

2021 County and Municipal Revenues and Expenditures

**Revenues and Expenditures by Wisconsin
Counties, Cities, Villages and Towns**

Bulletin No. 119

**Division of State and Local Finance
Bureau of Local Government Services
*MARCH 2023***

I. General Information

This bulletin contains data from the Municipal Financial Report Forms (MFR) local government officials (counties, cities, villages, towns) filed with the Wisconsin Department of Revenue (DOR) for calendar year 2020. DOR is responsible for collecting and verifying the reported information from local governments. The information in this bulletin is complete. If DOR did not receive a municipality's MFR, we requested an independent accounting firm to compile the report using the municipality's records.

Use this publication to make general comparisons among and between local governments, however, use caution when interpreting reported data, particularly variances in reported expenditures. The variances may be due to factors such as level of efficiency and economy, differences in accounting practices, organizational structures, service levels, population, population densities, topographical features, subsoils, neighboring municipalities and labor costs.

II. Data Details

- Line data for each county and municipality are the amounts in the governmental fund types - this data is not comparable to data from 1985 and prior years. Major differences in the data include:
 - » Contains the activities of the capital project and special assessment funds
 - » Does not include county enterprises
- **Note:** Data presented for each activity line includes operating expenditures and capital outlay.
- General property taxes collected for proprietary fund types and the activities of the county highway department internal service fund - are part of the governmental fund type data in this bulletin
- Enterprise funds and internal service fund data - are included as separate entries to alert you that some municipal and county officials treat these activities as proprietary fund types. Others may treat these activities as part of their governmental fund types. This fact may help to clarify some of the differences in revenues and expenditures when comparing the data of local governments.
- CMRE data is unaudited - DOR prepared and released the data per state law (sec.73.10(2) Wis. Stats.). Since this document was prepared electronically, there is some rounding and some totals may differ insignificantly.

We appreciate the assistance and cooperation extended to us by the local government officials. If you have questions contact me at lgs@wisconsin.gov or (608) 261-5360.

Sincerely,
Sara Regenauer, Director
Bureau of Local Government Services

III. Line Definitions

A. Population

The 2020 resident population is estimated by the Wisconsin Department of Administration. In some cases, a county population may be higher than the sum of the populations of the towns, villages and cities listed for that county. This is because some counties contain portions of city or village populations where the primary portion of that city or village is in another county.

B. Revenues - Governmental Funds

The revenues of the general fund, capital project fund, special revenue fund, and debt service fund used in fund accounting.

1. Taxes

- **General property taxes** - property taxes levied in 2019 and collected in 2020 for those on a modified accrual basis of accounting; they are the cash collections in the cash basis municipalities
