Total General Fund tax collections are reported in the Department of Administration’s Report of Monthly General Fund Financial Information, which includes GPR and program revenue taxes collected by all state agencies.

Notes:

1. In the current fiscal year, the due date for Individual Income Tax return payments was extended from April 15th to May 17th. Last year these were also delayed but delayed further until July 15th. Last year’s later due dates also included corporate returns, corporate estimated payments, and individual income estimated payments. Those payments were still due on April 15th in the current year.
2. April sales tax payments generally reflect March purchases. In March of last year, shutdowns due to the Covid-19 pandemic negatively impacted sales tax activity.
3. Individual Income includes 60.7% of pass-thru withholding. Corporate Income includes the remaining 39.3%.
4. The Other category includes estate, utility, and real estate transfer tax collections.
5. Total does not include insurance premium taxes.

6. This report is generated from the STAR Accounting System. Timing differences may cause the amounts in this report to differ from reports produced by the Department of Administration.
7. All data are preliminary and unaudited.
