

# Instructions for 2019 Schedule EIT

## Purpose of Schedule EIT

Use Schedule EIT to claim the refundable electronics and information technology manufacturing zone credit, which is available to qualifying taxpayers certified by the Wisconsin Economic Development Corporation (WEDC). For information regarding how to become certified, visit the WEDC website at [wedc.org](http://wedc.org) or call 1-855-469-4249.

## Who is Eligible to Claim the Credit

Any individual, estate, trust, partnership, limited liability company (LLC), corporation, or tax-exempt organization that has been certified by WEDC may be eligible for the credit.

Partnerships, LLCs treated as partnerships, and tax-option (S) corporations cannot claim the credit, but the credit attributable to the entity's business operations can pass through to the partners, members, or shareholders.

## Credit is Income

The credit you compute on Schedule EIT is income and must be reported on your Wisconsin franchise or income tax return in the year computed.

**Caution:** If you recklessly or fraudulently claim a false credit, you may be ineligible to claim it for up to 10 years and you may owe a penalty. See pages 24 and 25 of [Wisconsin Tax Bulletin #180](#) for further details.

## Qualifications

WEDC may certify a business that begins operations in an electronics and information technology manufacturing zone to receive tax benefits. The amount of tax benefits consists of:

- The payroll credit, which is equal to 17 percent of eligible payroll up to a maximum amount of \$1,500,000.
  - The amount of state payroll may not exceed \$100,000 per employee and it must be attributable to wages paid by the claimant to full-time employees for services that are performed in the zone or that are performed outside the zone, but within the state, and for the benefit of the operations within the zone, as determined by WEDC.
- The capital expenditure credit, which is equal to 15 percent of significant capital expenditures made in the zone up to a maximum amount of \$1,350,000.
