Instructions for 2010 Schedule WC

Purpose of Schedule WC

Use Schedule WC to claim the water consumption credit. This credit is available for taxable years beginning after December 31, 2009, and before January 1, 2020.

Who is Eligible to Claim the Credit

The credit is available to an industrial customer of a municipal water utility that is located in a federal renewal community zone in Wisconsin, and whose average annual water consumption from the utility for a 24-month period exceeds 1,000,000 Ccf. Ccf^m means 100 cubic feet.

Partnerships, LLCs treated as partnerships, and tax-option (S) corporations cannot claim the credit, but the credit attributable to the entity's business operations passes through to the partners, members or shareholders. A partnership, limited liability company, or tax-option (S) corporation shall compute the amount of credit that each of its partners, members, or shareholders may claim and provide that information to each of them.

The credit must be claimed within four years of the unextended due date of the return.

Credit is Income

The credit you compute on Schedule WC is income and must be reported on your Wisconsin franchise or income tax return in the year computed.

Carryover of Unused Credits

Any unused credit may be carried forward for 15 years. If there is a reorganization of a corporation claiming the credit, the limitations provided by Internal Revenue Code sec. 383 may apply to the carryover of the unused credit.
