

## **CAUTION**

On Friday, December 14, Governor Scott Walker signed Wisconsin Act 368. The law allows tax-option (S) corporations to elect to be taxed at the entity level effective for taxable years beginning on or after January 1, 2018.

As a result of the new law, tax-option (S) corporations may claim the credit for tax paid to another state for tax that was paid on a composite income or franchise tax return filed with another state on behalf of its shareholders or members that are residents of this state. Therefore, the credit for tax paid to another state may not be claimed by the individual resident shareholders or members if the tax-option (S) corporation filed a composite income or franchise tax return with the other state and will be claiming the credit on Schedule 5S-ET.
