Resident status

■ Am I a resident, a nonresident, or a part-year resident?

The following will help you decide.

Full-year resident You are a full-year resident if you are domiciled in Wisconsin for all of 2017.

Nonresident You are a nonresident if you aren't domiciled in Wisconsin for any part of 2017.

Part-year resident You are a part-year resident if you are domiciled in Wisconsin for part of 2017.

■ What is domicile?

Your domicile is the permanent legal home you intend to use for an indefinite or unlimited period, and to which, when absent, you intend to return. It is not always where you presently live. You can be physically present or residing in one state but maintain a domicile in another. "Domicile" is often referred to as "legal residence." You can have only one domicile at a time.

Your domicile, once established, is never lost unless all three of the following occur or exist:

- · You specifically intend to abandon your old domicile and take actions consistent with such intent, and
- You intend to acquire a new domicile and take actions consistent with such intent, such as those listed in question 7
 of the questionnaire on page 63, and
- You are physically present in the new domicile.

Your domicile does not change if:

- · You leave your home state for a brief rest or vacation, or
- You leave your state of domicile to complete a particular transaction, perform a particular contract, or fulfill a particular engagement, but you intend to return to your state of domicile whether or not you complete the transaction, contract, or engagement (for example, migrant workers or students).

■ Armed forces personnel

If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take positive action to change your domicile to another state as described in the above section entitled "What is domicile?". For more information, get Fact Sheet 1118, *Income Tax Information for Active Military Personnel*.

Aliens

If you are considered a nonresident alien for federal tax purposes for the entire taxable year, you are considered a nonresident of Wisconsin. If you are considered a resident alien for federal tax purposes for all or part of the tax year, you may be either a full-year resident, part-year resident, or nonresident of Wisconsin as follows:

If you are a lawful permanent resident of the United States and you intend to remain permanently in Wisconsin, you
are considered a Wisconsin resident. You are a lawful permanent resident of the United States at any time if you have
been given the privilege, according to the immigration laws, of residing permanently in the United States as an immigrant.

You generally have this status if the federal government has issued you an alien registration card, also known as Form I-551, green card, or permanent residence card.

• If you are a nonimmigrant (have not been granted immigrant status by the federal government), you are considered a nonresident of Wisconsin. **Exception** If you are a refugee or have been granted asylum and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident.

Example For Wisconsin tax purposes, you must be a lawful permanent resident of the United States in order to be considered a resident of Wisconsin. On August 1, 2017, you were issued a green card by the federal government. As such, you are considered a Wisconsin resident as of August 1, 2017 (assuming your intent was to establish a domicile in Wisconsin). For the 2017 tax year, you are considered a part-year resident of Wisconsin (a nonresident of Wisconsin from January 1, 2017, through July 31, 2017, and a resident from August 1, 2017, through December 31, 2017). As a part-year resident for 2017, you must file a 2017 Form 1NPR.

Note: Certain tax credits (for example, homestead credit and earned income credit) may not be claimed by part-year residents or nonresidents.

Example A foreign student in this country with an "F" visa under the Immigration and Nationality Act may be classified for federal tax purposes as a nonresident alien or as a resident alien depending on his or her intended length of stay in this country. Regardless of the student's alien status, the student maintains his or her domicile in his or her homeland. The student is a nonresident of Wisconsin. A student with an "F" visa cannot become domiciled in Wisconsin.

Who must file

If you are a nonresident or part-year resident of Wisconsin and your gross income (or the combined gross income of you and your spouse) is \$2,000 or more for 2017, you must file a Wisconsin return. A return does not have to be filed by a nonresident of Wisconsin if all income is exempt from tax as disaster relief work performed during a state of emergency declared by the Governor.

Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It doesn't include items that are exempt from Wisconsin income tax. For example, it does not include U.S. government interest. For further information, see Publication 122, *Tax Information for Part-year Residents and Nonresidents of Wisconsin for 2017.*

Other filing requirements

You may have to file a return even if your gross income is less than \$2,000. You must file a Wisconsin income tax return if:

- You can be claimed as a dependent on another person's income tax return (for example, on your parent's return) and you have gross income of more than \$1,050 which included at least \$351 of unearned income. Unearned income includes interest, dividends, capital gain distributions, etc., that are reportable to Wisconsin.
- You owe a Wisconsin penalty on an IRA, retirement plan, Coverdell education savings account, health savings account, ABLE account, or Archer medical savings account.
- · You are subject to the Wisconsin alternative minimum tax.

Note: Even if you don't have to file, if you had Wisconsin income tax withheld from your wages or you paid estimated tax for 2017, you should file a Wisconsin return since this is the only way to get a refund. (Complete lines 1 through 33 of Form 1NPR, fill in a 0 on line 40, and complete lines 65, 66, 74, 76, 77, and 78. If the amount on line 1 differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned.) If you are a resident of Illinois, Indiana, Kentucky, or Michigan, see the exceptions under line 1 instructions on page 17.

What income does Wisconsin tax?

Full-year residents Wisconsin taxes your income from all sources.

Nonresidents Wisconsin taxes only your income from Wisconsin sources.

Part-year residents During the time you are a Wisconsin resident, Wisconsin taxes your income from all sources. During the time you aren't a Wisconsin resident, Wisconsin taxes only your income from Wisconsin sources.

■ What is income from Wisconsin sources?

Income from Wisconsin sources includes:

- Wages, salaries, commissions, and other income for services performed in Wisconsin (see the exceptions under line 1 instructions on page 17).
- · Rents and royalties from real or tangible property located in Wisconsin, such as land, buildings, and machinery.
- Gains or losses from sales or other dispositions of real or tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits or losses from businesses, professions, and farm operations conducted in Wisconsin, including sole proprietorships, trusts, partnerships, limited liability companies (LLCs), and tax-option (S) corporations. For tax-option corporations, this includes capital gains, interest and dividends passed through from a tax-option (S) corporation that is engaged in business in Wisconsin.
- Income from the Wisconsin state lottery, a multijurisdictional lottery if the winning lottery ticket or lottery share was
 purchased from a Wisconsin retailer, or Wisconsin pari-mutuel wager winnings and purses. This includes all income
 realized from the sale of or purchase and subsequent sale or redemption of lottery prizes if the winning tickets were
 originally purchased in Wisconsin.

- Winnings from a casino or bingo hall located in Wisconsin and operated by a Native American tribe or band.
- · Income derived from a covenant not to compete to the extent the covenant was based on a Wisconsin-based activity.

Which form to file

If you are a nonresident or part-year resident of Wisconsin in 2017, you must file Wisconsin Form 1NPR.

If you are a full-year resident of Wisconsin in 2017, you may file Wisconsin Form WI-Z, Form 1A, or Form 1. Read the instructions for those forms to figure out which one is right for you. You can get Form WI-Z, Form 1A, and Form 1 from any Department of Revenue office or from the department's website at revenue.wi.gov.

Exception If you are a full-year Wisconsin resident but your spouse isn't, and you are filing a joint return, you must file Form 1NPR.

When to file

You should file as soon as you can, but not later than **April 17, 2018**. If you file late without an extension, you are subject to interest at 1.5% per month, late filing fees, and penalties.

Farmers and fishers (persons who earn at least two-thirds of their gross income from farming or fishing) who don't make payments of estimated income tax (Wisconsin Form 1-ES) must file their 2017 Wisconsin income tax returns and pay any tax due by March 1, 2018, to avoid interest for underpayment of estimated tax.

How to get an extension of time to file

Your return is due April 17, 2018.

If you cannot file on time, you can get an extension. You can use any federal extension provision for Wisconsin, even if you are filing your federal return by April 17.

You do *not* need to submit a request for an extension to us prior to the time you file your Wisconsin return. When you file your Form 1NPR enclose either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 6-month extension provision).

Note: You will owe interest on any tax that you have not paid by April 17, 2018. This applies even though you may have an extension of time to file. If you do not file your return by April 17, 2018, or during an extension period, you may have to pay additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 17, 2018. Submit the payment with a 2017 Wisconsin Form 1-ES. You can get this form from our website at revenue.wi.gov or at any Department of Revenue office. Use Form 1-ES to make an extension payment even if you will be filing your return electronically – do not use Form EPV. (**Exception**: You will not be charged interest during an extension period if (1) you served in support of Operation Freedom's Sentinel in the United States, (2) you qualify for a federal extension because of service in a combat zone or contingency operation, or (3) you qualify for a federal extension due to a federally-declared disaster. See "Special Conditions" below.)

If you were a farmer or fisher and you did not make estimated tax payments, you must file your return and pay any tax due by March 1, 2018, to avoid paying interest for underpayment of estimated tax. Farmers and fishers are individuals who earn at least two-thirds of their gross income (gross income of both spouses if married filing a joint return) from farming or fishing. An extension of the March 1 date is not available.

Special Conditions A "Special Conditions" section is located under the name and address section on page 1 of Form 1NPR. If you have an extension of time to file due to service in support of Operation Freedom's Sentinel in the United States, fill in "01" in the Special Conditions box. If you qualify for an extension because of service in a combat zone or contingency operation, fill in "02" in the box. If you qualify for an extension because of a federally-declared disaster, fill in "03" in the box and indicate the specific disaster on the line provided.

Filing your return

■ E-filing (electronic filing)

Electronic filing is the fastest way to get your federal and state income tax refunds. Certain software will allow you to file Form 1NPR electronically.

Check with your tax preparer/software to determine if you can electronically file Form 1NPR, or use the department's free e-file application. For more information on e-filing, go to the department's website at revenue.wi.gov/Pages/OnlineServices/home.aspx.

Paper filing

Electronic filing (e-filing) is the fastest way to receive your refund. However, if you paper file, there are several things you can do to ensure you receive your refund faster.

Important information:

- Send original copies.
- · Use black ink.
- Clearly write your name and address using capital letters. Do not use mailing labels.
- · Commas and dollar signs can be misread when scanned. Do not use them.
- Round amounts to whole dollars. Do not add cents in front of the preprinted zeros on entry lines.
- To indicate a negative number, use a negative sign (for example, -8300 not (8300)).
- Print your numbers clearly.
 O 1 23 45 67 89
 Do not use: Ø147
- If you make a mistake, erase or start over. Do not cross out entries.
- Put entries on the lines. Do not write in the margins, above or below the lines.
- · Lines where no entry is required should be left blank. Do not fill in zeros.
- Do not draw vertical lines in entry fields. They can be read as a "I" when scanned.
- · Do not staple your return. Stapling will delay the processing of your return and any refund.

Assembling your return

Begin by putting the four pages of Form 1NPR in numerical order. Then, attach, using a **paper clip**, the following in the *order listed*.

Do not attach a Form W-RA if you are filing your return on paper. Form W-RA is used only when submitting information for an electronically-filed return.

- 1. Payment If you owe an amount with your return, paper clip your payment to the front of Form 1NPR, unless you are paying by credit card or online.
- 2. W-2s or 1099s Paper clip the appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1042-S, 1099-G, 1099-R, and 1099-MISC and Schedules 2K-1, 3K-1, and 5K-1) to the front of Form 1NPR.
- 3. Wisconsin Schedules Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit), Schedule FC or FC-A (farmland preservation credit), Schedule CR, or Schedule RT. If you are reporting income and expenses of a disregarded entity, attach Schedule DE, *Disregarded Entity Schedule*.
- **4. Amended return** Enclose Schedule AR, *Explanation of Amended Return*, with your amended return and all supporting forms and schedules for items changed. (Don't send a copy of your original return.)
- **5. Federal Return** A complete copy of your federal return (Form 1040, 1040A, 1040EZ, 1040NR or 1040NR-EZ) and its supporting schedules and forms (such as federal Form 8886, *Reportable Transaction Disclosure Statement*.)
- **6.** Extension Form or Statement A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

7. Divorce Decree –

- Persons divorced after June 20, 1996, who compute a refund If your divorce decree apportions any tax liability owed to the department to your former spouse, enclose a copy of the decree with your Form 1NPR. Fill in "04" in the Special Conditions box on page 1 of Form 1NPR. This will prevent your refund from being applied against such tax liability.
- Persons divorced who file a joint return If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Enclose a copy of the portion of your divorce decree that relates to the tax refund with your Form 1NPR. Fill in "04" in the Special Conditions box on page 1 of Form 1NPR.
- **8. Injured Spouse** If you are filing federal Form 8379, *Injured Spouse Allocation*, enclose a copy with your Form 1NPR. Fill in "05" in the Special Conditions box on page 1 of Form 1NPR.

CAUTION Be sure to file all four pages of Form 1NPR. Send the original of your return. Do not send a photocopy.

■ Where to File

Mail your return (an original return or amended return) to the Wisconsin Department of Revenue at:

| (if tax is due) | (if refund or no tax due) | (if homestead credit claimed) |
|-----------------|---------------------------|-------------------------------|

Private Delivery Services You can use certain private delivery services approved by the IRS to meet the timely filing rule. The approved private delivery services are listed in the instructions for your federal tax form. Items must be delivered to Wisconsin Department of Revenue, 2135 Rimrock Rd., Madison WI 53713. You may also get information on your refund using our secure website at revenue.wi.gov.

Amending your return

File an amended return only after you file your original return. Generally, a claim for refund must be filed within 4 years after the unextended due date of your original return (for example, April 15, 2022, for 2017 calendar-year returns). However, a claim for refund to recover all or part of any tax paid as a result of an office or field audit may be filed within 4 years after the date assessed. This applies only if you paid the tax and did not file a petition for redetermination (written appeal).

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. You must file an amended Wisconsin return if the changes affect your Wisconsin income, any credit, or tax payable. You should also file an amended Wisconsin return to claim a refund or pay any additional tax due even though you are not amending your federal or other state return.

If your original return was filed on Form 1NPR, you would file an amended return using Form 1NPR and checking the amended return space at the top of page 1. **Exception**: If you incurred a net operating loss (NOL) on your 2017 Form 1NPR and elect to carry the NOL back to 2015 and 2016, you must file Form X-NOL for the appropriate year, in addition to a Form 1NPR for each year, to amend your return and claim a refund.

Check the space on Form 1NPR to indicate your filing status on the amended return. If you are changing from separate returns to a joint return, both of you must sign the amended return. If there is any tax due, it must be paid in full. You cannot change from joint to separate returns after the due date for filing your original return has passed.

If you are changing your filing status, the amount reported on line 33 of Form 1NPR as federal adjusted gross income must be based on the same filing status used for Wisconsin. For example, you and your spouse both originally filed Form 1NPR as married filing a separate return. You are amending to change your filing status to married filing a joint return. The amount reported on line 33 must be taken from a federal return based on a married filing joint status. If you did not file a joint federal return, you should prepare a pro forma federal return using a married filing joint return status. The federal adjusted gross income and other amounts from this pro forma return are then used to complete the amended return. Follow the Form 1NPR instructions to complete your amended return.

→ If you are changing an amount on any line of Form 1NPR, fill in the corrected amount on that line. If you are not changing an amount on a line, fill in the amount from your 2017 return as originally filed or as you later amended it. If your latest filed return was changed or audited by the department, use the corrected figures from the adjustment notice.

Sign and date your amended return in the space provided on page 4. Your spouse must also sign if it is a joint return.

Enclose Schedule AR with your amended Form 1NPR to explain the changes you made and the reasons for those changes. If you owe an additional amount, enclose your check or money order for the additional tax and interest, made payable to the Wisconsin Department of Revenue.

Mail your amended return to the address shown on Form 1NPR.

Interest is charged on additional tax owed at the rate of 1% per month from the due date of your 2017 return (April 15, 2018). Figure the interest charge on the additional tax you owe. In the area below line 80, write in the amount of interest. Label it "interest charge."

Note Credit Repayments

If you are required to repay a Wisconsin credit, you must amend your Wisconsin return for the year in which you originally claimed the credit to reduce the amount of your credit by your repayment. See below for credits for which you may have to repay.

- State historic rehabilitation credit You may have to repay all or part of the state historic rehabilitation credit if you disposed of the property within 5 years after the date on which the preservation or rehabilitation work was complete or the Wisconsin Historical Society determines that you have not complied with all of the requirements. Visit any Department of Revenue office or contact the department's Customer Service Bureau at (608) 266-2486 for information on determining the amount to be repaid.
- Angel investment credit or early stage seed investment credit If an investment for which you claimed the angel investment credit or early stage seed investment credit in a prior year was held for less than three years, you must repay the amount of the credit that you received related to the investment. This does not apply if the investment becomes worthless, as determined by WEDC, during the 3-year period or if you kept the investment for at least 12 months and a bona fide liquidity event, as determined by WEDC, occurs during the 3-year period.
- Supplement to federal historic rehabilitation credit Were you required to repay to the Internal Revenue Service a portion of the federal historic rehabilitation credit? If yes and you claimed the same qualified rehabilitation expenditures for the Wisconsin credit, you must repay to the department a proportionate amount of the Wisconsin credit. Visit any Department of Revenue office or contact the department's Customer Service Bureau at (608) 266-2486 for information on determining the amount to be repaid.

Penalties for not filing returns or filing incorrect returns

If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

Fraudulent or reckless credit claims

Fraudulent or reckless claims for any refundable credit, including, but not limited to, the earned income credit, homestead credit, or the veterans and surviving spouses property tax credit, are subject to filing limitations. If you file a "fraudulent claim," you will not be allowed to take any refundable credit for 10 years. "Fraudulent claim" means a claim that is false or excessive and filed with fraudulent intent. If you file a "reckless claim," you will not be allowed to take any refundable credit for 2 years. "Reckless claim" means a claim that was improper, due to reckless or intentional disregard of income tax law or department rules and regulations. You may also have to pay penalties.

Internal Revenue Service and other state adjustments

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended return that reflects the federal adjustments, or
- (2) Mailing the copy to: Wisconsin Department of Revenue

Audit Bureau PO Box 8906

Madison WI 53708-8906

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. An amended Wisconsin return must be filed if the changes affect your Wisconsin income, any credit, or tax payable.

Age

If your birthday falls on January 1, 2018, you are considered to be a year older as of December 31, 2017. **Example:** If you were born on January 1, 1953, you are considered to be age 65 as of December 31, 2017.

Estimated tax payments required for next year

If your 2018 Wisconsin income tax return will show a tax balance due to the department of \$500 or more, you must either:

- Make estimated tax payments for 2018 in installments beginning April 17, 2018, using 2018 Wisconsin Form 1-ES, or
- · Increase the amount of income tax withheld from your 2018 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you do not make required installment payments, you may be charged interest.

For more information, contact the department's Customer Service Bureau at (608) 266-2486 or visit any Department of Revenue office.

If you must file Form 1-ES for 2018 and do not receive a form in the mail, go to our website at <u>revenue.wi.gov</u> to obtain a personalized copy of Form 1-ES. You may also visit or contact the department using one of the methods listed above.

Death of a taxpayer

A return for a taxpayer who died in 2017 should be filed on the same form which would have been used if he or she had lived. Include only the taxpayer's income up to the date of his or her death.

If there is no estate to probate, a surviving heir may file Form 1NPR for the person who died. If there is an estate, the personal representative for the estate must file the return. The person filing the Form 1NPR should sign it and indicate his or her relationship to the person who died (for example, "surviving heir" or "personal representative"). Be sure to fill in the surviving heir's or personal representative's mailing address in the address area of Form 1NPR.

If the taxpayer did not have to file a return but paid estimated tax or had tax withheld, a return must be filed to get a refund.

If you filed a return on behalf of a decedent and were issued a refund, but you are not able to cash the refund check, complete Form 804, *Claim for Decedent's Wisconsin Income Tax Refund*. Mail the completed form and refund check to the address shown on Form 804. Do **not** mail Form 804 with the original return.

If your spouse died during 2017 and you did not remarry in 2017, you can file a joint return. You can also file a joint return if your spouse died in 2018 before filing a 2017 return. A joint return should show your spouse's 2017 income before death and your income for all of 2017. Write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

If the return for the decedent is filed as single, head of household, or married filing separate, fill in "06" in the Special Conditions box and indicate the date of death on the line provided. If a joint return is being filed, fill in "06" in the box if it is the primary taxpayer (person listed first on the tax form) who is deceased and the date of death. If it is the spouse who is deceased, fill in "07" in the box and the date of death. If both spouses are deceased, fill in "08" in the box and both dates of death.

If your spouse died before 2017 and you have not remarried, you must file as single or, if qualified, as head of household.

For more information about the final income tax return to be filed for a deceased person, visit any department office or call our Customer Service Bureau at (608) 266-2486.

Before starting your Form 1NPR, fill in your federal return and its supporting schedules. If you aren't required to file a federal return, list the types and amounts of your income and deductions on a separate sheet of paper and enclose it with your Form 1NPR.

Follow these line instructions to fill in your Form 1NPR. Prepare one copy to file with the department and another for your records.

- Amended Return If you already filed your original return and this is an amended return, place a check mark where indicated at the top of Form 1NPR. For more information, see Amending your return on page 7 of these instructions. Be sure to enclose a copy of Schedule AR with your amended return.
- Period covered File the 2017 return for calendar year 2017 and fiscal years that begin in 2017. For a fiscal year, a 52-53 week period, or a short-period return, fill in the taxable year beginning and ending dates in the taxable year space at the top of the form. If your return is for a fiscal year, a 52-53 week period, or a short-period, also fill in "11" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.
- Name and address Print or type your legal name and address. Include your apartment number, if any. Fill in your PO Box number only if your post office does not deliver mail to your home. If you are married filing a joint return, fill in your spouse's name (even if your spouse didn't have any income). If you filed a joint return for 2016 and you are filing a joint return for 2017 with the same spouse, be sure to enter your names and social security numbers in the same order as on your 2016 return.
- **Social security number** Fill in your social security number. Also fill in your spouse's social security number if you are married filing a joint return or if you are married filing a separate return.

If you are an alien who has been issued an Individual Taxpayer Identification Number (ITIN), fill in your ITIN wherever your social security number is requested.

- **Special conditions** Below is a list of the special condition codes that you may need to enter in the special conditions box on Form 1NPR. Be sure to read the instruction on the page listed for each code before using it. Using the wrong code or not using a code when appropriate could result in an incorrect tax computation or a delay in processing your return.

 - 99 Multiple special conditions

If more than one special condition applies, fill in "99" in the Special Conditions box and list the separate code numbers on the line next to the box, in addition to any other information required on the line.

- Tax district Nonresidents don't fill in these lines. Part-year and full-year residents check the proper box and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2017, or before leaving Wisconsin. Also fill in the name of the county in which you lived.
- School district number Nonresidents don't fill in this line. Part-year and full-year residents See the list of school district numbers on page 54. Fill in the number of the school district in which you lived on December 31, 2017, or before leaving Wisconsin.
- Filing status Check one of the boxes to indicate your filing status for 2017. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

If you obtained a decree of divorce or separate maintenance during 2017 or are married and will file a separate return, you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2017*. This publication has information on what income you must report.

Single You may check the "single" box if any of the following was true on December 31, 2017:

- · You were never married.
- You were legally separated under a final decree of divorce or separate maintenance.
- You were widowed before January 1, 2017, and did not remarry in 2017.

Nonresident aliens filing federal Form 1040NR You can't consider yourself single if you were married but lived apart from your spouse.

Married filing joint return Most married couples will pay less tax if they file a joint return. You may check the "married filing a joint return" box if **any** of the following is true.

- You were married as of December 31, 2017.
- Your spouse died in 2017 and you did not remarry in 2017.
- You were married at the end of 2017, and your spouse died in 2018 before filing a 2017 return.

A married couple may file a joint return even if only one had income or if they did not live together all year. Both spouses must sign the return, and both are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

You can't file a joint return if either you or your spouse were a nonresident alien at any time during 2017. You also can't file a joint return if you and your spouse have different tax years.

Exception If at the end of 2017 one spouse was a dual-status or nonresident alien and the other spouse was a U.S. citizen or a resident alien, you may be able to file a joint return. In order to file a joint return, you must elect to treat the nonresident alien spouse as a U.S. resident. If you do file a joint return, you and your spouse must report your combined worldwide income as your federal income. (**Note**: Even though electing to be treated as a U.S. resident, the nonresident alien spouse is considered a nonresident of Wisconsin.)

If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separate return.

Married filing separate return A joint return usually produces the lowest tax, but you and your spouse may be among the few married couples for whom separate returns are better. This will require filing two returns, one for each spouse.

If you file a separate return, print or type your spouse's social security number in the space at the top of the form and full name on the line provided. If you file a separate return, you and your spouse can amend it to file as married filing a joint return within four years after the unextended due date of the return.

Head of household If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child or parent) may be able to use this filing status.

Certain married persons who lived apart from their spouse for the last 6 months of 2017 who paid over half the cost of keeping up a home that was the main home of their child, stepchild, or foster child for more than half of 2017 may be able to use this status. If you do not have to file a federal return, visit any department office or contact the department's Customer Service Bureau at (608) 266-2486 to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

Note: If you are married and qualify to file as head of household, be sure to check both "head of household" filing status and "married" next to the arrow. Also, fill in your spouse's social security number in the space next to the name area and fill in your spouse's name in the spaces above the head of household line.

■ **Resident status** Check the resident status to indicate your resident status in 2017. If you are married filing a joint return, also check one of the spaces to indicate your spouse's resident status in 2017. See the definitions on page 3.

If you are a nonresident of Wisconsin, also indicate in the space provided the 2-letter postal abbreviation for your state of legal residence. If you are a resident of a foreign country, fill in "99".

Legal residence (domicile) questionnaire If you changed your domicile from Wisconsin during 2016 or 2017 and you did not previously complete a questionnaire for that change, fill in the questionnaire on page 63.

Column A and Column B Instructions

Form 1NPR has two columns for figures.

Column A is labeled "Federal column." In this column, lines 1-33, fill in the amounts reported on your federal return.

If you are filing federal Form 1040NR or 1040NR-EZ, fill in the amounts from each line on page 1 of Form 1040NR (lines 3-10 of Form 1040NR-EZ) on the corresponding line on Form 1NPR. If there is no corresponding line on Form 1NPR for an income or adjustment item, include the income item on line 15, and the adjustment item on line 30 of Form 1NPR. The amount reported on line 22 of Form 1040NR or line 6 of Form 1040NR-EZ (income exempt by a treaty) should not be carried over to Form 1NPR.

Exceptions

- If you are using a different filing status for Wisconsin and federal purposes, the amounts you enter in column A cannot be taken from the federal return you file with the Internal Revenue Service (IRS). If you file a joint return for Wisconsin but separate returns for IRS, report in column A the amounts you would report on a federal return using a married filing joint status. (For example, you reported \$15,000 of wages on your separate federal return and your spouse reported \$20,000 of wages on his/her separate federal return. If you file a joint Wisconsin return, report \$35,000 of wages in column A.) If you file separate returns for Wisconsin but you're filing a joint return for IRS, report in column A the amounts you would report on a federal return using a married filing separate status.
- The federal income that you must use to complete column A of Form 1NPR may not always be the same as the amount reported on your federal Form 1040. Differences between federal and Wisconsin law may occur because Wisconsin uses the federal law as amended to December 31, 2016, with certain exceptions.

A comprehensive list of the provisions of federal law that may not be used for Wisconsin purposes for 2017 can be found in the instructions for Wisconsin Schedule I. The following is a list of the items that may affect the largest number of taxpayers.

- Bonus depreciation
- · Domestic production activities deduction

If any provision of federal law that does not apply for Wisconsin affects your federal adjusted gross income, complete Wisconsin Schedule I and enclose it with your Form 1NPR. The amount you fill in on lines 1 through 33 of Form 1NPR (and amounts filled in on Schedule 1 on page 4 of Form 1NPR) should be the revised amount from Schedule I.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2017, you must also make adjustments on Schedule I for 2017. If an adjustment was made to depreciation, amortization, or sec. 179 expense on your 2014 or later Schedule I, you must also make an adjustment on Schedule I for 2017. For example, you had to make an adjustment on Schedule I because Wisconsin did not allow bonus depreciation. You must continue to make an adjustment on Schedule I each year until the depreciable asset is fully depreciated or you sell or otherwise dispose of the asset. This does not apply to property that was being depreciated or amortized and was placed in service in a taxable year beginning before January 1, 2014.

You may also have to fill in Schedule I if you sold property during 2017, and the gain or loss from the sale is different for federal and Wisconsin purposes due to Schedule I adjustments made in a prior year. This does not apply to property that was being depreciated or amortized and was placed in service in a taxable year beginning before January 1, 2014. Gain or loss on such property is the same for federal and Wisconsin tax purposes. See the instructions for Schedule I for more information.

Column B on Form 1NPR is labeled "Wisconsin column." In this column, fill in the amounts that apply to Wisconsin.

Your federal income may include items that aren't taxable or deductible for Wisconsin, or it may not include items that are taxable or deductible for Wisconsin. You may have to add or subtract these items from your federal income to arrive at the correct Wisconsin income.

Those differences between federal and Wisconsin income (called "modifications") that may affect the amounts you report on more than one line of Form 1NPR are explained below. Differences that affect a particular line of Form 1NPR are explained in the instructions for that line.

Modifications for differences between federal and Wisconsin income

■ Differences in federal and Wisconsin basis of property Are you depreciating (or amortizing) property, such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? Did you sell (or otherwise dispose of) property that you are depreciating (or amortizing), such as buildings or machinery which has a different basis for federal and Wisconsin purposes?

Column A and Column B Instructions - continued

To adjust for the difference in basis of depreciated or amortized assets owned on December 31, 2013 (or the last day of a taxable year beginning in 2013 for fiscal filers), see the line 15 instructions for "Difference in federal and Wisconsin basis of depreciated or amortized assets owned on the last day of the 2013 taxable year" on page 31. A subtraction is allowed over 5 years to adjust for any difference in basis. In certain cases, an addition to income is required. As a result of this addition or subtraction, the Wisconsin adjusted basis of all depreciated or amortized assets on January 1, 2014 (or the first day of the taxable year beginning in 2014 for fiscal filers), is the same as the federal adjusted basis.

Did you sell (or otherwise dispose of) property where the federal basis is greater than the Wisconsin basis due to a previous gain on the sale of an asset being deferred because gain was invested in a "qualified new business venture" or a "qualified Wisconsin business"? If so, you must complete Part I of Wisconsin Schedule T. If gain on the sale of an investment in a "qualified Wisconsin business" qualifies to be excluded from income, you must also complete Schedule QI to determine the nontaxable gain. Enclose the completed Schedule T and/or QI with your Form 1NPR.

Did you sell (or otherwise dispose of) property that can't be depreciated or amortized, such as land, stocks, bonds, or an interest in a partnership, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Enclose the completed Schedule T with Form 1NPR.

Caution If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code, use Schedule I to adjust for the difference in basis rather than Schedule T.

- Differences in federal and Wisconsin reporting of marital property (community) income Are you married and filing a separate return for Wisconsin purposes or were you divorced during 2017? If so, you may have to report a different amount of income on your Form 1NPR than on your federal return. For more information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2017.*
- Medical care insurance You may be able to subtract all or a portion of the cost of your medical care insurance.

"Medical care insurance" means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage (including dental insurance). If you are receiving social security benefits, the amount paid for medical care insurance includes the amount deducted from your monthly benefit for Medicare (for example, Parts B and D). It does not include premiums you pay for:

- · Long-term care insurance,
- · Life insurance policies,
- · Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury,
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car, or
- Medical care insurance if you elected to pay these premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

CAUTION

- Do not include insurance premiums paid by an employer including amounts paid by you through payroll deductions, unless the premiums are included as wages in Box 1 of your Form W-2. Premiums that are deducted pre-tax are not included in Box 1 of your Form W-2.
- The amount of employer-provided medical insurance that is identified on your W-2 in Box 12 with Code DD cannot be included in the subtraction for medical care insurance.
- If you participate in your employer's fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a
 medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical
 care insurance. Because you are an employee whose insurance premiums are paid with money that is not included
 in your gross income (premiums are deducted pre-tax), you cannot subtract the premiums paid with that money. Such
 programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc. Some
 employers may identify these amounts on your pay stubs as Internal Revenue Code sec. 125 or as a pre-tax deduction.

Complete Worksheet 1 or Worksheet 2 on the next page, as appropriate, to figure your subtraction.

When completing line 1 of Worksheet 1 or 2, if you purchased the insurance through an Exchange (Marketplace), the amount you paid is the amount paid after your premium was reduced for any advance payment of the premium assistance credit.

Column A and Column B Instructions – continued

Complete Worksheet 2 if you were (1) an employee or (2) a person who had no employer and were not self-employed.

Rounding off to whole dollars Form 1NPR has preprinted zeros in the place used to enter cents. All amounts filled in the form should be rounded to the nearest dollar. Drop amounts under 50¢ and increase amounts that are 50¢ or more to the next dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237. When you round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total.

If completing the form by hand, **do not use commas** when filling in amounts.

Line 1 Wages, Salaries, Tips, Etc.

Federal column Fill in the amount from line 7 of federal Form 1040 or 1040A, or line 1 of Form 1040EZ.

Exception If you were a member of the U.S. uniformed services, do not include military compensation received during a period of time in which you were a nonresident of Wisconsin on line 1, federal column. This does not apply to Wisconsin residents who are stationed outside Wisconsin. If you meet this exception, fill in "09" in the Special Conditions box on page 1 of Form 1NPR. Write the amount of military compensation on the line next to the box. (See page 3 for information on Armed Forces Personnel.)

Wisconsin column *Nonresidents* – fill in the amount received for working in Wisconsin (see **Exceptions**). **Note**: If that amount differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned. If you are retired on disability, do not fill in any disability income. *Part-year and full-year residents* – figure the amount received for working in and outside Wisconsin while a Wisconsin resident. Add to that figure the amount received for working in Wisconsin while a nonresident. If the total differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned. If you are retired on disability, include the amount of disability income received while you were a Wisconsin resident.

Exceptions

■ Income of Military Spouse Income from services performed in Wisconsin by a nonresident spouse of a service member is not taxable to Wisconsin if the spouse is in Wisconsin solely to be with the service member serving in Wisconsin under military orders (Note: Even though the nonresident spouse's wages may not be taxable to Wisconsin, they would be taxable to the nonresident spouse's state of legal residence.) If you meet this exception, fill in "15" in the Special Conditions box on page 1 of Form 1NPR.

Nonresident military spouses may claim an exemption from Wisconsin withholding. See Form W-221, Nonresident Military Spouse Withholding Exemption.

■ Residents of Illinois, Indiana, Kentucky, or Michigan Don't include on line 1, column B wages earned while a resident of one of these states. Under agreements with these 4 states, Wisconsin doesn't tax the wages of their residents.

If your only Wisconsin income is wages earned in Wisconsin while you were a resident of one of the above states, and you are filing to get a refund of Wisconsin tax withheld in error, fill in 0 on lines 1 and 32, column B. Fill in the Wisconsin tax withheld from your wages on lines 65, 76, 77, and 78. Enclose your Wisconsin W-2(s). Sign your return (both spouses if filing a joint return).

- Disaster Relief Work If you are a nonresident of Wisconsin and your only Wisconsin income is from disaster relief work performed in connection with a state of emergency declared by the governor, don't include on line 1, column B, wages earned from the disaster relief work. If you are filing to get a refund of Wisconsin tax withheld in error, fill in 0 on lines 1 and 32, column B. Fill in the Wisconsin tax withheld from your wages on lines 65, 76, 77, and 78. Sign your return (both spouses if filing a joint return). Enclose your Wisconsin W-2(s). If you meet this exception, fill in "17" in the Special Conditions box on page 1 of Form 1NPR.
- **Nonqualified Deferred Compensation** See the instructions for line 10 for information on the taxation of income received while a nonresident of Wisconsin from a nonqualified deferred compensation plan.
- Treaty Exemption If you filed your federal return on Form 1040NR or 1040NR-EZ and have wages that are exempt from federal tax by a treaty, do not include the exempt wages in either column A or column B.

Modifications

■ Reserve or National Guard members If you were a member of the Reserves or National Guard and served on active duty, do not include on line 1, column B, any military pay that is included on your W-2 and that was (1) received from the federal government, (2) received after being called into active federal service or into special state service authorized by the federal Department of Defense, and (3) paid to you for a period of time during which you were on active duty. If you are claiming this subtraction, fill in "14" in the Special Conditions box on page 1 of Form 1NPR. See Caution on page 18.

Line 1 - Wages, Salaries, Tips, Etc. - continued

Caution This subtraction only applies to members of the Reserves or National Guard who are called into active federal service under 10 USC 12302(a) or 10 USC 12304 or into special state service under 32 USC 502(f). It does not apply to pay that members of the Reserves and National Guard receive for weekend and two-week annual training or to a person serving on active or full-time duty in the active guard reserve (AGR) program.

■ **Disability income exclusion for part-year and full-year residents** If you retired on permanent and total disability and have included your disability income on your federal return, you may be able to subtract up to \$5,200 of your disability income.

You must meet all these tests:

- 1. You didn't reach mandatory retirement age before January 1, 2017.
- 2. You were under age 65 on December 31, 2017.
- 3. You were permanently or totally disabled
 - a. when you retired, or
 - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- 4. If you were married at the end of 2017, you must file a joint return with your spouse.
- 5. You were a Wisconsin resident when you received the disability income.
- 6. You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.
- 7. Your federal adjusted gross income is less than \$20,200 (\$25,400 if married and both spouses are eligible).

Figure your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. See page 11 for information on how to get Schedule 2440W. *Full-year residents* – subtract from the disability income included on your federal Form 1040 or 1040A, the exclusion from line 6 of Schedule 2440W. *Part-year residents* – subtract the exclusion from line 8 of Schedule 2440W from the portion of your disability income which is otherwise taxable to Wisconsin. Enclose your completed Schedule 2440W with your Form 1NPR.

Line 2 Taxable Interest

Federal column Fill in the amount from line 8a of federal Form 1040 or 1040A or line 2 of Form 1040EZ.

Wisconsin column *Nonresidents* – don't fill in any amount of your interest. (**Exception** Include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – figure the interest received while a Wisconsin resident. For the period of time you were a nonresident, include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1. Use the worksheet on page 19 to figure the interest taxable by Wisconsin. Save this worksheet for your records.

Modifications

■ State and municipal bond interest Did you receive any state or municipal bond interest? If so, add to your federal income the amount received from state and municipal bonds while a Wisconsin resident. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest in the space to the left of line 2 of Form 1040EZ

Note: If you were required for federal purposes to allocate expenses to this income, reduce the income by such expenses. For more information, see federal Publication 550, *Investment Income and Expenses*.

Exception Do not include interest income from:

- (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin,
- (2) Wisconsin Housing Finance Authority bonds,
- (3) Wisconsin municipal redevelopment authority bonds,
- (4) Wisconsin Housing and Economic Development Authority bonds issued on or after December 11, 2003, to fund multifamily affordable housing projects or elderly housing projects,
- (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds and CHAP housing revenue bonds,

- United States government interest and dividends Did you include U.S. government interest in your federal income? If so, subtract from your federal income the amount of interest on United States bonds and interest and dividends of certain United States government corporations. This income isn't taxable for Wisconsin purposes.

Caution Don't subtract interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin income if you received the interest while a Wisconsin resident.

| Worksheet for Interest Income Taxable by Wisconsin | |

| 2. U.S. government interest included on line 1 | 2 |
| 3. Subtract line 2 from line 1 | 3. |

Line 3 Ordinary Dividends

Federal column Fill in the amount from line 9a of federal Form 1040 or 1040A.

Wisconsin column *Nonresidents* – don't fill in any amount of your dividends. (**Exception** Include your share of dividend income attributable to Wisconsin and passed through from a tax-option (S) corporation as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – fill in the total dividends you received while a Wisconsin resident. For the period of time you were a nonresident, include your share of dividend income attributable to Wisconsin and passed through from a tax-option (S) corporation.

Modification

■ Did you receive ordinary dividends from a mutual fund which invests in U.S. government securities? If so, you can subtract from your federal income the portion of the ordinary dividends which the mutual fund advises you is from investment in U.S. government securities.

Line 4 Taxable Refunds, Credits, or Offsets of State and Local Income Taxes

Federal column Fill in amount from line 10 of Form 1040.

Wisconsin column Don't fill in any amount on line 4. Wisconsin doesn't tax refunds, credits, or offsets of state and local income taxes.

Line 5 Alimony Received

Federal column Fill in amount from line 11 of Form 1040.

Wisconsin column Nonresidents – don't fill in any amount. Part-year and full-year residents – fill in any alimony you received while a Wisconsin resident.

Line 6 Business Income or (Loss)

Federal column Fill in amount from line 12 of Form 1040.

Wisconsin column *Nonresidents* – Nonresident individuals conducting business within and outside Wisconsin are taxed only on income derived in Wisconsin. The apportionment method must be used to determine income subject to tax unless the department gives permission to use separate accounting. Under this method, a business shows all income and deductions attributable to the business and assigns a part to Wisconsin based on an apportionment percentage. For detailed instructions, go to the Common Questions on the department's website at revenue.wi.gov/Pages/FAQS/pcs-npr.aspx. *Partyear and full-year residents* – figure the income or loss from business in and outside Wisconsin while a Wisconsin resident. Combine with that figure the income or loss apportioned to Wisconsin while a nonresident.

Exception Income from an out-of-state business from disaster relief work performed in Wisconsin in connection with a state of emergency declared by the Governor is not taxable to Wisconsin. An out-of-state business means a sole proprietorship that, except for disaster relief work during a disaster period, was not doing business in Wisconsin during the 3 taxable years immediately preceding the disaster period or the current taxable year in which the declared state of emergency occurs. If you meet this exception, fill in "17" in the Special Conditions box on page 1 of Form 1NPR.

Modification

■ **Differences in federal and Wisconsin basis of property** If the federal basis of your property isn't the same as the Wisconsin basis, see page 14.

Line 7 Capital Gain or (Loss)

Federal column Fill in the amount from line 13 of federal Form 1040 or line 10 of Form 1040A.

Wisconsin column *Nonresidents* – complete Schedule WD if you have capital gain or loss from Wisconsin sources. (See definition of Wisconsin sources.) If you don't, fill in 0 on line 7. *Part-year and full-year residents* – all capital gain or loss received while you are a Wisconsin resident and capital gain or loss received from Wisconsin sources while you are a nonresident is includable in your Wisconsin income. However, you are allowed a 30% (60% in the case of farm assets) exclusion for net long-term capital gain, and your deduction for net capital loss is limited to \$500. If you have any capital gain or loss taxable to Wisconsin, complete Schedule WD to determine your taxable gain or allowable loss.

If the only amount on line 13 of Form 1040 or line 10 of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust, and you have no Wisconsin capital loss carryover, you do not have to complete Schedule WD. Fill in 70% of the portion of the capital gain distribution received while a Wisconsin resident.

- Capital gain or loss from Wisconsin sources includes gain or loss from the sale of land, buildings, and machinery located in Wisconsin and your share of capital gain and loss from an estate or trust, partnership, limited liability company (LLC), or tax-option (S) corporation which has been reported to you on Wisconsin Schedule 2K-1, 3K-1, or 5K-1. It also includes gain from the sale of stock acquired under an incentive stock option or employee stock purchase plan to the extent attributable to personal services performed in Wisconsin. It doesn't include losses from nonbusiness bad debts and worthless securities, and gains or losses from sales of stocks (except gain on stock acquired under an incentive stock option or employee stock purchase plan as explained above) while a nonresident.
- **Did you sell your Wisconsin home?** If you sold your Wisconsin home and qualify to exclude all or a portion of the gain on the sale for federal tax purposes, you may exclude the same amount for Wisconsin.

Modification

Wisconsin column *Nonresidents* – don't fill in any amount on line 10. *Part-year and full-year residents* – fill in the taxable amount of pension and annuity income you received while a Wisconsin resident. Wisconsin taxes pension, annuity, profit-sharing, and stock bonus plan distributions received while a Wisconsin resident even though the distributions may relate to work you did in another state.

Exception

- Amounts received while a nonresident of Wisconsin from a nonqualified retirement plan or a nonqualified deferred compensation plan must be included in the Wisconsin column to the extent attributable to services performed as an employee in Wisconsin unless:
 - (1) The distribution is paid out in annuity form over the life expectancy of the individual or a period of not less than 10 years, or
 - (2) The distribution is paid in either an annuity or lump-sum from arrangements known commonly as "mirror" plans.

Modifications

■ Lump-sum distributions Did you receive a lump-sum distribution while a Wisconsin resident? If so, and you used federal Form 4972 to figure your federal tax, you must add the amount of your lump-sum distribution to your other pension and annuity income and report it on line 10. Include on line 10 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

Note: No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

- Military and uniformed services retirement benefits Don't include on line 10, column B, retirement benefits received from:
 - (1) The U.S. military retirement system (including payments from the Retired Serviceman's Family Protection Plan and the Survivor Benefit Plan). These retirement benefits are paid from the Defense Finance and Accounting Service.
 - (2) The U.S. government that relate to service with the Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, or the commissioned corps of the Public Health Service.
- Other retirement benefits Don't include on line 10, column B amounts received from the retirement systems listed below if:
 - 1. You were retired from the system before January 1, 1964, or
 - 2. You were a member of the system as of December 31, 1963, and retired at a later date and payments you receive are from an account established before 1964, or
 - 3. You are receiving payments from the system as the beneficiary of a person who met either condition 1 or 2.

The specific retirement systems are:

- **A.** Local and state retirement systems Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.
- **B.** Federal retirement systems United States government civilian employee retirement systems. Examples of such retirement systems include the Civil Service Retirement System and Federal Employees' Retirement System. These retirement benefits are paid from the U.S. Office of Personnel Management.

Note: You must include the following on line 10, column B:

- Payments received as a result of voluntary tax-sheltered annuity deposits made in any of the retirement systems listed in A or B.
- Payments received from one of the retirement systems listed in A or B if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- · Payments from the federal Thrift Savings Plan.

Line 10 - Pensions and Annuities - continued

- Railroad retirement benefits Don't include on line 10, column B amounts received from the U.S. Railroad Retirement Board that were included in line 16b of federal Form 1040 or line 12b of Form 1040A. These benefits aren't taxable by Wisconsin.
- Disability income exclusion for part-year and full-year residents Are you retired on permanent and total disability? If so, and you have included your disability income on line 16b of your federal Form 1040 or line 12b of Form 1040A, you may be able to subtract up to \$5,200 of your disability income. See the Modifications for line 1.

Line 11 Rental Real Estate, Royalties, Partnerships, S Corporations, Trusts, Etc.

CAUTION Wisconsin follows the federal treatment of passive activity losses (PALs). However, if there is a difference in the federal and Wisconsin definition of the Internal Revenue Code, any PAL may have to be adjusted on Schedule I to account for the difference. The federal column of Form 1NPR includes the amount of PAL allowed for Wisconsin after taking into consideration Schedule I adjustments.

Federal column Fill in the amount from line 17 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources. *Part-year and full-year residents* – figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from sources in and outside Wisconsin received while a Wisconsin resident. Combine with that figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources received while a nonresident.

Rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources includes:

- Rents and royalties from real or tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits and losses from businesses, professions, and farm operations conducted in Wisconsin, including partnerships and tax-option (S) corporations.

Modifications

If an adjustment listed on Schedule 2K-1, 3K-1, or 5K-1 is due to a difference between federal and Wisconsin law, such as bonus depreciation, this amount should be adjusted on Wisconsin Schedule I. This revised amount should be reported in the federal column of Form 1NPR.

- Tax-option (S) corporation modifications
 - (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin.
 - (2) If you were a shareholder of a federal S corporation that elected not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits which was received while you were a Wisconsin resident.
 - **Caution** Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.
 - (3) Instead of including the tax-option (S) corporation items deductible on federal Schedule A in the Wisconsin itemized deduction credit, you may be able to treat these items as subtraction modifications. Your subtraction is limited to the amount actually deductible for federal purposes. This includes any limitation when federal itemized deductions are reduced due to federal adjusted gross income limits. See **Worksheet for Limited Itemized Deductions** on page 36.

A copy of the Schedule 5K-1 is required when making an adjustment. Submit a copy of your Schedule 5K-1 by using one of the following methods:

- 1. Attach as a PDF to your electronically filed return
- 2. Submit with Form W-RA
 - a. Electronically submitted on the department's website at https://tap.revenue.wi.gov/WRA/ /
 - b. Attached to Form W-RA and mailed to the address listed on the form
- 3. If you are filing a paper return, include a copy of Schedule 5K-1 with your return

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 11 for information on how to get this publication.

■ Partnership, estate, or trust modifications If you were a member of a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, estate, or trust notifying you of any modifications to federal income. Increase the amount reported in the federal column by amounts shown as addition modifications. Decrease the amount reported in the federal column by amounts shown as subtraction modifications.

A copy of the Schedule 2K-1 or 3K-1 is required when making an adjustment. Submit a copy of your Schedule 2K-1 or 3K-1 by using one of the following methods:

Add to that figure any other income you received from Wisconsin sources while a nonresident.

Exception If you are affected by any of the modifications listed below, complete Schedule M to determine the amount to enter in the Wisconsin column.

Modifications

■ Farm loss carryover If you were not actively engaged in farming and were subject to farm loss limitations on your 2002-2013 Wisconsin income tax returns, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits or net gains from the sale or exchange of capital or business assets in the current taxable year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

Example You have a farm loss carryover from 2013 of \$30,000. You could not claim a subtraction for any portion of the carryover on your 2014-2016 returns. For 2017 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover.

- Farmland preservation credit Did you receive farmland preservation credit in 2017? If so, the total amount is taxable by Wisconsin. Include on line 15 any portion of your farmland preservation credit from Schedule FC which wasn't included as income on your federal return.
- Addition required for certain credits If you claimed any of the credits listed in (a) through (L), you must include on line 15 the amount of your credit computed for 2017. The amount of your credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward or if the credit is refundable. (Note: Credits that you receive from a partnership or tax-option corporation will be accounted for when you make the modifications described on page 22 for tax-option (S) corporations and partnerships.)

Include the following credits computed for 2017:

- (a) Enterprise zone jobs credit
- (b) Development zones credit
- (c) Technology zone credit
- (d) Manufacturing investment credit
- (e) Economic development tax credit
- (f) Jobs tax credit
- (g) Community rehabilitation program credit
- (h) Research credit
- (i) Manufacturing and agriculture credit (see **Exception** on page 25)
- (j) Capital investment credit
- (k) Business development credit
- (L) Electronics and information technology manufacturing zone credit

Exception The amount of manufacturing and agriculture credit computed for 2016 must be added to income on your 2017 Wisconsin income tax return. This is the amount from line 16 of your **2016** Schedule MA-A or MA-M.

- Federal net operating loss carryover Don't include on line 15 any amount that you deducted on line 21 of federal Form 1040 as a federal net operating loss carryover.
- Recoveries of federal itemized deductions Don't include on line 15 any amount that you included in federal income that is a recovery of a federal itemized deduction from a prior year for which you didn't receive a Wisconsin tax benefit.

Example You deducted a casualty loss of \$2,000 as an itemized deduction on your 2016 federal income tax return. You couldn't claim the casualty loss for the itemized deduction credit on your 2016 Wisconsin return. In 2017, you received a \$1,000 reimbursement from your insurance company for part of the casualty loss. You reported the \$1,000 on your 2017 federal income tax return as a recovery of an amount previously claimed. Wisconsin won't tax the \$1,000 because you didn't claim the casualty loss for the itemized deduction credit on your Wisconsin return.

- Wisconsin net operating loss carryforward If you had a net operating loss (NOL) in an earlier year to carry forward to 2017, include the allowable amount on line 15. Enclose a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 11 for information on how to get this publication.
- A net operating loss carryforward may not be used unless the incurred loss was computed on a return that was filed within 4 years of the unextended due date for that return.
- Medical care insurance See the modification for medical care insurance on page 15 and worksheet 2 on page 16 to compute your modification for the amount paid for medical care insurance.
- Long-term care insurance If you paid long-term care insurance costs during 2017, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

Do not include premiums for long-term care insurance if you elected to pay those premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

If you paid long-term care insurance costs during 2017 for a policy which covers you or your spouse, complete the following three steps to determine the amount of your subtraction.

Step 1 Complete the following worksheet.

| | Worksheet – Long-Term Care Insurance | |
|----|---|--|
| 1. | Amount paid for long-term care insurance in 2017 | |
| 2. | Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 29 of federal Form 1040 | |
| 3. | Portion of long-term care insurance cost deducted on federal Schedule C or F for your employee spouse | |
| 4. | Add lines 2 and 3 | |
| 5. | Subtract line 4 from line 1 | |

Step 2 Use the following formula to prorate the long-term care insurance.

| | | Wages, unearned income, | | |
|--------------------|---|---|---|-------------|
| | | and net earnings from a trade or | | |
| Amount from line 5 | Х | business* taxable by Wisconsin | = | Tentative |
| of worksheet | | Total wages, unearned income, and | | subtraction |
| | | net earnings from a trade or business** | | |

^{*} Use the amount that will be on line 16, column B, without considering the subtraction for long-term care insurance less the amount that will be on line 31, column B of Form 1NPR.

^{**} Use the amount that will be on line 16, column A, less the amount that will be on line 31, column A of Form 1NPR.

Step 3 Your subtraction for long-term care insurance is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, unearned income, and net earnings from a trade or business taxable by Wisconsin.

- Retirement income exclusion You may subtract up to \$5,000 of certain retirement income if:
 - (1) You (or your spouse if married filing a joint return) were 65 years of age or older on December 31, 2017, and
 - (2) Your federal adjusted gross income (line 37 of Form 1040 or line 21 of Form 1040A) is less than \$15,000 (\$30,000 if married filing a joint return). If married filing a separate return, the sum of both spouses' federal adjusted gross income must be less than \$30,000.

If you meet these qualifications, complete the Retirement Income Exclusion Worksheet below to determine the amount of your subtraction. Your subtraction is the amount from line 4 of the worksheet. If married filing a joint return, your subtraction is the total of the amounts in Col. A and Col. B of line 4 of the worksheet.

| Retirement Income Exclusion Worksheet | | | | |
|---|-----------------|--------------------|--|--|
| (Keep for your records) If married filing a joint return, fill in each spouse's information separately. | (A) Yourself | (B) Your Spouse | | |
| 1. Taxable IRA distributions from line 9, column B of Form 1NPR | 1 | | | |
| 2. Taxable pension and annuity income from qualified plans included in line 10, column B of Form 1NPR without considering this exclusion | 2 | | | |
| 3. Add lines 1 and 2 | 3 | | | |
| 4. Complete line 4 as follows. This is your subtraction for retirement income. If you were 65 years of age or older on December 31, 2017, fill in on line 4, Col (A), the <u>smaller</u> of line 3, Col. (A) or \$5,000. Fill in 0 (zero) if you were not age 65 or older. | | | | |

■ Amounts not taxable by Wisconsin Don't include on line 15 amounts not taxable by Wisconsin (less related expenses, except expenses used to figure the Wisconsin itemized deduction credit).

Example Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes.

- Adoption expenses Effective for taxable years beginning in 2017, if you were a full-year resident of Wisconsin for 2017 and you adopted a child for whom a final order of adoption was entered by a court of any state, or upon registration of a foreign adoption, during 2017, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2015, 2016, and 2017. Don't count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.
- **Tuition and fee expenses** You may be able to claim a subtraction for up to \$6,958 (per student) of the amount you paid during 2017 for tuition and mandatory student fees for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition and mandatory student fees must have been paid during 2017 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board or Department of Safety and Professional Services
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota-Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition or fees paid to pre-schools, elementary, or secondary schools (for example, grade schools and high schools).

Tuition and mandatory student fees paid to a school that fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition and fees paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition and mandatory student fees paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board or Department of Safety and Professional Services.

Caution The subtraction only applies to tuition and mandatory student fees. Amounts paid as separate charges for other items such as room and board, athletic tickets, or other costs may not be subtracted.

You cannot claim a subtraction for tuition and fees paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition and fees paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (Edvest or Tomorrow's Scholar). This limitation applies only if the owner of the account or other person who contributed to the account (for example, grandparent, aunt, uncle, or other person) previously claimed a subtraction for contributions to the Edvest or Tomorrow's Scholar program.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount from:

- line 37 of Form 1040
- line 36 of Form 1040NR, or
- line 21 of Form 1040A
- line 10 of Form 1040NR-EZ.
- line 4 of Form 1040EZ

These amounts should be adjusted for any Schedule I differences.

If your filing status is:

Single or Head of Household

- If your federal adjusted gross income is \$53,160 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$53,160 but less than \$63,790, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$63,790 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Joint Return

- If your federal adjusted gross income is \$85,050 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$85,050 but less than \$106,310, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$106,310 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Separate Return

- If your federal adjusted gross income is \$42,530 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$42,530 but less than \$53,160, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$53,160 or more, you may not subtract any amount for tuition and fee expenses.

Step 1 Complete the worksheet below as required for your filing status.

| | Tuition Expense Worksheet | | | | |
|-----|--|--|--|--|--|
| Cau | ution Only certain taxpayers are required to complete this worksheet. See the instructions for your filing status. | | | | |
| 1. | Amount paid for tuition and mandatory student fees in 2017. Do not fill in more than \$6,958 per student | | | | |
| 2. | Fill in your federal adjusted gross income 2. | | | | |
| 3. | Fill in \$53,160 (\$85,050 if married filing joint return or \$42,530 if married filing separate return) | | | | |
| 4. | Subtract line 3 from line 2 | | | | |
| 5. | Divide the amount on line 4 by 10,630 (21,260 if married filing joint return). Fill in decimal amount 5 | | | | |
| 6. | Multiply line 1 by the decimal amount on line 5 | | | | |
| 7. | Subtract line 6 from line 1. This is the amount of tuition and fee expense to use in the formula in Step 2 | | | | |

Step 2 Use the following formula to prorate the tuition expense.

| | | Wages, salaries, tips, unearned income, and net earnings from a trade or | | |

| Tuition and | Х | business** taxable by Wisconsin | = | Tentative |

| | | and net earnings from a trade or business*** | | |

^{*} This is the amount from line 7 of the Tuition Expense Worksheet in Step 1. If you were not required to use the worksheet, use the amount paid for tuition and mandatory student fees in 2017, but not more than \$6,958 per student.

- **Step 3** Your subtraction for tuition and fee expense is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, salaries, tips, unearned income, and net earnings from a trade or business taxable by Wisconsin.
- Contributions to a Wisconsin state-sponsored college savings program You may be able to subtract the amount you contributed to a Wisconsin state-sponsored college savings account (Edvest or Tomorrow's Scholar) if you are the owner of the account or were authorized by the owner of the account to make contributions to the account.

You may also claim a subtraction if you rolled over an amount from another state's qualified plan into a Wisconsin account.

Complete Schedule CS, *College Savings Accounts*, to determine the amount of your subtraction. Enclose Schedule CS with your Form 1NPR.

■ Distributions from Edvest and Tomorrow's Scholar College Savings Account If, while a Wisconsin resident, you received a distribution from an Edvest or Tomorrow's Scholar college savings account and the entire distribution was not used for qualified higher educational expenses, you may have to include all or a portion of the distribution in income. If you rolled over an amount from an Edvest or Tomorrow's Scholar college savings plan into another state's plan, you may also have to include all or a portion of the amount rolled over in Wisconsin income. If you received a distribution within 365 days of contributing an amount to an account, the amount previously subtracted may have to be included in income.

Complete Schedule CS to determine the amount you must include in income. Enclose Schedule CS with Form 1NPR.

- Distributions from Wisconsin state-sponsored college tuition programs If you included earnings from a qualified college tuition program in your federal adjusted gross income, you may subtract that amount if the earnings were from a Wisconsin Edvest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased, or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.
- **Distributions from ABLE Accounts** The owner (beneficiary) of a qualified ABLE account must include in income any amount withdrawn from a qualified ABLE account for any reason other than the payment of qualified disability expenses for the account beneficiary. Also, upon termination of an account, an addition to income is provided for any amount in the account that is returned to an account owner's estate.
- ABLE Accounts A subtraction may be claimed for the amount contributed to a qualified ABLE (Achieving a Better Life Experience) account during the year. The owner (beneficiary) of an ABLE account must be a disabled person. Distributions from the account must be used to pay the qualified disability expenses of the disabled person. The total maximum subtraction that may be claimed by all contributors to the account for 2017 is \$14,000. The subtraction does not apply to rollovers or transfers from another account.
- Child and dependent care expenses Do you qualify for the federal credit for child and dependent care expenses for 2017? If yes, you may qualify to claim the Wisconsin subtraction for child and dependent care expenses. If married, you must file a joint return unless (1) you lived apart from your spouse during the last six months of 2017, (2) the qualifying person lived in your home more than half of 2017, and (3) you provided over half the cost of keeping up your home.

Complete the worksheet at the top of page 29.

- Passive foreign investment company Include on line 15 the amount of excess distribution from a passive foreign investment company which is allocable to Wisconsin and which has not been included in federal adjusted gross income (see federal Form 8621 or 8621-A).
- Sale of business assets or assets used in farming to a related person. You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:
 - The related person is your child, grandchild, great-grandchild, parent, brother or sister, nephew or niece, grandparent, great-grandparent, aunt, or uncle. The person may be related to you by blood, marriage, or adoption.
 - The asset was held by you for more than 12 months.
 - The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

Farming "Farming" means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

Business Assets "Business assets" are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

"Business assets" include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

"Business assets" do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note**: Rental property which is a farm or farm equipment may qualify as an asset "used in farming.")

Computing the subtraction You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 70% of the long-term gain on the sale of a business asset to the related person, 40% of the long-term gain on the sale of a farm asset, or 70% of the long-term gain on the sale of qualified shares in a corporation.*
- If the amount on line 17 or 18 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from
 the sale of the asset to the related person, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on
 line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD less the amount on line 8 of
 Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, complete the following worksheet to compute your subtraction.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, complete the following worksheet to compute your subtraction.

| Worksheet for Gain on Sale of Assets to Related Person | | | | |
|--|--|--|--|--|
| 1. Amount from line 19 of Schedule WD | | | | |
| 2. Long-term capital gain on the sale of assets to a related person 2. | | | | |
| 3. Total long-term capital gain included in line 17 of Schedule WD 3. | | | | |
| 4. Divide line 2 by line 3. Carry decimal to four places4 | | | | |
| 5. Multiply line 1 by line 4 | | | | |
| If the amount on line 2 is gain from the sale of an asset used in farming, multiply line 5 by .40 (40%) and fill in result.* | | | | |
| If the amount of line 2 is gain from the sale of a business asset or gain from the sale of qualified shares in a corporation, multiply line 5 by .70 (70%) and fill in result. | | | | |
| This is your subtraction for gain on the sale of assets to a related person 6. | | | | |

■ Repayment of income previously taxed If you had to repay during 2017, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 27 or 28 of your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with your Form 1NPR.

Caution Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may be able to subtract the repayment as described above *or* take a tax credit. See the instructions for line 69.

■ Human organ donation If you were a full-year resident of Wisconsin for 2017 and you, your spouse, or a person who is claimed as a dependent on your federal income tax return donated one or more of their human organs to another person for human organ transplantation, you may subtract certain unreimbursed expenses related to the organ donation. "Human organ" means all or part of a liver, pancreas, kidney, intestine, lung, or bone marrow. The subtraction may be claimed only in the taxable year in which the transplantation occurs. The subtraction may be claimed only once. The subtraction is equal to the amount of your unreimbursed expenses for travel, lodging, and lost wages, but not more than \$10,000.

^{*} A sale of qualified shares of a corporation that is engaged in farming to a relative does not qualify for the additional 30% exclusion for the sale of assets used in farming on Wisconsin Schedule WD. Thus the amount that may be subtracted as gain on the sale of qualifying shares of stock in a corporation is 70% of the gain.

- Addition for certain expenses paid to related entities Fill in as an addition the amount deducted or excluded from your Wisconsin income for interest, rental expenses, intangible expenses, and management fees paid, accrued, or incurred to a related entity (person or business entity). You must make this addition even though you may be eligible for a deduction for these expenses. If you are eligible for a deduction, you may then make a subtraction for the amount that qualifies (see below).
- Subtraction for certain expenses paid to related entities Were you required to make an addition modification for interest, rental expenses, intangible expenses, and management fees paid to a related entity (see above item)? If yes, see Schedule RT to find out if you qualify for a subtraction. Although you must meet one of the conditions in Schedule RT, Part II to qualify for a subtraction, you do not need to enclose Schedule RT with your return unless your total expenses paid, accrued, or incurred to related entities are \$100,000 or more. If enclosing Schedule RT, also fill in "16" in the Special Conditions box on page 1 of Form 1NPR.
- Interest, rental payments, intangible expenses, and management fees, reported as income by a related entity Did you report to Wisconsin income from interest, rental payments, intangible expenses, and management fees made by a related entity that was not able to claim a deduction for such payments? If yes, you may claim a subtraction for the amount that the related entity was not able to deduct.
- Sales of Certain Insurance Policies To the extent included in federal adjusted gross income, the original policy holder or original certificate holder who has a catastrophic or life-threatening illness or condition may subtract the amount of income received from the sale of a life insurance policy or certificate, or the sale of the death benefit under a life insurance policy or certificate, under a life settlement contract. "Catastrophic or life-threatening illness or condition" includes AIDS and HIV infection.
- Combat zone related death If you are filing a return for an individual who was on active duty in the U.S. armed forces and who died in 2017 while on active duty and the death occurred while he or she was serving in a combat zone or as a result of wounds, disease, or injury incurred while serving in the combat zone, you may subtract all income received by the individual during the year of death. Attach the certification made by the Department of Defense, DD Form 1300, Report of Casualty, to the return.

Note: For persons who died in 2017 as a result of service in a combat zone, the income subtraction also applies for 2016 if the service member did not previously file a 2016 income tax return.

- **Private school tuition** A subtraction may be claimed for tuition paid in the taxable year to send your dependent child to a private school. The maximum subtraction is \$4,000 for an elementary pupil and \$10,000 for a secondary pupil. See Schedule PS for further information. A copy of Schedule PS must be included with your Wisconsin income tax return.
- Physician or Psychiatrist Grant To the extent included as income in the Wisconsin column, any amount received by a physician or psychiatrist from the primary care and psychiatry shortage grant program under sec. 39.385, Wis. Stats., may be subtracted.
- Difference in federal and Wisconsin basis of depreciated or amortized assets owned on the last day of the 2013 taxable year. If you determined for 2014 that the combined federal adjusted basis of all depreciated and amortized assets was greater than the combined Wisconsin adjusted basis of the assets, you were required to add 20 percent of the difference to 2014, 2015, and 2016 Wisconsin income. The amount added to Wisconsin income for 2014, 2015, and 2016 must also be added to income for 2017 (and for tax year 2018).

If you determined for 2014 that the combined Wisconsin adjusted basis of all depreciated and amortized assets was greater than the combined federal adjusted basis of the assets, you could subtract 20 percent of the difference from your 2014, 2015, and 2016 Wisconsin income. The same amount subtracted from Wisconsin income for 2014, 2015, and 2016 may be subtracted from income for 2017 (and for tax year 2018).

As a result of this addition or subtraction, your Wisconsin adjusted basis of all depreciated or amortized assets on the first day of your taxable year beginning in 2014 (January 1, 2014, for calendar-year filers) is the same as the federal adjusted basis.

■ Olympic, Paralympic, and Special Olympic medals and United States Olympic Committee and Special Olympic Board of Directors prize money Persons who win medals at the Olympic and Paralympic Games generally exclude the value of such medals and the amount of prize money received from the U.S. Olympic Committee from federal income. Because the starting point for computing Wisconsin taxable income is federal adjusted gross income (FAGI), the amount that is excluded from federal income is automatically excluded from Wisconsin income and no additional subtraction is allowed for Wisconsin.

There are two situations where a Wisconsin subtraction may be claimed for the value of medals and any prize money. In these situations, the value of medals and any prize money would have been included in FAGI and a Wisconsin subtraction is allowed.

- Persons with FAGI over \$1,000,000 (\$500,000 if married filing a separate return) must include the value of medals and any
 prize money in federal income. Such persons may claim the Wisconsin subtraction of the value of medals and any prize
 money from the U.S. Olympic Committee.
- Persons who participate in the Special Olympics may claim a subtraction for the value of medals and any prize money received from the Special Olympics Board of Directors.

Line 30 Other Adjustments

Federal column Fill in the amount of the other adjustments (items listed below) which are included in the total on line 36 of federal Form 1040.

Note: Federal Form 1040 does not provide separate lines for the following adjustments: Archer MSA deduction, jury duty pay given to employer, reforestation amortization, repayment of supplemental unemployment benefits, contributions to section 501(c)(18)(D) pension plans, contributions by certain chaplains to section 403(b) plans, attorney fees and court costs involving certain unlawful discrimination claims, expenses related to income from the rental of personal property, attorney fees and court costs in connection with an IRS award, and the value of Olympic and Paralympic medals and United States Olympics Committee prize money. Instead, these items are included in the total on line 36.

Wisconsin column Fill in the total of the other adjustments that are included in the total on line 36 of Form 1040 with the following exception: For any period in which you were not a resident of Wisconsin, do not include reforestation expenses related to property located outside Wisconsin, attorney fees and court costs involving an unlawful discrimination claim if the judgment or settlement resulting from the claim is not taxable by Wisconsin, the value of medals and prizes received from the United States Olympics Committee, or contributions to sections 403(b) and 501(c)(18)(D) plans unless you had wages or trade or business income taxable by Wisconsin. If you had wages or trade or business income taxable by Wisconsin, your contributions to these plans must be prorated on the basis of your wages and net earnings from a trade or business taxable by Wisconsin to total wages and net earnings from a trade or business.

Do not include expenses from the rental of personal property if the property is located outside Wisconsin.

Line 32

Subtract line 31, Wisconsin column, from line 16, Wisconsin column. Fill in the result on line 32, Wisconsin column. If line 31, Wisconsin column, is more than line 16, Wisconsin column, fill in 0.

Line 33

Subtract line 31, federal column, from line 16, federal column. Fill in the result on line 33, federal column. If line 31, federal column, is more than line 16, federal column, fill in 0.

Line 34 Ratio of Your Wisconsin Income to Federal Income

Divide the amount on line 32, Wisconsin column, by the amount on line 33, federal column. Fill in the result on line 34. Carry your decimal to four places, rounding off the fourth position. Don't fill in more than 1.0000 or less than zero. If the amount on line 32 or line 33 is zero, fill in 1.0000 on line 34.

Example If \$14,000 is reported on line 32, Wisconsin column, and is divided by \$26,000 on line 33, federal column, the result is .5384615, or rounded is .5385.

Line 35

Fill in the *larger* of Wisconsin income from line 32, column B or federal income from line 33, column A. If Wisconsin income from line 32 is zero or less, fill in 0 (zero).

Note: Even though you may start the tax computation based on federal income, the tax will be later prorated based on the ratio of your Wisconsin income to federal income. The result is that you pay only the portion of the tax attributable to Wisconsin income.

Line 36a

If you (or your spouse, if married filing a joint return) can be claimed as a dependent by another person, check line 36a. Complete line 36b and see the "Exceptions" for line 36c.

Line 36b Aliens

If for federal tax purposes you are a dual-status or nonresident alien for 2017, check line 36b and fill in 0 on line 36c. You can't claim a standard deduction.

Exception If, at the end of 2017, one spouse was a nonresident alien or a dual-status alien and the other spouse was a U.S. citizen or a resident alien and you qualify to file a joint return (as explained in the **Exception** on page 13), do not check line 36b. Complete line 36c.

Line 36c Standard Deduction

Go to the 2017 Standard Deduction Table on page 52 to find your standard deduction. Fill in your standard deduction on line 36c. See Exceptions below.

Exceptions

■ Taxpayers who file short period returns or federal Form 4563 to claim an exclusion of income from sources within U.S. possessions – You can't claim a standard deduction. Fill in 0 on line 36c.

Line 36c - Standard Deduction - continued

■ **Dependents** If you (or your spouse if married filing a joint return) can be claimed as a dependent for income tax purposes by another person, your standard deduction is limited. Use the worksheet below to figure your standard deduction.

If line 5 of the Standard Deduction Worksheet for Dependents multiplied by the ratio on line 34 of Form 1NPR is larger than your Wisconsin income on line 32, column B, of Form 1NPR, fill in 0 on lines 37, 40, and 52 of Form 1NPR. You do not have to complete lines 38, 39, and 41-51.

Line 38 Exemptions

Complete lines 38a and 38b. Fill in the number of exemptions on the lines provided. Multiply that number by the amount indicated (\$700 or \$250), and fill in the result on line a or b, as appropriate. Fill in the total of the amounts on lines 38a and 38b on line 38c.

Line 38a

If you filed:

- Federal Form 1040 or 1040A, your number of exemptions is found in box 6d of your federal return.
- Federal Form 1040EZ, your number of exemptions is:
 - **0** If you are single and you checked the "You" box on line 5 of your federal return, or if you are married filing jointly and you checked both the "You" and "Spouse" boxes on line 5 of your federal return.
 - 1 If you are single and did not check the "You" box on line 5 of your federal return, or if you are married filing jointly and you checked only one box (either "You" or "Spouse") on line 5 of your federal return.
- 2 If you are married filing jointly and did not check either box on line 5 of your federal return.
- Federal Form 1040NR-EZ, your number of exemptions is 1.
- Federal Form 1040NR, your number of exemptions is found in box 7d of your federal return.

Line 38b

If you or your spouse were 65 or older on December 31, 2017, check the appropriate lines. Your number of exemptions is equal to the number of lines checked.

You may claim the \$250 exemption on line 38b for you and/or your spouse only if you and/or your spouse are allowed the \$700 exemption on line 38a.

Line 40 Tax

Use the amount on line 39 to find your tax in the Tax Table that starts on page 55. Find your income-level bracket and read across to the column showing your filing status to find your tax. Be sure you use the correct column in the Tax Table for your filing status. If the amount on line 39 is \$100,000 or more, use the Tax Computation Worksheet on page 61 to compute your tax. Fill in your tax on line 40.

Line 41 Wisconsin Itemized Deduction Credit

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the Wisconsin itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1NPR to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see exceptions on next page).

Line 41 - Wisconsin Itemized Deduction Credit - continued

Note: When completing Schedule 1, if your federal itemized deductions were limited due to income level, use the allowable deductions after the limitation is applied. See the worksheet below for computing the limited itemized deductions. If you owe federal alternative minimum tax (line 45 of Form 1040), you do not have to limit your federal itemized deductions when computing the Wisconsin itemized deduction credit.

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with Form 1NPR.

Exceptions Even though Schedule 1 has entry lines for medical expenses, interest paid, gifts to charity, and casualty losses, not all of the amounts of these items that are deducted on federal Schedule A can be used for the Wisconsin itemized deduction credit. The following describes the portion of these items that may <u>not</u> be used to compute the Wisconsin itemized deduction credit.

- Medical expenses the amount of medical care insurance and long-term care insurance claimed as a subtraction for Wisconsin. If this applies to you, complete the worksheet on the next page to figure the amount which you are allowed, if any, for purposes of the itemized deduction credit.
- Interest paid to purchase a second home located outside Wisconsin.
 - paid to purchase a residence which is a boat.
 - paid to purchase or hold U.S. government securities.
 - mortgage insurance premiums treated as interest (if extended by Congress).
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the deduction as a subtraction.
- · All casualty and theft losses except casualty losses that are directly related to a federally-declared disaster area.

Note: The line references on Schedule 1 are to Schedule A of federal Form 1040. If you are filing federal Form 1040NR, fill in only the amounts from line 5 of Schedule A of Form 1040NR (Gifts to U.S. Charities) on line 3 of Schedule 1 and the amount from line 6 on line 4 if the casualty loss is directly related to a federally-declared disaster area.

Line 42 School Property Tax Credit

Nonresidents – don't fill in any amount on these lines. Nonresidents aren't eligible for the school property tax credit.

Note: If you are filing a joint return and one spouse is a full-year or part-year Wisconsin resident but the other is a nonresident, you can claim the school property tax credit. Figure your credit by using the rent and property taxes of both spouses.

Part-year and full-year residents – read the following instructions if you paid rent during 2017 for living quarters used as your principal home or property taxes during 2017 on your home.

Note: You may not claim the school property tax credit if you are claiming the veterans and surviving spouses property tax credit.

Special cases

If you paid both property taxes and rent You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 42a and 42b can't be more than \$300 (\$150 if married filing a separate return or if married filing as head of household).

Married persons filing a joint return Figure your credit by using the rent and property taxes paid by both spouses.

Married persons filing separate returns or married persons filing as head of household Each spouse can claim a credit. Each of you can use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

Persons who jointly own a home or share rented living quarters When two or more persons (other than a married couple) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 42a and 42b.

Line 42a How Do I Figure the Renter's School Property Tax Credit

Step 1 Rent paid in 2017 Fill in on the appropriate line(s) the total rent that you paid in 2017 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home but don't have to be located in Wisconsin. Don't include any rent that you may claim as a business expense. Don't include rent paid for housing that is exempt from property taxes, for example, rent for a university dorm, nonprofit senior housing, or public housing. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If your rent included food, housekeeping, medical, or other services, reduce your rent paid in 2017 by the value of these items. If you shared living guarters with one or more persons (other than your spouse or dependents), fill in only the portion of the

total rent that you paid in 2017. For example, if you and two other persons rented an apartment and paid a total rent of \$6,000 in 2017, and you each paid \$2,000 of the rent, each could claim a credit based on \$2,000 of rent.

Step 2 Use the Renter's School Property Tax Credit Table below to figure your credit. If heat was included in your rent, use column 1 of the table. If heat was not included, use column 2. Fill in your credit on line 42a.

Exception If you paid both rent where heat was included and rent where heat was not included, complete the worksheet below.

Line 42b How Do I Figure the Homeowner's School Property Tax Credit

Step 1 Property taxes paid on home in 2017 Fill in the amount of property taxes you paid in 2017 on your home. Your home doesn't have to be located in Wisconsin. Do not include:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- · Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2017.

Property taxes are further limited as follows:

- a. If you bought or sold your home during 2017, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.
- b. If you owned a mobile home during 2017, property taxes include the municipal permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental for parking a mobile home or manufactured home should be filled in as rent on line 42a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes which reflects your percentage of ownership. For example, if you and another person (not your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you can claim a credit based on \$750 of taxes.

Step 2 Use the Homeowner's School Property Tax Credit Table below to figure your credit. Fill in the amount of your credit on line 42b.

Caution If you are also claiming the renter's credit on line 42a, the total of your renter's and homeowner's credits can't be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

- 1. Accelerated depreciation.
- 2. Amortization of certified pollution control facilities or depletion.
- 3. Stock by exercising an incentive stock option and you did not dispose of the stock in the same year.

Line 55 Married Couple Credit

You may claim the married couple credit if:

- · you are married filing a joint return,
- · both you and your spouse have qualified earned income taxable by Wisconsin, and
- you do not file federal Form 2555 or Form 2555-EZ to claim an exclusion of foreign earned income, or Form 4563 to claim an exclusion of income from sources in United States possessions.

To figure the credit, fill in Schedule 2 on page 4 of Form 1NPR. Figure qualified earned income separately for yourself and your spouse on lines 1 through 5 in columns (A) and (B) of Schedule 2.

"Earned income" includes <u>taxable</u> wages, salaries, tips, other employee compensation, scholarships and fellowships (only amounts reported on a W-2), disability income treated as wages, and net earnings from self-employment reported to Wisconsin. Earned income doesn't include deferred compensation (even though it may be reported on a W-2), interest, dividends, unemployment compensation, rental income, social security, pensions, annuities, or income that is not taxable to Wisconsin. Don't consider the Wisconsin marital property law, marital property agreements, or unilateral statements in figuring each spouse's earned income.

Example You are a member of the National Guard and were called to active duty. You claimed a subtraction on line 1 of Form 1NPR for the amount of military pay you received for the time during which you were on active duty. Because this military pay is not taxable to Wisconsin, it cannot be used when computing the married couple credit.

Caution Credit cannot be claimed for taxes paid to **Illinois**, **Indiana**, **Kentucky**, **or Michigan** on income from services (such as wages, salaries, tips, commissions, bonuses, etc.) you received from working in one of those states. Instead, file a return with that state to get a refund of any tax withheld from your wages. Be sure to explain on that state's return that you were a Wisconsin resident when earning the wages in that state. See Publication 121, *Reciprocity*, for more information.

Line 60 Sales and Use Tax Due on Internet, Mail Order, or Other Out-of-State Purchases

Did you make any taxable purchases from out-of-state firms during 2017 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 60 if they were stored, used, or consumed in Wisconsin. You must also report sales and use tax on taxable purchases from a retailer located in another country regardless of whether you were charged any tax for that country or any duty by the U.S. Customs Service if the items were stored, used, or consumed in Wisconsin. Taxable purchases include furniture, carpet, clothing, computers, books, CDs, DVDs, cassettes, video tapes, certain digital goods (e.g., greeting cards, video games, music, and books, transferred electronically), artwork, jewelry, coins purchased for more than face value, etc.

Example You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax ($$300 \times 5\% = 15) on this purchase.

If you do not include an amount on line 60, place a checkmark in the space provided to certify that you do not owe any sales or use tax. Only returns certified as "no use tax due" will be recognized as filing a sales/use tax return.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax. Fill in the amount from line 3 of the worksheet on line 60 of Form 1NPR.

| Worksheet for Computing Wisconsin Sales and Use Tax | (| |

• Penalty for selling business assets (or assets used in farming) purchased from a related person Capital gain on the sale or disposition of business assets or on assets used in farming may be excluded from Wisconsin taxation if the assets were held more than one year and the assets are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or otherwise disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies). Visit any department office or contact our Customer Service Bureau at (608) 266-2486 for information on how to compute the penalty.

Line 63 - Other Penalties - continued

Step 4 Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 67. This is your Wisconsin earned income credit.

Enclosures with your return You must enclose a copy of your completed federal Schedule EIC with Form 1NPR. If you used a paid preparer to complete your federal return, also enclose federal Form 8867. Failure to provide this information may delay your refund.

Note: If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 67. Write "EIC" in the space to the right of line 67. Complete your return through line 72 of Form 1NPR. Enclose a copy of your federal return (Form 1040A or Form 1040) with your Form 1NPR.

Line 68 Farmland Preservation Credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland preservation credit.

Note: If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim farmland preservation credit. Fill in the amount from line 17 of your Schedule FC on line 68a. Fill in the amount from line 13 of Schedule FC-A on line 68b. If you are claiming farmland preservation credit, enclose your completed Schedule FC or FC-A with your Form 1NPR.

Line 69 Repayment Credit

If you repaid during 2017, an amount that you included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and cannot have been subtracted in computing Wisconsin adjusted gross income or used in computing the Wisconsin itemized deduction credit.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2017.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 69 of Form 1NPR. Enclose a statement showing how you computed your credit.

Line 70 Homestead Credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for homestead credit.

Note: If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim homestead credit. Fill in the amount from line 19 of Schedule H on line 70. Enclose your completed Schedule H with Form 1NPR.

Line 71 Eligible Veterans and Surviving Spouses Property Tax Credit

Nonresidents – don't fill in any amount. Only full-year and part-year residents of Wisconsin are eligible for the credit. Part-year and full-year residents – read the instructions below.

Who may claim the credit An eligible unremarried surviving spouse or an eligible veteran may claim the veterans and surviving spouses property tax credit. (Note: If you claim the veterans and surviving spouses property tax credit, you or your spouse may not claim the school property tax credit, homestead credit, or farmland preservation credit.)

If you recklessly or fraudulently claim a false credit, you may be ineligible to claim any refundable credit for up to 10 years and could also owe a penalty.

An "eligible unremarried surviving spouse" means an unremarried surviving spouse of an individual who:

- Served on active duty in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces or in the National Guard or a reserve component of the U.S. armed forces,
- Was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any
 consecutive 5-year period after entry into that active duty service, and
- · Met one of the following conditions:
 - 1. Died while on active duty and while a resident of Wisconsin,
 - 2. Was a resident of Wisconsin at the time of his or her death and had either a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability, or
 - 3. In the case of an individual who served in the National Guard or a reserve component, while a resident of Wisconsin died in the line of duty while on active or inactive duty for training purposes, or
 - 4. Was a resident of Wisconsin at the time of his or her death and following the individual's death, his or her spouse began to receive, and continues to receive, dependency and indemnity compensation, as defined in 38 USC 101(14).

The unremarried surviving spouse must be certified by the Wisconsin Department of Veterans Affairs (WDVA).

"Eligible veteran" means an individual who is certified by the WDVA as meeting all of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service.
- Is currently a resident of Wisconsin for purposes of receiving veterans benefits under ch. 45, Wis. Stats.
- Has a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability.

Computing the credit The credit is equal to the property taxes <u>paid</u> by the claimant during the year on the claimant's principal dwelling in Wisconsin. The credit is based on real and personal property taxes, exclusive of special assessments, delinquent interest, and charges for service. Do not include any property taxes that are properly includable as a trade or business expense.

"Principal dwelling" means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling, but not more than one acre. It may include a part of a multi-dwelling or multipurpose building and a part of the land upon which it is built that is used as the primary dwelling.

Complete the worksheet on page 48 if your principle dwelling is located on more than one acre of land.

|----|---|--|
| 1. | Assessed value of land (from tax bill) | |

| 7. | Divide line 5 by line 6 | |
| 8. | Net property taxes paid 8. | |
| 9. | Multiply line 8 by line 7. This is the amount of property tax allowed for the credit 9. | |

If the principal dwelling on which the taxes were paid is owned by two or more persons or entities as joint tenants or tenants in common, use only that part of property taxes paid that reflects the ownership percentage of the claimant. (See Exceptions.)

Exceptions

- Married filing a joint return If property is owned by an eligible veteran and spouse as joint tenants, tenants in common, or as marital property, the credit is based on 100% of property taxes paid on the principal dwelling (subject to the 1-acre limitation).
- Married filing a separate return If property is owned by an eligible veteran and spouse as joint tenants, tenants in common, or as marital property, each spouse may claim the credit based on their respective ownership interest in the eligible veteran's principal dwelling (subject to the one acre limitation).

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership.

If you owned and lived in a mobile home as your principal dwelling, "property taxes" includes monthly mobile home municipal permit fees you paid to the municipality.

If you did not own your principal dwelling but were required to pay the property taxes as rent, you may claim the credit based on the property taxes paid during the year if <u>all</u> of the following are met:

- The rental unit must be the principal dwelling of the eligible veteran or surviving spouse,
- · The principal dwelling must be located in Wisconsin,
- The eligible veteran or surviving spouse is required to pay the property taxes under the rental agreement or other written agreement entered into with the landlord, and
- The eligible veteran or surviving spouse must pay the property taxes directly to the municipality.

A copy of the agreement with the landlord and proof of payment to the municipality must be included with the Wisconsin income tax return.

The credit must be claimed within 4 years of the unextended due date of the return.

Certification of eligibility for the credit If you did not claim the credit in a prior year, before claiming the credit for 2017, you must request certification from the WDVA indicating that you qualify for the credit. Use Form WDVA 2097 (which you can find in WDVA Brochure B0106) to submit your request, along with a copy of the veteran's DD Form 214 and Veterans Administration disability award letter and, if applicable, the veteran's death certificate, a marriage certificate, and a completed copy of Form WDVA 0001 (if the veteran never previously submitted one). The WDVA 0001 and the brochure are available from your county veterans service officer or on the Internet at dva.state.wi.us/Pages/home.aspx. You may submit these forms and supporting documents to your county veterans service officer or mail them to: Wisconsin Department of Veterans Affairs, Attn: Wisconsin Veterans Property Tax Credit, 201 W. Washington Ave., PO Box 7843, Madison WI 53707-7843. The WDVA will send you a certification of your eligibility.

Note: You do not have to obtain certification from the WDVA for 2017 if you previously received certification for a prior year. If you still qualify for the credit, you may claim the credit but do not have to enclose a certification with your return.

Enclosures Enclose a copy of your property tax bill, proof of payment made in 2017, and the certification (if required) received from the WDVA with your return.

Line 72 Refundable Credits from Schedule CR

If you are claiming any of the refundable credits listed below, you must complete Schedule CR. **Enclose Schedule CR**, **along with the appropriate schedule for the credit(s) you are claiming and any required approval or certification from the Wisconsin Economic Development Corporation (WEDC).** Fill in the amount from line 40 of Schedule CR on line 72. See page 11 for information on obtaining Schedule CR.

- Schedule EC Enterprise zone jobs credit The enterprise zone jobs credit is available to persons doing business in an enterprise zone. The WEDC must certify the business as eligible for the credit and determine the amount of credit. See Schedule EC.
- Schedule JT Jobs tax credit The credit is available based on wages paid to an eligible employee and costs incurred to undertake training activities. The credit is available to taxpayers who are certified by the WEDC. Complete Schedule JT.

 See Schedule BD.

No interest is paid on any refunds issued for the credits listed above.

Line 73 Amended Return – Amount Previously Paid

Complete this line only if this is an amended 2017 Form 1NPR. Fill in the amount of tax you paid with your original Form 1NPR plus any additional amounts paid after it was filed.

If you did not pay the full amount shown on your original Form 1NPR, fill in only the portion that you actually paid. Also, include any additional tax that may have resulted if your original return was changed or audited. This includes additional tax paid with a previously filed 2017 amended return and additional tax paid as a result of a department adjustment to your return. Do not include payments of interest or penalties.

Line 75 Amended Return – Amount Previously Refunded

Complete this line only if this is an amended 2017 Form 1NPR. Fill in the refund from your original 2017 return (not including the amount applied to your 2018 estimated tax). This is generally the amount from line 78 of Form 1NPR.

If your refund was reduced because you owed underpayment interest or any penalties, fill in the amount of your refund before the reduction for underpayment interest or penalty. If your 2017 return was adjusted by the department, fill in the refund shown on the adjustment notice you received. If the adjustment notice shows a tax due rather than a refund, complete line 73 instead of line 75.

Line 77 Amount You Overpaid

Is line 76 more than line 64? If so, subtract line 64 from line 76 and fill in the difference on line 77. This is the amount you overpaid.

For Amended Returns Only

If the amount on line 77 (amount you overpaid) is less than the amount applied to your estimated tax on line 79, do not complete line 77. Instead, subtract line 77 from line 79 and fill in the result on line 80. This is the amount you owe.

Note: If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called "underpayment interest." You may owe underpayment interest even if you are due a refund. Read the line 81 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 77, reduce the amount on line 77 by the amount of underpayment interest on line 81.

Line 78 Refund

Fill in on line 78 the amount from line 77 that you want refunded to you. The department may not issue a refund before March 1 unless both the individual and the individual's employer have filed all required returns and forms with the department for the taxable year for which the refund was claimed.

Note: If you are divorced, see item 7 on page 7. You may be required to enclose a copy of your judgment of divorce with your return.

Line 79 Amount Applied to 2018 Estimated Tax

Fill in on line 79 the amount, if any, of the overpayment on line 77 you want applied to your 2018 estimated tax.

If you are married filing a joint return, we will apply the amount on line 79 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 79 to your separate estimated tax.

Note: If this is an amended return, the amount to fill in on line 79 will generally be the amount to be applied to your 2018 estimated tax from line 79 of your original Form 1NPR. However, if you file your amended return by January 15, 2019, you may increase or reduce this amount.

Line 80 Amount You Owe

Is line 64 more than line 76? If so, subtract line 76 from line 64 and fill in the difference on line 80. This is the amount you owe with your return.

For Amended Returns only

If the amount on line 64 is more than the amount on line 76, subtract line 76 from line 64 and add the amount on line 79 (amount applied to estimated tax) to the result. This is the amount you owe. Fill in the amount you owe on line 80.

If the amount you owe with your return is \$500 or more or you made late estimated tax payments, you may also owe what is called "underpayment interest." This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 81 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 81 in the amount you fill in on line 80.

You can pay online or by check, money order, or credit card. **Do not** include any 2018 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

To pay online Go to the department's website at: https://tap.revenue.wi.gov/pay.

To pay by check or money order Make your check or money order payable to the Wisconsin Department of Revenue. Paper clip it to the front of your Form 1NPR. If the name of the taxpayer does not match the printed name on the check, print the taxpayer's name on the memo line of the check.

If you e-filed your return and are paying by check or money order, attach your payment to Form EPV. Mail Form EPV and your payment to the address shown on Form EPV.

To pay by credit card You may use your MasterCard®, American Express® Card, Visa® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. If you pay by credit card before filing your return, enter on page 1 of Form 1NPR in the upper left corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

Official Payments Corporation 1-800-2PAY-TAX (1-800-272-9829) 1-866-621-4109 (Customer Service) official payments.com

Installment payments If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6 1/2 percent of the unpaid amount. For more information concerning payments, to obtain the *Payment Plan Request* (Form A-771), or to file an installment agreement request electronically, go to the Department of Revenue website at revenue.wi.gov/Pages/HTML/payplan.aspx.

Note: Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

Line 81 Underpayment Interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated tax payments. In general, in each quarter of the year you should be paying enough tax through withholding payments and estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see "Estimated tax payments required for next year" on page 9.

Underpayment interest applies if:

- Line 80 is at least \$500 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The "tax shown on your return" is the amount on line 59 minus the amounts on lines 67 through 72.

Exceptions You will not owe underpayment interest if your 2016 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND either of the following applies:

- 1. You were a Wisconsin resident for all of 2016, and you had no tax liability for 2016, or
- 2. The amounts on lines 65 and 66 on your 2017 return are at least as much as the tax shown on your 2016 return. This exception does not apply if you did not file a 2016 Wisconsin return. Your estimated tax payments for 2017 must have been made on time and for the required amount.

The tax shown on your 2016 return is the amount on line 59 minus the amounts on lines 67 through 72.

Fill in the exception code in the brackets to the left of line 81 if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method (Part IV of Schedule U) to compute underpayment interest. See Schedule U, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, and its instructions for further information on the exception codes.

Example Farmers and fishers are not subject to underpayment interest if two-thirds of their total gross income (gross income of both spouses if married filing a joint return) is from farming or fishing and they file their return and pay any tax due by March 1, 2018. Qualified farmers and fishers must fill in exception code "04" in the brackets to the left of line 81. Failure to fill in the exception code may result in an assessment for underpayment interest.

Figuring underpayment interest

If the **Exceptions** above do not apply, see Schedule U to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 81. Add the amount of the underpayment interest to any tax due and fill in the total on line 80. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 77. Enclose Schedule U with your Form 1NPR.

■ Third party designee If you want to allow a tax preparer or tax preparation firm, family member, friend, or any other person you choose to discuss your 2017 tax return with the Department of Revenue, check "Yes" in the "Third Party Designee" area of your return. Also, enter the designee's name, phone number, and any five digits the designee chooses as a personal identification number (PIN).

If you check "Yes," you, and your spouse if filing a joint return, are authorizing the department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- · Give the department any information that is missing from your return,
- · Call the department for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain department notices about math errors, offsets, and return preparation.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the department. If you want to expand the designee's authorization, you must submit Form A-222 (*Power of Attorney*).

The authorization will automatically end no later than the due date (without regard to extensions) for filing your 2018 tax return. This is April 15, 2019, for most people.

■ **Sign and date your return** Sign and date your return in the space provided on page 4. Form 1NPR is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Keep a copy of your return for your records.

Appearing below is an alphabetical listing of Wisconsin school districts. Full-year and part-year residents - refer to this listing and find the number of the district in which you lived on December 31, 2017. If you moved out of Wisconsin during 2017, fill in the number of the school district in which you lived before moving. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due. Nonresidents - don't fill in this line.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to SECTION II and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or the name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

- 1. If you lived in the city of Milwaukee, you will fill in the number 3619 on the school district line.
- 2. If you lived in the city of Hartford, you would refer to **SECTION II** and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to consider in determining your school district number:

- 1. If you lived in one school district but worked in another, fill in the district number where you lived.
- 2. If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

Note If you can't identify your school district, contact your municipal clerk or local school for help.

2017 TAX TABLE FOR FORM 1NPR FILERS

Use this Tax Table if your income is less than \$100,000. If \$100,000 or more, use the Tax Computation Worksheet on page 61.

Example Mr. and Mrs. Smith are filing a joint return. Their income on line 39 of Form 1NPR is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,398. This is the tax amount they must write on line 40 of their return.
