

Notice of Value of Property Tax Exempt Computers

September 30, 2016

LARRY MOLLAND, TREAS  
1112 COUNTY RD A  
GRAND MARSH, WI 53936

EASTON LAKE DISTRICT  
SPECIAL DISTRICT CODE 018020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>4,963,310</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>4,963,310</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

4,963,310

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

\_\_\_\_\_

\_\_\_\_\_

0

\_\_\_\_\_

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DONALD HONAN  
P. O. BOX 296  
OXFORD, WI 53592

GOOSE LAKE WATERSHED DISTRICT  
SPECIAL DISTRICT CODE 018120

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>12,277,252</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>12,277,252</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

THOMAS MAZANEC, TREASURER  
13112 PLEASANT PLACE  
BURNSVILLE, MN 55337

SAND LAKE MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 038080

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>42,636,493</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>42,636,493</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

SPECIAL DISTRICT CODE 048030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>5,244,204</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>5,244,204</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

5,244,204

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MARTIN HOLDEN, TREAS  
2621 JODY DRIVE  
NEW FRANKEN, WI 54229

BAYSHORE SANITARY DISTRICT  
SPECIAL DISTRICT CODE 057240

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>73,790,992</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>73,790,992</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

73,790,992

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

CATHERINE GIRDLEY, OFFICE MGR  
N8722 COUNTY RD LP  
MENASHA, WI 54952

WAVERLY SANITARY DISTRICT  
SPECIAL DISTRICT CODE 087060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 37,900
2016 equalized value of your district (TID Out)	\$ 165,836,437
2016 equalized value (TID Out) plus exempt computer value	\$ 165,874,337

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 105,200
2016 equalized value of your district (TID Out)	\$ 34,186,100
2016 equalized value (TID Out) plus exempt computer value	\$ 34,291,300

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JAMES E GREENE, PRESIDENT  
PO BOX 3  
SENECA, WI 54654-0003

SENECA SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 127020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>600</u>
2016 equalized value of your district (TID Out)	\$ <u>10,037,195</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>10,037,795</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>4,493,900</u>
2016 equalized value of your district (TID Out)	\$ <u>368,019,022</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>372,512,922</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 372,512,922
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 4,493,900
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

LAURA DAVIS, SECRETARY  
PO BOX 83  
STOUGHTON, WI 53589-0083

DUNKIRK DAM LAKE DISTRICT  
SPECIAL DISTRICT CODE 138040

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 3,195,000
2016 equalized value of your district (TID Out)	\$ 15,979,742
2016 equalized value (TID Out) plus exempt computer value	\$ 19,174,742

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

19,174,742

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

\_\_\_\_\_

3,195,000

\_\_\_\_\_

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DENNIS KAUL, CHAIRMAN  
N4959 COUNTY ROAD WS  
WOODLAND, WI 53099

TOWN OF HERMAN SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 147130

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	200
2016 equalized value of your district (TID Out)	\$	5,924,878
2016 equalized value (TID Out) plus exempt computer value	\$	5,925,078

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 5,925,078
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 200
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MARY SMET  
PO BOX 64  
BRULE, WI 54820-0064

BRULE SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 167020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 26,600
2016 equalized value of your district (TID Out)	\$ <u>11,881,971</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>11,908,571</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

11,908,571

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

LESLIE HULBERT, TOWN CLERK  
E4299 COUNTY RD D  
MENOMONIE, WI 54751

MENOMONIE SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 177060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 74,500
2016 equalized value of your district (TID Out)	\$ 1,811,427
2016 equalized value (TID Out) plus exempt computer value	\$ 1,885,927

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

TERESA DEPAS, TREASURER  
300 MERIDIAN ST  
NIAGARA, WI 54151

WEST BASS LAKE DISTRICT  
SPECIAL DISTRICT CODE 198020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>3,300,349</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>3,300,349</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

3,300,349

SPECIAL DISTRICT CODE 207140

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>687,387</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>687,387</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

PICKEREL, WI 54465

PICKEREL/CRANE LAKES PRO & REHAB DISTRICT  
SPECIAL DISTRICT CODE 218030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>81,752,899</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>81,752,899</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

CLAYTON MASTERS, TREASURER  
W591 FOX CT  
MONTELLO, WI 53949

LAKE PUCKAWAY PRO & REHAB DISTRICT  
SPECIAL DISTRICT CODE 248020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	200
2016 equalized value of your district (TID Out)	\$	<u>112,025,766</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>112,025,966</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

112,025,966

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

\_\_\_\_\_

200

\_\_\_\_\_

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MARY CAPEK  
9106 W COUNTY ROAD E  
UPSON, WI 54565

WHITECAP MOUNTAINS SANITARY DISTRICT  
SPECIAL DISTRICT CODE 267040

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>9,296,068</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>9,296,068</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

SUE BRAUER, SEC/TREAS  
PO BOX 5  
SAXON, WI 54559-0005

SAXON SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 267050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 1,100
2016 equalized value of your district (TID Out)	\$ 1,780,419
2016 equalized value (TID Out) plus exempt computer value	\$ 1,781,519

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

2016 equalized value of exempt computers in your district	\$ <u>7,400</u>
2016 equalized value of your district (TID Out)	\$ <u>55,203,700</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>55,211,100</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

GLENDAN REWOLDT  
N1525 CHURCH STREET  
EDGERTON, WI 53534

KOSHKONONG SANITARY DISTRICT #4  
SPECIAL DISTRICT CODE 287100

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>28,062,034</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>28,062,034</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

VILLAGE OF TWIN LAKES CLERK  
PO BOX 1024  
TWIN LAKES, WI 53181-1024

TWIN LAKES PRO & REHAB DISTRICT  
SPECIAL DISTRICT CODE 308030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 82,800
2016 equalized value of your district (TID Out)	\$ <u>713,634,200</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>713,717,000</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 713,717,000
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 82,800
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 266,160,184
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 29,100
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

POLLY MARCOU, ACCOUNT TECH  
400 LA CROSSE ST  
LA CROSSE, WI 54601-3396

SHELBY SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 327070

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 157,800
2016 equalized value of your district (TID Out)	\$ <u>42,859,944</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>43,017,744</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

SPECIAL DISTRICT CODE 348050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>35,850,651</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>35,850,651</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

BILL  
P.O. BOX 189  
FRANCIS CREEK, WI 54214

KOSSUTH SANITARY DISTRICT #2  
SPECIAL DISTRICT CODE 367040

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 51,300
2016 equalized value of your district (TID Out)	\$ 9,284,679
2016 equalized value (TID Out) plus exempt computer value	\$ 9,335,979

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

- 1. Your proposed property tax levy \_\_\_\_\_
- 2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_

2016 equalized value (TID Out) plus exempt computer value	\$	<u>12,959,117</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

AMBERG, WI 54102

AMBERG SANITARY DISTRICT  
SPECIAL DISTRICT CODE 387030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 10,700
2016 equalized value of your district (TID Out)	\$ 4,889,264
2016 equalized value (TID Out) plus exempt computer value	\$ 4,899,964

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

DENISE ELLINGER, TREASURER  
P.O. BOX 272  
MONTELLO, WI 53949

WILLIAMS LAKE PROTECTION DISTRICT  
SPECIAL DISTRICT CODE 398060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>8,693,851</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>8,693,851</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

KEITH OLEJNICZAK  
PO BOX 198  
ABRAMS, WI 54101-0198

ABRAMS SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 427020

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 41,400
2016 equalized value of your district (TID Out)	\$ 32,451,073
2016 equalized value (TID Out) plus exempt computer value	\$ 32,492,473

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 32,492,473
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 41,400
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

SALLY BLAZEK, SEC/TREASURER  
9535 GREEN ACRES ST  
SURING, WI 54174-9600

Notice of Value of Property Tax Exempt Computers

September 30, 2016

FLOYD SCHMIDT  
PO BOX 184  
MOUNTAIN, WI 54149-0184

CHUTE LAKE PRO & REHAB DISTRICT #1  
SPECIAL DISTRICT CODE 428030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>50,989,827</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>50,989,827</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

- 1. Your proposed property tax levy \_\_\_\_\_
- 2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out) plus exempt computer value) 50,989,827
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
- 3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 0
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
- 4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

Notice of Value of Property Tax Exempt Computers

September 30, 2016

BOB MACDONALD, COMMISSIONER  
P.O. BOX 740  
TOMAHAWK, WI 54487-0740

LAKE NOKOMIS LAKE DISTRICT  
SPECIAL DISTRICT CODE 438060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>219,889,101</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>219,889,101</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 6,100
2016 equalized value of your district (TID Out)	\$ 11,383,246
2016 equalized value (TID Out) plus exempt computer value	\$ 11,389,346

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

11,389,346

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

6,100

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

SPECIAL DISTRICT CODE 487120

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>21,700</u>
2016 equalized value of your district (TID Out)	\$ <u>5,073,431</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>5,095,131</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MIRANDA YENTER, TREASURER  
7208 JACQUELINE LAKE LANE  
CUSTER, WI 54423

LAKE JACQUELINE PRO & REHAB DISTRICT  
SPECIAL DISTRICT CODE 498030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>3,702,058</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>3,702,058</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

AMY SCHWABE, DISTRICT TREAS  
6419 HEG PARK RD  
WIND LAKE, WI 53185-2735

NORWAY SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 517080

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 52,500
2016 equalized value of your district (TID Out)	<u>\$ 529,204,232</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 529,256,732</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JOLENE COY  
25475 SCHOONOVER ST  
RICHLAND CTR, WI 53581-8428

HUB-ROCK TOWN SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 527050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 5,200
2016 equalized value of your district (TID Out)	\$ 5,983,550
2016 equalized value (TID Out) plus exempt computer value	\$ 5,988,750

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

PAMELA L COLE, SEC  
1411 COUNTY ROAD A  
NEW RICHMOND, WI 54017-7708

RICHMOND SANITARY DISTRICT #1 (ST CROIX)  
SPECIAL DISTRICT CODE 557040

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>200</u>
2016 equalized value of your district (TID Out)	\$	<u>4,817,211</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>4,817,411</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

3,601,832

Notice of Value of Property Tax Exempt Computers

September 30, 2016

KAREN SHELTON  
S12596 PEARL ROAD  
SPRING GREEN, WI 53588

PRAIRIE SANITARY DISTRICT  
SPECIAL DISTRICT CODE 567060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 6,700
2016 equalized value of your district (TID Out)	\$ 21,239,896
2016 equalized value (TID Out) plus exempt computer value	\$ 21,246,596

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

SALLY OTIS  
PO BOX 249  
EMBARRASS, WI 54933-0249

CLOVERLEAF LAKES SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 587030

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>100,713,936</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>100,713,936</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

Notice of Value of Property Tax Exempt Computers

September 30, 2016

GARY LYNE  
P.O. BOX 225  
SHAWANO, WI 54166-0225

WASHINGTON LAKE MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 588080

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>85,400</u>
2016 equalized value of your district (TID Out)	\$ <u>15,072,390</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>15,157,790</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

WILLIAM GARDAPEE, TREASURER  
W4341 COUNTY RD JM  
SHEBOYGAN FALLS, WI 53085

JOHNSONVILLE SANITARY DISTRICT  
SPECIAL DISTRICT CODE 597200

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 26,700
2016 equalized value of your district (TID Out)	\$ 10,720,282
2016 equalized value (TID Out) plus exempt computer value	\$ 10,746,982

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

10,746,982

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

\_\_\_\_\_

26,700

\_\_\_\_\_

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

5935 S BUSINESS DR - STE 101  
SHEBOYGAN, WI 53081

TOWN OF WILSON SANITARY DISTRICT #1  
SPECIAL DISTRICT CODE 597220

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 410,600
2016 equalized value of your district (TID Out)	\$ 260,825,899
2016 equalized value (TID Out) plus exempt computer value	\$ 261,236,499

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

1. Your proposed property tax levy	
2. Calculate mill rate:	
- Your proposed property tax levy (before computer aid)	
- 2016 adjusted value (2016 equalized value (TID Out) plus exempt computer value)	261,236,499
- Mill rate (divide tax levy by adjusted value)	
3. Calculate state exempt computer aid amount:	
- Rate from Step 2	
- Value of exempt computers from page 1 of this notice	410,600
- Computer aid (multiply rate by value of exempt computers)	
4. Calculate property tax levy amount:	
- Your property tax levy from Step 2	
- Subtract computer aid from Step 3	
- Required property tax levy

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

SUSAN JENSEN, BUSINESS MGR  
N7068 2ND ST  
MEDFORD, WI 54451

CHELSEA SANITARY DISTRICT  
SPECIAL DISTRICT CODE 607040

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>3,811,635</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>3,811,635</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

RAYMOND G. ANDERSON, SECRETARY  
20110 HAMMER AVE  
GALESVILLE, WI 54630-4500

LAKE MARINUKA PUBLIC PRO & REHAB DISTRICT  
SPECIAL DISTRICT CODE 618060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 351,500
2016 equalized value of your district (TID Out)	<u>\$ 242,988,300</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 243,339,800</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JAMES A. JAROLD, JR., TREASURER  
P.O. BOX 176  
ST. GERMAIN, WI 54558

BIG ST. GERMAIN LAKE AREA DISTRICT  
SPECIAL DISTRICT CODE 638090

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 3,500
2016 equalized value of your district (TID Out)	\$ 160,307,376
2016 equalized value (TID Out) plus exempt computer value	\$ 160,310,876

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 40,500
2016 equalized value of your district (TID Out)	\$ 4,736,950
2016 equalized value (TID Out) plus exempt computer value	\$ 4,777,450

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

September 30, 2016

SCOTT MASON, CHAIRMAN  
N7498 COUNTRY CLUB DR  
ELKHORN, WI 53121

LAUDERDALE LAKE MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 648080

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>587,050,431</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>587,050,431</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JOHN R. BEHRENS, SECRETARY  
3366 COUNTY RD NN  
WEST BEND, WI 53095-8722

SILVER LAKE SANITARY DISTRICT (WASHINGTON)  
SPECIAL DISTRICT CODE 667050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>97,063,578</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>97,063,578</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

SPECIAL DISTRICT CODE 677050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 91,300
2016 equalized value of your district (TID Out)	\$ <u>904,134,249</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>904,225,549</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JOHN MANTHE, TREAS  
PO BOX 310  
DOUSMAN, WI 53118-0310

SCHOOL SECTION LAKE MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 678060

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>0</u>
2016 equalized value of your district (TID Out)	\$ <u>19,647,021</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>19,647,021</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 19,647,021
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 0
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MICHELE JOHNSTON, TREAS  
P.O. BOX 511212  
NEW BERLIN, WI 53151

LINNIE LAC MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 678160

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	500
2016 equalized value of your district (TID Out)	\$	10,298,990
2016 equalized value (TID Out) plus exempt computer value	\$	10,299,490

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

10,299,490

\_\_\_\_\_

3. Calculate state exempt computer aid amount:

- Rate from Step 2

- Value of exempt computers from page 1 of this notice

- Computer aid (multiply rate by value of exempt computers)

\_\_\_\_\_

500

\_\_\_\_\_

4. Calculate property tax levy amount:

- Your property tax levy from Step 2

- Subtract computer aid from Step 3

- Required property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JOHN BERTELSON, PRES  
165 POND CT  
IOLA, WI 54945

LAKE IOLA LAKE DISTRICT  
SPECIAL DISTRICT CODE 688050

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 205,900
2016 equalized value of your district (TID Out)	<u>\$ 64,886,813</u>
2016 equalized value (TID Out) plus exempt computer value	<u>\$ 65,092,713</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

\_\_\_\_\_

65,092,713

Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

Notice of Value of Property Tax Exempt Computers

September 30, 2016

KAREN K BREDOW, TREAS  
W11404 LONG LAKE RD  
PLAINFIELD, WI 54966-9754

LONG LAKE DISTRICT, TOWN OF OASIS  
SPECIAL DISTRICT CODE 698070

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>5,374,080</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>5,374,080</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)

- 2016 adjusted value (2016 equalized value (TID Out)

plus exempt computer value)

- Mill rate (divide tax levy by adjusted value)

\_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

MARTY WILKE, CHAIRPERSON  
P.O. BOX 237  
NESHKORO, WI 54960

SPRING LAKE MANAGEMENT DISTRICT  
SPECIAL DISTRICT CODE 698170

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$	<u>0</u>
2016 equalized value of your district (TID Out)	\$	<u>12,406,871</u>
2016 equalized value (TID Out) plus exempt computer value	\$	<u>12,406,871</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue

Notice of Value of Property Tax Exempt Computers

September 30, 2016

JEANNETTE MERTEN, SECRETARY  
1076 COZY LN  
OSHKOSH, WI 54901

OSHKOSH SANITARY DISTRICT  
SPECIAL DISTRICT CODE 707100

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ 31,700
2016 equalized value of your district (TID Out)	\$ <u>31,199,825</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>31,231,525</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

#### EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy \_\_\_\_\_
2. Calculate mill rate:
  - Your proposed property tax levy (before computer aid) \_\_\_\_\_
  - 2016 adjusted value (2016 equalized value (TID Out)  
plus exempt computer value) 31,231,525
  - Mill rate (divide tax levy by adjusted value) \_\_\_\_\_
3. Calculate state exempt computer aid amount:
  - Rate from Step 2 \_\_\_\_\_
  - Value of exempt computers from page 1 of this notice 31,700
  - Computer aid (multiply rate by value of exempt computers) \_\_\_\_\_
4. Calculate property tax levy amount:
  - Your property tax levy from Step 2 \_\_\_\_\_
  - Subtract computer aid from Step 3 \_\_\_\_\_
  - Required property tax levy \_\_\_\_\_

Notice of Value of Property Tax Exempt Computers

September 30, 2016

ROBERT NENAHLO, TREAS  
2631 N MEADE ST  
APPLETON, WI 54911

ORIHULA SANITARY DISTRICT  
SPECIAL DISTRICT CODE 707280

Dear Special District Official:

The Wisconsin Department of Revenue (DOR) is providing your special district's 2016 equalized value of tax exempt computers.

On the back of this notice, we included information needed to estimate your district's 2017 state exempt computer aid amount. You must include this estimated state aid payment as a revenue in your 2017 budget to determine your required 2016 property tax levy.

Required Information:

2016 equalized value of exempt computers in your district	\$ <u>3,700</u>
2016 equalized value of your district (TID Out)	\$ <u>47,145,450</u>
2016 equalized value (TID Out) plus exempt computer value	\$ <u>47,149,150</u>

If you have questions, contact us at [lgs@wisconsin.gov](mailto:lgs@wisconsin.gov).

Sincerely,

Valeah Foy  
Director  
Bureau of Local Government Services

If you follow these steps and use the Exempt Computer Aid Worksheet below, your estimated payment will be the same amount DOR calculates for your July 2017 payment.

- 1. Complete your special district's regular budget procedures and calculate a proposed property tax levy without consideration of state exempt computer aid as a budget revenue
- 2. Divide the proposed property tax levy (from Step 1) by the sum of your district's 2016 equalized value (TID Out) plus your exempt computer value. Calculate this rate out to at least nine decimal places.
- 3. Multiply the rate (from Step 2) by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2017 budget.
- 4. Include the amount of computer aid as a revenue in your 2017 budget and recalculate your district's required property tax levy. Your required tax levy should equal your property levy (from Step 1) minus your amount of estimated aid for exempt computers.

EXEMPT COMPUTER AID WORKSHEET

1. Your proposed property tax levy

\_\_\_\_\_

2. Calculate mill rate:

- Your proposed property tax levy (before computer aid)
