## Instructions for Form 4U

Purpose of Form - Corporations and tax-exempt organizations that must file Form 4T use Form 4U to determine if they are subject to interest for underpayment of estimated tax and, if so, the amount of interest. A corporation or exempt organization must have made estimated tax payments if the total of its tax and temporary recycling surcharge for its taxable year beginning in 1996 is $\$ 500$ or more. Form 4 U is also used to compute both extension and delinquent interest whenever the tax due is not paid within $21 / 2$ months after the end of the taxable year.

Part I - Compute any underpayment of required installments and the amount of interest due in Part I. Required installments differ for large and small corporations. For estimated tax purposes, a "small" corporation is one having 1996 Wisconsin net income of less than $\$ 250,000$, while a "large" corporation is one having 1996 Wisconsin net income of \$250,000 or more.
Required installments for small corporations are based on the smaller of (1) $90 \%$ of 1996 Wisconsin net tax, (2) $100 \%$ of 1995 Wisconsin net tax, provided the 1995 return covered an entire 12-month period, or (3) $90 \%$ of the 1996 Wisconsin net tax figured by annualizing income.
Required installments for large corporations and for corporations that did not file a 1995 Wisconsin return covering a 12-month period are based on the smaller of $90 \%$ of 1996 Wisconsin net tax or $90 \%$ of the 1996 Wisconsin net tax figured by annualizing income.
Line 1a. Enter the amount from 1996 Form 4, line 18; Form 4I, line 22; Form 4T, line 21; Form 5, line 12; or Form 5S, line 8 plus line 10.

Line 1b. Enter your refundable credits from 1996 Form 4, line 20; Form 4I, line 24; Form 4T, line 23; or Form 5, line 14.

Line 3a. Enter the amount from 1995 Form 4, line 18; Form 4I, line 22; Form 4T, line 21 ; Form 5, line 12; or Form 5S, line 8 plus line 10.

Line 3b. Enter your refundable credits from 1995 Form 4, line 20; Form 4I, line 24; Form 4T, line 23; or Form 5, line 14.

Line 10. Complete line 10 only if you have an overpayment on line 9 for one or more installment periods. The overpayment may be carried back to prior installment periods and offset against an underpayment for such periods. If you use underpayments from more than one
installment period to offset an underpayment of one period, fill in separately on line 10 each carryback used to offset the underpayment.

Line 11. Any overpayment remaining after completing line 10 should be carried forward to the next period.

Lines 13 through 17. Complete these lines to determine the amount of interest due on the underpayment. Complete lines 13 and 15 only when an overpayment or late payment is carried back on line 10. If you apply more than one payment to a given installment, attach a statement showing a separate computation for each payment.
If you do not have a balance due after $21 / 2$ months after the close of your taxable year, enter the amount from line 17 on your franchise or income tax return. Otherwise, enter the amount from line 17 on Part II, line 22, and complete the rest of Part II.

Part II - Complete Part II only if your return is not filed by the unextended due date and shows a balance due.

Line 25a. The "net tax due" is the total tax and temporary recycling surcharge less any allowable credits and estimated payments made by the due date of the return.

Part III - If you compute one or more installments under the annualized income installment method, complete Part III and enter the amounts from line 47 on Part I, line 6. See section Tax 2.89, Wisconsin Administrative Code, if the taxable year covers less than 12 months.

Lines 27 and 30. Do not include on line 27 items which remain constant from period to period, such as net business loss carryforwards and amortization of adjustments for changes in method of accounting. Instead, enter these items on line 30, columns a through d, in total.
For filers of Form 4T, the period used to figure taxable income for each column is as follows: Column a, first 1 month; column b, first 4 months; column c, first 7 months; and column d, first 10 months.

Line 29. For filers of Form 4T, the annualization factor to be used in each column is as follows: Column a, 12; column b, 3; column c, 1.714; and column d, 1.2.
