TIPS ON PAPER FILING YOUR RETURN

E-file your return for the fastest available processing. However, if you paper file, there are several things you can do that will speed-up the processing of your return. Faster processing means faster refunds.

Paper returns are electronically scanned. The processing of the return (and any refund) is delayed when the return cannot be read correctly. **To aid in the scanning process**, be sure to do the following:

- Do not submit photocopies to the department. Photocopies can cause unreadable entries.
- Use BLACK INK. Pencils, colored ink, and markers do not scan well.
- Write your name and address clearly using CAPITAL LETTERS like this →

Your legal last name	Legal first n	ame			M.I.
SMĬTH	JOSEF	РН			J
If a joint return, spouse's legal last name SMITH	Spouse's le	gal first na	ime		м.I. Е
Home address (number and street) 2375 N 7 ST				Apt. No.	
City or post office ANYWHERE		State WI	Zip code	5555	

- NEVER USE COMMAS OR DOLLAR SIGNS. They can be misread when scanned.
- Round off amounts to WHOLE DOLLARS NO CENTS.
- Do not use parentheses () for a negative number. Use a negative sign, -8300 rather than (8300).
- Print your numbers like this: 0 1 23 4 5 6 7 8 9 Do not use: Ø1 4 7
- Do not add cents in front of the preprinted zeros on entry lines. For example,

School property tax credit		
a Rent paid in 2011-heat included	2345.00 Find credit from	
Rent paid in 2011–heat not included	5 6 7 8.00) table page 24 22a	226.00
b Property taxes paid on home in 2011	.00 Find credit from table page 2522b	.00

- Do not cross out entries. Erase or start over.
- Do not write in the margins.
- Always put entries on the lines, not to the side, above, or below the line.
- Lines where no entry is required should be left blank. Do not fill in zeros.
- Do not draw vertical lines in entry fields. They can be read as a "1" when scanned.
- Do not use a highlight pen on your return or attachments.
- · Do not use staples to assemble your return.

Am I a resident, a nonresident, or a part-year resident?

The following will help you decide.

Full-year resident You are a full-year resident if you are domiciled in Wisconsin for all of 2011.

Nonresident You are a nonresident if you aren't domiciled in Wisconsin for any part of 2011.

Part-year resident You are a part-year resident if you are domiciled in Wisconsin for part of 2011.

What is domicile?

Your domicile is your true, fixed, and permanent home where you intend to remain permanently and indefinitely and to which, whenever absent, you intend to return. It is often referred to as "legal residence." You can be physically present or residing in one locality but maintain a domicile in another. You can have only one domicile at any time.

Your domicile, once established, is never lost unless all three of the following occur or exist:

- You specifically intend to abandon your old domicile and take actions consistent with such intent, and
- You intend to acquire a new domicile and take actions consistent with such intent, such as those listed in question 7 of the questionnaire on page 47, and
- You are physically present in the new domicile.

Your domicile does not change if:

- You leave your home state for a brief rest or vacation, or
- You leave your state of domicile to complete a particular transaction, perform a particular contract, or fulfill a particular engagement, but you intend to return to your state of domicile whether or not you complete the transaction, contract, or engagement (for example, migrant workers or students).

Armed forces personnel If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take positive action to change your domicile to another state as described in the above section entitled "What is domicile?". For more information, get Publication 104, Wisconsin Taxation of Military Personnel.

Aliens If you are considered a nonresident alien for federal tax purposes for the entire taxable year, you are considered a nonresident of Wisconsin. If you are considered a resident alien for federal tax purposes for all or part of the tax year, you may be either a full-year resident, part-year resident, or nonresident of Wisconsin as follows:

• If you are a lawful permanent resident of the United States and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident. You are a lawful permanent resident of the United States at any time if you have been given the privilege, according to the immigration laws, of residing permanently in the United States as an immigrant.

You generally have this status if the federal government has issued you an alien registration card, also known as a "green card."

If you are a nonimmigrant (have not been granted immigrant status by the federal government), you are considered a nonresident of Wisconsin. Exception If you are a refugee or have been granted asylum and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident.

Example A foreign student in this country with an "F" visa under the Immigration and Nationality Act may be classified for federal tax purposes as a nonresident alien or as a resident alien depending on his or her intended length of stay in this country. Regardless of the student's alien status, the student maintains his or her domicile in his or her homeland. The student is a nonresident of Wisconsin. A student with an "F" visa cannot become domiciled in Wisconsin.

Must I file a return?

If you are a nonresident or part-year resident of Wisconsin and your gross income (or the combined gross income of you and your spouse) is \$2,000 or more for 2011, you must file a Wisconsin return.

Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It doesn't include items that are exempt from Wisconsin income tax. For example, it does not include U.S. government interest. For further information, see Publication 122, Tax Information for Part-year Residents and Nonresidents of Wisconsin for 2011.

Other filing requirements You may have to file a return even if your gross income is less than \$2,000. You must file a Wisconsin income tax return if:

- You can be claimed as a dependent on another person's income tax return (for example, on your parent's return) and you have gross income of more than \$950 which included at least \$301 of unearned income. Unearned income includes interest, dividends, capital gain distributions, etc., that are reportable to Wisconsin.
- You owe a Wisconsin penalty on an IRA, retirement plan, Coverdell education savings account, health savings account, or Archer medical savings account.
- You are subject to the Wisconsin alternative minimum tax.

Note Even if you don't have to file, if you had Wisconsin income tax withheld from your wages or you paid estimated tax for 2011, you should file a Wisconsin return since this is the only way to get a refund. (Complete lines 1 through 33 of Form 1NPR, fill in a 0 on line 40, and complete lines 67, 68, 76, 78, 79, and 80. If the amount on line 1 differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned.) If you are a resident of Illinois, Indiana, Kentucky, or Michigan, see the exceptions under line 1 instructions on page 10.

What income does Wisconsin tax?

Full-year residents Wisconsin taxes your income from all sources.

Nonresidents Wisconsin taxes only your income from Wisconsin sources.

Part-year residents During the time you are a Wisconsin resident, Wisconsin taxes your income from all sources. During the time you aren't a Wisconsin resident, Wisconsin taxes only your income from Wisconsin sources.

What is income from Wisconsin sources?

Income from Wisconsin sources includes:

- Wages, salaries, commissions, and other income for personal services performed in Wisconsin (see the exceptions under line 1 instructions on page 10).
- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Gains or losses from sales or other dispositions of tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits or losses from businesses, professions, and farm operations conducted in Wisconsin, including sole proprietorships, partnerships, limited liability companies (LLCs), and tax-option (S) corporations. For tax-option corporations, this includes interest and dividends.
- Income from the Wisconsin state lottery, a multijurisdictional lottery if the winning lottery ticket or lottery share was purchased from a Wisconsin retailer, or Wisconsin pari-mutuel wager winnings and purses. This includes all income realized from the sale of or purchase and subsequent sale or redemption of lottery prizes if the winning tickets were originally purchased in Wisconsin.
- Winnings from a casino or bingo hall located in Wisconsin and operated by a Native American tribe or band.
- Income derived from a covenant not to compete to the extent the covenant was based on a Wisconsin-based activity.

Which form should I file?

If you are a nonresident or part-year resident of Wisconsin in 2011, you must file Wisconsin Form 1NPR.

If you are a full-year resident of Wisconsin in 2011, you may file Wisconsin Form WI-Z, Form 1A, or Form 1. Read the instructions for those forms to figure out which one is right for you. Those forms aren't in this booklet. You can get Form WI-Z, Form 1A, and Form 1 from any Department of Revenue office or from the department's web site at www.revenue.wi.gov.

Exception If you are a full-year Wisconsin resident but your spouse isn't, and you are filing a joint return, you must file Form 1NPR.

E-filing (electronic filing)

Electronic filing is the fastest way to get your federal and state income tax refunds. For 2011 returns, certain software will allow you to file any Form 1NPR electronically. Even if your software does not support all forms, with most software you can file Form 1NPR electronically if:

- You file a federal Form 1040, and
- The only federal schedules included with Form 1040 are Schedules A, B, C, D, E, EIC, M, R, or SE, and
- The only additional federal forms included with Form 1040 are Forms 1099-R, 2106, 2210, 2441, 4562, 4868, 8282, 8812, 8829, 8863, 8880, 8888, or W-2.

Check with your tax preparer/software to determine if you can electronically file Form 1NPR, or use the department's free e-file application. For more information on e-filing, go to the department's web site at http://www.revenue.wi.gov/eserv/index.html.

When should I file?

You should file as soon as you can, but not later than **April 17**, **2012**. If you file late without an extension, you are subject to interest at 1.5% per month, late filing fees, and penalties.

Farmers and fishers (persons who earn at least two-thirds of their gross income from farming or fishing) who don't make payments of estimated income tax (Wisconsin Form 1-ES) must file their 2011 Wisconsin income tax returns and pay any tax due by March 1, 2012, to avoid interest for underpayment of estimated tax.

Need more time to file?

If you cannot file on time, you can get an extension. You may use any federal extension provision for Wisconsin, even if you are filing your federal return by April 17.

How to Get an Extension You do not need to submit a request for an extension to the department prior to the time you file your Wisconsin return. When you file your Form 1NPR, enclose either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 6-month extension provision).

Note You will owe interest on any tax that you have not paid by April 17, 2012. This applies even though you may have an extension of time to file. If you do not file your return by April 17, 2012, or during an extension period, you are subject to additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 17, 2012. Submit the payment with a 2011 Wisconsin Form 1-ES. You can get this form from our Internet web site at www.revenue.wi.gov or at any Department of Revenue office. (**Exception** You will not be charged interest during an extension period if (1) you served in support of Operation Iraqi Freedom in the United States, (2) you qualify for a federal

extension because of service in a combat zone or a contingency operation, or (3) you qualify for a federal extension due to a federally-declared disaster. See Special conditions below.)

Special conditions A "Special Conditions" section is located under the name and address section on page 1 of Form 1NPR. If you have an extension of time to file due to service in support of Operation Iraqi Freedom in the United States, fill in "01" in the Special Conditions box. If you qualify for an extension because of service in a combat zone or contingency operation, fill in "02" in the box. If you qualify for an extension because of a federally-declared disaster, fill in "03" in the box and indicate the specific disaster on the line provided.

Before starting your Form 1NPR, fill in your federal return and its supporting schedules. If you aren't required to file a federal return, list the types and amounts of your income and deductions on a separate sheet of paper and enclose it with your Form 1NPR.

Follow these line instructions to fill in your Form 1NPR. Prepare one copy to file with the department and another for your records.

- Period covered File the 2011 return for calendar year 2011 and fiscal years that begin in 2011. For a fiscal year, a 52-53 week period, or a short-period return, fill in the taxable year beginning and ending dates in the taxable year space at the top of the form. If your return is for a fiscal year, a 52-53 week period, or a short-period, also fill in "11" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.
- Social security number Fill in your social security number. Also fill in your spouse's social security number if you are married filing a joint return or if you are married filing a separate return.

If you are an alien who has been issued an Individual Taxpayer Identification Number (ITIN), fill in your ITIN wherever your social security number is requested.

- Name and address Print or type your legal name and address. Include your apartment number, if any. Fill in your PO Box number only if your post office does not deliver mail to your home. If you are married filing a joint return, fill in your spouse's name (even if your spouse didn't have any income). If you filed a joint return for 2010 and you are filing a joint return for 2011 with the same spouse, be sure to enter your names and social security numbers in the same order as on your 2010 return.
- Special conditions Below is a list of the special condition codes that you may need to enter in the special conditions box on Form 1NPR. Be sure to read the instruction on the page listed for each code before using it. Using the wrong code or not using a code when appropriate could result in an incorrect tax computation or a delay in processing your return.

 - 02 Extension Combat zone (page 6)
 - 03 Extension Federally-declared disaster (page 6)
 - 04 Divorce decree (page 34)

 - 99 Multiple special conditions

If more than one special condition applies, fill in "99" in the Special Conditions box and list the separate code numbers on the line next to the box, in addition to any other information required on the line.

- Tax district *Nonresidents* don't fill in these lines. *Part-year* and full-year residents check the proper box and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2011, or before leaving Wisconsin. Also fill in the name of the county in which you lived.
- School district number *Nonresidents* don't fill in this line. *Part-year and full-year residents* See the list of school district numbers on page 39. Fill in the number of the school district in which you lived on December 31, 2011, or before leaving Wisconsin.
- Filing status Check one of the boxes to indicate your filing status for 2011. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

If you obtained a decree of divorce or separate maintenance during 2011 or are married and will file a separate return, you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2011*. This publication has information on what income you must report.

Single You may check the "single" box if any of the following was true on December 31, 2011:

- · You were never married.
- You were legally separated under a final decree of divorce or separate maintenance.
- You were widowed before January 1, 2011, and did not remarry in 2011

Nonresident aliens filing federal Form 1040NR You can't consider yourself single if you were married but lived apart from your spouse.

Married filing joint return Most married couples will pay less tax if they file a joint return. You may check the "married filing a joint return" box if **any** of the following is true.

- You were married as of December 31, 2011.
- Your spouse died in 2011 and you did not remarry in 2011.
- You were married at the end of 2011, and your spouse died in 2012 before filing a 2011 return.

A marriage means only a legal union between a man and a woman as husband and wife.

A husband and wife may file a joint return even if only one had income or if they did not live together all year. Both spouses must sign the return, and both are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

You can't file a joint return if either you or your spouse were a non-resident alien at any time during 2011. You also can't file a joint return if you and your spouse have different tax years.

Exception If at the end of 2011 one spouse was a dual-status or non-resident alien and the other spouse was a U.S. citizen or a resident alien, you may be able to file a joint return. In order to file a joint return, you must elect to treat the nonresident alien spouse as a U.S. resident. If you do file a joint return, you and your spouse must report your combined worldwide income as your federal income. (**Note** Even though electing to be treated as a U.S. resident, the nonresident alien spouse is considered a nonresident of Wisconsin.)

If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separate return.

Married filing separate return Even though a joint return usually produces the lowest tax, you and your spouse may be among the few married couples for whom separate returns are better. This will require the filing of two returns, one for each spouse.

If you file a separate return, print or type your spouse's social security number in the space at the top of the form and full name on the line provided.

If you file a separate return, you and your spouse can amend it to file as married filing a joint return within four years after the unextended due date of the return.

Head of household If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child or parent) may be able to use this filing status.

Certain married persons who lived apart from their spouse for the last 6 months of 2011 who paid over half the cost of keeping up a home that was the main home of their child, stepchild, or foster child for more than half of 2011 may be able to use this status. If you are married and qualify to file as head of household, be sure to fill in the "check here if married" space next to the arrow.

If you do not have to file a federal return, contact any department office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

Note If you are married and qualify to file as head of household, be sure to check both "head of household" filing status and "married" on the same line next to the arrow. Also, fill in your spouse's social security number in the space above the name and address area and fill in your spouse's name in the spaces above the head of household line.

■ Resident status Check the resident status to indicate your resident status in 2011. If you are married filing a joint return, also check one of the spaces to indicate your spouse's resident status in 2011. See the definitions on page 4.

If you are a nonresident of Wisconsin, also indicate in the space provided the 2-letter postal abbreviation for your state of legal residence. If you are a resident of a foreign country, fill in "99" in this space.

Legal residence (domicile) questionnaire If you changed your domicile from Wisconsin during 2010 or 2011 and you did not previously complete a questionnaire for that change, fill in the questionnaire on page 47.

Minnesota Residents Working in Wisconsin; Wisconsin Residents Working in Minnesota On the front of Form 1NPR are two questions related to personal service income of residents of one state who worked in the other state. (The questions appear below the resident status information in the middle of the form.) Provide the requested information if you are either:

A Wisconsin resident who worked in Minnesota in 2011, or A Minnesota resident who worked in Wisconsin in 2011.

If you and/or your spouse earned personal service income in one state while a resident of the other state, check "yes" to the appropriate question. Enter the amount of personal service income earned in the other state. If you and your spouse each had personal service income in the other state, enter the total amount for both spouses. If only a portion of your income was earned in the other state, enter that amount.

Personal service income includes income earned as an employee, independent contractor, self-employed person, or partner, as long as you personally performed the service in the other state. The income can be in the form of wages, salaries, tips, commissions, bonuses, fees, or similar compensation. It can also be net income from federal Schedule C or a guaranteed payment and/or distributive share from a partnership on Schedule E.

Include the following as personal service income earned in other state:

- Income from work done at your employer's location in the other state, such as at an office, factory, restaurant, store, clinic, or similar place of employment.
- Income from work done at various locations in the other state, such
 as a job site, construction site, or a customer's location, including
 income from service performed as a plumber, carpenter, repairman,
 consultant, traveling salesperson, life insurance agent, real estate
 agent, or professional, such as a doctor or lawyer.

Do not include the following as personal service income earned in other state:

- Income earned as an interstate truck driver, railroad worker, airline employee, or member of the military.
- · Pensions and annuities; unemployment compensation.
- · Rental income, royalties, capital gains, interest, and dividends.
- Income earned as a self-employed person and/or partnership income if the income results mostly from the sale of goods or from the services of employees.
- Line instructions Form 1NPR has two columns for figures.

Column A is labeled "Federal column." In this column, lines 1-33, fill in the same amounts you reported on your federal return.

If you are filing federal Form 1040NR or 1040NR-EZ, fill in the amounts from each line on page 1 of Form 1040NR (lines 3-10 of Form 1040NR-EZ) on the corresponding line on Form 1NPR. If there is no corresponding line on Form 1NPR for an income or adjustment item, include the income item on line 15, Form 1NPR and the adjustment item on line 30. The amount reported on line 22 of Form 1040NR or line 6 of Form 1040NR-EZ (income exempt by a treaty) should not be carried over to Form 1NPR.

Exceptions

- If you are using a different filing status for Wisconsin and federal purposes, the amounts you enter in column A cannot be taken from the federal return you file with the Internal Revenue Service (IRS). If you file a joint return for Wisconsin (but separate returns for IRS), report in column A the amounts you would report on a federal return using a married filing joint status. (For example, you reported \$15,000 of wages on your separate federal return and your spouse reported \$20,000 of wages on his/her separate federal return. If you file a joint Wisconsin return, report \$35,000 of wages in column A.) If you file separate returns for Wisconsin (but you're filing a joint return for IRS), report in column A the amounts you would report on a federal return using a married filing separate status.
- The federal income that you must use to complete column A of Form 1NPR may not always be the same as the amount reported on your federal Form 1040. Differences between federal and Wisconsin law may occur because Wisconsin uses the federal law as amended to December 31, 2010, with certain exceptions.

A comprehensive list of the provisions of federal law that may not be used for Wisconsin purposes for 2011 can be found in the instructions for Wisconsin Schedule I. The following is a list of the items that may affect the largest number of taxpayers.

- Bonus depreciation.
- The increase in expensing under sec. 179 (IRC).
- Discharge of indebtedness on principal residence.

If any provision of federal law that does not apply for Wisconsin affects your federal adjusted gross income, complete Wisconsin Schedule I and enclose it with your Form 1NPR. The amount you fill in on lines 1 through 33 of Form 1NPR (and amounts filled in on Schedule 1 on page 4 of Form 1NPR) should be the revised amount from Schedule I.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2011 (for example, the special 30% or 50% bonus depreciation was not allowed for Wisconsin purposes), you must also make adjustments on Schedule I for 2011.

You may also have to fill in Schedule I if you sold property during 2011, and the gain or loss from the sale is different for federal and Wisconsin purposes due to Schedule I adjustments made in a prior year. This would occur, for example, if you used different rates of depreciation or amortization for federal and Wisconsin purposes. See the instructions for Schedule I for more information.

Column B on Form 1NPR is labeled "Wisconsin column." In this column, fill in the amounts that apply to Wisconsin.

Your federal income may include items that aren't taxable or deductible for Wisconsin, or it may not include items that are taxable or deductible for Wisconsin. You may have to add or subtract these items from your federal income to arrive at the correct Wisconsin income.

Those differences between federal and Wisconsin income (called "modifications") that may affect the amounts you report on more than one line of Form 1NPR are explained below. Differences that affect a particular line of Form 1NPR are explained in the instructions for that line.

Modifications for differences between federal and Wisconsin income

Differences in federal and Wisconsin basis of property Are
you depreciating (or amortizing) property, such as buildings or
machinery, which has a different basis for federal and Wisconsin
purposes? If so, you must complete Wisconsin Schedule T,
Transitional Adjustments. Enclose the completed Schedule T
with your Form 1NPR. See page 6 for information on how to get
Schedule T.

Did you sell (or otherwise dispose of) property that you are depreciating (or amortizing), such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Enclose the completed Schedule T with your Form 1NPR.

Did you sell (or otherwise dispose of) property that can't be depreciated or amortized, such as land, stocks, bonds, or an interest in a partnership, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Enclose the completed Schedule T with Form 1NPR.

Caution If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code, use Schedule I to adjust for the difference in basis rather than Schedule T.

- Differences in federal and Wisconsin reporting of marital property (community) income Are you married and filing a separate return for Wisconsin purposes or were you divorced during 2011? If so, you may have to report a different amount of income on your Form 1NPR than on your federal return. For more information, get Publication 109, Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2011. See page 6 for information on how to get this publication.
- Medical care insurance You may be able to subtract all or a portion
 of the cost of your medical care insurance.

"Medical care insurance" means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage (including dental insurance). If you are receiving social security benefits, the amount paid for medical care insurance includes the

amount deducted from your monthly benefit for Medicare (for example, Parts B and D). It does not include premiums you pay for:

- Long-term care insurance,
- · Life insurance policies,
- · Policies providing payment for loss of earnings,
- · Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury,
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car, or
- Medical care insurance if you elected to pay these premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

CAUTION Do not include insurance premiums paid by an employer unless the premiums are included as wages in box 1 of your Form W-2. Premiums that are deducted pre-tax are not included in box 1 of your Form W-2.

If you participate in your employer's fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. Because you are an employee whose insurance premiums are paid with money that is not included in your gross income (premiums are deducted pre-tax), you cannot subtract the premiums paid with that money. Such programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc.

Complete Worksheet 1 and/or Worksheet 2, as appropriate, to figure your subtraction.

If you are self-employed, complete Worksheet 1.

	Worksheet 1 – Self-Employed Pe	rsons

consider losses from a trade or business.

Complete Worksheet 2 if you were (1) an employee or (2) a person who had no employer and was not self-employed.

Worksheet 2 - Others 1. Amount you paid in 2011 for medical care insurance during a period in which you were employed and employer paid a portion of the cost of your insurance . . 1. 2. Amount you paid in 2011 for medical care insurance during a period in which (1) you were an employee and your employer did not contribute toward the cost of your insurance or (2) you had no employer and were not 5. Fill in the amount that will be on line 16. column B, without considering the subtraction for medical care insurance less the amount that will be on line 31, column B of Form 1NPR5. 6. Fill in the amount that will be on line 16, column A, less the amount that will be on line 31, column A of Form 1NPR 6. 7. Divide line 5 by line 6. Fill in decimal amount, but not more than 1.007._ 9. Fill in the smaller of line 5 or 8 here and on line 15. This is your subtraction for medical care insurance. See the Modifications in the instructions for line 15 for information on claiming the subtraction 9.

Rounding off to whole dollars Form 1NPR has preprinted zeros in the place used to enter cents. All amounts filled in the form should be rounded to the nearest dollar. Drop amounts under 50¢ and increase amounts that are 50¢ or more to the next dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237. When you round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total.

If completing the form by hand, do not use commas when filling in amounts.

■ Line 1 Wages, salaries, tips, etc.

Federal column Fill in the amount from line 7 of federal Form 1040 or 1040A, or line 1 of Form 1040EZ.

Exception If you were a member of the U.S. uniformed services, do not include military compensation received during a period of time in which you were a nonresident of Wisconsin on line 1, federal column. This does not apply to Wisconsin residents who are stationed outside Wisconsin. If you meet this exception, fill in "09" in the Special Conditions box on page 1 of Form 1NPR. Write the amount of military compensation on the line next to the box. (See page 4 for information on Armed Forces Personnel.)

Wisconsin column *Nonresidents* – fill in the amount received for working in Wisconsin (see **Exceptions**). **Note** If that amount differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this

Line 1 instructions - continued

income was earned. If you are retired on disability, do not fill in any disability income. *Part-year and full-year residents* – figure the amount received for working in and outside Wisconsin while a Wisconsin resident. Add to that figure the amount received for working in Wisconsin while a nonresident. If the total differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned. If you are retired on disability, include the amount of disability income received while you were a Wisconsin resident.

Exceptions

Income of Military Spouse Income from services performed in Wisconsin by a nonresident spouse of a servicemember is not taxable to Wisconsin if the spouse is in Wisconsin solely to be with the servicemember serving in Wisconsin under military orders (Note Even though the nonresident spouse's wages may not be taxable to Wisconsin, they would be taxable to the nonresident spouse's state of legal residence.) If you meet this exception, fill in "15" in the Special Conditions box on page 1 of Form 1NPR.

Nonresident military spouses may claim an exemption from Wisconsin withholding. See Form W-221, *Nonresident Military Spouse Withholding Exemption*.

Residents of Illinois, Indiana, Kentucky, or Michigan Don't
include on line 1, column B wages earned while a resident of one
of these states. Under agreements with these 4 states, Wisconsin
doesn't tax the wages of their residents.

If your only Wisconsin income is wages earned in Wisconsin while you were a resident of one of the above states, and you are filing to get a refund of Wisconsin tax withheld in error, fill in 0 on lines 1 and 32, column B. Fill in the Wisconsin tax withheld from your wages on lines 67, 78, 79, and 80. Enclose your Wisconsin W-2(s). Sign your return (both spouses if filing a joint return).

- See the instructions for line 10 for information on the taxation of income received while a nonresident of Wisconsin from a nonqualified deferred compensation plan.
- If you filed your federal return on Form 1040NR or 1040NR-EZ and have wages that are exempt from federal tax by a treaty, do not include the exempt wages in either column A or column B.

Modifications

- Reserve or National Guard members If you were a member of the Reserves or National Guard and served on active duty, do not include on line 1, column B, any military pay that is included on your W-2 and that was (1) received from the federal government, (2) received after being called into active federal service or into special state service authorized by the federal Department of Defense, and (3) paid to you for a period of time during which you were on active duty. Caution This subtraction only applies to members of the Reserves or National Guard who are called into active federal service under 10 USC 12302(a) or 10 USC 12304 or into special state service under 32 USC 502(f). It does not apply to pay that members of the Reserves and National Guard receive for weekend and two-week annual training or to a person serving on active or full-time duty in the active guard reserve (AGR) program. Note If you are claiming this subtraction, fill in "14" in the Special Conditions box on page 1 of Form 1NPR.
- Disability income exclusion for part-year and full-year residents If you retired on permanent and total disability and have included your disability income on your federal return, you may be able to subtract up to \$5,200 of your disability income.

You must meet all these tests:

1. You didn't reach mandatory retirement age before January 1, 2011

- 2. You were under age 65 on December 31, 2011.
- 3. You were permanently or totally disabled
 - a. when you retired, or
 - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- 4. If you were married at the end of 2011, you must file a joint return with your spouse.
- You were a Wisconsin resident when you received the disability income.
- 6. You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.
- 7. Your federal adjusted gross income is less than \$20,200 (\$25,400 if married and both spouses are eligible).

Figure your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. See page 6 for information on how to get Schedule 2440W. *Full-year residents* – subtract from the disability income included on your federal Form 1040 or 1040A, the exclusion from line 6 of Schedule 2440W. *Part-year residents* – subtract the exclusion from line 8 of Schedule 2440W from the portion of your disability income which is otherwise taxable to Wisconsin. Enclose your completed Schedule 2440W with your Form 1NPR.

■ Line 2 Taxable interest

Federal column Fill in the amount from line 8a of federal Form 1040 or 1040A or line 2 of Form 1040EZ.

Wisconsin column *Nonresidents* – don't fill in any amount of your interest. (**Exception** Include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.) *Partyear and full-year residents* – figure the interest received while a Wisconsin resident. For the period of time you were a nonresident, include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1. Use the worksheet in the next column to figure the interest taxable by Wisconsin. Save this worksheet for your records.

Modifications

• State and municipal bond interest Did you receive any state or municipal bond interest? If so, add to your federal income the amount received from state and municipal bonds while a Wisconsin resident. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as tax-exempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the income by such expenses.)

Exception Do not include interest income from (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin, (2) Wisconsin Housing Finance Authority bonds, (3) Wisconsin municipal redevelopment authority bonds, (4) Wisconsin higher education bonds, (5) Wisconsin Housing and Economic Development Authority bonds issued on or after December 11, 2003, to fund multifamily

affordable housing projects or elderly housing projects, (6) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds and CHAP housing revenue bonds, (7) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the Internal Revenue Code, (8) local exposition district bonds, (9) Wisconsin professional baseball park district bonds, (10) bonds issued by the Government of Puerto Rico, Guam, the Virgin Islands, Northern Mariana Islands or, for bonds issued after October 16, 2004, the Government of American Samoa, (11) local cultural arts district bonds, (12) Wisconsin professional football stadium bonds, (13) Wisconsin Aerospace Authority bonds, (14) bonds issued on or after October 27, 2007, by the Wisconsin Health and Education Facilities Authority to fund acquisition of information technology hardware or software, (15) certain conduit revenue bonds issued by a commission created under sec. 66.0304, Wis. Stats. (Note At the time this booklet went to print (November 15, 2011), there were no conduit revenue bonds issued where the interest income is exempt from Wisconsin tax. A listing of the conduit revenue bonds issued and the tax-exempt status is available on the department's web site at www.revenue.wi.gov/fags/pcs/conduit. html), and (16) Wisconsin Housing and Economic Development Authority bonds or notes if the bonds or notes are issued to provide loans to a public affairs network under sec. 234.75, Wis. Stats.

United States government interest and dividends Did you include U.S. government interest in your federal income? If so, subtract from your federal income the amount of interest on United States bonds and interest and dividends of certain United States government corporations. This income isn't taxable for Wisconsin purposes.

Caution Don't subtract interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin income if you received the interest while a Wisconsin resident.

■ Line 3 Ordinary dividends

Federal column Fill in the amount from line 9a of federal Form 1040 or 1040A.

Wisconsin column *Nonresidents* – don't fill in any amount of your dividends. (**Exception** Include your share of dividend income

attributable to Wisconsin and passed through from a tax-option (S) corporation as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – fill in the total dividends you received while a Wisconsin resident. For the period of time you were a nonresident, include your share of dividend income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.

Modification

 Did you receive ordinary dividends from a mutual fund which invests in U.S. government securities? If so, you can subtract from your federal income the portion of the ordinary dividends which the mutual fund advises you is from investment in U.S. government securities.

■ Line 4 Taxable refunds, credits, or offsets of state and local income taxes

Federal column Fill in the amount from line 10 of federal Form 1040.

Wisconsin column Don't fill in any amount on line 4. Wisconsin doesn't tax refunds, credits, or offsets of state and local income taxes.

Federal column Fill in the amount from line 12 of federal Form 1040.

For detailed instructions on determining the amount of income or loss from Wisconsin businesses, go to the Frequently Asked Questions on the Department of Revenue web site at http://www.revenue.wi.gov/faqs/index.html and click on the link for "Individuals" and then "Part-Year and Nonresidents." *Part-year and full-year residents* – figure the income or loss from businesses in and outside Wisconsin while a Wisconsin resident. Combine with that figure the income or loss from Wisconsin businesses while a nonresident.

Modification

• Differences in federal and Wisconsin basis of property If the federal basis of your property isn't the same as the Wisconsin basis, see page 9.

■ Line 7 Capital gain or (loss)

Federal column Fill in the amount from line 13 of federal Form 1040 or line 10 of Form 1040A.

Wisconsin column *Nonresidents* – complete Schedule WD if you have capital gain or loss from Wisconsin sources. (See definition of Wisconsin sources.) If you don't, fill in 0 on line 7. *Part-year and full-year residents* – all capital gain or loss received while you are a Wisconsin resident and capital gain or loss received from Wisconsin sources (see definition of Wisconsin sources) while you are a nonresident is includable in your Wisconsin income. If you have any capital gain or loss taxable

Line 7 instructions - continued

to Wisconsin, complete Schedule WD to determine your taxable gain or allowable loss. See page 6 for information on how to get Schedule WD.

If the only amount on line 13 of Form 1040 or line 10 of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust, you do not have to complete Schedule WD. Fill in 70% of the portion of the capital gain distribution received while a Wisconsin resident.

Capital gain or loss from Wisconsin sources includes gain or loss from the sale of land, buildings, and machinery located in Wisconsin and your share of capital gain and loss from an estate or trust, partnership, limited liability company (LLC), or tax-option (S) corporation which has been reported to you on Wisconsin Schedule 2K-1, 3K-1, or 5K-1. It also includes gain from the sale of stock acquired under an incentive stock option or employee stock purchase plan to the extent attributable to personal services performed in Wisconsin. It doesn't include losses from nonbusiness bad debts and worthless securities, and gains or losses from sales of stocks (except gain on stock acquired under an incentive stock option or employee stock purchase plan as explained above) while a nonresident.

Did you sell your Wisconsin home? If you sold your Wisconsin home and qualify to exclude all or a portion of the gain on the sale for federal tax purposes, you may exclude the same amount for Wisconsin.

■ Line 8 Other gains or (losses)

Federal column Fill in the amount from line 14 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in the gain or loss from Wisconsin sources. *Part-year and full-year residents* – figure the gain or loss from all sources while a Wisconsin resident. Combine with that figure gain or loss from Wisconsin sources while a nonresident.

Modification

• Differences in federal and Wisconsin basis of property If the federal basis of your property isn't the same as the Wisconsin basis, see page 9.

■ Line 9 IRA distributions

Federal column Fill in the amount from line 15b of federal Form 1040 or line 11b of Form 1040A.

Wisconsin column *Nonresidents* – don't fill in any amount on line 9. *Part-year and full-year residents* – fill in the taxable amount of IRA distributions you received while a Wisconsin resident.

Exceptions

- If, while a resident of Wisconsin in 2010, you converted a traditional IRA or other retirement plan distribution to a Roth IRA (or designated Roth IRA) and postponed payment of tax on the distribution to 2011 and 2012, the portion taxable for federal purposes in 2011 (and 2012) is also taxable for Wisconsin. Include the taxable portion in the Wisconsin column.
- If, while a nonresident of Wisconsin in 2010, you converted a
 traditional IRA or other retirement plan distribution to a Roth
 IRA (or designated Roth IRA) and postponed payment of tax on
 the distribution to 2011 and 2012, the portion taxable for federal
 purposes in 2011 (and 2012) is not taxable for Wisconsin. Do not
 include the postponed taxable amount in the Wisconsin column.

■ Line 10 Pensions and annuities

Federal column Fill in the amount from line 16b of federal Form 1040 or line 12b of Form 1040A.

Wisconsin column *Nonresidents* – don't fill in any amount on line 10. *Part-year and full-year residents* – fill in the taxable amount of pension and annuity income you received while a Wisconsin resident. Wisconsin taxes pension, annuity, profit-sharing, and stock bonus plan distributions received while a Wisconsin resident even though the distributions may relate to work you did in another state.

Exceptions

- Amounts received while a nonresident of Wisconsin from a nonqualified retirement plan or a nonqualified deferred compensation plan must be included in the Wisconsin column to the extent attributable to personal services performed in Wisconsin unless:
 - The distribution is paid out in annuity form over the life expectancy of the individual or a period of not less than 10 years, or
 - (2) The distribution is paid in either an annuity or lump-sum from arrangements known commonly as "mirror" plans.
- See the Exceptions for line 9 for the treatment of 2010 conversions from a retirement plan, including distributions from 401(k), 403(b), and 457(b) plans, to a Roth account

Modifications

• Lump-sum distributions Did you receive a lump-sum distribution while a Wisconsin resident? If so, and you used federal Form 4972 to figure your federal tax, you must add the amount of your lump-sum distribution to your other pension and annuity income and report it on line 10. Include on line 10 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

CAUTION If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10, less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

Note No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

 - (1) The U.S. military retirement system (including payments from the Retired Serviceman's Family Protection Plan and the Survivor Benefit Plan), and

3. You are receiving payments from the system as the beneficiary of a person who met either condition 1 or 2.

The specific retirement systems are:

- A. Local and state retirement systems Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.
- **B. Federal retirement systems** United States government civilian employee retirement systems. Examples of such retirement systems include the Civil Service Retirement System and Federal Employees' Retirement System.

Note You must include the following on line 10, column B:

- Payments received as a result of voluntary tax-sheltered annuity deposits made in any of the retirement systems listed in A or B.
- Payments received from one of the retirement systems listed in A or B if you first became a member after December 31, 1963.
 This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- · Payments from the federal Thrift Savings Plan.

CAUTION Your retirement benefits are not taxable only if they are based on qualified membership in one of the retirement systems listed in A or B. Qualified membership is membership that began before January 1964. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable.

- Railroad retirement benefits Don't include on line 10, column B
 amounts received from the U.S. Railroad Retirement Board that
 were included in line 16b of federal Form 1040 or line 12b of
 Form 1040A. These benefits aren't taxable by Wisconsin.
- Disability income exclusion for part-year and full-year residents Are you retired on permanent and total disability? If so, and you have included your disability income on line 16b of your federal Form 1040 or line 12b of Form 1040A, you may be able to subtract up to \$5,200 of your disability income. See the Modifications for line 1 for further information.

■ Line 11 Rental real estate, royalties, partnerships, S corporations, trusts, etc.

Federal column Fill in the amount from line 17 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources. *Part-year and full-year residents* – figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from sources in and outside Wisconsin received while a Wisconsin resident. Combine with that figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources received while a nonresident.

Rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources includes:

- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits and losses from businesses, professions, and farm operations conducted in Wisconsin, including partnerships and tax-option (S) corporations.

Modifications

• Tax-option (S) corporation modifications

- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin.
- (2) If you were a shareholder of a federal S corporation that elected not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits which was received while you were a Wisconsin resident. (Caution Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)
- (3) Instead of including the tax-option (S) corporation items deductible on federal Schedule A in the Wisconsin itemized deduction credit, you may be able to treat these items as subtraction modifications.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 6 for information on how to get this publication.

- Partnership, estate, or trust modifications If you were a member of a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, estate, or trust notifying you of any modifications to federal income. Increase the amount reported in the federal column by amounts shown as add modifications. Decrease the amount reported in the federal column by amounts shown as subtract modifications.
- Differences in federal and Wisconsin basis of property If the federal basis of your property isn't the same as the Wisconsin basis, see page 9.

■ Line 12 Farm income or (loss)

Wisconsin column *Nonresidents* – fill in the amount of income or loss from Wisconsin farms. *Part-year and full-year residents* – figure the income or loss from farms in and outside Wisconsin while a Wisconsin resident. Combine with that figure the income or loss from Wisconsin farms while a nonresident.

Modification

• Differences in federal and Wisconsin basis of property If the federal basis of your property isn't the same as the Wisconsin basis, see page 9.

■ Line 15 Other income

Federal column Fill in the amount from line 21 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in any other income you received from Wisconsin sources. *Part-year and full-year residents* – figure the amount of any other income you received while a Wisconsin resident. Add to that figure any other income you received from Wisconsin sources while a nonresident.

Modifications

The modifications listed below may either increase or decrease the amount you fill in on line 15, column B. Treat any addition as a positive number and any subtraction as a negative number. **Enclose a description of each addition and subtraction you make on line 15**. Combine your modifications with your "other income" reportable in column B and fill in the net result. If the net result is a negative number, put a minus sign in front of the number.

- Farm losses Did you deduct farm losses from your Wisconsin income? If so, you may have to include part of your losses on line 15 if you were not actively engaged in farming. To be "actively engaged in farming" with respect to a farming operation, you must make a significant contribution of:
 - Capital, equipment, or land, or a combination of capital, equipment, or land; and
 - Active personal labor or active personal management, or a combination of both.

Factors you must take into consideration in determining if you contribute a significant amount of active personal labor or active personal management include:

- The type of crops and livestock produced;
- The normal and customary farming practices of the area; and
- The total amount of labor and management which is necessary for such a farming operation in the area.

In order to be considered to be actively engaged in a farming operation, you must have (1) a share of the profits or losses from the farming operation which is commensurate with your contributions to the operation, and (2) contributions to the farming operation which are at risk.

Your combined net losses from farming operations in which you are *not* actively engaged in farming are limited if your nonfarm Wisconsin adjusted gross income is more than \$55,000 (\$27,500 if married filing separately).

To figure your combined net losses from farming operations, add together any losses you have from farming operations in which you were not actively engaged (for example, these could be losses from a farm partnership or tax-option (S) corporation). Include only losses that you included in the Wisconsin column of Form 1NPR. Do not reduce these losses by any net farm gains. If the total of these losses is more than the maximum allowable loss shown in the tables in the next column, include the excess on line 15.

Example For 2011, a single person who is a nonresident is not actively engaged in farming. He reports a loss of \$35,000 on Schedule E from a Wisconsin farm partnership, a profit of \$5,000 on Schedule E from the rental of Wisconsin farmland, and a loss of \$30,000 on Schedule E from an S corporation that operates a farm in California. The person's nonfarm Wisconsin adjusted gross income is \$60,000. His combined net losses from farming are \$35,000 (farm partnership loss). Since he's a nonresident, the S corporation loss isn't included in his Wisconsin income. The maximum farm loss he can deduct is \$20,000. He must include \$15,000 (\$35,000 combined net losses – \$20,000 maximum loss) on line 15.

• Farm loss carryover If you were subject to farm loss limitations (see modification for farm losses on this page for a description) on your 1996 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits or net gains from the sale or exchange of capital or business assets in the current taxable year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

Farm Loss Limits – Single persons and married persons filing joint return

Nonfarm Wisconsin Adjusted Gross Income

Farm Loss Limits – Married persons filing separate returns (including married filing as head of household)

Nonfarm Wisconsin Adjusted Gross Income

More Than	But Not More Than	Maximum Allowable Loss
\$ 0	\$ 27,500	Full Amount
27,500	37,500	\$10,000
37,500	50,000	8,750

125,000	150,000	3,750
150,000	300,000	2,500
300,000		No Loss

Example You have a farm loss carryover from 2010 of \$30,000. For 2011 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover.

- Farmland preservation credit Did you receive farmland preservation credit in 2011? If so, the total amount is taxable by Wisconsin. Include on line 15 any portion of your farmland preservation credit from Schedule FC which wasn't included as income on your federal return.
- Addition required for certain credits If you claimed any of the
 credits listed below, you must include on line 15 the amount of your
 credit computed for 2011. The amount of your credit is income and
 must be reported on Form 1NPR, even if you cannot take the full
 credit this year and must carry part of it forward or if the credit is
 refundable. (Note Credits that you receive from a partnership or
 tax-option corporation will be accounted for when you make the
 modifications described on page 14 for tax-option (S) corporations
 and partnerships.)

Include the following credits computed for 2011:

- (a) Dairy and livestock farm investment credit
- (b) Enterprise zone jobs credit
- (c) Internet equipment credit
- (d) Development zones credit
- (e) Dairy manufacturing facility investment credit
- (f) Dairy cooperatives credit
- (g) Technology zones credit
- (h) Film production company investment credit
- (i) Film production services credit
- (i) Manufacturing investment credit
- (k) Ethanol and biodiesel fuel pump credit
- (1) Economic development tax credit
- (m) Meat processing facility investment credit
- (n) Jobs tax credit
- (o) Woody biomass harvesting and processing credit
- (p) Food processing plant and food warehouse investment credit
- (q) Postsecondary education credit
- (r) Water consumption credit
- (s) Beginning farmer and farm asset owner credit
- (t) Community rehabilitation program credit
- Federal net operating loss carryover Don't include on line 15 any amount that you deducted on line 21 of federal Form 1040 as a federal net operating loss carryover.
- Recoveries of federal itemized deductions Don't include on line 15 any amount that you included in federal income that is a recovery of a federal itemized deduction from a prior year for which you didn't receive a Wisconsin tax benefit.

Example You deducted a casualty loss of \$2,000 as an itemized deduction on your 2010 federal income tax return. You couldn't claim the casualty loss for the itemized deduction credit on your 2010 Wisconsin return. In 2011, you received a \$1,000 reimbursement from your insurance company for part of the casualty loss. You reported the \$1,000 on your 2011 federal income tax return as a recovery of an amount previously claimed. Wisconsin won't tax the \$1,000 because you didn't claim the casualty loss for the itemized deduction credit on your Wisconsin return.

Line 15 instructions - continued

- Wisconsin net operating loss carryforward If you had a net operating loss (NOL) in an earlier year to carry forward to 2011, include the allowable amount on line 15. Enclose a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 6 for information on how to get this publication.
- Medical care insurance See Worksheet 2 on page 10 to compute your modification for the amount paid for medical care insurance.
- Long-term care insurance If you paid long-term care insurance costs during 2011, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

Do not include premiums for long-term care insurance if you elected to pay those premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

If you paid long-term care insurance costs during 2011 for a policy which covers you or your spouse, complete the following three steps to determine the amount of your subtraction.

Step 1 Complete the following worksheet.

	Worksheet - Long-Term Care Insurance
1.	Amount paid for long-term care insurance in 2011
2.	Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 29 of federal Form 1040 2
3.	Portion of long-term care insurance cost deducted on federal Schedule C or F for your employee spouse 3
4.	Add lines 2 and 3 4
5.	Subtract line 4 from line 1

Step 2 Use the following formula to prorate the long-term care insurance.

Amount from x business* taxable by Wisconsin Total wages, unearned income, and net earnings from a trade or worksheet and net earnings from a trade or business**

- * Use the amount that will be on line 16, column B, without considering the subtraction for long-term care insurance <u>less</u> the amount that will be on line 31, column B of Form 1NPR.
- ** Use the amount that will be on line 16, column A, less the amount that will be on line 31, column A of Form 1NPR.

Step 3 Your subtraction for long-term care insurance is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, unearned income, and net earnings from a trade or business taxable by Wisconsin.

- Retirement income exclusion You may subtract up to \$5,000 of certain retirement income if:
 - (1) You (or your spouse if married filing a joint return) were 65 years of age or older on December 31, 2011, and
 - (2) Your federal adjusted gross income (line 37 of Form 1040 or line 21 of Form 1040A) is less than \$15,000 (\$30,000 if married filing a joint return). If married filing a separate return, the sum of both spouses' federal adjusted gross income must be less than \$30,000.

If you meet these qualifications, complete the Retirement Income Exclusion Worksheet below to determine the amount of your subtraction. Your subtraction is the amount from line 4 of the worksheet. If married filing a joint return, your subtraction is the total of the amounts in Col. A and Col. B of line 4 of the worksheet.

Amounts not taxable by Wisconsin Don't include on line 15
amounts not taxable by Wisconsin (less related expenses, except
expenses used to figure the Wisconsin itemized deduction credit).

Example Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes.

Line 15 instructions - continued

- Adoption expenses If you were a full-year resident of Wisconsin for 2011 and you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2011, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2009, 2010, and 2011. Don't count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.
- Tuition and fee expenses You may be able to claim a subtraction for up to \$6,185 (per student) of the amount you paid during 2011 for tuition and mandatory student fees for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition and mandatory student fees must have been paid during 2011 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota-Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition or fees paid to pre-schools, elementary, or secondary schools (for example, grade schools and high schools).

Tuition and mandatory student fees paid to a school that fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition and fees paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition and mandatory student fees paid for correspondence courses or courses received via the Internet or other electronic transmission

Retirement Income Exclusion Wor	ksheet

1. Taxable IRA distributions from line 9, column B of Form 1NPR	1	
2. Taxable pension and annuity income from qualified plans included in line 10, column B of Form 1NPR without considering this exclusion	2	
3. Add lines 1 and 2	3	
4. Complete line 4 as follows. This is your subtraction for retirement income.		
 If you were 65 years of age or older on December 31, 2011, fill in on line 4, Col (A), the <u>smaller</u> of line 3, Col. (A) or \$5,000. Fill in 0 (zero) if you were not age 65 or older. 		
 If married filing a joint return and your spouse was 65 years of age or older on December 31, 2011, fill in on line 4, Col. (B), the <u>smaller</u> of line 3, Col. (B) or \$5,000. Fill in 0 (zero) if your spouse was not age 65 or older 	4	

qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

Caution The subtraction only applies to tuition and mandatory student fees. Amounts paid as separate charges for other items such as room and board, athletic tickets, or other costs may not be subtracted.

You cannot claim a subtraction for tuition and fees paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition and fees paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (EdVest or "tomorrow's scholar"). This limitation applies only if the owner of the account or other person who contributed to the account (for example, grandparent, aunt, or uncle) previously claimed a subtraction for contributions to the EdVest or "tomorrow's scholar" program.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount from:

- line 37 of Form 1040
- line 21 of Form 1040A
- line 4 of Form 1040EZ
- line 36 of Form 1040NR, or
- line 10 of Form 1040NR-EZ.

If your filing status is:

Single or Head of Household

- If your federal adjusted gross income is \$50,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$50,000 but less than \$60,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$60,000 or more, you
 may not subtract any amount for tuition and fee expenses.

Married Filing Joint Return

- If your federal adjusted gross income is \$80,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$80,000 but less than \$100,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$100,000 or more, you
 may not subtract any amount for tuition and fee expenses.

Married Filing Separate Return

- If your federal adjusted gross income is \$40,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$40,000 but less than \$50,000, complete Steps 1-3 to figure the amount of your subtraction.

Line 15 instructions - continued

If your federal adjusted gross income is \$50,000 or more, you
may not subtract any amount for tuition and fee expenses.

Step 1 Complete the worksheet below as required for your filing status.

	Tuition Expense Worksheet
	aution Only certain taxpayers are required to complete this workeet. See the instructions for your filing status.
1.	Amount paid for tuition and mandatory student fees in 2011. Do not fill in more than \$6,185 per student 1
2.	Fill in your federal adjusted gross income2
3.	Fill in \$50,000 (\$80,000 if married filing joint return or \$40,000 if married filing separate return) 3
4.	Subtract line 3 from line 24
5.	Divide the amount on line 4 by 10,000 (20,000 if married filing joint return). Fill in decimal amount
6.	Multiply line 1 by the decimal amount on line 5
7.	Subtract line 6 from line 1. This is the amount of tuition and fee expense to use

Step 2 Use the following formula to prorate the tuition expense.

		Wages, salaries, tips,		
		unearned income, and net earnings		
Tuition		from a trade or business**		
and fee	X	taxable by Wisconsin	=	Tentative
expense*		Total wages, salaries, tips,		subtraction
		unearned income, and net earnings		
		from a trade or business***		

- * This is the amount from line 7 of the Tuition Expense Worksheet in Step 1. If you were not required to use the worksheet, use the amount paid for tuition and mandatory student fees in 2011, but not more than \$6,185 per student.
- ** Use the amount that will be on line 16, column B, without considering the subtraction for tuition expense <u>less</u> the amount that will be on line 31, column B of Form 1NPR.
- *** Use the amount that will be on line 16, column A, <u>less</u> the amount that will be on line 31, column A of Form 1NPR.
 - **Step 3** Your subtraction for tuition and fee expense is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, salaries, tips, unearned income, and net earnings from a trade or business taxable by Wisconsin.
- Contributions to a Wisconsin state-sponsored college savings
 program You may be able to subtract the amount you contributed to
 a Wisconsin state-sponsored college savings account (for example,
 EdVest or "tomorrow's scholar") if you are the owner of the account
 or were authorized by the owner of the account to make contributions to the account.

The beneficiary of the account must be either you, your spouse (if married filing joint return), your child, grandchild, great-grandchild, niece, or nephew. The subtraction is equal to the amount you contributed to the account during 2011, but not more than \$3,000

per beneficiary (\$1,500 per beneficiary if you are married filing a separate return).

The total subtraction for a married couple may not exceed \$3,000 per beneficiary.

In the case of divorced parents, the total subtraction per beneficiary by the formerly married couple may not exceed \$3,000, and the maximum amount that may be subtracted by each former spouse is \$1,500, unless the divorce judgment specifies a different division of the \$3,000 maximum that may be claimed by each former spouse.

The subtraction must be prorated as follows:

Amount more than \$3,000 per beneficiary)

Wages, unearned income, and net earnings from a trade or contributed (no x business* taxable to Wisconsin = Tentative Total wages, unearned income, subtraction and net earnings from a trade or business**

- * Use the amount that will be on line 16, column B, without considering the subtraction for contributions to a Wisconsin statesponsored college savings program less the amount that will be on line 31, column B of Form 1NPR.
- ** Use the amount that will be on line 16, column A, less the amount that will be on line 31, column A of Form 1NPR.

Your subtraction is equal to the lesser of the tentative subtraction computed above or your total wages, salaries, tips, unearned income, and net earnings from a trade or business taxable to Wisconsin. If you are married filing a joint return, use the total of both spouse's income from these sources.

• Child and dependent care expenses Do you qualify for the federal credit for child and dependent care expenses for 2011? If yes, you may qualify to claim the Wisconsin subtraction for child and dependent care expenses. If married, you must file a joint return unless (1) you lived apart from your spouse during the last six months of 2011, (2) the qualifying person lived in your home more than half of 2011, and (3) you provided over half the cost of keeping up your home.

Complete the following worksheet:

Child and Dependent Care Expenses

- 1. Fill in the amount from line 6 of federal Form 2441, but not more than \$750 (\$1,500 if more than one qualifying person) ..1.
- 2. Fill in your wages, unearned income and net earnings from a trade or business taxable to Wisconsin* 2.
- 3. Fill in total wages, unearned income and net earnings from a trade or business**.....3.

- Distributions from Wisconsin state-sponsored college savings and tuition programs If you included earnings from a qualified college savings or tuition program in your federal adjusted gross income, you may subtract that amount if either of the following applies:
 - 1. The earnings were due to a qualified withdrawal from a Wisconsin state-sponsored college savings account (for example. EdVest or "tomorrow's scholar" college savings account).
 - 2. The earnings were from a Wisconsin EdVest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased; or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.
- Passive foreign investment company Include on line 15 the amount of excess distribution from a passive foreign investment company which is allocable to Wisconsin and which has not been included in federal adjusted gross income (see federal Form 8621 or 8621-A).
- · Sale of business assets or assets used in farming to a related person You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:
 - The related person is your child, grandchild, great-grandchild, parent, brother or sister, nephew or niece, grandparent, greatgrandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
 - The asset was held by you for more than 12 months.
 - The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

Farming "Farming" means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

Business Assets "Business assets" are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

"Business assets" include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

"Business assets" do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (Note Rental property which is a farm or farm equipment may qualify as an asset "used in farming.")

Computing the subtraction You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only
 of capital gains, your subtraction is equal to 70% of the gain on
 the sale of a business asset to the related person or 40% of the
 gain on the sale of a farm asset.
- If the amount on line 17 or 18 of Schedule WD is a net loss, you
 may not subtract any amount as gain on the sale of the asset to
 the related person.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD less the amount on line 8 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, complete the following worksheet to compute your subtraction.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, complete the following worksheet to compute your subtraction.

5.	Multiply line 1 by line 4	5
6.	If the amount on line 2 is gain from the sale of an asset used in farming, multiply line 5 by .40 (40%) and fill in result.	
	If the amount of line 2 is gain from the sale of a business asset, multiply line 5 by .70 (70%) and fill in result. This is your subtraction for gain on the sale of	
	assets to a related person	6.

 Repayment of income previously taxed If you had to repay during 2011, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 27 or 28 of your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with your Form 1NPR.

Caution Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may be able to subtract the repayment as described above or take a tax credit. See the instructions for line 71.

- Human organ donation If you were a full-year resident of Wisconsin for 2011 and you, your spouse, or a person who is claimed as a dependent on your federal income tax return donated one or more of their human organs to another person for human organ transplantation, you may subtract certain unreimbursed expenses related to the organ donation. "Human organ" means all or part of a liver, pancreas, kidney, intestine, lung, or bone marrow. The subtraction may be claimed only in the taxable year in which the transplantation occurs. The subtraction may be claimed only once. The subtraction is equal to the amount of your unreimbursed expenses for travel, lodging, and lost wages, but not more than \$10,000.
- Recapture of development zones investment credit If you will be including an amount on line 65 as recapture of development zones investment credit, you may claim a subtraction for the amount of the recapture.
- ATV corridors To the extent included in federal income, private landowners may subtract any Wisconsin incentive payments received for permitting public all-terrain vehicle corridors on their lands.
- Addition for certain expenses paid to related entities Fill in as an
 addition the amount deducted or excluded from your federal income
 for interest, rental expenses, intangible expenses, and management
 fees paid, accrued, or incurred to a related entity (person or business entity). You must make this addition even though you may be
 eligible for a deduction for these expenses. If you are eligible for
 a deduction, you may then make a subtraction for the amount that
 qualifies (see below).
- Subtraction for certain expenses paid to related entities Were you required to make an addition modification for interest, rental expenses, intangible expenses, and management fees paid to a related entity (see above item)? If yes, see Schedule RT to find out if you qualify for a subtraction. Although you must meet one of the conditions in Schedule RT, Part II to qualify for a subtraction, you do not need to enclose Schedule RT with your return unless your total expenses paid, accrued, or incurred to related entities are \$100,000 or more. If enclosing Schedule RT, also fill in "16" in the Special Conditions box on page 1 of Form 1NPR.
- Interest, rental payments, intangible expenses, and management fees, reported as income by a related entity Did you report to Wisconsin income from interest, rental payments, intangible expenses, and management fees made by a related entity that was not able to claim a deduction for such payments? If yes, you may claim a subtraction for the amount that the related entity was not able to deduct.

- Sales of Certain Insurance Policies To the extent included in federal adjusted gross income, the original policy holder or original certificate holder who has a catastrophic or life-threatening illness or condition may subtract the amount of income received from the sale of a life insurance policy or certificate, or the sale of the death benefit under a life insurance policy or certificate, under a life settlement contract. "Catastrophic or life-threatening illness or condition" includes AIDS and HIV infection.
 - Relocated Business A subtraction may be claimed for the income of a business that relocated to Wisconsin from another state or country in 2011. See Schedule RB for further information. If claiming the subtraction, enclose a completed Schedule RB with your Form 1NPR.
 - **Job Creation** A subtraction is available based on the increase in the number of full-time employees in Wisconsin by a business. See Schedule JC for further information. If claiming the subtraction, enclose a completed Schedule JC with your Form 1NPR.

■ Line 41 Wisconsin itemized deduction credit

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the Wisconsin itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1NPR to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see following exceptions).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with Form 1NPR.

Exceptions Even though Schedule 1 has entry lines for medical expenses, interest paid, gifts to charity, and casualty losses, not all of the amounts of these items that are deducted on federal Schedule A can be used for the Wisconsin itemized deduction credit. The following describes the portion of these items that may <u>not</u> be used to compute the Wisconsin itemized deduction credit.

- Medical expenses the amount of medical care insurance and longterm care insurance claimed as a subtraction for Wisconsin.
- Interest paid to purchase a second home located outside Wisconsin.
 - paid to purchase a residence which is a boat.
 - paid to purchase or hold U.S. government securities.
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the deduction as a subtraction.

If you are filing federal Form 1040NR, fill in only the amounts from line 5 of Schedule A of Form 1040NR (Gifts to U.S. Charities) on line 3 of Schedule 1 and the amount from line 6 on line 4 if the casualty loss is directly related to a federally-declared disaster area.

■ Line 42 School property tax credit

Nonresidents – don't fill in any amount on these lines. Nonresidents aren't eligible for the school property tax credit.

Note If you are filing a joint return and one spouse is a full-year or part-year Wisconsin resident but the other is a nonresident, you can claim the school property tax credit. Figure your credit by using the rent and property taxes of both spouses.

Part-year and full-year residents – read the following instructions if you paid rent during 2011 for living quarters used as your principal home or property taxes during 2011 on your home.

Note You may not claim the school property tax credit if you are claiming the veterans and surviving spouses property tax credit.

Special cases

If you paid both property taxes and rent You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 42a and 42b can't be more than \$300 (\$150 if married filing a separate return or if married filing as head of household).

Married persons filing a joint return Figure your credit by using the rent and property taxes paid by both spouses.

Married persons filing separate returns or married persons filing as head of household Each spouse can claim a credit. Each of you can use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

Persons who jointly own a home or share rented living quarters When two or more persons (other than husband and wife) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 42a and 42b.

■ Line 42a How do I figure the renter's school property tax credit

Step 1 Rent paid in 2011 Fill in on the appropriate line(s) the total rent that you paid in 2011 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home but don't have to be located in Wisconsin. Don't include any rent that you may claim as a business expense. Don't include rent paid for housing that is exempt from property taxes, for example, rent for a university dorm, nonprofit senior housing, or public housing. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If your rent included food, housekeeping, medical, or other services, reduce your rent paid in 2011 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the total rent that you paid in 2011. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2011, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

Step 2 Use the Renter's School Property Tax Credit Table on page 24 to figure your credit. If heat was included in your rent, use column 1 of the table. If heat was not included, use column 2. Fill in your credit on line 42a

Exception If you paid both rent where heat was included and rent where heat was not included, complete the following worksheet.

■ Line 42b How do I figure the homeowner's school property tax credit

Step 1 Property taxes paid on home in 2011 Fill in the amount of property taxes you *paid* in 2011 on your home. Your home doesn't have to be located in Wisconsin. Do **not** include:

- Charges for special assessments, delinquent interest, or services that
 may be included on your tax bill (such as trash removal, recycling
 fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2011.

Property taxes are further limited as follows:

- a. If you bought or sold your home during 2011, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.
- b. If you owned a mobile home during 2011, property taxes include the municipal permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental for parking a mobile home or manufactured home should be filled in as rent on line 42a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes which reflects your percentage of ownership. For example, if you and another person (not your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you can claim a credit based on \$750 of taxes.

Step 2 Use the Homeowner's School Property Tax Credit Table in the next column to figure your credit. Fill in the amount of your credit on line 42b.

Caution If you are also claiming the renter's credit on line 42a, the total of your renter's and homeowner's credits can't be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

■ Line 48 Armed forces member credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for the armed forces member credit.

Note If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim the armed forces member credit

The credit is equal to the military pay received for services performed while stationed outside the United States, but not more than \$300.

■ Line 49 Historic rehabilitation credits

Any individual who has received certification or approval of a project from the State Historical Society of Wisconsin may be eligible for the credits. Credits attributable to a partnership or tax-option (S) corporation pass through to the partners or shareholders (see Schedule 3K-1 or 5K-1). Credits may also be allocated to beneficiaries of estates and trusts (see Schedule 2K-1).

If you qualify to claim either of the historic rehabilitation credits, complete Schedule HR. Fill in the amount from Schedule HR on line 49. Enclose Schedule HR and the required certification.

Exception If you are only claiming credits that are passed through from an estate or trust, partnership, or tax-option (S) corporation, you do not have to complete Schedule HR. Fill in the total historic rehabilitation credits from your Schedule 2K-1, 3K-1, or 5K-1 on line 49. Enclose a copy of the schedules with Form 1NPR.

■ Line 50 Working families tax credit

■ Line 51 Certain nonrefundable credits

If you are claiming any of the credits listed below, you must complete Schedule CR. Enclose Schedule CR, along with the appropriate schedule for the credit(s) you are claiming, with Form 1NPR. Fill in the amount from line 6 of Schedule CR on line 51. See page 6 for information on obtaining Schedule CR.

You may be liable for the Wisconsin alternative minimum tax if your return includes any of the following items.

- 1. Accelerated depreciation.
- 2. Amortization of certified pollution control facilities or depletion.
- 3. Stock by exercising an incentive stock option and you did not dispose of the stock in the same year.
- 4. Intangible drilling costs, circulation, research, or mining costs.
- Income or (loss) from tax-shelter farm activities or passive activities
- Income from long-term contracts not figured using the percentage of completion method.
- Interest paid on a home mortgage not used to buy, build, or substantially improve your home.
- 8. Investment interest expense.
- 9. Wisconsin net operating loss deduction.
- 10. Alternative minimum tax adjustments from an estate, trust, taxoption (S) corporation, partnership, or cooperative.

To see if you owe this tax, get Schedule MT and its instructions.

■ Line 56 Married couple credit

You may claim the married couple credit if:

- · you are married filing a joint return,
- both you and your spouse have qualified earned income taxable by Wisconsin, and
- you do not file federal Form 2555 or Form 2555EZ to claim an
 exclusion of foreign earned income, or Form 4563 to claim an
 exclusion of income from sources in United States possessions.

To figure the credit, fill in Schedule 2 on page 4 of Form 1NPR. Figure qualified earned income separately for yourself and your spouse on lines 1 through 5 in columns (A) and (B) of Schedule 2.

"Earned income" includes <u>taxable</u> wages, salaries, tips, other employee compensation, scholarships and fellowships (only amounts reported on a W-2), disability income treated as wages, and net earnings from self-employment reported to Wisconsin. Earned income doesn't include deferred compensation (even though it may be reported on a W-2), interest, dividends, unemployment compensation, rental income, social security, pensions, annuities, or income that is not taxable to Wisconsin. Don't consider the Wisconsin marital property law, marital property agreements, or unilateral statements in figuring each spouse's earned income.

Example You are a member of the National Guard and were called to active duty. You claimed a subtraction on line 1 of Form 1NPR for the amount of military pay you received for the time during which you were on active duty. Because this military pay is not taxable to Wisconsin, it cannot be used when computing the married couple credit.

■ Line 58 Credit for net income tax paid to another state

If, while a Wisconsin resident, you paid a net income tax both to Wisconsin and another state on the same income, you may be able to claim a credit for such tax. Read the Schedule OS instructions to determine if you may claim the credit. If you qualify for the credit, complete Schedule OS. Fill in the amount of your credit from Schedule OS on line 58. Be sure to enter in the space on line 58 the 2-letter postal abbreviation for the other state to which you paid tax. If you paid tax to more than one other state, fill in the number "99" in the space. See the Schedule OS instructions for other situations where additional code numbers may be required. Enclose Schedule OS and copies of the other state's return.

Caution Credit cannot be claimed for taxes paid to Illinois, Indiana, Kentucky, or Michigan on personal service income (such as wages, salaries, tips, commissions, bonuses, etc.) you received from working in one of those states. Instead, file a return with that state to get a refund of any tax withheld from your wages. Be sure to explain on that state's return that you were a Wisconsin resident when earning the wages in that state. See Publication 121, *Reciprocity*, for more information.

■ Line 61 Economic development surcharge

The economic development surcharge applies to individuals who have trade or business activities in Wisconsin (including activities as a statutory employee) *and* have \$4,000,000 or more of gross receipts from trade or business activities for federal income tax purposes.

■ Line 62 Sales and use tax due on Internet, mail order, or other out-of-state purchases

Did you make any taxable purchases from out-of-state firms during 2011 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 62 if they were stored, used, or consumed in Wisconsin. You must also report sales and use tax on taxable purchases from a retailer located in another country regardless of whether you were charged any tax for that country or any duty by the U.S. Customs Service if the items were stored, used, or consumed in Wisconsin. Taxable purchases include furniture, carpet, clothing, computers, books, CDs, DVDs, cassettes, video tapes, certain digital goods (e.g., greeting cards, video games, music, and books, transferred electronically), artwork, jewelry, coins purchased for more than face value, etc.

Example You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax ($$300 \times 5\% = 15) on this purchase.

If you do not include an amount on line 62, place a checkmark in the space provided to certify that you do not owe any sales or use tax. Only returns certified as "no use tax due" will be recognized as filing a sales/use tax return.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax. Fill in the amount from line 3 of the worksheet on line 62 of Form 1NPR.

You and your spouse may split your joint estimated tax payments and credits between you as you choose. If you cannot agree on how joint estimated tax payments are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow these instructions even if your spouse died during 2011.

Name change Did you change your name because of marriage or divorce? If so, and you made estimated tax payments using your former name, paper clip a statement to the front of Form 1NPR. On the statement, explain all the payments you and your spouse made for 2011 and the name(s) and social security number(s) under which you made them.

■ Line 71 Repayment credit

If you repaid during 2011, an amount that you included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and cannot have been subtracted in computing Wisconsin adjusted gross income or used in computing the Wisconsin itemized deduction credit.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2011.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 71 of Form 1NPR. Enclose a statement showing how you computed your credit.

■ Line 72 Homestead credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for homestead credit.

Who may claim the credit An eligible unremarried surviving spouse or an eligible veteran may claim the veterans and surviving spouses property tax credit. (Note If you claim the veterans and surviving spouses property tax credit, you or your spouse may not claim the school property tax credit, homestead credit, or farmland preservation credit.)

An "eligible unremarried surviving spouse" means an unremarried surviving spouse of one of the following, as certified by the Wisconsin Department of Veterans Affairs:

- An individual who had served on active duty in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces, who was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service, and who, while a resident of Wisconsin, died while on active duty.
- An individual who had served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces; who was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service; and who had either a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability.
- An individual who had served in the National Guard or a reserve component of the U.S. armed forces, who was a resident of Wisconsin at the time of entry into that service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service, and who, while a resident of Wisconsin, died in the line of duty while on active or inactive duty for training purposes.

"Eligible veteran" means an individual who is certified by the Wisconsin Department of Veterans Affairs as meeting all of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that active duty service.

- Has a service-connected disability rating of 100% under 38 USC 1114 or 1134 or a 100% disability rating based on individual unemployability.

Computing the credit The credit is equal to the property taxes paid during the year on the claimant's principal dwelling in Wisconsin. The credit is based on real and personal property taxes, exclusive of special assessments, delinquent interest, and charges for service. Do not include any property taxes that are properly includable as a trade or business expense.

Line 73 instructions – continued

"Principal dwelling" means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling, but not more than one acre. It may include a part of a multidwelling or multipurpose building and a part of the land upon which it is built that is used as the primary dwelling.

Complete the following worksheet if your principle dwelling is located on more than one acre of land.

If the principal dwelling on which the taxes were paid is owned by two or more persons or entities as joint tenants or tenants-in-common, use only that part of property taxes paid that reflects the ownership percentage of the claimant.

Exceptions

- *Married filing a joint return* If property is owned by an eligible veteran and his/her spouse as joint tenants, tenants-in-common, or as marital property, the credit is based on 100% of property taxes paid on the principal dwelling.
- Married filing a separate return If property is owned by an eligible veteran and his/her spouse as joint tenants, tenants-in-common, or as marital property, each spouse may claim the credit based on their respective ownership interest in the eligible veteran's principal dwelling.

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership.

If you owned and lived in a mobile home as your principal dwelling, "property taxes" includes monthly mobile home municipal permit fees you paid to the municipality.

The credit must be claimed within 4 years of the unextended due date of the return.

Certification of eligibility for the credit If you did not claim the credit in a prior year, before claiming the credit for 2011, you must request certification from the Wisconsin Department of Veterans Affairs indicating that you qualify for the credit. Use Form WDVA 2097 (which you can find in WDVA Brochure B0106) to submit your request, along with a copy of the veteran's DD Form 214 and Veterans Administration disability award letter and, if applicable, the veteran's death certificate, a marriage certificate, and a completed copy of Form WDVA 0001 (if the veteran never previously submitted one). The WDVA 0001 and the brochure are available from your county veterans service officer or on the Internet at www.dva.state.wi.us. You may submit these forms and supporting documents to your county veterans service officer or mail them to: Wisconsin Department of Veterans Affairs, 30 West Mifflin St., PO Box 7843, Madison WI 53707-7843. The Wisconsin Department of Veterans Affairs will send you a certification of your eligibility.

Note You do not have to obtain certification from the WDVA for 2011 if you previously received certification for a prior year. If you still qualify for the credit, you may claim the credit but do not have to enclose a certification with your return.

Enclosures Enclose a copy of your property tax bill, proof of payment made in 2011, and the certification (if required) received from the Wisconsin Department of Veterans Affairs with your return.

If you did not pay the full amount shown on your original Form 1NPR, fill in only the portion that you actually paid. Also, include any additional tax that may have resulted if your original return was changed or audited. This includes additional tax paid with a previously filed 2011 amended return and additional tax paid as a result of a department adjustment to your return. Do not include payments of interest or penalties.

■ Line 77 Amended return – amount previously refunded

Complete this line only if this is an amended 2011 Form 1NPR. Fill in the refund from your original 2011 return (not including the amount applied to your 2012 estimated tax). This is generally the amount from line 80 of Form 1NPR.

If your refund was reduced because you owed underpayment interest or any penalties, fill in the amount of your refund before the reduction for underpayment interest or penalty. If your 2011 return was adjusted by the department, fill in the refund shown on the adjustment notice you received. If the adjustment notice shows a tax due rather than a refund, complete line 75 instead of line 77.

■ Line 79 Amount you overpaid

Is line 78 more than line 66? If so, subtract line 66 from line 78 and fill in the difference on line 79. This is the amount you overpaid.

Note If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called "underpayment interest." You may owe underpayment interest even if you are due a refund. Read the line 83 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 79, reduce the amount on line 79 by the amount of underpayment interest on line 83.

■ Line 80 Refund

Fill in on line 80 the amount from line 79 that you want refunded to you.

Note If you are divorced, see item 6 on page 34. You may be required to enclose a copy of your judgment of divorce with your return.

Fill in on line 81 the amount, if any, of the overpayment on line 79 you want applied to your 2012 estimated tax.

If you are married filing a joint return, we will apply the amount on line 81 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 81 to your separate estimated tax.

Note If this is an amended return, the amount to fill in on line 81 will generally be the amount to be applied to your 2012 estimated tax from line 81 of your original Form 1NPR. However, if you file your amended return during 2012, you may increase or reduce this amount.

■ Line 82 Amount you owe

Is line 66 more than line 78? If so, subtract line 78 from line 66 and fill in the difference on line 82. This is the amount you owe with your return.

If the amount you owe with your return is \$200 or more or you made late estimated tax payments, you may also owe what is called "underpayment interest." This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 83 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 83 in the amount you fill in on line 82.

You can pay online or by check, money order, or credit card. **Do not** include any 2012 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

To pay online Go to the department's web site at: https://tap.revenue.wi.gov.

To pay by check or money order Make your check or money order payable to the Wisconsin Department of Revenue. Paper clip it to the front of your Form 1NPR. If the name of the taxpayer does not match the printed name on the check, print the taxpayer's name on the memo line of the check.

www.officialpayments.com

Installment payments If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6 1/2 percent of the unpaid amount. For more information concerning payments and to obtain the *Installment Agreement Request Form* (Form A-771), consult the Department of Revenue web site at www.revenue.wi.gov.

Note Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

■ Line 83 Underpayment interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated tax payments. In general, in each quarter of the year you should be paying enough tax through withholding payments and estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see "Who must pay estimated tax?" on page 36.

Underpayment interest applies if:

- Line 82 is at least \$200 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The "tax shown on your return" is the amount on line 60 plus the amount on line 61, minus the amounts on lines 69 through 74.

Exceptions You will not owe underpayment interest if your 2010 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies:

- You had no tax liability for 2010 and you were a Wisconsin resident for all of 2010, or
- 2. The amounts on lines 67 and 68 on your 2011 return are at least as much as the tax shown on your 2010 return. Your estimated tax payments for 2011 must have been made on time and for the required amount.

The tax shown on your 2010 return is the amount on line 60 plus the amount on line 61 of 2010 Form 1NPR minus the amounts on lines 70 through 75.

Fill in the exception code in the brackets to the left of line 83 if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method (Part IV of Schedule U) to compute underpayment interest. See Schedule U for further information on the exception codes.

Example Farmers and fishers are not subject to underpayment interest if two-thirds of their total gross income (gross income of both spouses if married filing a joint return) is from farming or fishing and they file their return and pay any tax due by March 1, 2012. Qualified farmers and fishers must fill in exception code 4 in the brackets to the left of line 83. Failure to fill in the exception code may result in an assessment for underpayment interest.

Figuring underpayment interest

If the **Exceptions** above do not apply, see Schedule U to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 83. Add the amount of the underpayment interest to any tax due and fill in the total on line 82. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 79. Enclose Schedule U with your Form 1NPR.

■ Third party designee If you want to allow a tax preparer or tax preparation firm, family member, friend, or any other person you choose to discuss your 2011 tax return with the Department of Revenue, check "Yes" in the "Third Party Designee" area of your return. Also, enter the designee's name, phone number, and any five digits the designee chooses as a personal identification number (PIN).

If you check "Yes," you, and your spouse if filing a joint return, are authorizing the department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- Give the department any information that is missing from your return,
- Call the department for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain department notices about math errors, offsets, and return preparation.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the department. If you want to expand the designee's authorization, you must submit Form A-222 (*Power of Attorney*).

The authorization will automatically end no later than the due date (without regard to extensions) for filing your 2012 tax return. This is April 15, 2013, for most people.

- Sign and date your return Sign and date your return in the space provided on page 4. Form 1NPR is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Keep a copy of your return for your records.
- Assembling your return Begin by putting the four pages of Form 1NPR in numerical order. Then, attach, using a paper clip, the following in the order listed.
- 1. **Payment**—If you owe an amount with your return, **paper clip** your payment to the front of Form 1NPR. No attachment is required if you are paying by credit card or online.
- 2. **W-2s and other withholding statements**—Paper clip the appropriate copy of each of your withholding statements (Forms W-2, W-2C, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC and Schedules 2K-1, 3K-1, and 5K-1) to the front of Form 1NPR.
- Wisconsin schedules Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit), Schedule FC or FC-A (farmland preservation credit), Schedule CR, or Schedule RT.
- 4. Federal return A complete copy of your federal return (Form 1040, 1040A, 1040EZ, 1040NR, or 1040NR-EZ) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to enclose federal Schedule A.
- Extension form or statement A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

6. Divorce decree –

- Persons divorced after June 20, 1996, who compute a refund—
 If your divorce decree apportions any tax liability owed to the department to your former spouse, enclose a copy of the decree with your Form 1NPR. Fill in "04" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR. This will prevent your refund from being applied against such tax liability.
- Persons divorced who file a joint return If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Enclose a copy of the portion of your divorce decree that relates to the apportionment of the tax refund with your Form 1NPR. Fill in "04" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.
- 7. **Injured spouse** If you are filing federal Form 8379, *Injured Spouse Claim and Allocation*, enclose a copy with your Wisconsin return. Fill in "05" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.

The approved private delivery services are listed in the instructions for your federal tax form. Items must be delivered to Wisconsin Department of Revenue, 2135 Rimrock Rd., Madison WI 53713. Private delivery services cannot deliver items to PO boxes. The private delivery service can tell you how to get written proof of the mailing date.

The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

A. Effect of Wisconsin Law Changes for 2010

If you made Schedule I adjustments on your 2010 Wisconsin income tax return, you may now be able to file an amended return for 2010

Wisconsin law was amended in 2011 to adopt certain provisions of federal law for 2010. If you made Schedule I adjustments for 2010 relating to (1) the treatment of annuities and life insurance with long-term care insurance features, (2) rollovers from elective deferral plans to designated Roth accounts, or (3) the treatment of section 1256 contracts, you should now file a 2010 amended return. See Items 11, 12, and 68 of the 2010 Schedule I instructions for descriptions of these items.

An amended return must be filed within four years of the unextended due date of the original return.

Were you audited by the Internal Revenue Service?

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended Form 1NPR that reflects the federal adjustments, or
- (2) Mailing the copy to:

Wisconsin Department of Revenue Audit Bureau PO Box 8906 Madison WI 53708-8906

Are you amending your federal return or other state return?

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. An amended Wisconsin return must be filed if the changes affect your Wisconsin income, any credit, or tax payable.

How is an amended return filed?

If you filed your original return on Form 1NPR and then find that you made an error, fill in another Form 1NPR. Check the box above the social security number to indicate this is an amended return. Fill in lines 1 through 74 using the corrected amounts of your income, deductions, and credits.

Interest is charged on additional tax owed at the rate of 1% per month from the due date of your return (April 15, 2012). Figure the interest charge on the additional tax you owe. In the area below line 82, write in the amount of interest. Label it "interest charge."

Sign and date your amended return in the space provided on page 4. Your spouse must also sign if it is a joint return.

Enclose with your amended Form 1NPR an explanation of the changes you made and the reasons for those changes. If you owe an additional amount, enclose your check or money order for the additional tax and interest, made payable to the Wisconsin Department of Revenue.

Mail your amended return to:

Wisconsin Department of Revenue PO Box 8991 Madison WI 53708-8991

Who must pay estimated tax?

If your 2012 Wisconsin income tax return will show a tax balance due to the department of \$200 or more, you must either:

- Make estimated tax payments for 2012 in installments beginning April 17, 2012, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2012 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you don't make required estimated tax payments, you may be charged interest. For more information, contact our Customer Service Bureau at (608) 266-2772 or any Department of Revenue office.

If you must file Form 1-ES for 2012 and don't receive the form in the mail, go to our web site at www.revenue.wi.gov to obtain a personalized copy of Form 1-ES or contact any Department of Revenue office.

CAUTION If filing an estimated tax payment for 2012, be sure to use a 2012 Form 1-ES.

Do you need a copy of your Wisconsin return from a prior year?

The Department of Revenue will provide copies of your returns for prior years for a fee. Persons requesting copies should complete Form P-521, Request for Copies of Previously Filed Tax Returns or Forms W-2. Include all required information and fee with Form P-521. Form P-521 is available from the department's web site at www.revenue.wi.gov.

WISCONSIN SCHOOL DISTRICT NUMBER

Appearing below is an alphabetical listing of Wisconsin school districts. *Full-year and part-year residents* – refer to this listing and find the number of the district in which you lived on December 31, 2011. If you moved out of Wisconsin during 2011, fill in the number of the school district in which you lived before moving. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due. *Nonresidents* – don't fill in this line.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or the name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

- 1. If you lived in the city of Milwaukee, you will fill in the number 3619 on the school district line.
- If you lived in the city of Hartford, you would refer to SECTION II and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to consider in determining your school district number:

- If you lived in one school district but worked in another, fill in the district number where you lived.
- If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

Note If you can't identify your school district, contact your municipal clerk or local school for help.

2011 TAX TABLE FOR FORM 1NPR FILERS

Use this Tax Table if your income is less than \$100,000. If \$100,000 or more, use the Tax Computation Worksheet on page 46.

Example Mr. and Mrs. Smith are filing a joint return. Their income on line 39 of Form 1NPR is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,557. This is the tax amount they must write on line 40 of their return.

Form 1NPR may be returned to you or its processing delayed if the questionnaire is not completed. If the questionnaire does not fit your situation or you want to submit additional information, enclose an additional sheet describing your particular circumstances.
