New Assistant Deputy Secretary Appointed at Department of Revenue

Wisconsin Department of Revenue Secretary Richard Chandler announces the appointment of Mike Wagner as the new Assistant Deputy Secretary for the agency, effective June 27, 2016.

"During Mike's tenure with the agency, he has served as the department's Legislative Advisor, and then as the Deputy Division Administrator and Administrator for the Division of Research and Policy. Prior to joining Revenue, Mike spent more than six years as a staff member for three State Senators. His extensive knowledge and experience with public policy has made him a key member of our leadership team. In his new role, he will continue to help develop and advance the agency's legislative initiatives," said Secretary Chandler.

Wagner graduated with a Bachelor of Arts degree in Political Science from UW Madison. He also holds a graduate Foundations of Business certificate from UW Oshkosh.

Wagner replaces Jennifer Western, who is leaving after nearly five years of exceptional service to the department in order to care for parents with health care needs and her two young children.
