8 Captured explanation.

The Oneida Tribe of Indians of Wisconsin administrated a building permit for this property and we were not notified about the improvements on this taxable property so we did not have it on the assessment roll. The land tax was paid on the 2012 tax bill they received so the assessor did not charge land tax that is why there is a 0 for land tax

They are not charitable and not exempt due to the fact that they receive income and collect fees from members and pay their board of directors.

The change should have been included in both 2011 and 2012. No value is listed for land because the parcel was assessed properly for land value.</p>
