## Tax Season in Full Swing

*There are advantages to filing sooner rather than later*

MADISON – Wisconsin's tax season entered its seventh week this week, and so far 1.3 million tax filers have submitted returns out of an expected 3 million. The Wisconsin Department of Revenue (DOR) expects filing activity will be brisk the last few weeks of the season and encourages people to file now. This year's individual income tax filing deadline is Monday, April 15.

There are advantages to filing sooner rather than later.

- You are less likely to become a victim of identity theft or tax fraud.
- You are more likely to get your refund faster, if you have one coming. If you owe taxes, you may still file now and wait until April 15 to pay.
- If you have questions or need assistance, DOR customer service staff are ready to quickly assist, and there will likely be less waiting time than if you file just before the deadline.

People may use the free, fast and accurate [Wisconsin E-file](#) online tool to file their state income taxes, or they may choose to use [third-party software from an approved vendor](#). Like other online tools, Wisconsin E-file does the required math to prevent errors and allows direct deposit or withdrawal from a bank account.

DOR encourages taxpayers with questions to [submit them online](#) or call DOR's individual customer service line at 608.266.2486.

Taxpayers will find a number of helpful resources available on DOR's website at [www.revenue.wi.gov](http://www.revenue.wi.gov) including:

- a list of [free tax help sites](#) across Wisconsin and more information about them
- an online application that will [check the status of your refund](#)
- a [mobile app](#) available free of charge from the Apple or Android app stores

- END -
