2. Prepare your computer printouts using the same format and columnar sequence as on this form. If your computer cannot duplicate our format, you should submit a proposed format for our review and approval prior to filing.
3. Use paper measuring 8½ x 11 inches.

HOW TO COMPLETE THIS SCHEDULE

Use a single line for each transaction and provide all the information requested. Report each receipt in single cans and ounces. Provide a subtotal for each page and a final total on the last page.

Line 1 Enter the balance from the previous page on line 1. If there is no previous page, enter zero.

Lines 2-21 Enter each receipt of untaxed moist snuff on the report for the month in which it was received (see 3. below). Include all "free" samples and promotional products you receive. Enter the date you received the product, invoice number and date, name of the supplier, state that you acquired the moist snuff from, and total moist snuff by brand name, single cans, ounces per can, and total ounces that you received.

ADDITIONAL INFORMATION

1. An invoice must accompany the product at the time of delivery. If you do not receive an invoice from your supplier at the time of delivery, immediately inform the supplier of this requirement.
2. It is not necessary to enter purchases of moist snuff when you cancel the invoice in its entirety before the order is shipped. However, you should retain the invoice and offsetting credit memo in your files.
3. When the moist snuff received is less than the amount shown on the invoice, report the shortage on your Moist Snuff Credit Schedule B – Moist Snuff Returned to Manufacturers or Short-Shipped (Form TT-102M). When the product received is greater than the amount invoiced, report the overage on the line immediately below the original entry on your Form TT-101M labeled "overage."
4. When moist snuff that you reported as short during a prior month is received in a subsequent month, enter the amount you receive on Form TT-101M with a cross-reference to Form TT-102M, indicating where the original shortage was claimed.
