Instructions for 2009 Schedule HI

GENERAL INSTRUCTIONS

Purpose of Schedule HI

Use Schedule HI to claim the Health Insurance Risk-Sharing Plan (HIRSP) assessments credit against your Wisconsin franchise or income tax liability.

Who is Eligible to Claim the Credit

An insurer who is required to participate in the cost of administering the Health Insurance Risk-Sharing Plan may be able to claim the Health Insurance Risk-Sharing Plan assessments credit.

The credit is based on the assessment by the Commissioner of Insurance for the insurer's proportion of participation based on the total assessments estimated by the Health Insurance Risk-Sharing Plan Authority.

Caution: You may not claim any HIRSP credit against your Wisconsin franchise or income tax liability which you also claimed against the premium taxes imposed under secs. 76.60, 76.63, 76.65, 76.66, or 76.67, Wis. Stats.

Credit is Income

The credit you compute on Schedule HI is income and must be reported on your Wisconsin franchise or income tax return in the year computed.

Carryforward of Unused Credits

The HIRSP assessments credit is nonrefundable. Any unused credit may be carried forward for 15 years. **Caution:** If any of the HIRSP assessments credit you compute on Schedule HI cannot be offset against your Wisconsin income or franchise tax liability, you may not claim the

unused amount against premium taxes. You may only carry forward HIRSP assessments credits computed on a Wisconsin franchise or income tax return against Wisconsin franchise or income taxes in future years.

If there is a reorganization of a corporation claiming the HIRSP assessments credit, the limitations provided by the Internal Revenue Code section 383 may apply to the carryover of any unused credit.

Specific Line Instructions

Line 1. For items a through f, enter the information for HIRSP assessments that you paid in the 2009 taxable year covered by this return. Include any assessments you received in a prior taxable year that you paid in the 2009 taxable year covered by this return.

For the amount in column e, you may not have a tax credit amount for each notice. In cases where the HIRSP Authority issues two assessment notices for one year, the credit for that entire year may be computed on the second notice. Since your taxable year may be different than the basis HIRSP uses to issue the notices, you may need to allocate the credit amount between the assessment notices.

Line 3. Fill in the amount of HIRSP assessments credit passed through from tax-option (S) corporations, partnerships, or LLCs treated as partnerships. The pass-through credit is shown on Schedule 5K-1 for shareholders of tax-option (S) corporations, Schedule 3K-1 for partners of partnerships or LLCs treated as partnerships, and Schedule 2K-1 for beneficiaries of estates or trusts.

Line 4. For estates or trusts, show only the estate's or trust's portion of the credit on line 4, and show the beneficiaries' portion of the credit to the left of line 4. Label it "Beneficiaries' portion." Prorate the beneficiaries' portion among the beneficiaries on Schedule 2K-1. For tax-option (S) corporations, partnerships, and LLCs treated as partnerships, show the entire amount of credit on line 4 and prorate that amount among the shareholders, partners, or members on Schedule 5K-1 or 3K-1.

Required Attachments to Return
