

2017 Instructions for Carryback of Net Operating Loss (NOL)

Purpose of 2017 Form X-NOL

For NOLs incurred in taxable years beginning in 2018, you may carry the NOL back two years and then forward for up to 20 years. Or, you may elect to waive the carryback period and only carry the NOL forward for up to 20 years.

The 2017 Form X-NOL is used by an individual, estate, or trust to claim a refund resulting from the carryback of an NOL. It is to be used only to carry back an NOL and to adjust items related to the carryback (for example, the standard deduction).

CAUTION Do not use Form X-NOL to adjust your 2017 Wisconsin income for items not related to the Wisconsin NOL carryback. These items must be adjusted by amending Wisconsin Form 1 or 1NPR prior to filing Form X-NOL. For example, you have a federal NOL which affects the computation of certain income items on your 2017 Form 1, such as the Wisconsin taxable amount of unemployment income or the retirement income exclusion. Do not adjust for these items on Form X-NOL. Instead, you must first file an amended Wisconsin Form 1 to adjust your Wisconsin income. Enter the adjusted income from line 13 of the amended Form 1 on Form X-NOL, line 2 of column A.

General Instructions

References to your 2017 return are to your original return or to a previously filed amended return. If the amounts were previously adjusted by the department, fill in the amounts after adjustment.

Before completing Form X-NOL, obtain Wisconsin Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*. This publication provides additional information about completing Form X-NOL. Publication 120 is available from the department's website at revenue.wi.gov/DOR_Publications/pb120.pdf. You can also get this publication from any Department of Revenue office.

Specific Instructions

Line 1 Fill in the amount of NOL carryback that you can subtract for 2017 on line 1 of Column A.

- *If you filed a 2016 Form X-NOL to carryback a 2018 NOL* – The amount to fill in on line 1 is the lesser of (1) the 2018 NOL less your 2016 Wisconsin modified taxable income or (2) the amount from line 18 of your 2017 Form 1 (line 5 of Form 2 for estates and trusts). To determine Wisconsin modified taxable income, complete Worksheet 2 in the attachments for Publication 120 at revenue.wi.gov. Attach a copy of Worksheet 2 to Form X-NOL.
- *If you are carrying back the 2018 NOL only to 2017* – The amount to fill in on line 1 is the lesser of your 2018 NOL or the amount from line 18 of your 2017 Form 1 (line 5 of Form 2 for estates or trusts).
- *If you are carrying back an NOL incurred in a taxable year beginning in 2019* – The amount to fill in on line 1 is the lesser of your 2019 NOL or the amount from line 18 of your 2017 Form 1 (line 5 of Form 2 for estates or trusts).
- *If your original return was filed on Form 1NPR* – The amount to fill in on line 1 of Form X-NOL is the lesser of (1) the amount from line 39 of your 2017 Form 1NPR multiplied by the ratio on line 34 of your 2017 Form 1NPR, or (2) the available NOL for the carryback year.

Note: To determine the amount of your NOL for 2018 or 2019, complete 2018 or 2019 Schedule NOL1. To determine the amount of your NOL for a year prior to 2018, complete Worksheet 1, which can be found in the attachments for Publication 120.

 Schedules NOL1, NOL2, and NOL3 are new for 2018. These schedules replace Worksheets 1, 2, 3, and 4 which were previously found in the Appendix of Publication 120. If you are completing one of these worksheets for a year prior to 2018, complete the appropriate worksheet found in the attachments for Publication 120 at revenue.wi.gov/Pages/HTML/taxpubs.aspx.

Special rules Special rules apply if you filed a joint return (or a separate return) for some but not all of the tax years involved in figuring an NOL carryback.

If you and your spouse were not married to each other in all years involved in figuring NOL carrybacks, only the spouse who had the loss can take the NOL deduction. If you file a joint return, the NOL deduction is limited to the income of that spouse.

For example, if your marital status changes because of death or divorce and in a later year you have an NOL, you can carry back that loss only to the part of the income reported on the joint return (filed with your former spouse) that was related to your taxable income. After you deduct the NOL in the carryback year, the joint rates apply to the resulting taxable income.

See Publication 120 for further information on changes in marital status or filing status. If you are affected by these changes, attach a computation showing how you figured the carryback.

Lines 2 through 12

Note If you filed Form 1NPR for 2017, do not complete lines 2 – 12. Instead complete a 2017 Form 1NPR for the carryback year that reflects the NOL carryback shown on line 1 of Form X-NOL. Complete this Form 1NPR through line 59. Then go to the instructions for line 13 of Form X-NOL.

Completing Column A (Before Carryback)

Enter in Column A the amounts as shown on your original 2017 return or a previously filed amended return. If the amounts were previously adjusted by the department, fill in the amounts after adjustment.

Estates and Trusts – Do not complete lines 2 - 5. Fill in on line 6 the taxable income from line 5 of your original 2017 Form 2 or as previously amended or adjusted by the department.

Completing Column B (After Carryback)

Estates and Trusts – Do not complete lines 2-5.

Line 2 The amount to enter in Column B is the Wisconsin income from Column A less the NOL deduction on line 1.

Line 3 Fill in the 2017 standard deduction based on the Wisconsin income on line 2. Standard deduction tables can be found in the Form 1 instructions for 2017. Prior year form instructions are available on the department's website at: revenue.wi.gov/Pages/HTML/formpub.aspx.

Line 5 Fill in the amount of exemptions from Column A.

Line 6 *Estates and Trusts* – The amount to enter in Column B is the taxable income from Column A less the NOL deduction from line 1.

Line 7 Use your refigured taxable income (line 6 of Column B) to refigure your tax for the carryback year. Tax tables can be found in the Form 1 instructions (Form 2 instructions for estates and trusts) for the appropriate year.

Line 8 Various credits are claimed on lines 20-24 of Form 1 (line 7 of Form 2 for estates and trusts). The itemized deduction credit and the working families tax credit may need to be refigured. Include on line 8 the total of all credits claimed on lines 20-24 of Form 1 (line 7 of Form 2 for estates and trusts), but for those credits that were refigured, include in the total the refigured amount instead of the amount originally claimed.

Line 10 The carryback of an NOL may affect or cause you to owe alternative minimum tax. Use 2017 Schedule MT to figure this tax.

Line 12 Fill in the total other credits from line 32 of Form 1 (line 13 of Form 2 for estates and trusts). Your allowable credit for tax paid to another state may be reduced as it is limited to the amount of tax. See Schedule OS. If your credit for tax paid to another state is reduced, use the reduced amount when figuring the total other credits.

Line 13 *Form 1 Filers and Estates and Trusts* – Subtract line 12 from line 11 in each column. If any result is less than zero, fill in 0 (zero).

Form 1NPR Filers – Fill in the amount from line 59 of your original 2017 Form 1NPR (or as previously amended or adjusted by the department) in the “Before Carryback” column of line 13. In the “After Carryback” column, fill in the amount from line 59 of the recomputed Form 1NPR that reflects the carryback of the NOL.

Lines 14 and 15 Complete lines 14 and 15. The amount on line 15 is your refund.

Exception If you are not married in the NOL year (or are married to a different spouse), and in the carryback year you were married and filed a joint return, your refund for the overpaid joint tax may be limited. You can claim a refund for the difference between your share of the refigured tax and your contribution toward the tax paid on the joint return. The refund cannot be more than the joint overpayment. See Part 8 of Publication 120 for information on figuring your share of the joint tax liability and figuring your contribution toward tax paid. If your refund is limited, replace the amount on line 15 with the amount of your limited refund. Attach a statement showing how you figured your refund.

Third Party Designee If you want to allow a tax preparer or tax preparation firm, family member, friend, or any other person to discuss your amended return with the department, fill in the designee’s name, phone number, and any five digits the designee chooses as his or her personal identification number (PIN). For further information, see the Form 1 or 1NPR instructions.

Note: Interest cannot be paid on a refund due to an NOL carryback.
