

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
201 W 6TH ST  
FRIENDSHIP, WI 53934-9135

SCH D OF ADAMS FRIENDSHIP AREA  
SCHOOL CODE: 010014

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 489,100
2016 equalized value of your school district's (TID Out)	<u>\$ 1,298,605,038</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,299,094,138</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>489,100</u>
2. 2016 equalized value of school district (TID Out)	<u>1,298,605,038</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,299,094,138</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,299,094,138</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>489,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>345,500</u>
2. 2016 equalized value of school district (TID Out)	<u>969,173,910</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>969,519,410</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>969,519,410</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>345,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
1010 8TH AVE  
CUMBERLAND, WI 54829-9174

SCH D OF CUMBERLAND  
SCHOOL CODE: 031260

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>433,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>642,314,265</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>642,747,965</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>433,700</u>
2. 2016 equalized value of school district (TID Out)	<u>642,314,265</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>642,747,965</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>642,747,965</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>433,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2016 equalized value (TID Out) plus exempt computer value	\$	<u>306,922,156</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>7,900</u>
2. 2016 equalized value of school district (TID Out)	<u>306,914,256</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>306,922,156</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>306,922,156</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>7,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
305 W 4TH ST  
WASHBURN, WI 54891-9408

SCH D OF WASHBURN  
SCHOOL CODE: 046027

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>52,600</u>
2016 equalized value of your school district's (TID Out)	\$	<u>310,913,604</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>310,966,204</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>9,233,000</u>

11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 36  
PULASKI, WI 54162-0036

SCH D OF PULASKI COMMUNITY  
SCHOOL CODE: 054613

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 791,900
2016 equalized value of your school district's (TID Out)	<u>\$ 1,653,023,886</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,653,815,786</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>791,900</u>
2. 2016 equalized value of school district (TID Out)	<u>1,653,023,886</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,653,815,786</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,653,815,786</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>791,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>2,208,200</u>
2. 2016 equalized value of school district (TID Out)	<u>388,774,765</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>390,982,965</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>390,982,965</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>2,208,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
480 E JAMES AVE  
GRANTSBURG, WI 54840-7959

SCH D OF GRANTSBURG  
SCHOOL CODE: 072233

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>379,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>381,867,728</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>382,247,428</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>379,700</u>
2. 2016 equalized value of school district (TID Out)	<u>381,867,728</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>382,247,428</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>382,247,428</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>379,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>972,600</u>
2016 equalized value of your school district's (TID Out)	\$	<u>682,716,282</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>683,688,882</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>972,600</u>
2. 2016 equalized value of school district (TID Out)	<u>682,716,282</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>683,688,882</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>683,688,882</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>972,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>47,600</u>
2. 2016 equalized value of school district (TID Out)	<u>400,508,698</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>400,556,298</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>400,556,298</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>47,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
704 N EAST ST  
NEW AUBURN, WI 54757-0110

SCH D OF NEW AUBURN  
SCHOOL CODE: 093920

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>61,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>283,771,252</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>283,832,952</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>61,700</u>
2. 2016 equalized value of school district (TID Out)	<u>283,771,252</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>283,832,952</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>283,832,952</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>61,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2016 equalized value of your school district's (TID Out)	\$	<u>182,646,739</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>182,850,439</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>203,700</u>
2. 2016 equalized value of school district (TID Out)	<u>182,646,739</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>182,850,439</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>182,850,439</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>203,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
614 E 5TH ST  
NEILLSVILLE, WI 54456-2026

SCH D OF NEILLSVILLE  
SCHOOL CODE: 103899

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>463,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>486,168,109</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>486,631,809</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>484,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
101 SCHOOL ST  
LODI, WI 53555-1046

SCH D OF LODI  
SCHOOL CODE: 113150

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 241,100
2016 equalized value of your school district's (TID Out)	<u>\$ 1,115,369,405</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,115,610,505</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>241,100</u>
2. 2016 equalized value of school district (TID Out)	<u>1,115,369,405</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,115,610,505</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,115,610,505</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>241,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>42,400</u>
2. 2016 equalized value of school district (TID Out)	<u>193,665,176</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>193,707,576</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>193,707,576</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>42,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR

PR DU CHIEN, WI 53821-2327

SCH D OF PRAIRIE DU CHIEN AREA  
SCHOOL CODE: 124543

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 1,280,600
2016 equalized value of your school district's (TID Out)	\$ 514,946,093
2016 equalized value (TID Out) plus exempt computer value	\$ 516,226,693

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>118,900</u>
2. 2016 equalized value of school district (TID Out)	<u>602,944,275</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>603,063,175</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>603,063,175</u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
300 SIMONSON BLVD  
DEERFIELD, WI 53531

SCH D OF DEERFIELD COMMUNITY  
SCHOOL CODE: 131309

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>125,500</u>
2016 equalized value of your school district's (TID Out)	\$	<u>387,144,843</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>387,270,343</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>125,500</u>
2. 2016 equalized value of school district (TID Out)	<u>387,144,843</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>387,270,343</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>387,270,343</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>125,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>64,094,800</u>
2. 2016 equalized value of school district (TID Out)	<u>1,979,164,916</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>2,043,259,716</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>2,043,259,716</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>64,094,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 640,400
2016 equalized value of your school district's (TID Out)	<u>\$ 1,311,963,699</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,312,604,099</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
705 MCKINLEY ST  
BEAVER DAM, WI 53916-1941

SCH D OF BEAVER DAM  
SCHOOL CODE: 140336

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 4,569,700
2016 equalized value of your school district's (TID Out)	\$ 1,532,998,177
2016 equalized value (TID Out) plus exempt computer value	\$ 1,537,567,877

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>4,569,700</u>
2. 2016 equalized value of school district (TID Out)	<u>1,532,998,177</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,537,567,877</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,537,567,877</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>4,569,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,246,000</u>
2. 2016 equalized value of school district (TID Out)	<u>560,673,432</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>561,919,432</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>561,919,432</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,246,000</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
3924 HWY 42  
FISH CREEK, WI 54212

SCH D OF GIBRALTAR AREA  
SCHOOL CODE: 152114

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 737,200
2016 equalized value of your school district's (TID Out)	\$ <u>3,417,453,287</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>3,418,190,487</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>737,200</u>
2. 2016 equalized value of school district (TID Out)	<u>3,417,453,287</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,418,190,487</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,418,190,487</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>737,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>22,900</u>
2016 equalized value of your school district's (TID Out)	\$	<u>223,717,443</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>223,740,343</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>22,900</u>
2. 2016 equalized value of school district (TID Out)	<u>223,717,443</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>223,740,343</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>223,740,343</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>22,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,132,500</u>
2. 2016 equalized value of school district (TID Out)	<u>555,043,379</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>556,175,879</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>556,175,879</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,132,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
E19320 BARTIG RD  
AUGUSTA, WI 54722

SCH D OF AUGUSTA  
SCHOOL CODE: 180217

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 309,000
2016 equalized value of your school district's (TID Out)	<u>\$ 299,174,685</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 299,483,685</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>309,000</u>
2. 2016 equalized value of school district (TID Out)	<u>299,174,685</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>299,483,685</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>299,483,685</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>309,000</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

SCHOOL CODE: 203983

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 1,076,300
2016 equalized value of your school district's (TID Out)	\$ 494,816,396
2016 equalized value (TID Out) plus exempt computer value	\$ 495,892,696

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,076,300</u>
2. 2016 equalized value of school district (TID Out)	<u>494,816,396</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>495,892,696</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>495,892,696</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,076,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>183,500</u>
2. 2016 equalized value of school district (TID Out)	<u>134,135,954</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>134,319,454</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>134,319,454</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>183,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

WABENO, WI 54566-0460

SCH D OF WABENO AREA  
SCHOOL CODE: 215992

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>363,400</u>
2016 equalized value of your school district's (TID Out)	\$	<u>811,491,245</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>811,854,645</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>363,400</u>
2. 2016 equalized value of school district (TID Out)	<u>811,491,245</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>811,854,645</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>811,854,645</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>363,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>732,300</u>
2. 2016 equalized value of school district (TID Out)	<u>386,004,067</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>386,736,367</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>386,736,367</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>732,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 66  
MUSCODA, WI 53573-0066

SCH D OF RIVERDALE (MUSCODA)  
SCHOOL CODE: 223850

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>179,800</u>
2016 equalized value of your school district's (TID Out)	\$	<u>292,847,558</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>293,027,358</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>179,800</u>
2. 2016 equalized value of school district (TID Out)	<u>292,847,558</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>293,027,358</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>293,027,358</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>179,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>114,100</u>
2. 2016 equalized value of school district (TID Out)	<u>109,689,620</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>109,803,720</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>109,803,720</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>114,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

SCHOOL CODE: 233682

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 17,948,400
2016 equalized value of your school district's (TID Out)	\$ 1,068,433,633
2016 equalized value (TID Out) plus exempt computer value	\$ 1,086,382,033

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>420,300</u>
2. 2016 equalized value of school district (TID Out)	<u>626,154,103</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>626,574,403</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>626,574,403</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>420,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 147  
PRINCETON, WI 54968-0147

SCH D OF PRINCETON  
SCHOOL CODE: 244606

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>145,500</u>
2016 equalized value of your school district's (TID Out)	\$	<u>382,260,123</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>382,405,623</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

Values:

1. 2016 equalized value of exempt computers in the school district	145,500
2. 2016 equalized value of school district (TID Out)	382,260,123
3. 2016 equalized value (TID Out) plus exempt computer value	382,405,623

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	
5. 2016 adjusted value = 2016 equalized value (TID Out)	
(2016 equalized value (TID Out) + exempt computer value (line 3))	<u>382,405,623</u>
6. Rate (divide tax levy (line 4) by adjusted value (line 5)	
(nine decimal places)	

7. Rate (from line 6)	
8. Value of exempt computers (line 1)	145,500
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11)	_____
(line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>76,200</u>
2. 2016 equalized value of school district (TID Out)	<u>205,815,711</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>205,891,911</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>205,891,911</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>76,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>340,500</u>
2. 2016 equalized value of school district (TID Out)	<u>321,869,233</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>322,209,733</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	
5. 2016 adjusted value = 2016 equalized value (TID Out)	
(2016 equalized value (TID Out) + exempt computer value (line 3))	<u>322,209,733</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5)	
(nine decimal places)	

Calculate state exempt computer aid amount:

7. Rate (from line 6)	
8. Value of exempt computers (line 1)	340,500
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11)	_____
(line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>97,400</u>
2. 2016 equalized value of school district (TID Out)	<u>364,911,700</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>365,009,100</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>365,009,100</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>97,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

MERCER, WI 54547

SCH D OF MERCER  
SCHOOL CODE: 263484

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>74,400</u>
2016 equalized value of your school district's (TID Out)	\$	<u>444,261,700</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>444,336,100</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

DISTRICT ADMINISTRATOR  
PO BOX 39  
JOHNSON CREEK, WI 53038-0039

SCH D OF JOHNSON CREEK  
SCHOOL CODE: 282730

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>476,900</u>
2016 equalized value of your school district's (TID Out)	\$	<u>368,853,584</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>369,330,484</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>476,900</u>
2. 2016 equalized value of school district (TID Out)	<u>368,853,584</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>369,330,484</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>369,330,484</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>476,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>734,900</u>
2. 2016 equalized value of school district (TID Out)	<u>666,961,283</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>667,696,183</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>667,696,183</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>734,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
1801 S MAIN ST  
NECEDAH, WI 54646-7858

SCH D OF NECEDAH AREA  
SCHOOL CODE: 293871

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>85,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>473,659,441</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>473,745,141</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>85,700</u>
2. 2016 equalized value of school district (TID Out)	<u>473,659,441</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>473,745,141</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>473,745,141</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>85,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2016 equalized value (TID Out) plus exempt computer value	\$ 263,140,833

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>322,400</u>
2. 2016 equalized value of school district (TID Out)	<u>262,818,433</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>263,140,833</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>263,140,833</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>322,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
37101 87TH ST  
BURLINGTON, WI 53105-8596

SCH D OF RANDALL J 1  
SCHOOL CODE: 304627

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>125,800</u>
2016 equalized value of your school district's (TID Out)	\$	<u>684,208,881</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>684,334,681</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>125,800</u>
2. 2016 equalized value of school district (TID Out)	<u>684,208,881</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>684,334,681</u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>64,500</u>
2. 2016 equalized value of school district (TID Out)	<u>383,141,868</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>383,206,368</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>383,206,368</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>64,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

DISTRICT ADMINISTRATOR  
1715 DIVISION ST  
ALGOMA, WI 54201-1435

SCH D OF ALGOMA  
SCHOOL CODE: 310070

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>704,400</u>
2016 equalized value of your school district's (TID Out)	\$	<u>348,825,057</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>349,529,457</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>704,400</u>
2. 2016 equalized value of school district (TID Out)	<u>348,825,057</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>349,529,457</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>349,529,457</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>704,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>17,339,400</u>
2. 2016 equalized value of school district (TID Out)	<u>1,813,094,355</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,830,433,755</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,830,433,755</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>17,339,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
405 E HAMLIN ST  
WEST SALEM, WI 54669-1251

SCH D OF WEST SALEM  
SCHOOL CODE: 326370

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 1,237,800
2016 equalized value of your school district's (TID Out)	\$ 831,929,266
2016 equalized value (TID Out) plus exempt computer value	\$ 833,167,066

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,237,800</u>
2. 2016 equalized value of school district (TID Out)	<u>831,929,266</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>833,167,066</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>833,167,066</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,237,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>70,100</u>
2016 equalized value of your school district's (TID Out)	\$	<u>176,291,128</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>176,361,228</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>70,100</u>
2. 2016 equalized value of school district (TID Out)	<u>176,291,128</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>176,361,228</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>176,361,228</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>70,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 201  
KIEL, WI 53042-1747

SCH D OF KIEL AREA  
SCHOOL CODE: 362828

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>1,012,300</u>
2016 equalized value of your school district's (TID Out)	\$	<u>701,375,067</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>702,387,367</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,012,300</u>
2. 2016 equalized value of school district (TID Out)	<u>701,375,067</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>702,387,367</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>702,387,367</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,012,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>231,800</u>
2. 2016 equalized value of school district (TID Out)	<u>203,484,874</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>203,716,674</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>203,716,674</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>231,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 196  
EDGAR, WI 54426-0196

SCH D OF EDGAR  
SCHOOL CODE: 371561

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>245,300</u>
2016 equalized value of your school district's (TID Out)	\$	<u>212,980,713</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>213,226,013</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>245,300</u>
2. 2016 equalized value of school district (TID Out)	<u>212,980,713</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>213,226,013</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>213,226,013</u>

11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
415 SEYMOUR ST  
WAUSAU, WI 54402-0359

SCH D OF WAUSAU  
SCHOOL CODE: 376223

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 48,719,500
2016 equalized value of your school district's (TID Out)	\$ 3,790,552,272
2016 equalized value (TID Out) plus exempt computer value	\$ 3,839,271,772

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>48,719,500</u>
2. 2016 equalized value of school district (TID Out)	<u>3,790,552,272</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,839,271,772</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,839,271,772</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>48,719,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>80,300</u>
2. 2016 equalized value of school district (TID Out)	<u>247,974,800</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>248,055,100</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>248,055,100</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>80,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
380 GREEN ST  
PESHTIGO, WI 54157-1222

SCH D OF PESHTIGO  
SCHOOL CODE: 384305

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>358,400</u>
2016 equalized value of your school district's (TID Out)	\$	<u>354,164,141</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>354,522,541</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>358,400</u>
2. 2016 equalized value of school district (TID Out)	<u>354,164,141</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>354,522,541</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>354,522,541</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>358,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

2016 equalized value of exempt computers in your school district	\$ 141,400
2016 equalized value of your school district's (TID Out)	<u>\$ 1,222,200,567</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,222,341,967</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>141,400</u>
2. 2016 equalized value of school district (TID Out)	<u>1,222,200,567</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,222,341,967</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,222,341,967</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>141,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

MILWAUKEE, WI 53209-3212

SCH D OF MAPLE DALE-INDIAN HILL  
SCHOOL CODE: 401897

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 3,245,700
2016 equalized value of your school district's (TID Out)	\$ 983,002,661
2016 equalized value (TID Out) plus exempt computer value	\$ 986,248,361

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
7630 S 10TH ST  
OAK CREEK, WI 53154-1912

SCH D OF OAK CREEK-FRANKLIN  
SCHOOL CODE: 404018

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 52,193,900
2016 equalized value of your school district's (TID Out)	\$ 3,658,896,960
2016 equalized value (TID Out) plus exempt computer value	\$ 3,711,090,860

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>52,193,900</u>
2. 2016 equalized value of school district (TID Out)	<u>3,658,896,960</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,711,090,860</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,711,090,860</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>52,193,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>186,400</u>
2. 2016 equalized value of school district (TID Out)	<u>2,126,315,759</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>2,126,502,159</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>2,126,502,159</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>186,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
5000 S 116TH ST  
GREENFIELD, WI 53228-3128

SCH D OF WHITNALL  
SCHOOL CODE: 406470

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 3,350,200
2016 equalized value of your school district's (TID Out)	<u>\$ 1,619,620,323</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,622,970,523</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>3,350,200</u>
2. 2016 equalized value of school district (TID Out)	<u>1,619,620,323</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,622,970,523</u>

##### Calculate appropriate rate:

SCHOOL CODE: 422961

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>82,500</u>
2016 equalized value of your school district's (TID Out)	\$	<u>178,918,461</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>179,000,961</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>82,500</u>
2. 2016 equalized value of school district (TID Out)	<u>178,918,461</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>179,000,961</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>179,000,961</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>82,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>174,100</u>
2. 2016 equalized value of school district (TID Out)	<u>1,377,163,250</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,377,337,350</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,377,337,350</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>174,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 2019  
APPLETON, WI 54912-2019

SCH D OF APPLETON AREA  
SCHOOL CODE: 440147

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 70,397,900
2016 equalized value of your school district's (TID Out)	\$ 7,252,328,337
2016 equalized value (TID Out) plus exempt computer value	\$ 7,322,726,237

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>70,397,900</u>
2. 2016 equalized value of school district (TID Out)	<u>7,252,328,337</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>7,322,726,237</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>7,322,726,237</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>70,397,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>701,000</u>
2. 2016 equalized value of school district (TID Out)	<u>727,378,048</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>728,079,048</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>728,079,048</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>701,000</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 68  
SHIOCTON, WI 54170-0068

SCH D OF SHIOCTON  
SCHOOL CODE: 445348

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	26,000
2016 equalized value of your school district's (TID Out)	\$	309,326,368
2016 equalized value (TID Out) plus exempt computer value	\$	309,352,368

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>26,000</u>
2. 2016 equalized value of school district (TID Out)	<u>309,326,368</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>309,352,368</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>309,352,368</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>26,000</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
604 7TH AVE E  
DURAND, WI 54736-1365

SCH D OF DURAND  
SCHOOL CODE: 461499

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>470,900</u>
2016 equalized value of your school district's (TID Out)	\$	<u>521,240,713</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>521,711,613</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>470,900</u>
2. 2016 equalized value of school district (TID Out)	<u>521,240,713</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>521,711,613</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>521,711,613</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>470,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,094,800</u>
2. 2016 equalized value of school district (TID Out)	<u>1,866,329,400</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,867,424,200</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,867,424,200</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,094,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
PO BOX 249  
SPRING VALLEY, WI 54767-0249

SCH D OF SPRING VALLEY  
SCHOOL CODE: 475586

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>124,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>281,611,624</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>281,736,324</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

SCHOOL CODE: 483213

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>73,800</u>
2016 equalized value of your school district's (TID Out)	\$	<u>299,159,079</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>299,232,879</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue

2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.

3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.

4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

Values:

1. 2016 equalized value of exempt computers in the school district	73,800
2. 2016 equalized value of school district (TID Out)	299,159,079
3. 2016 equalized value (TID Out) plus exempt computer value	299,232,879

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	
5. 2016 adjusted value = 2016 equalized value (TID Out)	
(2016 equalized value (TID Out) + exempt computer value (line 3))	<u>299,232,879</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5)	
(nine decimal places)	

Calculate state exempt computer aid amount:

7. Rate (from line 6)	
8. Value of exempt computers (line 1)	73,800
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11)	_____
(line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>41,262,100</u>
2. 2016 equalized value of school district (TID Out)	<u>4,169,824,822</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>4,211,086,922</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>4,211,086,922</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>41,262,100</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
420 9TH STREET N  
PARK FALLS, WI 54552-1384

SCH D OF CHEQUAMEGON  
SCHOOL CODE: 501071

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>430,500</u>
2016 equalized value of your school district's (TID Out)	\$	<u>753,627,583</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>754,058,083</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>430,500</u>
2. 2016 equalized value of school district (TID Out)	<u>753,627,583</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>754,058,083</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>754,058,083</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>430,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2016 equalized value (TID Out) plus exempt computer value	<u>\$ 8,530,071,650</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>82,576,800</u>
2. 2016 equalized value of school district (TID Out)	<u>8,447,494,850</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>8,530,071,650</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>8,530,071,650</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>82,576,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

SCH D OF RAYMOND #14  
SCHOOL CODE: 514686

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 2,086,900
2016 equalized value of your school district's (TID Out)	\$ 406,517,907
2016 equalized value (TID Out) plus exempt computer value	\$ 408,604,807

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
24615 STATE HWY 58  
RICHLAND CTR, WI 53581-6642

SCH D OF ITHACA  
SCHOOL CODE: 522660

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>3,500</u>
2016 equalized value of your school district's (TID Out)	\$	<u>117,845,387</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>117,848,887</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>3,500</u>
2. 2016 equalized value of school district (TID Out)	<u>117,845,387</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>117,848,887</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>117,848,887</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>3,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>710,300</u>
2. 2016 equalized value of school district (TID Out)	<u>701,490,115</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>702,200,415</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>702,200,415</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>710,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
527 S FRANKLIN ST  
JANESVILLE, WI 53545-4779

SCH D OF JANESVILLE  
SCHOOL CODE: 532695

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 22,327,600
2016 equalized value of your school district's (TID Out)	\$ 3,841,028,948
2016 equalized value (TID Out) plus exempt computer value	\$ 3,863,356,548

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>22,327,600</u>
2. 2016 equalized value of school district (TID Out)	<u>3,841,028,948</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,863,356,548</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,863,356,548</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>22,327,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>1,030,300</u>
2016 equalized value of your school district's (TID Out)	\$	<u>614,694,492</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>615,724,792</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,030,300</u>
2. 2016 equalized value of school district (TID Out)	<u>614,694,492</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>615,724,792</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>615,724,792</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,030,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
506 K STREET  
REEDSBURG, WI 53959-1142

SCH D OF REEDSBURG  
SCHOOL CODE: 564753

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 1,820,600
2016 equalized value of your school district's (TID Out)	\$ 1,361,297,907
2016 equalized value (TID Out) plus exempt computer value	\$ 1,363,118,507

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,820,600</u>
2. 2016 equalized value of school district (TID Out)	<u>1,361,297,907</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,363,118,507</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,363,118,507</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,820,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>30,800</u>
2. 2016 equalized value of school district (TID Out)	<u>454,803,663</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>454,834,463</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>454,834,463</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>30,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

DISTRICT ADMINISTRATOR  
400 W GREEN BAY ST  
BONDUEL, WI 54107

SCH D OF BONDUEL  
SCHOOL CODE: 580602

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>230,900</u>
2016 equalized value of your school district's (TID Out)	\$	<u>457,103,652</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>457,334,552</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>230,900</u>
2. 2016 equalized value of school district (TID Out)	<u>457,103,652</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>457,334,552</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>457,334,552</u>

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
321 N 2ND ST  
CEDAR GROVE, WI 53013

SCH D OF CEDAR GROVE-BELGIUM AREA  
SCHOOL CODE: 591029

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>405,400</u>
2016 equalized value of your school district's (TID Out)	\$	<u>552,539,957</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>552,945,357</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>405,400</u>
2. 2016 equalized value of school district (TID Out)	<u>552,539,957</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>552,945,357</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>552,945,357</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>405,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>678,200</u>
2. 2016 equalized value of school district (TID Out)	<u>551,231,427</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>551,909,627</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>551,909,627</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>678,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
830 VIRGINIA AVE  
SHEBOYGAN, WI 53081-4427

SCH D OF SHEBOYGAN AREA  
SCHOOL CODE: 595271

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 21,377,100
2016 equalized value of your school district's (TID Out)	\$ 3,296,591,598
2016 equalized value (TID Out) plus exempt computer value	\$ 3,317,968,698

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	969,500
2016 equalized value of your school district's (TID Out)	\$	<u>390,495,065</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>391,464,565</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>969,500</u>
2. 2016 equalized value of school district (TID Out)	<u>390,495,065</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>391,464,565</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>391,464,565</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>969,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>153,200</u>
2. 2016 equalized value of school district (TID Out)	<u>354,664,878</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>354,818,078</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>354,818,078</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>153,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 526  
HILLSBORO, WI 54634-0526

SCH D OF HILLSBORO  
SCHOOL CODE: 622541

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>407,200</u>
2016 equalized value of your school district's (TID Out)	\$	<u>209,157,405</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>209,564,605</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>407,200</u>
2. 2016 equalized value of school district (TID Out)	<u>209,157,405</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>209,564,605</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>209,564,605</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>407,200</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,076,700</u>
2. 2016 equalized value of school district (TID Out)	<u>3,213,432,541</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,214,509,241</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,214,509,241</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,076,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 36,700
2016 equalized value of your school district's (TID Out)	\$ 884,596,100
2016 equalized value (TID Out) plus exempt computer value	\$ 884,632,800

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
450 S MAIN ST  
FONTANA, WI 53125

SCH D OF FONTANA J 8  
SCHOOL CODE: 641870

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 67,700
2016 equalized value of your school district's (TID Out)	<u>\$ 1,195,410,027</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,195,477,727</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>67,700</u>
2. 2016 equalized value of school district (TID Out)	<u>1,195,410,027</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,195,477,727</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,195,477,727</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>67,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>51,900</u>
2. 2016 equalized value of school district (TID Out)	<u>108,422,277</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>108,474,177</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>108,474,177</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>51,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
121 BELOIT ST  
WALWORTH, WI 53184

SCH D OF WALWORTH J 1  
SCHOOL CODE: 646022

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>1,146,700</u>
2016 equalized value of your school district's (TID Out)	\$	<u>366,224,796</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>367,371,496</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,146,700</u>
2. 2016 equalized value of school district (TID Out)	<u>366,224,796</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>367,371,496</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>367,371,496</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,146,700</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
801 COUNTY A  
SPOONER, WI 54801-7429

SCH D OF SPOONER  
SCHOOL CODE: 655474

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 703,300
2016 equalized value of your school district's (TID Out)	<u>\$ 1,549,193,249</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,549,896,549</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>703,300</u>
2. 2016 equalized value of school district (TID Out)	<u>1,549,193,249</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,549,896,549</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,549,896,549</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>703,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>19,600</u>
2. 2016 equalized value of school district (TID Out)	<u>322,540,385</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>322,559,985</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>322,559,985</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>19,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
207 POLK ST  
SLINGER, WI 53086-9585

SCH D OF SLINGER  
SCHOOL CODE: 665390

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 3,480,600
2016 equalized value of your school district's (TID Out)	\$ 1,860,235,729
2016 equalized value (TID Out) plus exempt computer value	\$ 1,863,716,329

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>3,480,600</u>
2. 2016 equalized value of school district (TID Out)	<u>1,860,235,729</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,863,716,329</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,863,716,329</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>3,480,600</u>

(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in the school district	<u>22,800</u>
2. 2016 equalized value of school district (TID Out)	<u>387,960,665</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>387,983,465</u>

Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>387,983,465</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>22,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

MENOMONEE FLS, WI 53051

SCH D OF MENOMONEE FALLS  
SCHOOL CODE: 673437

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 26,819,100
2016 equalized value of your school district's (TID Out)	\$ 3,454,096,191
2016 equalized value (TID Out) plus exempt computer value	\$ 3,480,915,291

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
S87 W18763 WOODS RD  
MUSKEGO, WI 53150-0900

SCH D OF MUSKEGO-NORWAY  
SCHOOL CODE: 673857

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 2,412,300
2016 equalized value of your school district's (TID Out)	\$ 3,183,705,854
2016 equalized value (TID Out) plus exempt computer value	\$ 3,186,118,154

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>2,412,300</u>
2. 2016 equalized value of school district (TID Out)	<u>3,183,705,854</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>3,186,118,154</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>3,186,118,154</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>2,412,300</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>1,971,800</u>
2. 2016 equalized value of school district (TID Out)	<u>564,948,014</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>566,919,814</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>566,919,814</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>1,971,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
450 DIVISION ST  
IOLA, WI 54945-9629

SCH D OF IOLA-SCANDINAVIA  
SCHOOL CODE: 682639

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 251,800
2016 equalized value of your school district's (TID Out)	\$ <u>392,937,215</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>393,189,015</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>251,800</u>
2. 2016 equalized value of school district (TID Out)	<u>392,937,215</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>393,189,015</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>393,189,015</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>251,800</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$	<u>751,600</u>
2016 equalized value of your school district's (TID Out)	\$	<u>357,335,000</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>358,086,600</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>751,600</u>
2. 2016 equalized value of school district (TID Out)	<u>357,335,000</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>358,086,600</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>358,086,600</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>751,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	<u>                    </u>

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DISTRICT ADMINISTRATOR  
PO BOX 5000  
WINNECONNE, WI 54986-5000

SCH D OF WINNECONNE COMMUNITY  
SCHOOL CODE: 706608

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 217,500
2016 equalized value of your school district's (TID Out)	<u>\$ 1,003,595,738</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 1,003,813,238</u>

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>217,500</u>
2. 2016 equalized value of school district (TID Out)	<u>1,003,595,738</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>1,003,813,238</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,003,813,238</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>217,500</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

SCH D OF WISCONSIN RAPIDS  
SCHOOL CODE: 716685

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your school district	\$ 12,420,900
2016 equalized value of your school district's (TID Out)	\$ 2,132,516,781
2016 equalized value (TID Out) plus exempt computer value	\$ 2,144,937,681

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either of these methods to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school district's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>12,420,900</u>
2. 2016 equalized value of school district (TID Out)	<u>2,132,516,781</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>2,144,937,681</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	_____
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>2,144,937,681</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	_____

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	_____
8. Value of exempt computers (line 1)	<u>12,420,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	_____

##### Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	_____
11. Subtract exempt computer aid (from line 9)	_____
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and line 19 of Revenue Limit Worksheet)	_____

CALCULATING EXEMPT COMPUTER AID

If you use either method below to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AID AND ACTUAL LEVY COMPUTATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in your school district	<u>5,284,900</u>
2. 2016 equalized value of school district's (TID Out)	<u>1,315,835,956</u>
3. 2016 (TID Out) plus exempt computer value	<u>1,321,120,856</u>

Calculate appropriate rate:

4. Total levy plus SRC 691(line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,321,120,856</u>
6. Rate (divide tax levy (line 4) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>5,284,900</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and Line 19 of Revenue Limit Worksheet)	<u>                    </u>

SCHOOL CODE: 516083

Dear School District Official:

The Wisconsin Department of Revenue (DOR) is providing your school district's 2016 equalized value of exempt computers.

On the back of this notice, we included information needed to estimate your school district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget and revenue limit calculation to determine your allowable 2016 property tax levy.

Required Information:

2016 value of exempt computers in your school district	\$ 1,260,600
2016 equalized value of your school district's (TID Out)	\$ 1,876,977,238
2016 equalized value (TID Out) plus exempt computer value	\$ 1,878,237,838

If you have questions on this notice, contact DOR at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).  
For questions on the Revenue Limit Worksheet, contact DPI: Carey Bradley  
(608)267-3752, Karen Kucharz (608)266-3464 or Bruce Anderson (608)267-9707.

Sincerely,

Valeah Foy, Director  
Bureau of Local Government Services

CALCULATING EXEMPT COMPUTER AID

If you use either method below to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AID AND ACTUAL LEVY COMPUTATION WORKSHEET

Values:

1. 2016 equalized value of exempt computers in your school district	<u>1,260,600</u>
2. 2016 equalized value of school district's (TID Out)	<u>1,876,977,238</u>
3. 2016 (TID Out) plus exempt computer value	<u>1,878,237,838</u>

Calculate appropriate rate:

4. Total levy plus SRC 691(line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>1,878,237,838</u>
6. Rate (divide tax levy (line 4) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>1,260,600</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4)	<u>                    </u>
11. Subtract exempt computer aid (from line 9)	<u>                    </u>
12. Property tax (line 10 minus line 11) (line 12 should equal the total levy on DPI I-401 and Line 19 of Revenue Limit Worksheet)	<u>                    </u>

CALCULATING EXEMPT COMPUTER AID

If you use either method below to calculate the amount of exempt computer aid your district will receive, your estimated payment will be the same amount DOR calculates.

Methods:

1. Excel version
  - Use the 2016-2017 Revenue Limit Worksheet provided by Department of Public Instruction (DPI).
  - Enter the value of exempt computers and your school's equalized value in the appropriate spaces on the worksheet. Note: The exempt computer aid and net levy are calculated for you.
2. Paper version
  - You must transfer final calculations to Line 17 of the 2016-2017 Revenue Limit Worksheet for final levy calculation

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

## EXEMPT COMPUTER AID AND ACTUAL LEVY COMPUTATION WORKSHEET

Values:

- |   |               |
|---|---------------|
| 1. 2016 equalized value of exempt computers in your school district | 27,587,100    |
| 2. 2016 equalized value of school district's (TID Out)              | 5,601,679,089 |
| 3. 2016 (TID Out) plus exempt computer value                        | 5,629,266,189 |

Calculate appropriate rate:

4. Total levy plus SRC 691(line 16, 16-17 Revenue Limit Worksheet) \_\_\_\_\_
5. 2016 adjusted value = 2016 equalized value (TID Out)  
(2016 equalized value (TID Out) + exempt computer value (line 3)) 5,629,266,189
6. Rate (divide tax levy (line 4) by adjusted value (line 5)  
(nine decimal places) \_\_\_\_\_

Calculate state exempt computer aid amount:

- |   |            |
|---|------------|
| 7. Rate (from line 6)   |            |
| 8. Value of exempt computers (line 1)                                 | 27,587,100 |
| 9. Computer aid (multiply rate by exempt computer value) (line 7 x 8) |            |

Calculate property tax levy amount:

10. Total levy plus SRC 691 (from line 4) \_\_\_\_\_  
 11. Subtract exempt computer aid (from line 9) \_\_\_\_\_  
 12. Property tax (line 10 minus line 11) \_\_\_\_\_  
 (line 12 should equal the total levy on DPI I-401  
 and Line 19 of Revenue Limit Worksheet)

If you follow these steps and use the Exempt Computer Aid and Actual Levy Calculation Worksheet below, your estimated payment will be the same amount DOR calculates.

1. Complete your school district's regular budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by your exempt computer value. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal the proposed levy (from Step 1) minus your amount of estimated exempt computer aid.

#### EXEMPT COMPUTER AND ACTUAL LEVY CALCULATION WORKSHEET

##### Values:

1. 2016 equalized value of exempt computers in the school district	<u>62,400</u>
2. 2016 equalized value of school district (TID Out)	<u>297,050,355</u>
3. 2016 equalized value (TID Out) plus exempt computer value	<u>297,112,755</u>

##### Calculate appropriate rate:

4. Total levy plus SRC 691 (line 16, 16-17 Revenue Limit Worksheet)	<u>                    </u>
5. 2016 adjusted value = 2016 equalized value (TID Out) (2016 equalized value (TID Out) + exempt computer value (line 3))	<u>297,112,755</u>
6. Rate (divide tax levy (line 4)) by adjusted value (line 5) (nine decimal places)	<u>                    </u>

##### Calculate state exempt computer aid amount:

7. Rate (from line 6)	<u>                    </u>
8. Value of exempt computers (line 1)	<u>62,400</u>
9. Computer aid (multiply rate by exempt computer value) (line 7 x 8)	<u>                    </u>
