Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.8%. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

### Growth Factor

1. Net new construction during 2014 $238,700.00  
2. 2014 total equalized value $27,657,900.00  
3. Percent increase (Line 1 divided by Line 2) 0.863%  
4. Adjustment factor 60.00%  
5. Adjusted percent increase (Line 3 times Line 4) 0.518%  
6. Maximum allowable increase 2.00%  
7. Your growth factor (lesser of Line 5 or Line 6) 0.518%  
8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3%  
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 0.8%  

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.5 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

DENNIS G DUPREY  Municipality HILBERT
VILLAGE OF HILBERT  County of CALUMET
PO BOX 266  County Code 08
HILBERT WI 54129-0266  Municipal Code 136

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 1.9 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014 $ 1,639,400.00
2. 2014 total equalized value $ 60,156,700.00

3. Percent increase (Line 1 divided by Line 2) 2.725 %
4. Adjustment factor 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 1.635 %
6. Maximum allowable increase 2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 1.635 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 1.9 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.5 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014      $ 608,100.00
2. 2014 total equalized value            $ 152,874,100.00

3. Percent increase (Line 1 divided by Line 2)  0.398 %
4. Adjustment factor                      60.00 %
5. Adjusted percent increase (Line 3 times Line 4)  0.239 %
6. Maximum allowable increase             2.00 %
7. Your growth factor (lesser of Line 5 or Line 6)  0.239 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015)  0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats)  0.5 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.4 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

**GROWTH FACTOR**

1. Net new construction during 2014 $ 136,100.00
2. 2014 total equalized value $ 75,515,600.00

3. Percent increase (Line 1 divided by Line 2) 0.180 %
4. Adjustment factor 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 0.108 %
6. Maximum allowable increase 2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 0.108 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 0.4 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.7 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 2.0 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014 $ 1,419,000.00
2. 2014 total equalized value $ 48,725,700.00

3. Percent increase (Line 1 divided by Line 2) 2.912 %
4. Adjustment factor 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 1.747 %
6. Maximum allowable increase 2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 1.747 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 2.0 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.5 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014 $ 59,400.00
2. 2014 total equalized value $ 23,557,300.00

3. Percent increase (Line 1 divided by Line 2) 0.252 %

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.9 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014            $ 4,693,400.00
2. 2014 total equalized value                 $ 456,335,200.00
   3. Percent increase (Line 1 divided by Line 2)       1.028 %
   4. Adjustment factor                                60.00 %
   5. Adjusted percent increase (Line 3 times Line 4)   0.617 %
   6. Maximum allowable increase                       2.00 %
   7. Your growth factor (lesser of Line 5 or Line 6)    0.617 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 0.9 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.  

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 2.3%. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.  

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.  

**GROWTH FACTOR**  

1. Net new construction during 2014 $ 27,702,800.00  
2. 2014 total equalized value $ 305,957,000.00  

3. Percent increase (Line 1 divided by Line 2) 9.054 %  
4. Adjustment factor 60.00 %  
5. Adjusted percent increase (Line 3 times Line 4) 5.433 %  
6. Maximum allowable increase 2.00 %  
7. Your growth factor (lesser of Line 5 or Line 6) 2.000 %  

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %  
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 2.3 %  

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 2.3%. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 1.0 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

**GROWTH FACTOR**

1. Net new construction during 2014 $ 16,601,900.00
2. 2014 total equalized value $ 1,471,696,200.00

3. Percent increase (Line 1 divided by Line 2) 1.128 %
4. Adjustment factor 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 0.677 %
6. Maximum allowable increase 2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 0.677 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 1.0 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.4 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014 $ 129,600.00
2. 2014 total equalized value       $ 68,314,700.00

3. Percent increase (Line 1 divided by Line 2) 0.190 %
4. Adjustment factor                 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 0.114 %
6. Maximum allowable increase        2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 0.114 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 0.4 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying
factors for the 2017 Expenditure Restraint Program payment. These
factors assume your 2015 municipal TID out property tax rate will be
greater than five mills.

To qualify for a payment, your municipality's net general fund budget
increase for 2016 compared to 2015 must be less than 0.4 %. The net
general fund budget is the total general fund budgeted expenditures
less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in
the 2014 equalized value due to net new construction during 2014 and
the Consumer Price Index increase for the 12 months ending September
30 this year.

GROWTH FACTOR

1. Net new construction during 2014 $ 97,400.00
2. 2014 total equalized value $ 76,745,400.00

3. Percent increase (Line 1 divided by Line 2) 0.127 %
4. Adjustment factor 60.00 %
5. Adjusted percent increase (Line 3 times Line 4) 0.076 %
6. Maximum allowable increase 2.00 %
7. Your growth factor (lesser of Line 5 or Line 6) 0.076 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015) 0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats) 0.4 %

Your municipality's general fund budget increase must be LESS THAN
the limit provided on Line 9 when rounded to the nearest 0.10%.

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.4 %. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

WIS RAPIDS WI 54495-2780                   Municipal Code 291

Dear Clerk,

The Wisconsin Department of Revenue (DOR) is sending you the qualifying factors for the 2017 Expenditure Restraint Program payment. These factors assume your 2015 municipal TID out property tax rate will be greater than five mills.

To qualify for a payment, your municipality's net general fund budget increase for 2016 compared to 2015 must be less than 0.6%. The net general fund budget is the total general fund budgeted expenditures less any long-term debt payments budgeted in the general fund.

The calculations below are based on your municipality's increase in the 2014 equalized value due to net new construction during 2014 and the Consumer Price Index increase for the 12 months ending September 30 this year.

GROWTH FACTOR

1. Net new construction during 2014                        $ 4,184,900.00
2. 2014 total equalized value                              $1,000,004,300.00

3. Percent increase (Line 1 divided by Line 2)            0.418 %
4. Adjustment factor                                       60.00 %
5. Adjusted percent increase (Line 3 times Line 4)         0.251 %
6. Maximum allowable increase                              2.00 %
7. Your growth factor (lesser of Line 5 or Line 6)         0.251 %

8. Consumer Price Index (increase from October 1, 2014 through September 30, 2015)  0.3 %
9. Total limit your municipality must be under to qualify for a 2017 ERP payment (sum of Lines 7 and 8 rounded to nearest 0.10% (sec. 79.05 (2) (c) Wis. Stats)  0.6 %

Your municipality's general fund budget increase must be LESS THAN the limit provided on Line 9 when rounded to the nearest 0.10%.
