If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>43,571,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>43,572,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>5,800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>182,123,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>182,129,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>69,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>147,928,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>147,997,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

BETTY SACIA  
W5735 COUNTY RD V  
HOLMEN, WI 54636

MUNICIPALITY FARMINGTON  
COUNTY OF LA CROSSE  
COUNTY CODE 32  
MUNICIPAL CODE 010

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>17,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>159,843,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>159,860,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 159,860,500
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 17,000

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY ARGYLE  
COUNTY OF LAFAYETTE  
COUNTY CODE 33  
MUNICIPAL CODE 101

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>54,800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>35,435,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>35,490,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 35,490,700
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>52,800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>256,530,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>256,583,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY KING  
COUNTY OF LINCOLN  
COUNTY CODE 35  
MUNICIPAL CODE 012

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>61,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>160,052,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>160,114,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>451,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>203,957,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>204,408,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>12,354,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>12,355,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>900</u>
2016 equalized value of your municipality (TID Out)	\$ <u>72,632,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>72,633,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY HULL  
COUNTY OF MARATHON  
COUNTY CODE 37  
MUNICIPAL CODE 044

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>29,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>55,304,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>55,333,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

MUNICIPAL CODE 068

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>3,052,100</u>
2016 equalized value of your municipality (TID Out)	\$ <u>762,532,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>765,584,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

PO BOX 168  
UNITY, WI 54488-0168

MUNICIPALITY UNITY  
COUNTY OF MARATHON  
COUNTY CODE 37  
MUNICIPAL CODE 186

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>8,738,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>8,740,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>57,600</u>
2016 equalized value of your municipality (TID Out)	\$	<u>145,873,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>145,930,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

W4882 COUNTY RD Z  
WESTFIELD, WI 53964-8447

MUNICIPALITY NEWTON  
COUNTY OF MARQUETTE  
COUNTY CODE 39  
MUNICIPAL CODE 018

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>37,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>63,830,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>63,867,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 63,867,900
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 37,700

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>920,300</u>
2016 equalized value of your municipality (TID Out)	\$ <u>88,304,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>89,224,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

WARRENS, WI 54666

MUNICIPALITY LINCOLN  
COUNTY OF MONROE  
COUNTY CODE 41  
MUNICIPAL CODE 024

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>7,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>77,922,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>77,929,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>500</u>
2016 equalized value of your municipality (TID Out)	\$	<u>38,610,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>38,610,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>167,800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>226,673,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>226,841,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>121,300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>244,503,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>244,624,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>12,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>293,157,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>293,170,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

COUNTY OF OUTAGAMIE  
COUNTY CODE 44  
MUNICIPAL CODE 008

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>53,300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>322,679,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>322,732,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>206,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>207,586,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>207,793,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:

COUNTY OF OZAUKEE  
COUNTY CODE 45  
MUNICIPAL CODE 211

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>2,786,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>1,254,469,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>1,257,255,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>500</u>
2016 equalized value of your municipality (TID Out)	\$	<u>61,555,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>61,555,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPAL CODE 106

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>700</u>
2016 equalized value of your municipality (TID Out)	\$	<u>18,971,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>18,972,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
 

- Your proposed property tax levy (before computer aid)	
- 2016 adjusted value (2016 equalized value (TID Out)	
plus exempt computer value)	18,972,500
- Mill rate (divide tax levy by adjusted value)	
3. Calculate state exempt computer aid amount:
 

- Rate from Step 2	
- Value of exempt computers from page 1 of this notice	700
- Computer aid (multiply rate by value of exempt computers)	
4. Calculate property tax levy amount:
 

- Your property tax levy from Step 2	
- Subtract computer aid from Step 3	
- Required property tax levy

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

1925 LONG LAKE LANE  
COMSTOCK, WI 54826

MUNICIPALITY JOHNSTOWN  
COUNTY OF POLK  
COUNTY CODE 48  
MUNICIPAL CODE 028

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>4,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>100,364,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>100,368,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
 

- Your proposed property tax levy (before computer aid)	
- 2016 adjusted value (2016 equalized value (TID Out)	
plus exempt computer value)	100,368,800
- Mill rate (divide tax levy by adjusted value)	
3. Calculate state exempt computer aid amount:
 

- Rate from Step 2	
- Value of exempt computers from page 1 of this notice	4,000
- Computer aid (multiply rate by value of exempt computers)	
4. Calculate property tax levy amount:
 

- Your property tax levy from Step 2	
- Subtract computer aid from Step 3	
- Required property tax levy

MUNICIPAL CODE 111

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>39,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>27,576,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>27,615,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>120,707,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>120,708,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>65,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>16,782,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>16,847,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

PHILLIPS, WI 54555-1337

MUNICIPALITY PHILLIPS  
COUNTY OF PRICE  
COUNTY CODE 50  
MUNICIPAL CODE 272

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>766,700</u>
2016 equalized value of your municipality (TID Out)	\$	<u>75,168,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>75,935,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>700</u>
2016 equalized value of your municipality (TID Out)	\$	<u>34,318,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>34,319,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>18,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>33,083,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>33,101,600</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>30,300</u>
2016 equalized value of your municipality (TID Out)	\$ <u>101,185,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>101,216,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 101,216,200

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY GRANT  
COUNTY OF RUSK  
COUNTY CODE 54  
MUNICIPAL CODE 014

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>28,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>51,498,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>51,526,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>61,241,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>61,242,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

P O BOX 177  
HAMMOND, WI 54015-0177

MUNICIPALITY HAMMOND  
COUNTY OF ST CROIX  
COUNTY CODE 55  
MUNICIPAL CODE 018

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>19,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>186,291,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>186,310,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

MUNICIPAL CODE 038

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>19,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>299,640,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>299,659,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>111,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>104,383,000</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>104,494,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY SPRING GREEN  
COUNTY OF SAUK  
COUNTY CODE 56  
MUNICIPAL CODE 032

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>229,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>171,617,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>171,847,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>89,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>85,384,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>85,473,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>4,300</u>
2016 equalized value of your municipality (TID Out)	\$ <u>369,472,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>369,477,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 369,477,000

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>11,000</u>
2016 equalized value of your municipality (TID Out)	\$ <u>62,694,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>62,705,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>472,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>71,095,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>71,567,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 71,567,700
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>5,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>29,186,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>29,191,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>800</u>
2016 equalized value of your municipality (TID Out)	\$	<u>62,948,100</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>62,948,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>12,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>32,320,800</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>32,333,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 32,333,200
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>3,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>83,621,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>83,625,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPAL CODE 008

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>3,600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>61,930,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>61,934,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>32,709,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>32,709,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPAL CODE 006

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>11,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>238,121,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>238,132,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

MUNICIPALITY WASHINGTON  
COUNTY OF VILAS  
COUNTY CODE 63  
MUNICIPAL CODE 026

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>69,600</u>
2016 equalized value of your municipality (TID Out)	\$	<u>504,328,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>504,398,500</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>540,900</u>
2016 equalized value of your municipality (TID Out)	\$ <u>314,313,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>314,854,200</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>903,200</u>
2016 equalized value of your municipality (TID Out)	\$ <u>512,483,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>513,386,700</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY SPOONER  
COUNTY OF WASHBURN  
COUNTY CODE 65  
MUNICIPAL CODE 281

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>548,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>127,856,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>128,404,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
 

- Your proposed property tax levy (before computer aid)	
- 2016 adjusted value (2016 equalized value (TID Out)	
plus exempt computer value)	128,404,900
- Mill rate (divide tax levy by adjusted value)	
3. Calculate state exempt computer aid amount:
 

- Rate from Step 2	
- Value of exempt computers from page 1 of this notice	548,500
- Computer aid (multiply rate by value of exempt computers)	
4. Calculate property tax levy amount:
 

- Your property tax levy from Step 2	
- Subtract computer aid from Step 3	
- Required property tax levy

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>396,700</u>
2016 equalized value of your municipality (TID Out)	\$ <u>594,074,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>594,471,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>129,500</u>
2016 equalized value of your municipality (TID Out)	\$ <u>125,690,900</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>125,820,400</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

MUNICIPALITY WALES  
COUNTY OF WAUKESHA  
COUNTY CODE 67  
MUNICIPAL CODE 191

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>47,300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>342,797,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>342,845,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>33,500</u>
2016 equalized value of your municipality (TID Out)	\$	<u>387,123,400</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>387,156,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 387,156,900

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>246,600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>88,562,700</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>88,809,300</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

MUNICIPAL CODE 020

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$	<u>25,300</u>
2016 equalized value of your municipality (TID Out)	\$	<u>52,779,500</u>
2016 equalized value plus exempt computer value (TID Out)	\$	<u>52,804,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>54,400</u>
2016 equalized value of your municipality (TID Out)	\$ <u>131,136,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>131,191,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

COUNTY OF WINNEBAGO  
COUNTY CODE 70  
MUNICIPAL CODE 032

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>6,300</u>
2016 equalized value of your municipality (TID Out)	\$ <u>179,296,600</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>179,302,900</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 179,302,900

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>1,600</u>
2016 equalized value of your municipality (TID Out)	\$ <u>97,033,200</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>97,034,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Municipal Clerk:

The Wisconsin Department of Revenue (DOR) is providing your municipality's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your municipality's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your munc. (TID Out)	\$ <u>160,800</u>
2016 equalized value of your municipality (TID Out)	\$ <u>67,918,300</u>
2016 equalized value plus exempt computer value (TID Out)	\$ <u>68,079,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your municipality's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your municipality's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
