Required Information:

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your county's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your county's 2016 equalized value (TID OUT) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your county's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Required Information:

2016 equalized value of exempt computers in your county	\$ <u>39,399,100</u>
2016 equalized value of your county (TID Out)	\$ <u>13,477,083,300</u>

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your county's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your county's 2016 equalized value (TID OUT) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your county's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.
