

Instructions for 2018 Schedule NOL3

Purpose of Schedule NOL3

The 2018 Schedule NOL3 is used by an individual, estate, or trust to record the amount of Wisconsin net operating loss (NOL) used each year and the carryback and carryforward available. If you computed a Wisconsin NOL for 2018, you may carry the NOL back to 2016 or 2017 and then forward for up to 20 years. Or, you may elect to waive the carryback period and only carry the NOL forward for up to 20 years.

Who Must File Schedule NOL3

Schedule NOL3 must be filed by individuals, estates, and trusts who claim an NOL carryback or carryforward for the taxable year. Enclose Schedule NOL3 with your Form 1 or 1NPR, for an NOL carryforward, or Form X-NOL, *Carryback of Wisconsin Net Operating Loss (NOL)*, for an NOL carryback, in the year the carryback or carryforward is claimed.

General Instructions

2018 Schedule NOL3 can only be used for NOLs used in taxable years beginning on or after January 1, 2018. For NOLs used in a taxable year beginning before January 1, 2018, continue to use Worksheet 3 from Publication 120. Enclose this worksheet with your return for each year an NOL carryforward or carryback is claimed prior to 2018.

Specific Instructions

Line 1a Enter as a positive number the amount of your Wisconsin NOL.

Lines 1b to 22b Enter as a negative number the amount of NOL used in each year. The amount used each year is equal to your Wisconsin modified taxable income. Your Wisconsin modified taxable income is figured by completing Schedule NOL2, Part II. Subtract the loss used from the Wisconsin NOL available each year. The result is your carryover to the next taxable year. Continue to subtract the loss used from the carryback or carryover until the loss is completely used or can no longer be carried forward.

If no amount of a Wisconsin NOL is used in any carryforward year, enter -0- as loss used for that year. You have not used a Wisconsin NOL carryforward only if your modified taxable income (as computed in Part II of Schedule NOL 2) is -0-.

Line 23 This is the amount of unused loss that may no longer be carried forward.
