Notes:

- Individual income tax collections in both years were affected by late postings in withholding. These occur whenever a month ends on a holiday or weekend, causing the due date for withholding payments to move to the first working day of the following month instead of the last day of the current month. Year-to-date amounts for both years are also affected.
- Individual Income includes 62.5% of pass-through withholding and Corporate Income includes the remaining 37.5%.
- The “Other” category includes estate, utility, and real estate transfer tax collections.
- Total does not include insurance premium taxes.
- This report is generated from the STAR Accounting System. Timing differences may cause the amounts in this report to differ from reports produced by the Department of Administration.
- All data are preliminary and unaudited.
