Total General Fund tax collections are reported in the Department of Administration's Report of Monthly General Fund Financial Information, which includes GPR and program revenue taxes collected by all state agencies.

Notes:

1. The Corporate Income collections increase can be attributed to several unexpectedly large estimated payments. Corporate collections are sensitive to large swings in activity. Future collections may be impacted either way.
2. The Other category includes estate, utility, and real estate transfer tax collections.
3. Total does not include insurance premium taxes.
4. This report is generated from the STAR Accounting System. Timing differences may cause the amounts in this report to differ from reports produced by the Department of Administration. All data are preliminary and unaudited.
