INSTRUCTIONS

WHO MUST COMPLETE THIS SCHEDULE

All tobacco products distributors located in Wisconsin must complete this schedule and attach it to their monthly Wisconsin tobacco products tax return (Form TT-100) when claiming credit for (1) tobacco products that have been short-shipped, refused, or returned to the out-of-state supplier, and/or (2) sold to exempt organizations.

RECORD KEEPING

You must keep for at least four years a complete copy of your return, including this schedule, and all records used in preparing the return. The records must be kept at the permit location and in a place and manner easily accessible for review by department representatives.

HOW TO COMPLETE THIS SCHEDULE

Use a single line for each transaction and provide all the information requested. Note: It is not necessary to claim credit for missing tobacco products if the tobacco products in question are received later in the same month in which the shortage occurs. It is also unnecessary to claim credit for an invoice that has been cancelled in its entirety before shipment takes place. The canceled invoice should not be reported on Form TT-101.

Columns A, B and C – “Roll-Your-Own” (RYO) Tobacco Products

The Wisconsin's Tobacco Master Settlement Agreement Law (MSA) defines “roll-your-own” tobacco as tobacco that, because of its appearance, type, packaging or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes. Invoices containing “roll-your-own” tobacco products require additional reporting. For each invoice, enter the manufacturer's name, each brand name of “roll-your-own” tobacco, and the total ounces sold per brand.

IMPORTANT INFORMATION FOR CREDIT CLAIMS

Short-Shipments – Short-shipments occur when the amounts shipped are less than the amounts invoiced. This may be confirmed by comparing the supplier's invoice with the carrier's freight bill or bill of lading. The department will allow credit for shortages providing:

1. The freight bill, bill of lading or delivery ticket shows that the actual amount of tobacco products shipped was less than the amount invoiced, and
2. The supplier furnishes you with a credit memo.

Refused Tobacco Products – Tobacco products may be refused at the time of delivery when it is found that they were not ordered, an order was improperly filled, or the product was damaged. The department will allow credit for refused tobacco products providing:

1. The freight bill or delivery ticket indicates the specific goods that were refused along with a notation signed by the carrier, and
2. The supplier furnishes you with a credit memo.

Returned Tobacco Products – The department will allow credit for tobacco products that are returned directly to an out-of-state supplier providing:

1. You have a bill of lading from the carrier accepting the shipment, and
2. The supplier furnishes you with a credit memo to cover the receipt of the tobacco products.

Destroyed Tobacco Products – When an out-of-state supplier will not accept the return of tobacco products, a distributor may obtain permission from the department to destroy the tobacco products for credit. The department will allow credit for destroyed tobacco products providing you do all of the following:

1. Submit a written request for destruction instructions to the department. The request must include the name and address of the out-of-state supplier along with a detailed list of the tobacco products to be destroyed, including product descriptions, quantity, and manufacturer's list price at which credit will be claimed. If you do not hear from the department within 20 days, you may destroy the product.
2. Obtain a credit invoice from the supplier.
3. Obtain an affidavit stating who witnessed the destruction of the tobacco products and the date of the destruction.
4. Retain all records with the tobacco tax return on which the credit is taken.

Report the credit for destroyed tobacco products on Form TT-102, line 6. Attach an explanation of the destruction to the monthly report on which you are claiming credit.

Credit will not be allowed when the required credit memo substantiating the credit is either not received by you or not retained with your records. It is not sufficient that you reduce your remittance to your supplier in anticipation of receiving a credit memo.
