TIPS ON PAPER FILING YOUR RETURN

When you paper file your return, there are several things you can do that will speed-up the processing of your return. Faster processing means faster refunds.

Paper returns are electronically scanned. The processing of the return (and any refund) is delayed when the scanner cannot correctly read the information on the return. **To aid in the scanning process**, be sure to do the following:

- Do not submit photocopies to the department. Photocopies can cause unreadable entries.
- Use BLACK INK. Pencils, colored ink, and markers do not scan well.
- Write your name and address clearly using BLOCK CAPITAL LETTERS like this →

| Your legal last name SMITH | Legal first na | | | M.I. J |
|--|----------------|--------------|----------------|-----------|
| If a joint return, spouse's legal last name SMITH | Spouse's leg | al first nar | ne | M.I. E |
| Home address (number and street) 2375 N 7 ST | | | | |
| City or post office ANYWHERE | | State WI | Zip code 55555 | |

- NEVER USE COMMAS OR DOLLAR SIGNS when filling in dollar amounts. They can be misread by scanners.
- Round off amounts to WHOLE DOLLARS NO CENTS.
- Do not use parentheses () for a negative number. Use a negative sign, -8300 rather than (8300).
- Print your numbers like this: 0123456789 Do not use: Ø147
- Do not add cents in front of the preprinted zeros on entry lines as shown below.

| School property tax credit a Rent paid in 2008–heat included | 2345 .00 Find credit from | |
|---|--|--------|
| Rent paid in 2008–heat not included | 5678. 00) table page 25 . 42a | 226.00 |
| b Property taxes paid on home in 2008_ | .00 Find credit from | 00 |

- Do not cross out entries. Use correction fluid, if available, or start over.
- Do not write in the margins.
- Always put entries on the lines, not to the side, above, or below the line.
- Lines where no entry is required should be left blank. Do not fill in zeros or zeros with lines through them.
- Do not draw vertical lines in entry fields. They can be read as a "1" by scanners.
- Do not use staples.

Am I a resident, a nonresident, or a part-year resident?

The following will help you decide.

Full-year resident You are a full-year resident if you are domiciled in Wisconsin for all of 2008.

Nonresident You are a nonresident if you aren't domiciled in Wisconsin for any part of 2008.

Part-year resident You are a part-year resident if you are domiciled in Wisconsin for part of 2008.

What is domicile?

Your domicile is your true, fixed, and permanent home where you intend to remain permanently and indefinitely and to which, whenever absent, you intend to return. It is often referred to as "legal residence." You can be physically present or residing in one locality but maintain a domicile in another. You can have only one domicile at any time.

Your domicile, once established, is never lost unless all three of the following occur or exist:

- You specifically intend to abandon your old domicile and take actions consistent with such intent, and
- You intend to acquire a new domicile and take actions consistent with such intent, such as those listed in question 7 of the questionnaire on page 47, and
- You are physically present in the new domicile.

Your domicile does not change if:

- You leave your home state for a brief rest or vacation, or
- You leave your state of domicile to complete a particular transaction, perform a particular contract, or fulfill a particular engagement, but you intend to return to your state of domicile whether or not you complete the transaction, contract, or engagement (for example, migrant workers or students).

Armed forces personnel If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take positive action to change your domicile to another state as described in the above section entitled "What is domicile?". For more information, get Publication 104, *Wisconsin Taxation of Military Personnel*. See page 6 for information on how to get this publication.

Aliens If you are considered a nonresident alien for federal tax purposes for the entire taxable year, you are considered a nonresident of Wisconsin. If you are considered a resident alien for federal tax purposes for all or part of the tax year, you may be either a full-year resident, part-year resident, or nonresident of Wisconsin as follows:

• If you are a lawful permanent resident of the United States and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident. You are a lawful permanent resident of the United States at any time if you have been given the privilege, according to the immigration laws, of residing permanently in the United States as an immigrant. You generally have this status if the federal government has issued you an alien registration card, also known as a "green card."

• If you are a nonimmigrant (have not been granted immigrant status by the federal government), you are considered a non-resident of Wisconsin. **Exception** If you are a refugee or have been granted asylum and you intend to remain permanently in Wisconsin, you are considered a Wisconsin resident.

Example A foreign student in this country with an "F" visa under the Immigration and Nationality Act may be classified for federal tax purposes as a nonresident alien or as a resident alien depending on his or her intended length of stay in this country. Regardless of the student's alien status, the student maintains his or her domicile in his or her homeland. The student is a nonresident of Wisconsin. A student with an "F" visa cannot become domiciled in Wisconsin.

Must I file a return?

If you are a nonresident or part-year resident of Wisconsin and your gross income (or the combined gross income of you and your spouse) is \$2,000 or more for 2008, you must file a Wisconsin return.

Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It doesn't include items that are exempt from Wisconsin income tax. For example, it does not include U.S. government interest.

Other filing requirements You may have to file a return even if your gross income is less than \$2,000. You must file a Wisconsin income tax return if:

- You can be claimed as a dependent on another person's income tax return (for example, on your parent's return) and you have gross income of more than \$900 which included at least \$301 of unearned income. Unearned income includes interest, dividends, capital gain distributions, etc., that are reportable to Wisconsin.
- You owe a Wisconsin penalty on an IRA, retirement plan, Coverdell education savings account, or Archer medical savings account.
- You are subject to the Wisconsin alternative minimum tax.

Note Even if you don't have to file, if you had Wisconsin income tax withheld from your wages or you paid estimated tax for 2008, you should file a Wisconsin return since this is the only way to get a refund. (Complete lines 1 through 33 of Form 1NPR, fill in a 0 on line 40, and complete lines 68, 69, 78, 80, 81, and 82. If the amount on line 1 differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned.) If you are a resident of Illinois, Indiana, Kentucky, Michigan, or Minnesota, see the exception under line 1 instructions on page 10.

What income does Wisconsin tax?

Full-year residents Wisconsin taxes your income from all sources.

Nonresidents Wisconsin taxes only your income from Wisconsin sources.

Part-year residents During the time you are a Wisconsin resident, Wisconsin taxes your income from all sources. During the time you aren't a Wisconsin resident, Wisconsin taxes only your income from Wisconsin sources.

What is income from Wisconsin sources?

Income from Wisconsin sources includes:

- Wages, salaries, commissions, and other income for personal services performed in Wisconsin (see exception under line 1 instructions on page 10).
- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Gains or losses from sales or other dispositions of tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits or losses from businesses, professions, and farm operations conducted in Wisconsin, including sole proprietorships, partnerships, limited liability companies (LLCs), and tax-option (S) corporations.
- Income from the Wisconsin state lottery, a multijurisdictional lottery if the winning lottery ticket or lottery share was purchased from a Wisconsin retailer, or Wisconsin pari-mutuel wager winnings and purses. This includes all income realized from the sale of or purchase and subsequent sale or redemption of lottery prizes if the winning tickets were originally purchased in Wisconsin.
- Winnings from a casino or bingo hall located in Wisconsin and operated by a Native American tribe or band.
- Income derived from a covenant not to compete to the extent the covenant was based on a Wisconsin-based activity.

Which form should I file?

If you are a nonresident or part-year resident of Wisconsin in 2008, you must file Wisconsin Form 1NPR.

If you are a full-year resident of Wisconsin in 2008, you may file Wisconsin Form WI-Z, Form 1A, or Form 1. Read the instructions for those forms to figure out which one is right for you. Those forms aren't in this booklet. You can get Form WI-Z, Form 1A, and Form 1 from any Department of Revenue office.

Exception If you are a full-year Wisconsin resident but your spouse isn't, and you are filing a joint return, you must file Form 1NPR.

E-filing (electronic filing)

Electronic filing is the fastest way to get your federal and state income tax refunds. Wisconsin has expanded its federal/state e-filing program to include certain Forms 1NPR. You may now e-file Form 1NPR if:

- You were a full-year resident of a reciprocal state (Minnesota, Michigan, Kentucky, Indiana, or Illinois) and are only filing to obtain a refund of Wisconsin tax withheld in error from your wages, or
- Your only income taxable to Wisconsin was from wages, salaries, tips, etc., interest, and dividends (lines 1, 2 and 3 of Column B of Form 1NPR), your only deductions are the standard deduction and personal exemptions, and the only credits you qualify to claim are either the school property tax credit, armed forces member credit, working families tax credit, married couple credit, Wisconsin withholding, or estimated tax.

For more information on e-filing, go to the department's website at <u>www.revenue.wi.gov</u>.

When should I file?

You should file as soon as you can, but not later than **April 15**, **2009**. If you file late without an extension, you are subject to interest at 1.5% per month, late filing fees, and penalties.

Farmers and fishers (persons who earn at least two-thirds of their gross income from farming or fishing) who don't make payments of estimated income tax (Wisconsin Form 1-ES) must file their 2008 Wisconsin income tax returns and pay any tax due by March 2, 2009, to avoid interest for underpayment of estimated tax.

Need more time to file?

If you cannot file on time, you can get an extension. You may use any federal extension provision for Wisconsin, even if you are filing your federal return by April 15.

How to Get an Extension You do *not* need to submit a request for an extension to the department prior to the time you file your Wisconsin return. When you file your Form 1NPR, enclose either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 6-month extension provision).

Note You will owe interest on any tax that you have not paid by April 15, 2009. This applies even though you may have an extension of time to file. If you do not file your return by April 15, 2009, or during an extension period, you are subject to additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 15, 2009. Submit the payment with a 2008 Wisconsin Form 1-ES. You can get this form from our Internet website at <u>www.revenue.wi.gov</u> or at any Department of Revenue office. (**Exception** You will not be charged interest during an extension period if (1) you served in support of Operation Iraqi Freedom in the United States, or (2) you qualify for a federal extension because of service in a combat zone. See Special conditions below.)

Special conditions A "Special Conditions" section is located under the name and address section on page 1 of Form 1NPR. If you have an extension of time to file due to service in support of Operation Iraqi Freedom in the United States, fill in "01" in the Special Conditions box. If you qualify for an extension because of service in a combat zone, fill in "02" in the box. If you qualify for an extension because of a presidentially-declared disaster, fill in "03" in the box and indicate the specific disaster on the line provided.

■ **Period covered** File the 2008 return for calendar year 2008 and fiscal years that begin in 2008. For a fiscal year, a 52-53 week period, or a short-period return, fill in the taxable year beginning and ending dates in the taxable year space at the top of the form. If your return is for a fiscal year, a 52-53 week period, or a short-period, also fill in "11" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.

• Social security number Fill in your social security number. Also fill in your spouse's social security number if you are married filing a joint return or if you are married filing a separate return.

If you obtained a decree of divorce or separate maintenance during 2008 or are married and will file a separate return, you should get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2008.* This publication has information on what income you must report.

Single You may check the "single" box if any of the following was true on December 31, 2008:

- You were never married.
- You were legally separated under a **final** decree of divorce or separate maintenance.
- You were widowed before January 1, 2008, and did not remarry in 2008.

Nonresident aliens filing federal Form 1040NR You can't consider yourself single if you were married but lived apart from your spouse.

Married filing joint return Most married couples will pay less tax if they file a joint return. You may check the "married filing a joint return" box if **any** of the following is true.

- You were married as of December 31, 2008.
- Your spouse died in 2008 and you did not remarry in 2008.
- You were married at the end of 2008, and your spouse died in 2009 before filing a 2008 return.

A marriage means only a legal union between a man and a woman as husband and wife.

A husband and wife may file a joint return even if only one had income or if they did not live together all year. Both spouses must sign the return, and both are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

You can't file a joint return if either you or your spouse were a nonresident alien at any time during 2008. You also can't file a joint return if you and your spouse have different tax years.

Exception If at the end of 2008 one spouse was a dual-status or nonresident alien and the other spouse was a U.S. citizen or a resident alien, you may be able to file a joint return. In order to file a joint return, you must elect to treat the nonresident alien spouse as a U.S. resident. If you do file a joint return, you and your spouse must report your combined worldwide income as your federal income. (**Note** Even though electing to be treated as a U.S. resident, the nonresident alien spouse is considered a nonresident of Wisconsin.)

If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separate return.

Married filing separate return Even though a joint return usually produces the lowest tax, you and your spouse may be among the few married couples for whom separate returns are better. This will require the filing of two returns, one for each spouse.

If you file a separate return, print or type your spouse's social security number in the space at the top of the form and full name on the line provided. If you file a separate return, you and your spouse can amend it to file as married filing a joint return within four years after the unextended due date of the return.

Head of household If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child or parent) may be able to use this filing status.

Certain married persons who lived apart from their spouse for the last 6 months of 2008 who paid over half the cost of keeping up a home that was the main home of their child, stepchild, or foster child for more than half of 2008 may be able to use this status. If you are married and qualify to file as head of household, be sure to fill in the "check here if married" space next to the arrow.

If you do not have to file a federal return, contact any department office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

■ **Resident status** Check the resident status to indicate your resident status in 2008. If you are married filing a joint return, also check one of the spaces to indicate your spouse's resident status in 2008. See the definitions on page 4.

If you are a nonresident of Wisconsin, also indicate in the space provided the 2-letter postal abbreviation for your state of legal residence. If you are a resident of a foreign country, fill in "99" in this space.

Legal residence (domicile) questionnaire If you changed your domicile from Wisconsin during 2007 or 2008 and you did not previously complete a questionnaire for that change, fill in the questionnaire on page 47.

■ Line instructions Form 1NPR has two columns for figures.

Column A is labeled "Federal column." In this column, lines 1-33, fill in the same amounts you reported on your federal return.

If you are filing federal Form 1040NR or 1040NR-EZ, fill in the amounts from each line on page 1 of Form 1040NR (lines 3-10 of Form 1040NR-EZ) on the corresponding line on Form 1NPR. If there is no corresponding line on Form 1NPR for an income or adjustment item, include the income item on line 15, Form 1NPR and the adjustment item on line 30. The amount reported on line 22 of Form 1040NR or line 6 of Form 1040NR-EZ (income exempt by a treaty) should not be carried over to Form 1NPR.

Exceptions

• If you are using a different filing status for Wisconsin and federal purposes, the amounts you enter in column A cannot be taken from the federal return you file with the Internal Revenue Service (IRS). If you file a joint return for Wisconsin (but you're filing separate returns for IRS), report in column A the amounts you would report on a federal return using a married filing joint status. (For example, you reported \$15,000 of wages on your separate federal return and your spouse reported \$20,000 of wages on his/her separate federal return. If you file a joint Wisconsin return, report \$35,000 of wages in column A.) If you file separate returns for Wisconsin (but you're filing a joint return for IRS), report in column A the amounts you would report on a federal return using a married filing separate status.

• The federal income that you must use to complete column A of Form 1NPR may not always be the same as the amount reported on your federal Form 1040. Differences between federal and Wisconsin law may occur because Wisconsin generally uses the federal law as amended to December 31, 2006.

A comprehensive list of the provisions of federal law that may not be used for Wisconsin purposes for 2008 can be found in the instructions for Wisconsin Schedule I. The following is a list of the items that may affect the largest number of taxpayers.

- Deduction for tuition and fees.
- · Deduction for educator expenses.
- The increase in expensing under sec. 179 (IRC).
- Deduction for health savings accounts and related provisions.
- Exclusion for small business stock.

If any provision of federal law that does not apply for Wisconsin affects your federal adjusted gross income, complete Wisconsin Schedule I and enclose it with your Form 1NPR. The amount you fill in on lines 1 through 33 of Form 1NPR (and amounts filled in on Schedule 1 on page 4 of Form 1NPR) should be the revised amount from Schedule I.

To the extent Schedule I adjustments in a prior year affect income or expense items in 2008 (for example, the special 30% or 50% bonus depreciation was not allowed for Wisconsin purposes), you must also make adjustments on Schedule I for 2008.

You may also have to fill in Schedule I if you sold property during 2008, and the gain or loss from the sale is different for federal and Wisconsin purposes due to Schedule I adjustments made in a prior year. This would occur, for example, if you used different rates of depreciation or amortization for federal and Wisconsin purposes. See the instructions for Schedule I for more information.

Column B on Form 1NPR is labeled "Wisconsin column." In this column, fill in the amounts that apply to Wisconsin.

Your federal income may include items that aren't taxable or deductible for Wisconsin, or it may not include items that are taxable or deductible for Wisconsin. You may have to add or subtract these items from your federal income to arrive at the correct Wisconsin income.

Those differences between federal and Wisconsin income (called "modifications") that may affect the amounts you report on more than one line of Form 1NPR are explained below. Differences that affect a particular line of Form 1NPR are explained in the instructions for that line.

Modifications for differences between federal and Wisconsin income

• Differences in federal and Wisconsin basis of property Are you depreciating (or amortizing) property, such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T, *Transitional Adjustments*. Enclose the completed Schedule T with your Form 1NPR. See page 6 for information on how to get Schedule T.

Did you sell (or otherwise dispose of) property that you are depreciating (or amortizing), such as buildings or machinery, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Enclose the completed Schedule T with your Form 1NPR.

Did you sell (or otherwise dispose of) property that can't be depreciated or amortized, such as land, stocks, bonds, or an interest in a partnership, which has a different basis for federal and Wisconsin purposes? If so, you must complete Wisconsin Schedule T. Enclose the completed Schedule T with Form 1NPR.

Caution If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code, use Schedule I to adjust for the difference in basis rather than Schedule T.

- Differences in federal and Wisconsin reporting of marital property (community) income Are you married and filing a separate return for Wisconsin purposes or were you divorced during 2008? If so, you may have to report a different amount of income on your Form 1NPR than on your federal return. For more information, get Publication 109, *Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2008.* See page 6 for information on how to get this publication.
- Medical care insurance You may be able to subtract all or a portion of the cost of your medical care insurance.

"Medical care insurance" means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage. It does not include premiums you pay for:

- Long-term care insurance,
- · Life insurance policies,
- · Policies providing payment for loss of earnings,
- Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury,
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car, or
- Medical care insurance if you elected to pay these premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

Do not include insurance premiums paid by an employer unless the premiums are included as wages in box 1 of your Form W-2. Premiums that are deducted pre-tax are not included in box 1 of your Form W-2.

If you participate in your employer's fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. Because you are an employee whose insurance premiums are paid with money that is not included in your gross income (premiums are deducted pre-tax), you cannot subtract the premiums paid with that money. Such programs may be known as, for example, flexible spending accounts, employee reimbursement accounts, etc. If you are receiving social security benefits, the amount paid for medical care insurance includes the amount deducted from your monthly benefit for Medicare (for example, Parts B and D).

Complete Worksheet 1 and/or Worksheet 2, as appropriate, to figure your subtraction.

If you are self-employed, complete Worksheet 1.

| | Worksheet 1 – Self-Employed Persons |
|-----|---|
| 1. | Amount you paid for medical care insurance in 2008 while you were self-employed 1 |
| 2. | Amount of medical care insurance deducted on federal Schedule C or F for your employee spouse2. |
| 3. | Subtract line 2 from line 1 |
| 4. | Net earnings from a trade or business* taxable to Wisconsin4. |
| 5. | Total net earnings from a trade or business*5. |
| 6. | Divide line 4 by line 5. Fill in decimal amount, but not more than 1.006. |
| 7. | Multiply line 3 by line 67 |
| 8. | Fill in the smaller of line 4 or line 78. |
| 9. | Fill in the amount of long-term care insurance that is included on line 29 of your federal |
| | Form 10409 |
| 10. | Add lines 8 and 9. Fill in here and in the Wisconsin column of line 2310 |
| * | For a self-employed person, net earnings from a trade or business means income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18b, and less the deduction for one-half of self-employment tax. The total earnings from a trade or business of both spouses are included. |

Employees and persons who had no employer and were not selfemployed, complete Worksheet 2.

Do not consider losses from a trade or business.

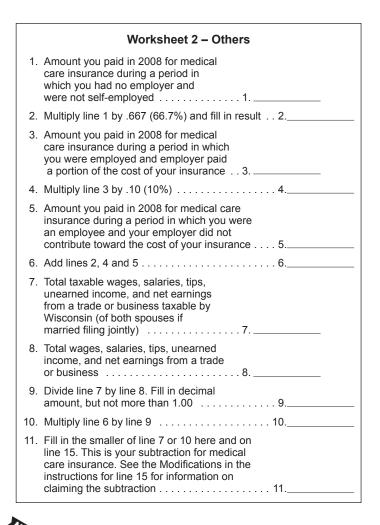

Note If you were employed for only part of the year or worked parttime, you may have to prorate the medical care insurance deduction on the basis of number of weeks worked during the year to total weeks (52) in the year. Any time you work one or more days during a week, you will be considered to have worked one week.

Example You were retired for all of 2008. However, you had a parttime job and worked one day per month during the year. Therefore, you are considered to have worked 12 weeks during the year. Your employer did not pay any portion of your health insurance. You paid \$8,000 for health insurance during the year. You may claim \$1,840 as an amount paid for medical care insurance while you were an employee whose employer did not contribute toward the cost of your insurance computed as follows:

 $\frac{12 \text{ (weeks worked)}}{52 \text{ (weeks in a year)}} = .23 \text{ x} \$8,000 = \$1,840$

You should fill in \$1,840 on line 5 of Worksheet 2. The balance of \$6,160 (\$8,000 - \$1,840) should be filled in on line 1 of Worksheet 2 as the amount paid during a period in which you had no employer and were not self-employed.

Line Instructions

Rounding off to whole dollars Form 1NPR has preprinted zeros in the place used to enter cents. All amounts filled in the form should be rounded to the nearest dollar. Drop amounts under 50¢ and increase amounts that are 50¢ or more to the next dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237. When you round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total.

If completing the form by hand, **do not use commas** when filling in amounts.

Line 1 Wages, salaries, tips, etc.

Federal column Fill in the amount from line 7 of federal Form 1040 or 1040A, or line 1 of Form 1040EZ.

Exception If you were a member of the U.S. uniformed services, do not include military compensation received during a period of time in which you were a nonresident of Wisconsin on line 1, federal column. This does not apply to Wisconsin residents who are stationed outside Wisconsin. If you meet this exception, fill in "09" in the Special Conditions box on page 1 of Form 1NPR. Write the amount of military compensation on the line next to the box. (See page 4 for information on Armed Forces Personnel.)

Line 1 instructions – continued

Wisconsin column *Nonresidents* – fill in the amount received for working in Wisconsin (see **Exceptions**). **Note** If that amount differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned. If you are retired on disability, do not fill in any disability income. *Part-year and full-year residents* – figure the amount received for working in and outside Wisconsin while a Wisconsin resident. Add to that figure the amount received for working in Wisconsin while a nonresident. If the total differs from your Wisconsin wages on your wage statement (Form W-2), enclose an explanation of the difference and indicate where this income was earned. If you are retired on disability, include the amount of disability income received while you were a Wisconsin resident.

Exceptions

 Residents of Illinois, Indiana, Kentucky, Michigan, or Minnesota Don't include on line 1, column B wages earned while a resident of one of these states. Under agreements with these 5 states, Wisconsin doesn't tax the wages of their residents.

If your only Wisconsin income is wages earned in Wisconsin while you were a resident of one of the above states, and you are filing to get a refund of Wisconsin tax withheld in error, fill in 0 on lines 1 and 32, column B. Fill in the Wisconsin tax withheld from your wages on lines 68, 80, 81, and 82. Enclose your Wisconsin W-2(s). Sign your return (both spouses if filing a joint return). **Minnesota** residents must also submit Form W-222, *Statement of Minnesota Residency*, and a copy of their Minnesota income tax return. See page 6 for information on how to get Form W-222.

- See the instructions for line 10 for information on the taxation of income received while a nonresident of Wisconsin from a nonqualified deferred compensation plan.
- If you filed your federal return on Form 1040NR or Form 1040NR-EZ and have wages that are exempt from federal tax by a treaty, do not include the exempt wages in either column A or column B of line 1 of Form 1NPR.

Modifications

• Reserve or National Guard members If you were a member of the Reserves or National Guard and served on active duty, do not include on line 1, column B, any military pay that is included on your W-2 and that was (1) received from the federal government, (2) received after being called into active federal service or into special state service authorized by the federal Department of Defense, and (3) paid to you for a period of time during which you were on active duty. Caution This subtraction only applies to members of the Reserves or National Guard who are called into active federal service under 10 USC 12302(a) or 10 USC 12304 or into special state service under 32 USC 502(f). However, it does not apply to pay that members of the Reserves and National Guard receive for weekend and two-week annual training. It also does not apply to a person who is serving on active duty or full-time duty in the active guard reserve (AGR) program.

Note If you are claiming this subtraction, fill in "14" in the Special Conditions box on page 1 of Form 1NPR.

• **Disability income exclusion for part-year and full-year residents** If you retired on permanent and total disability and have included your disability income on your federal return, you may be able to subtract up to \$5,200 of your disability income.

Line 1 instructions - continued

You must meet all these tests:

- 1. You didn't reach mandatory retirement age before January 1, 2008.
- 2. You were under age 65 on December 31, 2008.
- 3. You were permanently or totally disabled
 - a. when you retired, or
 - b. on January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- 4. If you were married at the end of 2008, you must file a joint return with your spouse.
- 5. You were a Wisconsin resident when you received the disability income.
- 6. You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.
- 7. Your federal adjusted gross income is less than \$20,200 (\$25,400 if married and both spouses are eligible).

Figure your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. See page 6 for information on how to get Schedule 2440W. *Full-year residents* – subtract from the disability income included on your federal Form 1040 or 1040A, the exclusion from line 6 of Schedule 2440W. *Part-year residents* – subtract the exclusion from line 8 of Schedule 2440W from the portion of your disability income which is otherwise taxable to Wisconsin. Enclose your completed Schedule 2440W with your Form 1NPR.

Line 2 Taxable interest

Federal column Fill in the amount from line 8a of federal Form 1040 or 1040A or line 2 of Form 1040EZ.

Wisconsin column Nonresidents – don't fill in any amount of your interest. (Exception Include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1.) *Part-year and full-year residents* – figure the interest received while a Wisconsin resident. For the period of time you were a nonresident, include your share of interest income attributable to Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin and passed through from a tax-option (S) corporation, as reported to you on Wisconsin Schedule 5K-1. Use the worksheet in the next column to figure the interest taxable by Wisconsin. Save this worksheet for your records.

Modifications

• State and municipal bond interest Did you receive any state or municipal bond interest? If so, add to your federal income the amount received from state and municipal bonds while a Wisconsin resident. This will generally be the amount shown on line 8b of your federal Form 1040 or 1040A or the amount identified as taxexempt interest on line 2 of Form 1040EZ. (If you were required for federal purposes to allocate expenses to this income, reduce the income by such expenses.)

Exception Do not include interest income from (1) public housing authority or community development authority bonds issued by municipalities located in Wisconsin, (2) Wisconsin Housing Finance Authority bonds, (3) Wisconsin municipal redevelopment authority bonds, (4) Wisconsin higher education bonds, (5) Wis-

consin Housing and Economic Development Authority bonds issued on or after December 11, 2003, to fund multifamily affordable housing projects or elderly housing projects, (6) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds and CHAP housing revenue bonds, (7) public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the Internal Revenue Code, (8) local exposition district bonds, (9) Wisconsin professional baseball park district bonds, (10) bonds issued by the Government of Puerto Rico, Guam, the Virgin Islands or, for bonds issued after October 16, 2004, the Government of American Samoa, (11) local cultural arts district bonds, (12) Wisconsin professional football stadium bonds, and (13) Wisconsin Aerospace Authority bonds. Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

• United States government interest and dividends Did you include U.S. government interest in your federal income? If so, subtract from your federal income the amount of interest on United States bonds and interest and dividends of certain United States government corporations. This income isn't taxable for Wisconsin purposes.

Caution Don't subtract interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin income if you received the interest while a Wisconsin resident.

Worksheet for Interest Income Taxable by Wisconsin 1. Interest included in federal income 1. 2. U.S. government interest included on line 1 . 3. Subtract line 2 from line 1 3. 4. However, you are allowed a 60% exclusion for net long-term capital gain, and your deduction for net capital loss is limited to \$500. If you have any capital gain or loss taxable to Wisconsin, complete Schedule WD to determine your taxable gain or allowable loss. See page 6 for information on how to get Schedule WD.

Line 7 *instructions* – *continued*

If the only amount on line 13 of Form 1040 or line 10 of Form 1040A is a capital gain distribution from a mutual fund or real estate investment trust, you do not have to complete Schedule WD. Fill in 40% of the portion of the capital gain distribution received while a Wisconsin resident.

Capital gain or loss from Wisconsin sources includes gain or loss from the sale of land, buildings, and machinery located in Wisconsin and your share of capital gain and loss from an estate or trust, partnership, limited liability company (LLC), or tax-option (S) corporation which has been reported to you on Wisconsin Schedule 2K-1, 3K-1, or 5K-1. It also includes gain from the sale of stock acquired under an incentive stock option or employee stock purchase plan to the extent attributable to personal services performed in Wisconsin. It doesn't include losses from nonbusiness bad debts and worthless securities, and gains or losses from sales of stocks (except gain on stock acquired under an incentive stock option or employee stock purchase plan as explained above) while a nonresident.

Did you sell your Wisconsin home? If you sold your Wisconsin home and qualify to exclude all or a portion of the gain on the sale for federal tax purposes, you may exclude the same amount for Wisconsin.

- (1) The distribution is paid out in annuity form over the life expectancy of the individual or a period of not less than 10 years, or
- (2) The distribution is paid in either an annuity or lump-sum from arrangements known commonly as "mirror" plans.

Modifications

• **Lump-sum distributions** Did you receive a lump-sum distribution while a Wisconsin resident? If so, and you used federal Form 4972 to figure your federal tax, you must add the amount of your lump-sum distribution to your other pension and annuity income and report it on line 10. Include on line 10 the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

CAUTION If the amount on line 10 of Form 4972 was computed using the rules for multiple recipients of a lump-sum distribution, include only your share of the taxable amount on line 10, less your share of any federal estate tax attributable to the lump-sum distribution on line 18.

Note No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

- **Military and uniformed services retirement benefits** Don't include on line 10, column B retirement benefits received from:
 - (1) The U.S. military retirement system (including payments from the Retired Serviceman's Family Protection Plan), and

- Other retirement benefits Don't include on line 10, column B amounts received from the retirement systems listed below if:
 - 1. You were retired from the system before January 1, 1964, or
 - 2. You were a member of the system as of December 31, 1963, and retired at a later date and payments you receive are from an account established before 1964, or
 - 3. You are receiving payments from the system as the beneficiary of a person who met either condition 1 or 2.

The specific retirement systems are:

- A. Local and state retirement systems Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.
- **B. Federal retirement systems** United States government civilian employee retirement systems. Examples of such retirement systems include the Civil Service Retirement System and Federal Employees' Retirement System.

Line 10 instructions - continued

Note You must include the following on line 10, column B:

- Payments received as a result of voluntary tax-sheltered annuity deposits made in any of the retirement systems listed in A or B.
- Payments received from one of the retirement systems listed in A or B if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.
- · Payments from the federal Thrift Savings Plan.

CAUTION Your retirement benefits are not taxable only if they are based on qualified membership in one of the retirement systems listed in A or B. Qualified membership is membership that began before January 1964. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable.

- **Railroad retirement benefits** Don't include on line 10, column B amounts received from the U.S. Railroad Retirement Board that were included in line 16b of federal Form 1040 or line 12b of Form 1040A. These benefits aren't taxable by Wisconsin.
- Disability income exclusion for part-year and full-year residents Are you retired on permanent and total disability? If so, and you have included your disability income on line 16b of your federal Form 1040 or line 12b of Form 1040A, you may be able to subtract up to \$5,200 of your disability income. See the Modifications for line 1 for further information.

Line 11 Rental real estate, royalties, partnerships, S corporations, trusts, etc.

Federal column Fill in the amount from line 17 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources. *Part-year and full-year residents* – figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from sources in and outside Wisconsin received while a Wisconsin resident. Combine with that figure the amount of rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources received while a nonresident.

Rent, royalty, partnership, tax-option (S) corporation, estate, and trust income from Wisconsin sources includes:

- Rents and royalties from tangible property located in Wisconsin, such as land, buildings, and machinery.
- Profits and losses from businesses, professions, and farm operations conducted in Wisconsin, including partnerships and tax-option (S) corporations.

Modifications

• Tax-option (S) corporation modifications

(1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the S corporation informing you of any adjustments to be made for Wisconsin.

- (2) If you were a shareholder of a federal S corporation that elected not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits which was received while you were a Wisconsin resident. (Caution Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)
- (3) Instead of including the tax-option (S) corporation items deductible on federal Schedule A in the Wisconsin itemized deduction credit, you may be able to treat these items as subtraction modifications.

For more information, get Publication 102, *Wisconsin Tax Treatment of Tax-Option (S) Corporations and Their Shareholders*. See page 6 for information on how to get this publication.

- **Partnership, estate, or trust modifications** If you were a member of a partnership, or you received income from an estate or trust, you will receive a statement from the partnership, estate, or trust notifying you of any modifications to federal income. Increase the amount reported in the federal column by amounts shown as add modifications. Decrease the amount reported in the federal column by amounts shown as subtract modifications.
- **Differences in federal and Wisconsin basis of property** If the federal basis of your property isn't the same as the Wisconsin basis, see page 8.

Line 12 Farm income or (loss)

Federal column Fill in the amount from line 18 of federal Form 1040.

Wisconsin column *Nonresidents* – fill in the amount of income or loss from Wisconsin farms. *Part-year and full-year residents* –figure the income or loss from farms in and outside Wisconsin while a Wisconsin resident. Combine with that figure the income or loss from Wisconsin farms while a nonresident.

Modification

• **Differences in federal and Wisconsin basis of property** If the federal basis of your property isn't the same as the Wisconsin basis, see page 8.

Line 15 Other income

Federal column Fill in the amount from line 21 of federal Form 1040.

Wisconsin column Nonresidents – fill in any other income you received from Wisconsin sources. Part-year and full-year residents – figure the amount of any other income you received while a Wisconsin resident. Add to that figure any other income you received from Wisconsin sources while a nonresident.

Modifications

The modifications listed below may either increase or decrease the amount you fill in on line 15, column B. Treat any addition as a positive number and any subtraction as a negative number. Enclose a description of each addition and subtraction you make on line 15. Combine your modifications with your "other income" reportable in column B and fill in the net result. If the net result is a negative number, put a minus sign in front of the number.

- **Farm losses** Did you deduct farm losses from your Wisconsin income? If so, you may have to include part of your losses on line 15 if you were not actively engaged in farming. To be "actively engaged in farming" with respect to a farming operation, you must make a significant contribution of:
 - Capital, equipment, or land, or a combination of capital, equipment, or land; and
 - Active personal labor or active personal management, or a combination of both.

Factors you must take into consideration in determining if you contribute a significant amount of active personal labor or active personal management include:

- The type of crops and livestock produced;
- The normal and customary farming practices of the area; and
- The total amount of labor and management which is necessary for such a farming operation in the area.

In order to be considered to be actively engaged in a farming operation, you must have (1) a share of the profits or losses from the farming operation which is commensurate with your contributions to the operation, and (2) contributions to the farming operation which are at risk.

Your combined net losses from farming operations in which you are *not* actively engaged in farming are limited if your nonfarm Wisconsin adjusted gross income is more than \$55,000 (\$27,500 if married filing separately).

To figure your combined net losses from farming operations, add together any losses you have from farming operations in which you were not actively engaged (for example, these could be losses from a farm partnership or tax-option (S) corporation). Include only losses that you included in the Wisconsin column of Form 1NPR.

Farm Loss Limits – Married persons filing separate returns (including married filing as head of household)

Nonfarm Wisconsin Adjusted Gross Income

| \$ 0 | \$ 27,500 | Full Amount |
| 27,500 | | \$10,000 |

| 50,000 | | 7,500 |
| 75,000 | | 6,250 |

| 125,000 | | 3,750 |
| 150,000 | | |
| 300,000 | | No Loss |

Do not reduce these losses by any net farm gains. If the total of these losses is more than the maximum allowable loss shown in the above tables, include the excess on line 15.

Example For 2008, a single person who is a nonresident is not actively engaged in farming. He reports a loss of \$35,000 on Schedule E from a Wisconsin farm partnership, a profit of \$5,000 on Schedule E from the rental of Wisconsin farmland, and a loss of \$30,000 on Schedule E from an S corporation that operates a farm in California. The person's nonfarm Wisconsin adjusted gross income is \$60,000. His combined net losses from farming are \$35,000 (farm partnership loss). Since he's a nonresident, the S corporation loss isn't included in his Wisconsin income. The maximum farm loss he can deduct is \$20,000. He must include \$15,000 (\$35,000 combined net losses – \$20,000 maximum loss) on line 15.

• Farm loss carryover If you were subject to farm loss limitations (see modification for farm losses above for a description) on your 1993 or subsequent year Wisconsin income tax return, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits or net gains from the sale or exchange of capital or business assets in the current taxable

year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

Example You have a farm loss carryover from 2007 of \$30,000. For 2008 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover.

- Farmland tax relief and farmland preservation credits Did you receive farmland tax relief or farmland preservation credit in 2008? If so, the total amount is taxable by Wisconsin. Include on line 15 any portion of your farmland tax relief and farmland preservation credits which weren't included as income on your federal return.
- Dairy and livestock farm investment credit Fill in the amount of dairy and livestock farm investment credit that you computed for 2008. The amount of your credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward. (Note Dairy and livestock farm investment credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modifications described on pages 13 and 14 for tax-option (S) corporations and partnerships.)
- Federal net operating loss carryover Don't include on line 15 any amount that you deducted on line 21 of federal Form 1040 as a federal net operating loss carryover.
- **Recoveries of federal itemized deductions** Don't include on line 15 any amount that you included in federal income that is a recovery of a federal itemized deduction from a prior year for which you didn't receive a Wisconsin tax benefit.

Example You deducted a casualty loss of \$2,000 as an itemized deduction on your 2007 federal income tax return. You couldn't claim the casualty loss for the itemized deduction credit on your 2007 Wisconsin return. In 2008, you received a \$1,000 reimbursement from your insurance company for part of the casualty loss. You reported the \$1,000 on your 2008 federal income tax return as a recovery of an amount previously claimed. Wisconsin won't tax the \$1,000 because you didn't claim the casualty loss for the itemized deduction credit on your Wisconsin return.

- Wisconsin net operating loss carryforward If you had a net operating loss (NOL) in an earlier year to carry forward to 2008, include the allowable amount on line 15. Enclose a statement showing how you figured the amount. Get Publication 120, *Net Operating Losses for Individuals, Estates, and Trusts*, for more details on computing the NOL and the allowable deduction. See page 6 for information on how to get this publication.
- Medical care insurance See Worksheet 2 on page 10 to compute your modification for the amount paid for medical care insurance.
- Enterprise zone jobs credit Fill in the amount of your enterprise zone jobs credit you computed for 2008. The amount of your credit is income and must be reported on Form 1NPR. (Note Enterprise

Line 15 instructions - continued

zone jobs credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modification described on pages 13 and 14.)

- Internet equipment credit Fill in the amount of your Internet equipment credit you computed for 2008. The amount of your credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward. (Note Internet equipment credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modification described on pages 13 and 14.)
- Long-term care insurance If you paid long-term care insurance costs during 2008, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does not include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

Do not include premiums for long-term care insurance if you elected to pay those premiums with tax-free distributions from a retirement plan made directly to the insurance provider and these distributions would otherwise have been included in income.

If you paid long-term care insurance costs during 2008 for a policy which covers you or your spouse, complete the following three steps to determine the amount of your subtraction.

Step 1 Complete the following worksheet.

| | Worksheet – Long-Term Care Insurance |
|----|--|
| 1. | Amount paid for long-term care insurance in 2008 1 |
| 2. | Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 29 of federal Form 1040 2 |
| 3. | Portion of long-term care insurance cost deducted on federal Schedule C or F for your employee spouse 3 |
| 4. | Add lines 2 and 3 4 |
| 5. | Subtract line 4 from line 1 5 |

Line 15 instructions - continued

Step 2 Use the following formula to prorate the long-term care insurance.

| | | Wages, unearned income, and | | |
|-----------|---|--------------------------------|---|-------------|
| Amount | | net earnings from a trade or | | Tentative |
| from | х | business* taxable by Wisconsin | = | subtraction |
| line 5 of | | Total wages, unearned income, | | |
| worksheet | | and net earnings from a trade | | |
| | | or business* | | |

* Use the total taxable wages, taxable unearned income (for example, interest, dividends, pensions, capital gains, etc.), and net earnings from a trade or business (include both spouses' income if married filing a joint return). Net earnings from a trade or business is income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18b, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

Step 3 Your subtraction for long-term care insurance is the smaller of the tentative deduction computed in Step 2 or the amount of wages, unearned income, and net earnings from a trade or business taxable by Wisconsin.

- Development zones credit and technology zone credit Include on line 15 the amount of your development zones credit from Wisconsin Schedule DC and your technology zone credit from Schedule TC. The amount of your development zones credit and technology zone credit is income and must be reported on Form 1NPR, even if you cannot take the full credit this year and must carry part of it forward. (Note Development zones credit and technology zone credit that you receive from a partnership or tax-option (S) corporation will be accounted for when you make the modifications described on pages 13 and 14 for tax-option (S) corporations and partnerships.)
- Dairy Manufacturing Facility Investment Credit Fill in the amount of dairy manufacturing facility investment credit you computed for 2008. The amount of your credit is income and must be reported on Form 1NPR. (Note Dairy manufacturing facility investment credit that you receive from a partnership or a tax-option (S) corporation will be accounted for when you make the modifications described on pages 13 and 14 for tax-option (S) corporations and partnerships.
- Amounts not taxable by Wisconsin Don't include on line 15 amounts not taxable by Wisconsin (less related expenses, except expenses used to figure the Wisconsin itemized deduction credit).

Example Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions set forth in section 32.19 of the Wisconsin Statutes.

• Adoption expenses If you were a full-year resident of Wisconsin for 2008 and you adopted a child for whom a final order of adoption was entered by a Wisconsin court during 2008, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2006, 2007, and 2008. Don't count amounts reimbursed

Line 15 instructions - continued

under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

• **Tuition and fee expenses** You may be able to claim a subtraction for up to \$5,114 (per student) of the amount you paid during 2008 for tuition and mandatory student fees for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

The tuition and mandatory student fees must have been paid during 2008 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved by the Wisconsin Educational Approval Board.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota–Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

The subtraction does not apply to tuition or fees paid to pre-schools or elementary or secondary schools (for example, grade schools and high schools).

Tuition and mandatory student fees paid to a school that fits into one of the four categories listed above may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition and fees paid to a school which does not fit into any of the four categories listed above may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition and mandatory student fees paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin, and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved by the Wisconsin Educational Approval Board.

Caution The subtraction only applies to tuition and mandatory student fees. Amounts paid as separate charges for other items such as room and board, athletic tickets, or other costs may not be subtracted.

You cannot claim a subtraction for tuition and fees paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition and fees paid from loans, gifts, inheritances, and personal savings.

Line 15 instructions - continued

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (EdVest or "tomorrow's scholar"). This limitation applies only if the owner of the account previously claimed a subtraction for contributions to the EdVest or "tomorrow's scholar" program.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount from:

- line 37 of Form 1040
- line 21 of Form 1040A
- line 4 of Form 1040EZ
- line 35 of Form 1040NR, or
- line 10 of Form 1040NR-EZ.

If your filing status is:

Single or Head of Household

- If your federal adjusted gross income is \$50,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$50,000 but less than \$60,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$60,000 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Joint Return

- If your federal adjusted gross income is \$80,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$80,000 but less than \$100,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$100,000 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Separate Return

- If your federal adjusted gross income is \$40,000 or less, complete Steps 2 and 3 to figure the amount of your subtraction for tuition and mandatory student fees. Do not complete the worksheet in Step 1.
- If your federal adjusted gross income is more than \$40,000 but less than \$50,000, complete Steps 1-3 to figure the amount of your subtraction.
- If your federal adjusted gross income is \$50,000 or more, you may not subtract any amount for tuition and fee expenses.

Line 15 instructions - continued

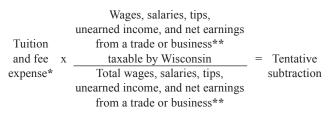

Step 1 Complete the worksheet below as required for your filing status.

Tuition Expense Worksheet

Caution Only certain taxpayers are required to complete this worksheet. See the instructions for your filing status.

| 1. | Amount paid for tuition and mandatory student fees in 2008. Do not fill in more than \$5,114 per student 1 |
|----|--|
| 2. | Fill in your federal adjusted gross income2. |
| 3. | Fill in \$50,000 (\$80,000 if married filing joint return or \$40,000 if married filing separate return) 3. |
| 4. | Subtract line 3 from line 24. |
| 5. | Divide the amount on line 4 by 10,000 (20,000 if married filing joint return). Fill in decimal amount |
| 6. | Multiply line 1 by the decimal amount on line 5 6 |
| 7. | Subtract line 6 from line 1. This is the amount of tuition and fee expense to use in the formula in Step 2 |

Step 2 Use the following formula to prorate the tuition expense.

- * This is the amount from line 7 of the Tuition Expense Worksheet in Step 1. If you were not required to use the worksheet, use the amount paid for tuition and mandatory student fees in 2008, but not more than \$5,114 per student.
- ** If you are married filing a joint return, include the wages, salaries, tips, unearned income (for example, interest, dividends, etc.), and net earnings from a trade or business of both spouses. Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18b, and less the deduction for one-half of self-employment tax. Do not include losses from a trade or business.

Step 3 Your subtraction for tuition and fee expense is the smaller of the tentative subtraction computed in Step 2 or the amount of wages, salaries, tips, unearned income, and net earnings from a trade or business taxable by Wisconsin.

• Contributions to a Wisconsin state-sponsored college savings program You may be able to subtract the amount you contributed to a Wisconsin state-sponsored college savings account (for example, EdVest or "tomorrow's scholar").

The beneficiary of the account must be either you, your spouse (if married filing joint return), your child who is claimed as a dependent on your federal income tax return, or your grandchild, great-grandchild, niece, or nephew. The subtraction is equal to the

Line 15 instructions - continued

amount you contributed to the account during 2008, but not more than \$3,000 per beneficiary. In the case of a married couple filing a joint return, the total subtraction per beneficiary by the married couple may not exceed \$3,000 each year. The subtraction must be prorated as follows:

| | Wages, unearned income, and |
|-------------------|--|
| Amount | net earnings from a trade or |
| contributed (no x | business* taxable to Wisconsin = Tentative |
| more than \$3,000 | Total wages, unearned income, subtraction |
| per beneficiary) | and net earnings from a trade or |
| | business* |

* If you are married filing a joint return, include the wages, salaries, tips, unearned income (for example, interest, dividends, etc.) and net earnings from a trade or business of both spouses. Net earnings from a trade or business is your income from self-employment, including ordinary income from a trade or business as reported on Form 4797, line 18b, and less the deduction for one-half of selfemployment tax. Do not include losses from a trade or business.

Your subtraction is equal to the lesser of the tentative subtraction computed above or your total wages, salaries, tips, unearned income, and net earnings from a trade or business taxable to Wisconsin. If you are married filing a joint return, use the total of both spouse's income from these sources.

- Distributions from Wisconsin state-sponsored college savings and tuition programs If you included earnings from a qualified college savings or tuition program in your federal adjusted gross income, you may subtract that amount if either of the following applies:
 - 1. The earnings were due to a qualified withdrawal from a Wisconsin state-sponsored college savings account (for example, EdVest or "tomorrow's scholar" college savings account).
 - 2. The earnings were from a Wisconsin EdVest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased; or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.
- **Passive foreign investment company** Include on line 15 the amount of excess distribution from a passive foreign investment company which is allocable to Wisconsin and which has not been included in federal adjusted gross income (see federal Form 8621).
- Sale of business assets or assets used in farming to a related person You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:
 - The related person is your child, grandchild, great-grandchild, parent, brother or sister, nephew or niece, grandparent, greatgrandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
 - The asset was held by you for more than 12 months.
 - The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Line 15 instructions – continued

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- All shareholders or beneficiaries, other than any estate, are natural persons.

Farming "Farming" means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset, see below.)

Business Assets "Business assets" are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

"Business assets" include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

"Business assets" do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note** Rental property which is a farm or farm equipment may qualify as an asset "used in farming.")

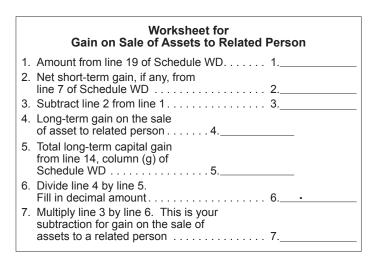

Computing the subtraction You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

- If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 40% of the gain on the sale of the asset to the related person.
- If the amount on line 15 or 16 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD.
- If the amount on line 16 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, your subtraction is equal to the amount on line 19 of Schedule WD less the amount on line 7 of Schedule WD.

Line Instructions

Line 15 instructions - continued

- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) you show a loss on line 14, column (f) of Schedule WD and/or on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.
- If the amount on line 16 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) you show a loss on line 14, column (f) of Schedule WD, and (3) you show a gain on line 7 of Schedule WD, complete the following worksheet to compute your subtraction.

• **Repayment of income previously taxed** If you had to repay during 2008, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on line 27 or 28 of your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with your Form 1NPR.

Caution Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may be able to subtract the repayment as described above *or* take a tax credit. See the instructions for line 72.

• Human organ donation If you were a full-year resident of Wisconsin for 2008 and you, your spouse, or a person who is claimed as a dependent on your federal income tax return donated one or more of their human organs to another person for human organ transplantation, you may subtract certain unreimbursed expenses related to the organ donation. "Human organ" means all or part of a liver, pancreas, kidney, intestine, lung, or bone marrow. The subtraction may be claimed only in the taxable year in which the transplantation occurs. The subtraction may be claimed only once. The subtraction is equal to the amount of your unreimbursed expenses for travel, lodging, and lost wages, but not more than \$10,000. Line 15 instructions - continued

If you are eligible for a deduction, you may then make a subtraction for the amount that qualifies (see below).
- Subtraction for interest and rental expenses paid to related entities Were you required to make an addition modification for interest or rental expenses paid to a related entity (see above item)? If yes, see Schedule RT to find out if you qualify for a subtraction. ■ Line 35 Fill in the *larger* of Wisconsin income from line 32, column B or federal income from line 33, column A. (Note Even though you may start the tax computation based on federal income, the tax will be later prorated based on the ratio of your Wisconsin income to federal income. The result is that you pay only the portion of the tax attributable to Wisconsin income.)

■ Line 36a If you (or your spouse, if married filing a joint return) can be claimed as a dependent by another person, check line 36a. Complete line 36b and see the "Exception" for line 36c.

Exception If, at the end of 2008, one spouse was a nonresident alien or a dual-status alien and the other spouse was a U.S. citizen or a resident alien and you qualify to file a joint return (as explained in the Exception on page 7), do not check line 36b. Complete line 36c.

If you or your spouse were 65 or older, check the appropriate lines. Your number of exemptions is equal to the number of lines checked.

You may claim the \$250 exemption on line 38b for you and/or your spouse only if you and/or your spouse are allowed the \$700 exemption on line 38a.

Line 40 Tax

Use the amount on line 39 to find your tax in the Tax Table that starts on page 40. Find your income-level bracket and read across to the column showing your filing status to find your tax. Be sure you use the correct column in the Tax Table for your filing status. If the amount on line 39 is \$100,000 or more, use the Tax Computation Worksheet on page 46 to compute your tax. Fill in your tax on line 40.

Line 41 Wisconsin itemized deduction credit

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may claim the Wisconsin itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1NPR to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see following exceptions).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with Form 1NPR.

Exceptions Even though Schedule 1 has entry lines for medical expenses, interest paid, and gifts to charity, not all of the amounts of these items that are deducted on federal Schedule A can be used for the Wisconsin itemized deduction credit. The following describes the portion of these items that may not be used to compute the Wisconsin itemized deduction credit.

- Medical expenses the amount of medical care insurance and longterm care insurance claimed as a subtraction for Wisconsin.
- Interest paid on a second home located outside Wisconsin.
 - paid on a residence which is a boat.
 - paid to purchase or hold U.S. government securities.
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the deduction as a subtraction.

Note The line references on Schedule 1 are to Schedule A of federal Form 1040. If you are filing federal Form 1040NR, fill in only the amount from line 7 of Schedule A of Form 1040NR (Gifts to U.S. Charities) on line 3 of Schedule 1.

■ Line 42 School property tax credit

Nonresidents – don't fill in any amount on these lines. Nonresidents aren't eligible for the school property tax credit.

Note If you are filing a joint return and one spouse is a full-year or part-year Wisconsin resident but the other is a nonresident, you can claim the school property tax credit. Figure your credit by using the rent and property taxes of both spouses.

Part-year and full-year residents – read the following instructions if you paid rent during 2008 for living quarters used as your principal home or property taxes during 2008 on your home.

Note You may not claim the school property tax credit if you are claiming the veterans and surviving spouses property tax credit.

Special cases

If you paid both property taxes and rent You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 42a and 42b can't be more than \$300 (\$150 if married filing a separate return or if married filing as head of household).

Line 42 instructions - continued

Married persons filing a joint return Figure your credit by using the rent and property taxes paid by both spouses.

Married persons filing separate returns or married persons filing as head of household Each spouse can claim a credit. Each of you can use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

Persons who jointly own a home or share rented living quarters When two or more persons (other than husband and wife) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 42a and 42b.

Line 42a How do I figure the renter's school property tax credit

Step 1 Rent paid in 2008 Fill in on the appropriate line(s) the total rent that you paid in 2008 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home but don't have to be located in Wisconsin. Don't include any rent that you may claim as a business expense. Don't include rent paid for housing that is exempt from property taxes, for example, rent for a university dorm, nonprofit senior housing, or public housing. (Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If your rent included food, housekeeping, medical, or other services, reduce your rent paid in 2008 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the total rent that you paid in 2008. For example, if you and two other persons rented an apartment and paid a total rent of \$3,000 in 2008, and you each paid \$1,000 of the rent, each could claim a credit based on \$1,000 of rent.

Step 2 Use the Renter's School Property Tax Credit Table on page 25 to figure your credit. If heat was included in your rent, use column 1 of the table. If heat was not included, use column 2. Fill in your credit on line 42a.

Exception If you paid both rent where heat was included and rent where heat was not included, complete the following worksheet.

Renter's Worksheet

(Complete only if Exception described above applies)

- Credit for rent with heat included (from Col. 1 of Table on page 25) 1._____
 Credit for rent where heat not included (from Col. 2 of Table on page 25) 2._____
 Add lines 1 and 2. Fill in on
- line 42a of Form 1NPR* 3.
- * Do not fill in more than \$300 (\$150 if married filing a separate return or married filing as head of household).

Renter's School Property Tax Credit Table*

*Caution The credit allowed certain persons may be less than the amount indicated. See "Special cases" on page 24.

Line 42b How do I figure the homeowner's school property tax credit

Step 1 Property taxes paid on home in 2008 Fill in the amount of property taxes you *paid* in 2008 on your home. Your home doesn't have to be located in Wisconsin. Do **not** include:

- Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).
- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2008.

Property taxes are further limited as follows:

a. If you bought or sold your home during 2008, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.

- b. If you owned a mobile home during 2008, property taxes include the municipal permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental for parking a mobile home or manufactured home should be filled in as rent on line 42a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes which reflects your percentage of ownership. For example, if you and another person (not your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you can claim a credit based on \$750 of taxes.

Step 2 Use the Homeowner's School Property Tax Credit Table on page 26 to figure your credit. Fill in the amount of your credit on line 42b.

Caution If you are also claiming the renter's credit on line 42a, the total of your renter's and homeowner's credits can't be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies). Contact any department office for information on how to compute the penalty.

Line 69 2008 Wisconsin estimated tax paid and amount applied from 2007 return

Fill in any payments you made on your estimated Wisconsin income tax (Form 1-ES) for 2008. Include any overpayment from your 2007 return that you were allowed as credit to your 2008 Wisconsin estimated tax.

If you are married filing a joint return, fill in the total of:

- any separate estimated tax payments made by each spouse,
- · any joint estimated tax payments, and
- any overpayments from your 2007 returns that you and your spouse were allowed as credit to 2008 Wisconsin estimated tax.

If you are filing a separate tax return, you may not claim any part of your spouse's separate estimated tax payments or credits. You and your spouse may split your joint estimated tax payments and credits between you as you choose. If you cannot agree on how joint estimated tax payments are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow these instructions even if your spouse died during 2008.

Name change Did you change your name because of marriage or divorce? If so, and you made estimated tax payments using your former name, paper clip a statement to the front of Form 1NPR. On the statement, explain all the payments you and your spouse made for 2008 and the name(s) and social security number(s) under which you made them.

CAUTION If you had withholding allocated to you from a passthrough entity, do NOT fill in such amount on line 69. Withholding from a pass-through entity should be included on line 68.

Line 70 Earned income credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for the Wisconsin earned income credit.

Line 70 *instructions* – *continued*

Note If you are filing a joint return and one spouse is a full-year Wisconsin resident, you may claim the Wisconsin earned income credit if you claimed the federal earned income credit and you had a qualifying child.

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 70.

Step 1 Fill in the **number** of children who meet the requirements of a "qualifying child" for purposes of the federal earned income credit (see the instructions for the earned income credit in your federal return for definition of a "qualifying child").

CAUTION For federal purposes only your first two qualifying children are counted. For Wisconsin purposes all of your qualifying children are counted.

Step 2 Fill in the **federal earned income credit** from line 40a of federal Form 1040A or line 64a of Form 1040.

Step 3 Fill in the percentage rate which applies to you.

| Number of qualifying children (see Step 1 above) | Fill in this percentage rate | | | |
|---|------------------------------|--|--|--|
| 1 | 4% | | | |
| 2 | 14% | | | |
| 3 or more | 43% | | | |

Step 4 Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 70. This is your Wisconsin earned income credit.

Enclosures with your return You must enclose a copy of your completed federal Schedule EIC with Form 1NPR. The federal Schedule EIC requests information on two qualifying children. If you have a third qualifying child, also enclose a sheet giving the same information as requested on the Schedule EIC for your third child. Failure to provide this information may delay your refund.

Note If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 70. Write "EIC" in the space to the right of line 70. Complete your return through line 76 of Form 1NPR. Enclose a copy of your federal return (Form 1040A or Form 1040) with your Form 1NPR.

Line 71 Farmland preservation credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland preservation credit.

Note If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim farmland preservation credit. Fill in the amount from line 18 of your Schedule FC on line 71. If you are claiming farmland preservation credit, enclose your completed Schedule FC with your Form 1NPR.

Line 72 Repayment credit

If you repaid during 2008, an amount that you included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and cannot have been subtracted in computing Wisconsin adjusted gross income or used in computing the Wisconsin itemized deduction credit.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2008.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is the amount of your credit.

Fill in the amount of your credit on line 72 of Form 1NPR. Enclose a statement showing how you computed your credit.

Line 73 Homestead credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for homestead credit.

Note If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim home-stead credit. Fill in the amount from line 19 of Schedule H on line 73. Enclose your completed Schedule H with Form 1NPR.

Line 74 Farmland tax relief credit

Nonresidents and part-year residents – don't fill in any amount. Only full-year Wisconsin residents are eligible for farmland tax relief credit.

Note If you are filing a joint return and one spouse is a full-year Wisconsin resident, the resident spouse may be able to claim the farmland tax relief credit.

Full-year residents - read the instructions which follow.

You may qualify for the farmland tax relief credit if you meet the following conditions:

- 1. You are a full-year resident of Wisconsin.
- 2. You or a member of your household must have been the owner of at least 35 acres of Wisconsin farmland during the 2008 taxable year. Household means an individual, his or her spouse, and all dependents while they are under age 18.
- 3. Your 2007 property taxes for the farmland on which the credit is based must have been paid.
- 4. The farmland must be in agricultural use. The farm of which the farmland is a part must have produced at least \$6,000 of gross farm profits during 2008 or at least a total of \$18,000 in gross farm profits for 2006, 2007, and 2008 combined. However, if at least 35 acres of your farmland was enrolled in the Conservation Reserve Program during all or part of 2008, you do not have to meet this gross farm profits requirement.

Gross farm profits means gross receipts, excluding rent, from the land's agricultural use, less the cost or other basis of livestock or other items purchased for resale which are sold or otherwise disposed of during the taxable year. Gross farm profits include the fair market value, at the time of disposition, of payments-in-kind received for placing land in federal programs. If you rent out your farmland, the renter's gross farm profits are used to satisfy this requirement. Gross farm profits do not include the fair market value of crops grown but not sold during the year, fuel tax credits or refunds, or a previous year's farmland preservation or farmland tax relief credit.

Only one member of a household may claim the credit. If two or more members of a household each qualify (for example, where a husband and wife have entered into a farm partnership agreement), they must determine between themselves who the claimant will be. If they are unable to agree, the matter may be referred to the Secretary of Revenue, whose decision will be final.

A claimant may be (1) an individual, (2) each member of a partnership (except publicly traded partnerships) having a joint or common interest in land, (3) a shareholder in a tax-option (S) corporation, (4) the vendee under a land contract, or (5) a guardian on behalf of a ward. When farmland is subject to a life estate, the person who has an ownership interest and is operating the farm and paying the property taxes is the owner who may claim the credit.

Fill in the property taxes on your Wisconsin farmland (exclusive of improvements) in the space provided on line 74, but do not fill in more than \$7,894. The credit is based on property taxes levied on your farmland during the 2008 calendar year. This is your 2008 property tax bill (payable in 2009). You can use up to \$7,894 of property taxes to compute the credit. This includes property taxes on all land which is in agricultural use, less any state aid or credit. Do not include property taxes on any improvements (for example, farm buildings or a residence), special assessments, special charges, or interest.

Note Your property tax bill may include property taxes on both the farmland and improvements. Use the following formula to determine the portion of the property taxes attributable only to the land.

If you have more than one property tax bill, apply the formula to each bill separately.

| Assessed value of land | | Property taxes | | Portion of |
|------------------------|---|--------------------|---|----------------|
| Total assessed value | х | levied in 2008 | = | property taxes |
| of land and | | before lottery and | | to be used |
| improvements | | gaming credit | | for the credit |

If the farmland is co-owned with someone other than a member of your household, use only those taxes on the farmland which reflect your ownership percentage.

If you sold the farmland on which this claim is based during the taxable year, fill in only that portion of the property taxes on the farmland which is allocated to you in the closing agreement pertaining to the sale of the property (use the above formula if improvements are included). If the amount is not set forth in a closing agreement, you may not use any of these taxes in your computation.

Line 74 instructions - continued

If you purchased the farmland on which this claim is based during the taxable year, fill in the property taxes on the farmland less any amount allocated to the seller in the closing agreement (use the formula on page 31 if improvements are included). If the amount is not set forth in a closing agreement, fill in the total taxes on the farmland.

When property is transferred during the claim year by a method other than a sale, such as through gift, divorce, death, bankruptcy, foreclosure, or repossession, the owner of the property on the tax levy date is the owner who may claim the credit. The tax levy date is the date the property tax roll is delivered to the local treasurer for collection, usually in early December of each year.

If the farmland is owned by a tax-option (S) corporation or by a partnership, fill in the amount of property taxes on the farmland (but not more than \$7,894) as reflects the ownership percentage of you and your household. You may have to contact the tax-option (S) corporation or the partnership to get information on the amount of taxes levied on the farmland during 2008.

Fill in the amount of your credit on line 74 of Form 1NPR. The credit is equal to 19% of the property taxes on your farmland up to a maximum credit of \$1,500. (**Caution** If you are claiming farmland preservation credit on line 71, the total of your farmland preservation credit and your farmland tax relief credit cannot exceed 95% of the property taxes on the farm. If your credits exceed this amount, you should reduce your farmland tax relief credit accordingly.)

Enclose a copy of your 2008 property tax bill(s) with Form 1NPR. (**Note** If you are also claiming farmland preservation credit or homestead credit on Form 1NPR and have enclosed a copy of your 2008 property tax bill(s) with your Schedule FC or Schedule H, you do not have to enclose an additional copy.) If the farmland on which the credit is based was purchased or sold during the year, only the buyer must enclose a copy of the 2008 property tax bill(s); however, both the buyer and seller must enclose a copy of the closing agreement relating to the sale. If any of the 2008 property tax bills show unpaid prior year taxes, enclose a statement signed by your county treasurer indicating the date the 2007 property taxes were paid in full.

Line 75 Eligible veterans and surviving spouses property tax credit

Nonresidents – don't fill in any amount. Only full-year and part-year residents of Wisconsin are eligible for the credit. *Part-year and full-year residents* — read the instructions below.

Who may claim the credit An eligible unremarried surviving spouse or an eligible veteran may claim the veterans and surviving spouses property tax credit. (Note If you claim the veterans and surviving spouses property tax credit, you or your spouse may not claim the school property tax credit, homestead credit, farmland tax relief credit, or farmland preservation credit.)

An "eligible unremarried surviving spouse" means an unremarried surviving spouse of one of the following, as verified by the Wisconsin Department of Veterans Affairs:

• An individual who had served on active duty in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces, who was a resident of Wisconsin at the time of entry into active service, and who, while a resident of Wisconsin, died while on active duty.

Line 75 instructions - continued

- An individual who had served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces; who was a resident of Wisconsin at the time of entry into active service; who was at least 65 years of age at the time of his or her death or would have been 65 years of age at the close of the year in which the death occurred; who was a resident of Wisconsin at the time of his or her death; and who had a service-connected disability rating of 100% under 38 USC 1114 or 1134.
- An individual who had served in the National Guard or a reserve component of the U.S. armed forces, who was a resident of Wisconsin at the time of entry into that service, and who, while a resident of Wisconsin, died in the line of duty while on active or inactive duty for training purposes.

"Eligible veteran" means an individual who is at least 65 years of age and who is verified by the Wisconsin Department of Veterans Affairs as meeting all of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service.
- Is currently a resident of Wisconsin for purposes of receiving veterans benefits under ch. 45, Wis. Stats.
- Has a service-connected disability rating of 100% under 38 USC 1114 or 1134.

Computing the credit The credit is equal to the property taxes paid during the year on the claimant's principal dwelling in Wisconsin. The credit is based on real and personal property taxes, exclusive of special assessments, delinquent interest, and charges for service. Do not include any property taxes that are properly includable as a trade or business expense.

If the principal dwelling on which the taxes were paid is owned by two or more persons or entities as joint tenants or tenants-in-common, use only that part of property taxes paid that reflects the ownership percentage of the claimant.

Exceptions

- *Married filing a joint return* If property is owned by an eligible veteran and his/her spouse as joint tenants, tenants-in-common, or as marital property, the credit is based on 100% of property taxes paid on the principal dwelling.
- *Married filing a separate return* If property is owned by an eligible veteran and his/her spouse as joint tenants, tenants-in-common, or as marital property, each spouse may claim the credit based on their respective ownership interest in the eligible veteran's principal dwelling.

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership.

If you owned and lived in a mobile home as your principal dwelling, "property taxes" includes monthly mobile home municipal permit fees you paid to the municipality.

Line 75 instructions - continued

"Principal dwelling" means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling. It may include a part of a multidwelling or multipurpose building and a part of the land upon which it is built that is used as the primary dwelling.

The credit must be claimed within 4 years of the unextended due date of the return.

Verification of eligibility for the credit If you did not claim the credit for 2005, 2006, or 2007, before claiming the credit for 2008, you must request verification from the Wisconsin Department of Veterans Affairs indicating that you qualify for the credit. Use Form WDVA 2097 (which you can find in WDVA Brochure B0106) to submit your request, along with a copy of the veteran's DD Form 214 and Veterans Administration disability award letter and, if applicable, the veteran's death certificate, a marriage certificate, and a completed copy of Form WDVA 0001 (if the veteran never previously submitted one). The WDVA 0001 and the brochure are available from your county veterans service officer or on the Internet at www.dva.state.wi.us. You may submit these forms and supporting documents to your county veterans service officer or mail them to: Wisconsin Department of Veterans Affairs, 30 West Mifflin St., PO Box 7843, Madison WI 53707-7843. If you qualify, the Wisconsin Department of Veterans Affairs will send you a verification of your eligibility.

Note You do not have to obtain verification from the WDVA for 2008 if you previously received verification for 2005, 2006, or 2007. If you still qualify for the credit, you may claim the credit but do not have to enclose a verification with your return.

Enclosures Enclose a copy of your property tax bill, proof of payment, and the verification (if required) received from the Wisconsin Department of Veterans Affairs with your return.

If you did not pay the full amount shown on your original Form 1NPR, fill in only the portion that you actually paid. Also, include any additional tax that may have resulted if your original return was changed or audited. This includes additional tax paid with a previously filed 2008 amended return and additional tax paid as a result of a department adjustment to your return. Do not include payments of interest or penalties.

■ Line 79 Amended return – amount previously refunded

Complete this line only if this is an amended 2008 Form 1NPR. Fill in the refund from your original 2008 return (not including the amount applied to your 2009 estimated tax). This is generally the amount from line 82 of Form 1NPR.

If your refund was reduced because you owed underpayment interest or any penalties, fill in the amount of your refund before the reduction for underpayment interest or penalty. If your 2008 return was adjusted by the department, fill in the refund shown on the adjustment notice you received. If the adjustment notice shows a tax due rather than a refund, complete line 77 instead of line 79.

Line 81 Amount you overpaid

Is line 80 more than line 67? If so, subtract line 67 from line 80 and fill in the difference on line 81. This is the amount you overpaid.

Note If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called "underpayment interest." You may owe underpayment interest even if you are due a refund. Read the line 85 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 81, reduce the amount on line 81 by the amount of underpayment interest on line 85.

Line 82 Refund

Fill in on line 82 the amount from line 81 that you want refunded to you.

Note If you are divorced, see item 6 on page 35. You may be required to enclose a copy of your judgment of divorce with your return.

Line 83 Amount applied to 2009 estimated tax

Fill in on line 83 the amount, if any, of the overpayment on line 81 you want applied to your 2009 estimated tax.

If you are married filing a joint return, we will apply the amount on line 83 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 83 to your separate estimated tax.

Note If this is an amended return, the amount to fill in on line 83 will generally be the amount to be applied to your 2009 estimated tax from line 83 of your original Form 1NPR. However, if you file your amended return during 2009, you may increase or reduce this amount.

■ Line 84 Amount you owe

Is line 67 more than line 80? If so, subtract line 80 from line 67 and fill in the difference on line 84. This is the amount you owe with your return.

If the amount you owe with your return is \$200 or more or you made late estimated tax payments, you may also owe what is called "underpayment interest." This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 85 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 85 in the amount you fill in on line 84.

You can pay by check, money order, or credit card. **Do not** include any 2009 estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

To pay by check or money order Make your check or money order payable to the Wisconsin Department of Revenue. Paper clip it to the front of your Form 1NPR. If the name of the taxpayer does not match the printed name on the check, print the taxpayer's name on the memo line of the check.

To pay by credit card You may use your MasterCard®, American Express® Card, Visa® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider listed below and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. If you pay by credit card before filing your return, enter on page 1 of Form 1NPR in the upper left corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

Installment payments If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. Due to additional fees and interest charges related to installment agreements, it is the department's policy to not enter into formal payment arrangements until after a bill is issued by the department and the due date on that assessment has passed. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6 1/2 percent of the unpaid amount. For more information concerning payments and to obtain the *Installment Agreement Request Form* (Form A-771), consult the Department of Revenue website at <u>www.revenue.wi.gov</u>.

Note Failure to pay your Wisconsin individual income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to

Line 84 instructions – continued

reduce, or offset, any federal income tax refunds payable to you by the Internal Revenue Service (IRS) to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until it is paid.

■ Line 85 Underpayment interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated tax payments. In general, in each quarter of the year you should be paying enough tax through withholding payments and quarterly estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see "Who must pay estimated tax?" on page 36.

Underpayment interest applies if:

- Line 84 is at least \$200 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The "tax shown on your return" is the amount on line 61 plus the amount on line 62, minus the amounts on lines 70 through 76.

Exceptions You will not owe underpayment interest if your 2007 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies:

- 1. You had no tax liability for 2007 and you were a Wisconsin resident for all of 2007, or
- 2. The amounts on lines 68 and 69 on your 2008 return are at least as much as the tax shown on your 2007 return. Your estimated tax payments for 2008 must have been made on time and for the required amount.

The tax shown on your 2007 return is the amount on line 58 plus the amount on line 59 of 2007 Form 1NPR minus the amounts on lines 67 through 74.

Fill in the exception code in the box to the left of line 85 if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method (Part IV of Schedule U) to compute underpayment interest. See Schedule U for further information on the exception codes.

Figuring the underpayment interest

If the **Exceptions** above do not apply, see Schedule U to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 85. Add the amount of the underpayment interest to any tax due and fill in the total on line 84. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 81. Enclose Schedule U with your Form 1NPR.

■ Third party designee If you want to allow a tax preparer, family member, friend, or any other person you choose to discuss your 2008 tax return with the Department of Revenue, check "Yes" in the "Third Party Designee" area of your return. Also, enter the designee's name, phone number, and any five digits the designee chooses as his or her personal identification number (PIN).

If you check "Yes", you, and your spouse if filing a joint return, are authorizing the department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- Give the department any information that is missing from your return,
- Call the department for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain department notices about math errors, offsets, and return preparation.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the department. If you want to expand the designee's authorization, you must submit Form A-222 (*Power of Attorney*).

The authorization will automatically end no later than the due date (without regard to extensions) for filing your 2009 tax return. This is April 15, 2010, for most people.

■ Sign and date your return Sign and date your return in the space provided on page 4. Form 1NPR is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Keep a copy of your return for your records.

• Assembling your return Begin by putting the four pages of Form 1NPR in numerical order. Then, attach, using a **paper clip**, the following in the order listed.

Exception If you are including Schedule H, please staple all attachments to Form 1NPR.

- 1. **Payment**-If you owe an amount with your return, **paper clip** your payment to the front of Form 1NPR. No attachment is required if you are paying by credit card.
- 2. W-2s and other withholding statements Paper clip the appropriate copy of each of your withholding statements (Forms W-2, W-2G, 1042S, 1099-G, 1099-R, and 1099-MISC and Schedules 2K-1, 3K-1, and 5K-1) to the front of Form 1NPR.
- 3. Wisconsin schedules Copies of appropriate Wisconsin schedules and supporting documents, such as Schedule H (homestead credit), Schedule FC (farmland preservation credit), Schedule CR, or Schedule RT.
- 4. Federal return A complete copy of your federal return (Form 1040, 1040A, 1040EZ, 1040NR, or 1040NR-EZ) and its supporting schedules and forms. If you itemize deductions on your federal return but do not claim the itemized deduction credit on your Wisconsin return, you do not have to enclose federal Schedule A.

5. Extension form or statement – A copy of your federal extension application form or required statement if you are filing under an extension of time to file.

6. Divorce decree -

- *Persons divorced after June 20, 1996, who compute a refund* If your divorce decree apportions any tax liability owed to the department to your former spouse, enclose a copy of the decree with your Form 1NPR. Fill in "04" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR. This will prevent your refund from being applied against such tax liability.
- *Persons divorced who file a joint return* If your divorce decree apportions any refund to you or your former spouse, or between you and your former spouse, the department will issue the refund to the person(s) to whom the refund is awarded under the terms of the divorce. Enclose a copy of the portion of your divorce decree that relates to the apportionment of the tax refund with your Form 1NPR. Fill in "04" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.
- 7. **Injured spouse** If you are filing federal Form 8379, *Injured Spouse Claim and Allocation*, enclose a copy with your Wisconsin return. Fill in "05" in the Special Conditions box located under the name and address area on page 1 of Form 1NPR.

• Where to file Mail your return to the Wisconsin Department of Revenue:

Envelopes without enough postage will be returned to you by the post office. Your envelope may need additional postage if it contains more than five pages or is oversized (for example, it is over $\frac{1}{4}$ " thick). Also, include your complete return address.

■ Private delivery services You can use certain private delivery services approved by the IRS to meet the timely filing rule. The approved private delivery services are listed in the instructions for your federal tax form. Items must be delivered to Wisconsin Department of Revenue, 2135 Rimrock Rd., Madison WI 53713. Private delivery services cannot deliver items to PO boxes. The private delivery service can tell you how to get written proof of the mailing date.

■ Penalties for not filing returns or filing incorrect returns If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

Were you audited by the Internal Revenue Service?

Did the Internal Revenue Service adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

- (1) Including it with an amended Form 1NPR that reflects the federal adjustments, or
- (2) Mailing the copy to:

Wisconsin Department of Revenue Audit Bureau PO Box 8906 Madison WI 53708-8906

Are you amending your federal return or other state return?

If you filed an amended return with the Internal Revenue Service or another state, you generally must also file an amended Wisconsin return within 90 days. An amended Wisconsin return must be filed if the changes affect your Wisconsin income, any credit, or tax payable.

How is an amended return filed?

If you filed your original return on Form 1NPR and then find that you made an error, fill in another Form 1NPR. Check the box above the social security number to indicate this is an amended return. Fill in lines 1 through 76 using the corrected amounts of your income, deductions, and credits.

Interest is charged on additional tax owed at the rate of 1% per month from the due date of your return (April 15, 2009). Figure the interest charge on the additional tax you owe. In the area below line 84, write in the amount of interest. Label it "interest charge."

Sign and date your amended return in the space provided on page 4. Your spouse must also sign if it is a joint return.

Enclose with your amended Form 1NPR an explanation of the changes you made and the reasons for those changes. If you owe an additional amount, enclose your check or money order for the additional tax and interest, made payable to the Wisconsin Department of Revenue.

Mail your amended return to:

Wisconsin Department of Revenue PO Box 8991 Madison WI 53708-8991

Who must pay estimated tax?

If your 2009 Wisconsin income tax return will show a tax balance due to the department of \$200 or more, you must either:

- Make estimated tax payments for 2009 in installments beginning April 15, 2009, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2009 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you don't make required estimated tax payments, you may be charged interest. For more information, contact our Customer Service Bureau at (608) 266-2772 or any Department of Revenue office.

If you must file Form 1-ES for 2009 and don't receive the form in the mail, go to our website at <u>www.revenue.wi.gov</u> to obtain a personalized copy of Form 1-ES or contact any Department of Revenue office.

CAUTION If filing an estimated tax payment for 2009, be sure to use a 2009 Form 1-ES.

Do you need a copy of your Wisconsin return from a prior year?

The Department of Revenue will provide copies of your returns for prior years for a fee. Persons requesting copies should complete Form P-521, *Request for Copies of Previously Filed Tax Returns or Forms W-2.* Include all required information and fee with Form P-521. Form P-521 is available from the department's website at <u>www.revenue.wi.gov</u>.

WISCONSIN SCHOOL DISTRICT NUMBER

Appearing below is an alphabetical listing of Wisconsin school districts. *Full-year and part-year residents* – refer to this listing and find the number of the district in which you lived on December 31, 2008. If you moved out of Wisconsin during 2008, fill in the number of the school district in which you lived before moving. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due. *Nonresidents* – don't fill in this line.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or the name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

- 1. If you lived in the city of Milwaukee, you will fill in the number 3619 on the school district line.
- If you lived in the city of Hartford, you would refer to SECTION II and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to consider in determining your school district number:

- 1. If you lived in one school district but worked in another, fill in the district number where you lived.
- If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

Note If you can't identify your school district, contact your municipal clerk or local school for help.

Use this Tax Table if your income is less than \$100,000. If \$100,000 or more, use the Tax Computation Worksheet on page 46.

Example Mr. and Mrs. Smith are filing a joint return. Their income on line 39 of Form 1NPR is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,571. This is the tax amount they must write on line 40 of their return.
