MUNICIPALITY ADAMS  
COUNTY OF ADAMS  
COUNTY CODE 01  
MUNICIPAL CODE 002

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>25,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>118,910,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>118,935,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 118,935,500
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 25,000

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>40,755,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>40,755,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>33,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>53,327,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>53,360,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>65,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>161,090,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>161,156,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>5,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>12,577,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>12,582,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MASON, WI 54856-9769

MUNICIPALITY KELLY  
COUNTY OF BAYFIELD  
COUNTY CODE 04  
MUNICIPAL CODE 026

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>2,200</u>
2016 equalized value of your municipality (TID Out)	\$	<u>33,759,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>33,761,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>233,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>1,069,786,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>1,070,019,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

MUNICIPAL CODE 014

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>42,924,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>42,925,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

4742 COUNTY RD A  
WEBSTER, WI 54893-8837

MUNICIPALITY JACKSON  
COUNTY OF BURNETT  
COUNTY CODE 07  
MUNICIPAL CODE 012

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>251,630,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>251,631,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>62,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>165,491,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>165,554,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY SHERWOOD  
COUNTY OF CALUMET  
COUNTY CODE 08  
MUNICIPAL CODE 179

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>20,800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>247,120,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>247,141,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>104,628,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>104,629,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>133,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>76,770,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>76,904,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY COLBY  
COUNTY OF CLARK  
COUNTY CODE 10  
MUNICIPAL CODE 006

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>5,700</u>
2016 equalized value of your municipality (TID Out)	\$	<u>38,708,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>38,714,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>75,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>32,547,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>32,622,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>10,600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>82,547,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>82,558,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY SPRINGVALE  
COUNTY OF COLUMBIA  
COUNTY CODE 11  
MUNICIPAL CODE 038

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>8,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>72,781,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>72,789,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 72,789,300
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MOUNT STERLING, WI 54645

MUNICIPALITY MOUNT STERLING  
COUNTY OF CRAWFORD  
COUNTY CODE 12  
MUNICIPAL CODE 151

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>2,300</u>
2016 equalized value of your municipality (TID Out)	\$ <u>6,702,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>6,704,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 6,704,800
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 2,300

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>49,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>474,697,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>474,746,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

6157 COUNTY RD P  
DANE, WI 53529-9760

MUNICIPALITY SPRINGFIELD  
COUNTY OF DANE  
COUNTY CODE 13  
MUNICIPAL CODE 056

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>68,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>414,291,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>414,360,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:

MUNICIPAL CODE 109

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>13,300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>66,790,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>66,803,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>6,855,900</u>
2016 equalized value of your municipality (TID Out)	\$ <u>962,317,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>969,173,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.

MUNICIPALITY EMMET  
COUNTY OF DODGE  
COUNTY CODE 14  
MUNICIPAL CODE 016

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>101,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>122,376,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>122,477,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

MUNICIPAL CODE 036

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>13,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>95,143,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>95,156,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>84,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>86,880,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>86,965,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:

MUNICIPAL CODE 014

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>127,500</u>
2016 equalized value of your municipality (TID Out)	\$	<u>741,878,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>742,006,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>86,137,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>86,138,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>53,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>46,950,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>47,003,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>16,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>39,617,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>39,633,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>53,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>147,584,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>147,638,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

PO BOX 290  
FLORENCE, WI 54121-0290

MUNICIPALITY FERN  
COUNTY OF FLORENCE  
COUNTY CODE 19  
MUNICIPAL CODE 008

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>48,643,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>48,644,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

MUNICIPALITY EMPIRE  
COUNTY OF FOND DU LAC  
COUNTY CODE 20  
MUNICIPAL CODE 016

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>29,200</u>
2016 equalized value of your municipality (TID Out)	\$	<u>293,522,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>293,551,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 293,551,900

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY HILES  
COUNTY OF FOREST  
COUNTY CODE 21  
MUNICIPAL CODE 016

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>400</u>
2016 equalized value of your municipality (TID Out)	\$	<u>131,639,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>131,639,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 131,639,600
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>2,900</u>
2016 equalized value of your municipality (TID Out)	\$	<u>24,420,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>24,423,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>62,264,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>62,265,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 62,265,200
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>305,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>94,514,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>94,819,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

BELLEVILLE, WI 53508

MUNICIPALITY EXETER  
COUNTY OF GREEN  
COUNTY CODE 23  
MUNICIPAL CODE 014

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>5,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>192,545,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>192,550,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 192,550,800
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>48,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>45,727,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>45,775,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>78,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>209,632,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>209,710,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>6,600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>35,189,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>35,195,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>12,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>45,856,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>45,868,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>32,291,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>32,291,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

101 S 2ND ST  
BLACK RIVER FALLS, WI 54615-1

MUNICIPALITY BLACK RIVER FALLS  
COUNTY OF JACKSON  
COUNTY CODE 27  
MUNICIPAL CODE 206

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>2,272,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>222,876,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>225,149,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 225,149,300
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>52,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>106,674,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>106,726,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

BETH ONOFRIO  
W2208 RIVERVIEW RIDGE RD  
LYNDON STATION, WI 53944

MUNICIPALITY KILDARE  
COUNTY OF JUNEAU  
COUNTY CODE 29  
MUNICIPAL CODE 014

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>3,900</u>
2016 equalized value of your municipality (TID Out)	\$	<u>68,891,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>68,895,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.
