Purpose of Form PW-U – Pass-through entities use Form PW-U to determine if they are subject to interest for underpayment of estimated withholding tax and, if so, the amount of interest. A pass-through entity must have made estimated withholding tax payments if the total of its withholding tax for its taxable year beginning in 2011 is \$500 or more. Form PW-U is also used to compute both extension and delinquent interest whenever the withholding tax due is paid after the end of the unextended due date of the PW-1.

Part I – Compute any underpayment of required installments and the amount of interest due in Part I.

Required installments are based on the smaller of (1) 90% of 2011 Wisconsin net tax, (2) 100% of 2010 Wisconsin net tax, provided the 2010 return covered an entire 12-month period, or (3) 90% of the 2011 Wisconsin net tax figured by annualizing income.

Line 1a – 1c.

Line 1a. Enter the amount from Form PW-1, line 1.
Line 1b. Enter the amount from Form PW-1, line 3.
Line 1c. No underpayment interest is required if the pass-through entity meets any of two certain thresholds: (i) If line 1c. is less than \$500, enter zero and go to Part II, if applicable; (ii) If line 1c. is less than \$5,000, the pass-through entity had no withholding tax liability for the preceding taxable year, and the preceding taxable year covered 12 months, enter zero and go to Part II, if applicable.

Line 3. If the pass-through entity had a withholding tax liability in 2010, enter the amount from 2010 PW-1 (line 1 - line 3).

Line 10. Complete line 10 only if you have an overpayment on line 9 for one or more installment periods. The overpayment may be carried back to prior installment periods and offset against an underpayment for such periods. If you use overpayments from more than one installment period to offset an underpayment of one period, fill in separately on line 10 each carryback used to offset the underpayment.

Line 11. Any overpayment remaining after completing line 10 should be carried forward to the next period.

Lines 13 through 17. Complete these lines to determine the amount of interest due on the underpayment. Complete lines 13 and 15 only when an overpayment or late payment is carried back on line 10. If you apply more than one payment to a given installment, attach a statement showing a separate computation for each payment.

If you do not have a balance due by the unextended due date of Form PW-1 (2 1/2 months after the close of a tax-option (S) corporation's taxable year or 3 1/2 months after the close of a partnership's, limited liability company treated as a partnership's, trust's, or estate's taxable year), enter the amount from line 17 on Form PW-1. Otherwise, enter the amount from line 17 on Part II, line 22, and complete the rest of Part II.

Part II – Complete Part II only if your return is not filed by the unextended due date and shows a balance due.

Line 20. Enter estimated withholding tax payments made and withholding tax withheld from lower-tier entities.

Line 24. The 12% interest applies to the tax on line 23, column (b), only for the extension periods. The 18% interest applies to the sum on line 23, column (a), from the extended due date to the date the return is filed. The 18% interest also applies to the tax on line 23, column (b), from the extended due date to the date the return is filed. Enter total interest from columns (a) and (b) on column (c).

Line 25a. The "net tax due" is the total tax and economic development surcharge less any allowable credits, withholding, and estimated payments made by the due date, including extensions, of the return.

Part III – If you compute one or more installments under the annualized income installment method, complete Part III and enter the amounts from line 45 on Part I, line 6. See section Tax 2.89, Wisconsin Administrative Code, if the taxable year covers less than 12 months.

Lines 27 and 30. Do not include on line 27 items which remain constant from period to period, such as net business loss carryforwards and amortization of adjustments for changes in method of accounting. Instead, enter these items on line 30, columns (a) through (d), in total.
