain on Sale of Assets to Related Person</b>	
1. Amount from line 19 of Schedule WD . . . . .	1. _____
2. Net short-term gain, if any, from line 7 of Schedule WD . . . . .	2. _____
3. Subtract line 2 from line 1 . . . . .	3. _____
4. Long-term gain on the sale of asset to related person . . . . .	4. _____
5. Total long-term capital gain from line 14, column (g) of Schedule WD . . . . .	5. _____
6. Divide line 4 by line 5. Fill in decimal amount . . . . .	6. ____.
7. Multiply line 3 by line 6. This is your subtraction for gain on the sale of assets to a related person . . . . .	7. _____

**• Repayment of income previously taxed** If you had to repay during 2003, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 26 or 27 of your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and attach it to your Form INPR.

**Caution** Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may either subtract the repayment as described above *or* take a tax credit. See the instructions for line 64.

**Line 17 Educator expenses**

**Federal column** Fill in the amount from line 23 of federal Form 1040 or line 16 of Form 1040A.

**Wisconsin column** Fill in the amount of the deduction for educator expenses from the federal column.

**Line 18 IRA deduction**

**Federal column** Fill in the amount from line 24 of federal Form 1040 or line 17 of Form 1040A.

**Wisconsin column** Fill in the amount of IRA deduction allowable for Wisconsin.

- Use the following formula to figure your allowable IRA deduction. (**Note** An IRA deduction is allowable for Wisconsin only if the owner of the IRA has wages or net earnings from a trade or business taxable to Wisconsin.)

■ **Line 35a Deduction for exemptions**

Use the Deduction for Exemptions Worksheet in the next column to determine your deduction for exemptions.

You may claim a personal exemption of \$700 for *yourself*. You may also claim an exemption of \$700 for your *spouse* if you are filing a joint return. Fill in lines 1 and 3 of the worksheet (see **Exception** below).

In addition, you may claim an exemption of \$700 for each person who qualifies as your dependent for federal income tax purposes (see line 6c of your federal Form 1040A or 1040 or line 7c of Form 1040NR). Be sure you use the correct column in the Tax Table for your filing status. If the amount on line 36 is \$100,000 or more, use the Tax Rate Schedules on page 42 to compute your tax. Fill in your tax on line 37.

■ **Line 38 Wisconsin itemized deduction credit**

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the Wisconsin itemized deduction credit.

Complete Schedule 1 on page 3 of Form 1NPR to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see following exceptions).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write “Wisconsin” at the top of this Schedule A and attach it to Form 1NPR.

**Exceptions** Even though Schedule 1 has entry lines for medical expenses, interest paid, and gifts to charity, not all of the amounts of these items that are deducted on federal Schedule A can be used for the Wisconsin itemized deduction credit. The following describes the portion of these items that may not be used to compute the Wisconsin itemized deduction credit.

- Medical expenses – the amount of medical care insurance and long-term care insurance claimed as a subtraction for Wisconsin.
- Interest – paid on a second home located outside Wisconsin.
  - paid on a residence which is a boat.
  - paid to purchase or hold U.S. government securities.
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the deduction as a subtraction.

Line 38 instructions – continued

**Note** If you are filing a joint return and one spouse is a full-year or part-year Wisconsin resident but the other is a nonresident, you can claim the school property tax credit. Figure your credit by using the rent and property taxes of both spouses.

*Part-year and full-year residents* – read the following instructions if you paid rent during 2003 for living quarters used as your principal home or property taxes during 2003 on your home.

Line 39 instructions – continued

**Special cases**

**If you paid both property taxes and rent** You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 39a and 39b can't be more than \$300 (\$150 if married filing a separate return or if married filing as head of household).

**Married persons filing a joint return** Figure your credit by using the rent and property taxes paid by both spouses.

**Married persons filing separate returns or married persons filing as head of household** Each spouse can claim a credit. Each of you can use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

**Persons who jointly own a home or share rented living quarters** When two or more persons (other than husband and wife) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 39a and 39b.

Line 39b instructions – continued

**Line 39a How do I figure the renter’s school property tax credit**

**Step 1 Rent paid in 2003** Fill in on the appropriate line(s) the total rent that you paid in 2003 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home but don’t have to be located in Wisconsin. Don’t include any rent that you may claim as a business expense. Don’t include rent paid for housing that is exempt from property taxes. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If your rent included food, housekeeping, medical, or other services, reduce your rent paid in 2003 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the total rent that you paid in 2003. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2003, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

**Step 2** Use the Renter’s School Property Tax Credit Table on page 22 to figure your credit. If heat was included in your rent, use column 1 of the table. If heat was not included, use column 2. Fill in your credit on line 39a.

**Exception** If you paid both rent where heat was included and rent where heat was not included, complete the following worksheet.

Renter’s Worksheet		
<i>(Complete only if Exception described above applies)</i>		
1. Credit for rent with heat included (from Col. 1 of Table on page 22) . . .	1. _____	
2. Credit for rent where heat not included (from Col. 2 of Table on page 22) . . . . .	2. _____	
3. Add lines 1 and 2. Fill in on line 39a of Form 1NPR* . . . . .	3. _____	
*Do not fill in more than \$300 (\$150 if married filing a separate return or married filing as head of household).		

**Line 39b How do I figure the homeowner’s school property tax credit**

**Step 1 Property taxes paid on home in 2003** Fill in the amount of property taxes you *paid* in 2003 on your home. Your home doesn’t have to be located in Wisconsin. Do **not** include:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2003.

Property taxes are further limited as follows:

- a. If you bought or sold your home during 2003, the property taxes of the seller and buyer are the taxes set forth for each in the

closing agreement made at the sale or purchase. If the closing agreement does not divide the taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.

- b. If you owned a mobile home during 2003, property taxes include the parking permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental should be filled in as rent on line 39a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes which reflects your percentage of ownership. For example, if you and another person (not your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you can claim a credit based on \$750 of taxes.

**Step 2** Use the Homeowner’s School Property Tax Credit Table below to figure your credit. Fill in the amount of your credit on line 39b.

**Caution** If you are also claiming the renter’s credit on line 39a, the total of your renter’s and homeowner’s credits can’t be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

■ **Line 50 Married couple credit**

You may claim the married couple credit if:

- you are married filing a joint return,
- both you and your spouse have qualified earned income taxable by Wisconsin, and

- you do not file federal Form 2555 or Form 2555EZ to claim an exclusion of foreign earned income, or Form 4563 to claim an exclusion of income from sources in United States possessions.

To figure the credit, fill in Schedule 2 on page 3 of Form 1NPR. Figure earned income separately for yourself and your spouse on lines 1 through 5 in columns (A) and (B) of Schedule 2.

“Earned income” includes *taxable* wages, salaries, tips, other employee compensation, scholarships and fellowships (only amounts reported on a W-2), disability income treated as wages, and net earnings from self-employment reported to Wisconsin. Earned income doesn’t include deferred compensation (even though it may be reported on a W-2), interest, dividends, unemployment compensation, rental income, social security, pensions, annuities, or income that is not taxable to Wisconsin. Don’t consider the Wisconsin marital property law, marital property agreements, or unilateral statements in figuring each spouse’s earned income.

■ **Line 54 Sales and use tax due on out-of-state purchases**

Did you make any taxable purchases from out-of-state firms during 2003 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 54 if they were stored, used, or consumed in Wisconsin. Taxable purchases include furniture, carpet, clothing, computers, books, CDs, DVDs, cassettes, video tapes, jewelry, coins purchased for more than face value, etc.

*Example* You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax (\$300 x 5% = \$15) on this purchase.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax. Fill in the amount from line 3 of the worksheet on line 54 of Form 1NPR.

### Line 56 Packers football stadium donation

If you wish, you may designate an amount as a Packers football stadium donation. Your donation will be used for maintenance and operating costs of the professional football stadium in Green Bay.

Fill in line 56 with the amount you wish to donate. Your donation will either reduce your refund or be added to tax due.

### Line 57 Endangered resources donation

Your donation supports the preservation and management of more than 200 endangered and threatened Wisconsin plants and animals. It also helps protect Wisconsin's finest remaining examples of prairies, forests, and wetlands. All gifts (up to a total of \$320,000) will be matched by general purpose revenue, which makes your gift twice as important to endangered resources.

Consider a gift of \$15, \$25, \$50, or \$75, or choose your own amount, and support endangered resources in Wisconsin. Fill in line 57 with the amount you wish to donate. Your gift will either reduce your refund or be added to tax due. Or, send a check directly to: Endangered Resources Fund, Department of Natural Resources, PO Box 7921, Madison WI 53707.

### Line 58 Penalties on IRAs, and retirement plans, MSAs, etc.

*Nonresidents* – don't fill in this line. (**Exception** See "Penalty for selling business assets (or assets used in farming) purchased from a related person within 24 months" below.) *Part-year and full-year residents* – fill in this line if (1) you owe any of the federal penalty taxes listed below and (2) the action which caused you to owe the federal penalty tax occurred while you were a Wisconsin resident.

- Tax on qualified plans, including IRAs, and other tax-favored accounts (from line 57 of federal Form 1040).
- Total tax due from lines 4, 8, 17, 25, 33, 41, and 45 of federal Form 5329 (include only if the tax due on this form was paid separately and is not included on line 57 of your federal Form 1040).
- Tax on excess contributions (line 2 of federal Form 5330).
- Tax on prohibited transactions (line 6 of federal Form 5330).
- Section 72(m)(5) excess benefits tax (included in the total on line 60 of federal Form 1040).

If you are subject to the Wisconsin penalty, fill in the total of your federal penalty taxes in the space provided on line 58. Multiply the amount filled in by .33 (33%) and fill in the result on line 58. If you were required to file federal Form 5329 or 5330, attach a copy of your Form 5329 or 5330 to your Form 1NPR.

**Note** You are not subject to the penalty on payments from certain retirement plans if the payments are exempt from Wisconsin tax. See the modifications for line 10 for "other retirement benefits" for information on the retirement payments from local and state retirement systems and federal retirement systems that are exempt from Wisconsin tax.

**Penalty for selling business assets (or assets used in farming) purchased from a related person within 24 months** Capital gain on the sale or disposition of business assets or on assets used in farming may be excluded from Wisconsin taxation if the assets were held more than one year and the assets are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or otherwise disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets destroyed by fire or livestock dies).

If you are subject to this penalty, contact any department office for information on how to compute the penalty. Include the amount of the penalty on line 58 of Form 1NPR. Write "RP" to the right of line 58.

### Line 60 Wisconsin income tax withheld

Add the **Wisconsin** income tax withheld shown on your withholding statements (Forms W-2, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC). Fill in the total on line 60. Attach readable copies of your withholding statements to page 3 of Form 1NPR.

**Note** Wisconsin tax withheld is shown in Box 17 of Form W-2 or Box 10 of Form 1099-R, but only if Wisconsin is the state identified in Box 15 of Form W-2 or Box 11 of Form 1099-R.

Line 60 instructions – continued

**DO NOT:**

- claim credit for tax withheld for other states.
- claim amounts marked social security or Medicare tax withheld.
- claim credit for federal tax withheld.
- include withholding statements from other tax years.
- write on or change or attempt to correct the amounts on your withholding statements.

It is your responsibility to ensure that your employer or other payer has provided withholding statements that:

1. Are clear and easy to read.
2. Show withholding was paid to Wisconsin.

If you do not have a withholding statement or need a corrected withholding statement, contact your employer or other payer.

**■ Line 61 2003 Wisconsin estimated tax payments and amount applied from 2002 return**

Fill in any payments you made on your estimated Wisconsin income tax (Form 1-ES) for 2003. Include any overpayment from your 2002 return that you were allowed as credit to your 2003 Wisconsin estimated tax.

If you are married filing a joint return, fill in the total of:

- any separate estimated tax payments made by each spouse,
- any joint estimated tax payments, and
- any overpayments from your 2002 returns that you and your spouse were allowed as credit to 2003 Wisconsin estimated tax.

If you are filing a separate tax return, you may not claim any part of your spouse's separate estimated tax payments or credits. You and your spouse may split your joint estimated tax payments and credits between you as you choose. If you cannot agree on how joint estimated tax payments are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow these instructions even if your spouse died during 2003.

**Name change** Did you change your name because of marriage or divorce? If so, and you made estimated tax payments using your former name, attach a statement to the front of Form 1NPR. On the statement, explain all the payments you and your spouse made for 2003 and the name(s) and social security number(s) under which you made them.

**■ Line 62 Earned income credit**

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for the Wisconsin earned income credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, you may claim the Wisconsin earned income credit if you claimed the federal earned income credit and you had a qualifying child.

Line 62 instructions – continued

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 62.

**Step 1** Fill in the **number** of children who meet the requirements of a "qualifying child" for purposes of the federal earned income credit (see the instructions for the earned income credit in your federal return for definition of a "qualifying child").

**CAUTION** For federal purposes only your first two qualifying children are counted. For Wisconsin purposes all of your qualifying children are counted.

**Step 2** Fill in the **federal earned income credit** from line 41 of federal Form 1040A or line 63 of Form 1040.

**Step 3** Fill in the percentage rate which applies to you.

Number of qualifying children (see Step 1 above)	Fill in this percentage rate
1	4%
2	14%
3 or more	43%

**Step 4** Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 62. This is your Wisconsin earned income credit.

**Attachment to Your Return** You must attach a copy of your completed federal Schedule EIC to Form 1NPR. The federal Schedule EIC requests information on two qualifying children. If you have a third qualifying child, also attach a sheet giving the same information as requested on the Schedule EIC for your third child. Failure to provide this information may delay your refund.

**Note** If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 62. Write "EIC" in the space to the right of line 62. Complete your return through line 66 of Form 1NPR. Attach a copy of your federal return (Form 1040A or Form 1040) to your Form 1NPR.

**■ Line 63 Farmland preservation credit**

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland preservation credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim farmland preservation credit. Fill in the amount from line 16 of your Schedule FC on line 63. If you are claiming farmland preservation credit, attach your completed Schedule FC to your Form 1NPR.

**■ Line 64 Net income tax paid to another state on income earned while a Wisconsin resident**

*Nonresidents* – don't fill in any amount (except amounts paid by a tax-option (S) corporation on income earned while you were a Wisconsin resident). *Part-year and full-year residents* – read the instructions below if you paid income taxes to another state.

Line 64 instructions – continued

Did you pay income tax to another state or the District of Columbia on income earned while you were a Wisconsin resident? If so, you may be entitled to claim a credit for such income tax on your Wisconsin return. To qualify for a credit, the income that was taxed by the other state must also be taxed by Wisconsin. You can't claim credit for other taxes paid such as city tax, severance tax, county tax, or foreign tax. If you paid "minimum tax" to another state, you may be able to claim a credit for this tax. For further information, get Publication 125, *Credit for Tax Paid to Another State*. See page 4 for information on how to get this publication.

**Note** You can't claim credit for taxes paid to Illinois, Indiana, Kentucky, Michigan, or Minnesota on wages earned in those states. Generally, under agreements with these 5 states, they don't tax the wages of Wisconsin residents. If income taxes were withheld from your wages for any of these states, you must file a return with that state to obtain a refund. On that state's return, be sure to explain that you were a Wisconsin resident when earning the wages in that state.

**How do I figure my credit for tax paid to another state?** Fill in an income tax return from the other state to figure the net tax due. Fill in that amount on line 64 of Form 1NPR. The amount on line 64 can't be more than the amount shown on line 53 of Form 1NPR. **Don't fill in on line 64 either the amount of tax withheld as shown on the withholding statement (W-2 or other withholding form) from the other state or the amount of estimated tax you paid to the other state.**

**Note** If only part of the income taxed by the other state is taxed by Wisconsin (for example, capital gain on assets held more than one year is taxed 100% for Illinois but only 40% for Wisconsin), you must limit the credit claimed on line 64. Use the following formula to figure the amount of credit you may claim.

$$\frac{\text{Income taxable to both Wisconsin and other state}}{\text{Total income taxable to other state}} \times \frac{\text{Total net income tax paid to other state}}{\text{Amount of credit allowable against Wisconsin tax}}$$

Fill in the amount of your credit on line 64. If only part of the income taxed by the other state is taxed by Wisconsin, attach an explanation of how you figured your credit.

**What do I have to attach to claim the credit?** To claim the credit, attach to your Form 1NPR a complete copy of your income tax return from the other state and your withholding statement (W-2 or other withholding form) from the other state. If you are claiming the credit for tax paid to another state as a partner of a partnership, member of a limited liability company (LLC) treated as a partnership, or as a shareholder in a tax-option (S) corporation, attach a copy of the Wisconsin Schedule 3K-1 or 5K-1 you received from the partnership, LLC, or tax-option (S) corporation. If the partnership, LLC, or corporation did not file a Wisconsin return, submit federal Schedule K-1 plus a statement from the partnership, LLC, or (S) corporation listing the states where tax was paid and the amount of each state's tax allocable to you. Copies of any combined or composite individual income tax returns filed by the partnership, LLC, or corporation on your behalf should be attached to your Wisconsin return.

Line 64 instructions – continued

**Credit for repayment of income previously taxed** If you repaid during 2003, an amount that you included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and cannot have been subtracted in computing Wisconsin adjusted gross income or used in computing the Wisconsin itemized deduction credit.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2003.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 64 of Form 1NPR, and write "Repayment Credit" in the area to the right of line 64. Attach a statement showing how you computed your credit.

### Line 65 Homestead credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for homestead credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim homestead credit. Fill in the amount from line 19 of Schedule H on line 65. Attach your completed Schedule H to Form 1NPR.

### Line 66 Farmland tax relief credit

*Nonresidents and part-year residents* – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland tax relief credit.

**Note** If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim the farmland tax relief credit.

*Full-year residents* – read the instructions which follow.

You may qualify for the farmland tax relief credit if you meet the following conditions:

1. You are a full-year resident of Wisconsin.
2. You or a member of your household must have been the owner of at least 35 acres of Wisconsin farmland during the 2003 taxable year. Household means an individual, his or her spouse, and all dependents while they are under age 18.
3. Your 2002 property taxes for the farmland on which the credit is based must have been paid.
4. The farmland must be in agricultural use. The farm of which the farmland is a part must have produced at least \$6,000 of gross farm profits during 2003 or at least a total of \$18,000 in gross farm profits for 2001, 2002, and 2003 combined. However, if at

Line 66 instructions – continued

least 35 acres of your farmland was enrolled in the Conservation Reserve Program during all or part of 2003, you do not have to meet this gross farm profits requirement.

Gross farm profits means gross receipts, excluding rent, from the land’s agricultural use, less the cost or other basis of livestock or other items purchased for resale which are sold or otherwise disposed of during the taxable year. Gross farm profits include the fair market value, at the time of disposition, of payments-in-kind received for placing land in federal programs. If you rent out your farmland, the renter’s gross profits are used to satisfy this requirement. Gross farm profits do not include the fair market value of crops grown but not sold during the year, fuel tax credits or refund, or a previous year’s farmland preservation or farmland tax relief credit.

Only one member of a household may claim the credit. If two or more members of a household each qualify (for example, where a husband and wife have entered into a farm partnership agreement), they must determine between themselves who the claimant will be. If they are unable to agree, the matter may be referred to the Secretary of Revenue, whose decision will be final.

A claimant may be (1) an individual, (2) each member of a partnership (except publicly traded partnerships) having a joint or common interest in land, (3) a shareholder in a tax-option (S) corporation, (4) the vendee under a land contract, or (5) a guardian on behalf of a ward. When farmland is subject to a life estate, the person who has an ownership interest and is operating the farm and paying the property taxes is the owner who may claim the credit.

Fill in the property taxes on your Wisconsin farmland (exclusive of improvements) in the space provided on line 66, but do not fill in more than \$9,375. The credit is based on property taxes levied on your farmland during the 2003 calendar year. This is your 2003 property tax bill (payable in 2004). You can use up to \$9,375 of property taxes to compute the credit. This includes property taxes on all land which is in agricultural use, less any state aid or credit. Do not include property taxes on any improvements (for example, farm buildings or a residence), special assessments, special charges, or interest.

**Note** Your property tax bill may include property taxes on both the farmland and improvements. Use the following formula to determine the portion of the property taxes attributable only to the land.

If you have more than one property tax bill, apply the formula to each bill separately.

$$\frac{\text{Assessed value of land}}{\text{Total assessed value of land and improvements}} \times \frac{\text{Property taxes levied in 2003 before lottery and gaming credit}}{\text{Portion of property taxes to be used for the credit}} = \text{Portion of property taxes to be used for the credit}$$

If the farmland is co-owned with someone other than a member of your household, use only those taxes on the farmland which reflect your ownership percentage.

If you sold the farmland on which this claim is based during the taxable year, fill in only that portion of the property taxes on the farmland which is allocated to you in the closing agreement pertaining to the sale of the property (use the above formula if

Line 66 instructions – continued

improvements are included). If the amount is not set forth in a closing agreement, you may not use any of these taxes in your computation.

If you purchased the farmland on which this claim is based during the taxable year, fill in the property taxes on the farmland less any amount allocated to the seller in the closing agreement (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, fill in the total taxes on the farmland.

When property is transferred during the claim year by a method other than a sale, such as through gift, divorce, death, bankruptcy, foreclosure, or repossession, the owner of the property on the tax levy date is the owner who may claim the credit. The tax levy date is the date the property tax roll is delivered to the local treasurer for collection, usually in early December of each year.

If the farmland is owned by a tax-option (S) corporation or by a partnership, fill in the amount of property taxes on the farmland (but not more than \$9,375) as reflects the ownership percentage of you and your household. You may have to contact the tax-option (S) corporation or the partnership to get information on the amount of taxes levied on the farmland during 2003.

Fill in the amount of your credit on line 66 of Form 1NPR. The credit is equal to 16% of the property taxes on your farmland up to a maximum credit of \$1,500. (**Caution** If you are claiming farmland preservation credit on line 63, the total of your farmland preservation credit and your farmland tax relief credit cannot exceed 95% of the property taxes on the farm. If your credits exceed this amount, you should reduce your farmland tax relief credit accordingly.)

Attach a copy of your 2003 property tax bill(s) to Form 1NPR. (**Note** If you are also claiming farmland preservation credit or homestead credit on Form 1NPR and have attached a copy of your 2003 property tax bill(s) to your Schedule FC or Schedule H, you do not have to attach an additional copy.) If the farmland on which the credit is based was purchased or sold during the year, only the buyer must attach a copy of the 2003 property tax bill(s); however, both the buyer and seller must attach a copy of the closing agreement relating to the sale. If any of the 2003 property tax bills show unpaid prior year taxes, enclose a statement signed by your county treasurer indicating the date the 2002 property taxes were paid in full.

■ **Line 68 Amount you overpaid**

Is line 67 more than line 59? If so, subtract line 59 from line 67 and fill in the difference on line 68. This is the amount you overpaid.

**Note** If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called “underpayment interest.” You may owe underpayment interest even if you are due a refund. Read the line 72 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 68, reduce the amount on line 68 by the amount of underpayment interest on line 72.

## ■ Line 69 Refund

Fill in on line 69 the amount from line 68 that you want refunded to you.

**Note** If you are divorced, see item 6 on page 31. You may be required to attach a copy of your judgment of divorce to your return.

## ■ Line 70 Amount applied to 2004 estimated tax

Fill in on line 70 the amount, if any, of the overpayment on line 68 you want applied to your 2004 estimated tax.

If you are married filing a joint return, we will apply the amount on line 70 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 70 to your separate estimated tax.

## ■ Line 71 Amount you owe

Is line 59 more than line 67? If so, subtract line 67 from line 59 and fill in the difference on line 71. This is the amount you owe with your return.

**Note** If the amount you owe with your return is \$200 or more, you may also owe what is called “underpayment interest.” This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 72 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 72 in the amount you fill in on line 71.

You can pay by check, money order, or credit card. **Do not** include any 2004 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

**To pay by check or money order** Make your check or money order payable to the Wisconsin Department of Revenue. Write your social security number on your check or money order. Paper clip it to the front of your Form INPR.

**To pay by credit card** You may use your MasterCard®, American Express® Card, Visa® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider listed below and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. **If you paid by credit card**, enter on page 1 of Form INPR in the upper left corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

Line 71 instructions – continued

**Installment payments** If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. Due to additional fees and interest charges related to installment agreements, it is the department’s policy to not enter into formal payment arrangements until after a bill is issued by the department and the due date on that assessment has passed. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6 1/2 percent of the unpaid amount. For more information concerning payments and to obtain the *Installment Agreement Request Form* (Form A-771), consult the Department of Revenue web site at [www.dor.state.wi.us](http://www.dor.state.wi.us).

**Note** Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

## ■ Line 72 Underpayment interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated tax payments. In general, in each quarter of the year you should be paying enough tax through withholding payments and quarterly estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see “Who must pay estimated tax?” on page 33.

Underpayment interest applies if:

- Line 71 is at least \$200 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The “tax shown on your return” is the amount on line 53 plus the amount on line 55, minus the amounts on lines 62 through 66.

**Exceptions** You will not owe underpayment interest if your 2002 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies:

1. You had no tax liability for 2002 and you were a Wisconsin resident for all of 2002, **or**
2. The amounts on lines 60 and 61 on your 2003 return are at least as much as the tax shown on your 2002 return. Your estimated tax payments for 2003 must have been made on time and for the required amount.

The tax shown on your 2002 return is the amount on line 54 plus the amount on line 56 of 2002 Form INPR minus the amounts on lines 63 through 67.

Line 72 instructions – continued

**Figuring the underpayment interest**

If the **Exceptions** on page 30 do not apply, see Schedule U to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 72. Add the amount of the underpayment interest to any tax due and fill in the total on line 71. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 68. Attach Schedule U to your Form 1NPR.

■ **Sign and date your return** Sign and date your return in the space provided on page 3. Form 1NPR is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Keep a copy of your return for your records.

■ **Assembling your return** Attach the following to Form 1NPR in the following order:

1. **Payment** – If you owe an amount with your return, paper clip your payment to the front of Form 1NPR. No attachment is required if you are paying by credit card.
2. **W-2s and 1099s** – Staple the appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC) to page 3 of Form 1NPR.
3. **Wisconsin schedules** – Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit) or Schedule FC (farmland preservation credit).
4. **Federal return** – A complete copy of your federal return (Form 1040, 1040A, 1040EZ, 1040NR, or 1040NR-EZ or your TeleFile Tax Record) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to attach federal Schedule A.
5. **Extension form or statement** – A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

**6. Divorce decree –**

- **Persons divorced after June 20, 1996, who compute a refund** – If your divorce decree apportions any tax liability owed to the department to your former spouse, attach a copy of the decree to your Form 1NPR. Write “Divorce decree” in the space below line 59. This will prevent your refund from being applied against such tax liability.
- **Persons divorced who file a joint return** – If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Attach a copy of the portion of your divorce decree that relates to the apportionment of the tax refund to your Form 1NPR. Write “Divorce decree-apportionment refund” in the space below line 59.

**7. Injured spouse** – If you are filing federal Form 8379, *Injured Spouse Claim and Allocation*, attach a copy to your Wisconsin return and write “Form 8379” in the space below line 59 of Form 1NPR.

■ **Where to file** Mail your return to the Wisconsin Department of Revenue:

<i>(if tax is due)</i>	<i>(if refund or no tax due)</i>	<i>(if Schedule H attached)</i>
PO Box 268	PO Box 59	PO Box 34
Madison WI	Madison WI	Madison WI
53790-0001	53785-0001	53786-0001

Envelopes without enough postage will be returned to you by the post office. Your envelope may need additional postage if it contains more than five pages or is oversized (for example, it is over 1/4" thick). Also, include your complete return address.

■ **Penalties for not filing returns or filing incorrect returns** If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

**Effect of Wisconsin law changes for 2002**

If you made Schedule I adjustments on your 2002 Wisconsin income tax return, you may now be required to file an amended return for 2002.

The instructions for the 2002 Form 1NPR stated that, with some exceptions, changes to federal law enacted after December 31, 1999, did not apply for Wisconsin purposes. However, Wisconsin law was subsequently amended to provide that changes made to federal law by Public Law 107-147, Public Law 107-181, and Public Law 107-210 also apply for Wisconsin for 2002.

If you made Schedule I adjustments for the federal law changes made by Public Law 107-147, Public Law 107-181, and Public Law 107-210, file an amended 2002 return. An amended return must be filed within 4 years of the unextended due date of the original return.

**Exception** Even though the following provisions were part of Public Law 107-147, they may not be used for Wisconsin for 2002:

- Deduction for classroom materials
- Special 30% depreciation allowance
- Special depreciation allowance for New York Liberty Zone property
- Treatment of qualified leasehold improvement property

**Were you audited by the Internal Revenue Service?**

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended Form 1NPR that reflects the federal adjustments, or

- (2) Mailing the copy to:

Wisconsin Department of Revenue  
Audit Bureau  
PO Box 8906  
Madison WI 53708-8906

**Are you amending your federal return or other state return?**

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. An amended Wisconsin return must be filed if the changes affect your Wisconsin income, any credit, or tax payable.

### Who must pay estimated tax?

If your 2004 Wisconsin income tax return will show a tax balance due to the department of \$200 or more, you must either:

- Make estimated tax payments for 2004 in installments beginning April 15, 2004, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2004 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you don't make required estimated tax payments, you may be charged interest. For more information, contact our Customer Service and Education Bureau at (608) 266-2772 or any Department of Revenue office.

If you must file Form 1-ES for 2004 and don't receive the form in the mail, contact any Department of Revenue office.

### Do you qualify for historic rehabilitation credits?

Any individual who has received certification or approval of a project from the State Historical Society of Wisconsin may be eligible for the credits. Credits attributable to a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credits may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim the historic rehabilitation credits, complete Wisconsin Schedule HR. Add the total amount of your historic rehabilitation credits from Schedule HR to the amount which would otherwise be reported on line 46 of Form 1NPR. In the space above line 46, write "HR." Attach Schedule HR and the required certification to Form 1NPR.

**Exception** If you are only claiming historic rehabilitation credits which are passed through from an estate or trust, partnership, or tax-option (S) corporation, you do not have to complete Schedule HR. Add the total historic rehabilitation credits from your Schedule 2K-1, 3K-1, or 5K-1 to the amount which would otherwise be reported on line 46 of Form 1NPR. In the space above line 46, write "HR/K-1." Attach a copy of your Schedule 2K-1, 3K-1, or 5K-1 to your Form 1NPR.

**Note** If you are required to repay all or a portion of a historic rehabilitation credit claimed in a previous year, add the amount you must repay to the amount which would otherwise be reported on line 58 of Form 1NPR. Write the amount of the repayment and the words "Repayment – HRC" next to line 58.

### Do you qualify for development zones or technology zone credit?

Special tax credits may be available for persons doing business in Wisconsin development or technology zones.

The Wisconsin Department of Commerce administers the development zones and technology zone programs. Any individual conducting business in a development or technology zone who has been certified by the Department of Commerce may be eligible for the credit. Credit attributable to the business operations of a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credit may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim the development zones credit, complete Wisconsin Schedule DC. If you qualify to claim the technology zone credit, complete Schedule TC.

To claim the development zones or technology zone credit, add the amount of your development zones credit from Schedule DC or your technology zone credit from Schedule TC to the amount of your married couple credit which would otherwise be reported on line 50 of Form 1NPR. Fill in the total on line 50 of Form 1NPR. In the space to the left of line 50, write "Schedule DC" or "Schedule TC."

**Note** If you are required to recapture development zones investment credit (see Schedule DC), add the increase in tax due to the recapture of the investment credit to the amount which would otherwise be reported on line 58 of Form 1NPR. Write the amount of the recapture and "DC" next to line 58.

### Do you need a copy of your Wisconsin return from a prior year?

The Department of Revenue will provide copies of your returns for prior years for a fee of \$5 per return. Requests must be made in person or in writing. Please call (608) 266-2890 for further information. You can also get a copy of Form P-521, *Request for Copy of Tax Return(s)*, from our Internet web site at [www.dor.state.wi.us](http://www.dor.state.wi.us).

Appearing below is an alphabetical listing of Wisconsin school districts. *Full-year and part-year residents* – refer to this listing and find the number of the district in which you lived on December 31, 2003. If you moved out of Wisconsin during 2003, fill in the number of the school district in which you lived before moving. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due. *Nonresidents* – don't fill in this line.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

**Note** If you can't identify your school district, contact your municipal clerk or local school for help.

**SECTION I – SCHOOL DISTRICTS OPERATING HIGH SCHOOLS**

## 2003 TAX TABLE FOR FORM 1NPR FILERS

Use this Tax Table if your income is less than \$100,000. If \$100,000 or more, use the Tax Rate Schedules on page 42.

**Example** Mr. and Mrs. Smith are filing a joint return. Their income on line 36 of Form 1NPR is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,609. This is the tax amount they must write on line 37 of their return.
